User Awareness Program on IEEE and Springer Nature E-Resources

at ATMECE, Mysuru

Library & Information Centre in Association with **Research, Publication & Co-Curricular Activities Committee at ATMECE organized a "User Awareness Program on the usage of IEEE and Springer Nature E-Resources" on 24 Nov 2021** at the college auditorium.

Resource persons for the event included **Mr. M S Srinivasa** Senior Customer Training Specialist IEEE & EBSCO Information services India, and **Mr. Rajaneesh** Licensing Manager, Institutional Sales, South India & Srilanka. The event was convened by Dr. Bhagyashree S R Dean Research and coordinated by Mr. Nandeesh H G Assistant Librarian, Dr. Md. Nadeem Assistant Professor Department of Mechanical Engineering and Mrs. Nasreen Fathima Assistant Professor Department of Computer Science & Engineering.

The program aimed at providing awareness on the effective usage of **IEEE and Springer Nature** resources. Mr. M S Srinivasa briefed about the features which are available on the IEEE webpage of the Institutional subscription under VTU Consortium. He also demonstrated the usage of these various filters and how they can be used for refining search and fetching more relevant data from the repository.

Mr.Rajaneesh spoke about Open Access Journals and E-Books under Springer Nature. He highlighted how to find appropriate Journals for various domains. He also demonstrated new features such as SharedIt, transfer desk etc., available on the Springer web page.

The Principal
ATMECE
Mysore

Date: 09/11/2021

Dear sir

Subject: Proposal to conduct, an awareness program on "E-resources".

With reference to the above subject Department of Library & Information Centre in association with Dean Research office is proposing to organize an awareness program on e-resources **"IEEE Explore " & "SPRINGER NATURE"** on 24th November 2021 between 2:55pm and 4:55pm at college auditorium.

The event is more beneficial to the research scholars, faculty members and students. The event gives an insight of IEEE Explore and Springer Nature and the facilities that we can avail with the existing system.

The resource persons are **Mr. Rajaneesh & Mr. M. S. Srinivasa** from Springer Nature, Bangalore & IEEE Explore, Bangalore respectively.

We hereby request your good office to consider our proposal and oblige. The budget is enclosed for your kind perusal we request you to kindly sanctioned Rs 1500/- (Rupees one thousand five hundred only).

Thanking You

Nandeesh 10/11/21

M S Srinivasa Training Manager Profile

M S Srinivasa is the Training manager for South states (Karnataka & Telangana) from EBSCO Information Services India Pvt Ltd (IEEE official training partner in India). He is a graduate in B.E(EEE) from SBMJCE (now JAIN University) and postgraduate in Digital Electronics from CMRIT, engineer by education, knowledge facilitator by profession. His people-oriented approach has made him stick to training career. He is experienced in training and academia for more than half a decade. He imparts EBSCO & IEEE Xplore products training from campus to corporate people across all levels and research organizations like NAL, ICAR, UGC affiliated Universities across South India. He is an acclaimed product trainer from South. He was recognised by IEEE as one of the top Five training managers in India for best customer engagement services in 2019.

His expertise lies in product training and has done programs for MNC companies like Infosys, ATOS-SYNTEL, L&T, Honda cars, Panasonic, Aditya Birla group, etc. Teacher training programs are also done by him across Karnataka. He has conducted more than 650 training programs for FortySeven thousand plus people till date. His training programs (both onsite and online) have been acknowledged well by some of the prestigious institutions like National law school(NLSIU), State bank of India, agricultural universities, Dr.NTR University of Health Sciences and top Ten management institutions across south India and it would definitely help in using EBSCO & IEEE products more effectively.

Mr. Rajaneesh is working in the capacity of Licensing Manager, South India & Srilanka, Institutional sales division of Springer Nature. He has been working with Springer Nature since July 2011 and has been handling the sales operations for all the springer Nature e- products portfolio within the assigned region of South India & Srilanka.

He has completed his Master of Science degree from Mangalore University in the subject area of Marine Geology. Before joining the publishing sales vertical, he had worked with National Institute of Oceanography, Goa as a project Assistant for a short stint of one year. He is responsible for the promotion of Springer Nature online products portfolio and has been working since the last ten years at Springer Nature.

ATME College of Engineering

IPR AND ITS ROLE IN RESEARCH AND INNOVATION

ATME College of engineering had organised a webinar on *"IPR and its role in research and innovation"* on Nov 20th 2020. The webinar was conducted in MS Teams platform and a total of 115 participants from ATMECE and other institutions had participated. The webinar was scheduled at 10AM with formal introduction about the webinar followed by brief introduction of resource person.

Dr. Prachi Chopra, President, Delhi innovation council was kind enough to accept our invitation as resource person to educate the faculty members of various educational streams about the importance of IPR and its role in research and innovation.

Dr. Bhagyashree S R, Dean-Research and professor, ATMECE and Dr. Parthasarathy L, IEEE student branch counsellor, Professor and Head, Dept. of EEE ATMECE, were the convenors of the program.

Dr. Md Nadeem M, Asst. professor, Dept of ME, Mrs. Nasreen Fathima, Asst. professor, Dept of CSE and Mr. Vinod Kumar P, Asst. professor, Dept of EEE Organised and hosted the webinar.

Dr. Prachi chopra discussed about the importance of intellectual property rights and the crucial role of intangibles such as technology, design and branding in international manufacturing. Analysis was done by case studies pertaining to various innovations.

Dr. Prachi chopra emphasized the importance on protecting the IP law by, for example, patents, copyright and trademarks with the help of IP law. She motivated the audience to earn recognition or financial benefit from what they invent or create. By striking the right balance between the interests of innovators and the wider public interest, the IP system could be aimed to foster an environment in which creativity and innovation can flourish.

As is the case with inventions, utility models' patents and patents are relevant for protecting, managing, exploiting innovations. Patents are the preferred IP right sought for the protection of technological innovations. Dr. Prachi mentioned that the number of patents owned by an enterprise is often used as one of the main indicators for determining its innovation intensity and patents are used as a measure of output of innovation. While such an approach is useful, it

does not look at the role of the IP system as a whole in facilitating the successful introduction of innovative products in the marketplace.

Dr. Prachi Chopra answered the questionaries raised by the participants and gave them suggestions providing information related to patents, copyrights and trademark etc.

At the end Dr. Bhagyashree S R concluded the webinar by giving vote of thanks to Dr. Prachi chopra, Management of ATMECE, Dean, HODs and all the participants. Feedback form was floated to all the participants through participants respective email IDs for effective management and documentation.

Webinar on
IPR & its Role in Research & Innovation

Date: 20/11/2020 Time: 10.00 AM to 11.30 AM

Objectives:

The webinar aims at providing fundamental background on Intellectual properties which include Patents, Copyrights, Designs, and Trademark etc. The participants would understand how to make use of the technology transfer offices (IPR Cell) to protect and commercialise IP generated through research.

Resource Person:

Dr Prachi Chopra

Experience:

- President, Delhi Innovation Council: WICCI - Women's Indian Chamber of Commerce and Industry.
- Founder & Director: Intellect Bastion is an Intellectual Property services and solutions provider firm that. assists Inventors, startups, MSME and law firms in their IPR.
- Professor Bada Business Pvt. Ltd.

Education:

- Ph.D in Digital signal and image processing in Indira Gandhi Delhi Technological University for Women, Kashmiri Gate, Delhi.
- Harvard University- Online Course on Entrepreneurship in emerging Economics.- Business.

Program Convenors:

Dr Bhagyashree S R
Dean Research
Professor, Department of ECE
ATMECE, Mysuru

Dr. Parthasarathy L

Through
Dean Research

To,
The Principal,
ATMECE, Mysuru.

Respected Sir,

Sub: Organizing Webinar on **"IPR & its Role in Research & Innovation"** for Faculty and Researchers.

With reference to the subject mentioned above, the IEEE student branch of ATMECE (STB35744) is organizing a **Webinar** on **'IPR & its Role in Research & Innovation'** for Faculties and Researchers. The talk will be delivered online by Dr Prachi Chopra, President, Delhi Innovation Council, WICCI on 20th November 2020 from 10 AM to 11:30AM. Therefore, I kindly request you to accord permission for the conduction of this webinar.

Thanking you,

Organizing Coordinators
Dr. Md. Nadeem M
Mrs. Nasreen Fathima
Mr. Vinod Kumar P

Program Convenor & IEEE Student Branch Counsellor
Dr. Parthasarathy L

Report on one day webinar AI and its Application

The Department of Electronics and Communication Engineering has conducted a one day webinar on "AI and its Application" on 14th September 2021 through Microsoft team (MS Teams) platform. The webinar was targeted for students of final and pre-final years. A detailed report regarding the event is furnished below.

Date: 14th September 2021

Title: Webinar on "AI and its Application"

Coordinators: Mrs. Keerthi A Kumbar & Ms. Anupama Shetter

Assistant Professors, Dept. of ECE, ATMECE.

Timings: 11.00 AM to 12.30 PM

Resource Person: **Dr. Manjunath R Kounte**
Associate Professor and Head
Department of Electronics and Computer Engineering (ECM)
School of ECE
REVA UNIVERSITY
Bengaluru

Meeting Platform: MS Teams

Meeting link:

https://teams.microsoft.com/l/meetup-join/19%3ameeting_YmJkOTkzNWItYTg4MS00NWRlLWIxNTUtMmM3YzM4ZDBiNGQ5%40thread.v2/0?context=%7b%22Tid%22%3a%2289f95930-ff96-41a1-9e3e-b6d194192bff%22%2c%22Oid%22%3a%22eab185cb-b8d1-4abe-b629-4bf1e62c9cc7%22%7d

Objective of the Event:

- To learn the sub-fields of artificial intelligence and Machine Learning
- To review challenges with respect to practical implementation of Artificial Intelligence
- To discuss Near and Far Future of Artificial Intelligence
- To understand Impact of Machine Learning & Artificial Intelligence in Data Science
- To know various Opportunities and Challenges in Data Science Careers

About the Event:

Totally 65 students participated in the webinar.

The **e-poster** circulated for the participants is shown below:

Resource Person Details:

Dr. Manjunath R Kounte
Associate Professor and Head
Department of Electronics and Computer Engineering (ECM)
School of ECE
REVA UNIVERSITY
Bengaluru

Dr. Manjunath Kounte is currently working as Associate Professor and Head, Electronics and Computer Engineering, REVA University, Bangalore, India. He has over 13+ years of Teaching, Research and Administrative experience.

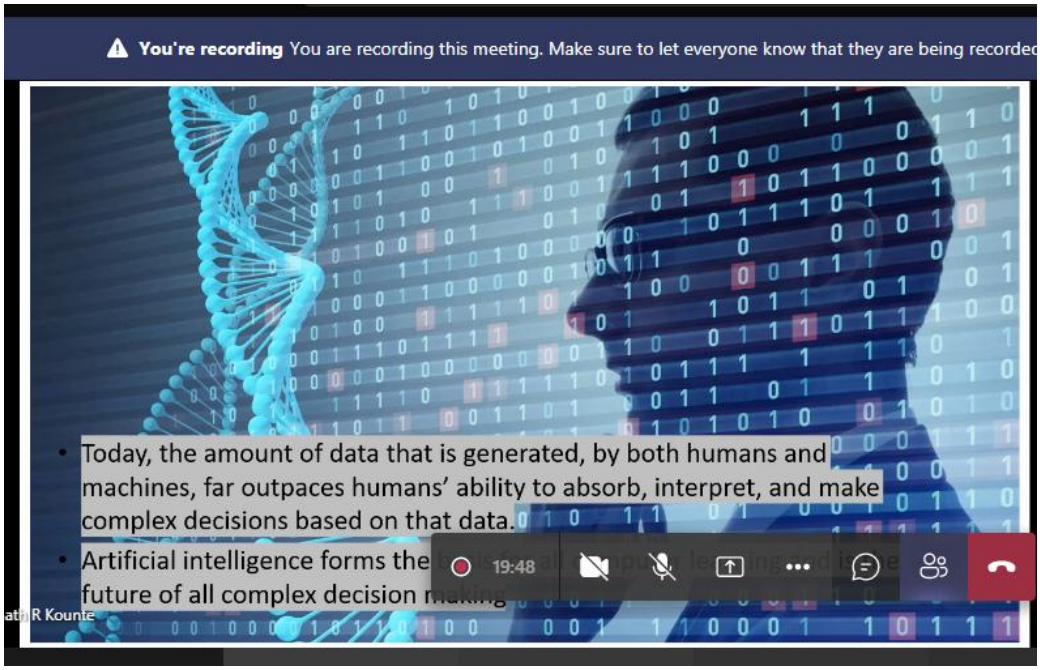
Dr. Manjunath Kounte is Senior Member, IEEE and member of various international professional bodies such as IETE, ISTE. He has over published over 7 Indexed Journal papers, 25 International Conference papers, 1 book and 3 book chapters.

His research interests include Machine Learning, IoT Edge Computing, Internet of Vehicles, Signal Processing, Blockchain Technologies etc. He is also heading Machine Learning and Blockchain (MLB) research lab in REVA University.

The following points were discussed in the webinar:

- Introduction to AI and Data Science: Is Data Science and Artificial Intelligence Same?
- History of AI
- Types of AI: ANI, ASI & AGI
- Machine Learning and Learning from Experience.
- Neural Networks that enable Deep Learning.
- Applications of AI:
    - Autonomous Robots
    - Autonomous Rovers
    - AI for Medicine: Image guided surgery
    - Image analysis and enhancement
    - Self-Driving Car
    - Pedestrian Detection
    - AI in Video Games
- Road ahead for UG Students
- Software used in programming.

The following are the sample pictures of the virtual meetings:



You're recording You are recording this meeting. Make sure to let everyone know that they are being recorded
Today, the amount of data that is generated, by both humans and machines, far outpaces humans' ability to absorb, interpret, and make complex decisions based on that data.
Artificial intelligence forms the
future of all complex decision

After the completion of the webinar, feedback form was collected from the participants regarding the events.

Feedback link: https://forms.gle/ydFSUwjqumdjgMUe6

Totally 52 students gave their valuable feedback regarding the event. Following questions were asked in the feedback. Participants were asked to rate the session on the scale of 1 to 5; 1: Good to 5: Excellent.

1. Is the event content Informative
2. Is the resource person delivered required content as your expectation?
3. Is the webinar well organized?
4. Any other suggestions.

Outcome of the Event:

- Participants gained knowledge on AI and its subfields
- Participants gained knowledge on Machine Learning and Deep Learning.
- Participants received complete insight on AI applications.

Our sincere thanks to **Management, ATME College of Engineering, Dr. L. Basavaraj, the Principal, ATMECE** for their kind support towards conduction of the webinar. Event coordinators are greatly indebted to **Dr. Mahesh P.K., HOD, Dept. of ECE** for his continuous encouragement and the support for the successful completion of the webinar.

The following points were discussed in the webinar:

- The Industrial Revolution and Automation Age: Evolution, Advantages and Examples of Automation
- Evolution of Automation age into Robotics: Tech for the Future.
- Artificial Intelligence and its overview: What is AI & for the people in a hurry!
- Artificial Intelligence and its extensions.
- Highlighted AI Technology in the Military Applications.
- Machine Learning and Robotics.
- Deep Learning in Robotics
- Various Applications of Robotics in Military, Food Processing, Space, Automobile engineering, Robot Warriors,
- Video was played to showcase Robo Teacher.
- Overview of the Industrial point of view starting from macro to the nano stage
- Nano Robots v/s Micro Robots and its Applications.
- Nano machines v/s system
- Advantages, Disadvantages and Applications of Nanobots.

The following are the sample pictures of the virtual meetings:

Coining of the word robot
Who coined the word 'robot' ?
The word 'robot' was coined by the Czechoslovakian Play Writer in 1920, in Karel Capek's play "R.U.R.-Rossum's Universal Robots"
In this play, robots are machines that resemble man (artificial humans), but work tiredlessly & are small artificial creatures strictly obeying their masters orders.
Thus, Karel Capek's play was largely responsible for many of the views about robots today.
"Robot" comes from the Czech word, 'Rubuta' 'Rubutnum'
Forced worker or a slave or a labourer strictly obeying master's orders..... how it obeys ?

WEBINAR REPORT ON "PATENT REGISTRATION PROCEDURES AND ENFORCEMENT SCENARIO"

Research, Publication & Co-curricular activities committee, ATME College of Engineering organized a Webinar on Patent Registration Procedures and Enforcement Scenario on 3rd September 2021 at 11.00 AM for Research Scholars, various Engineering College Faculty Members and Pre final year students were attended the webinar under MST platform. Webinar was conducted by Dr. Prachi Chopra, Founder & Managing Director, INTELLECT BASTION LLP, Delhi Innovation Council, and WICCI. Dr. Bhagyashree S R, Dean Research & Professor Department of ECE, ATMECE, Mysuru were the program convener. The webinar was coordinated by Dr. Prathibha M K, Incharge - IPR Cell, Department of ECE, Dr. Mohammed Nadeem M, Department of ME, Mrs. Nasreen Fathima, Department of CSE and Mr. Yathisha N, Department of ME.

The webinar is mainly focused on patent filling process. The resource person explained the complete patent registration process that involves a series of steps that has to be mandatorily followed to get a patent in India. During the session the resource person explained the following subtopics in detail.

- Checking the patentability of the invention by performing a search
- Drafting of patent application
- Filing the patent application in India
- Publication of patent application
- Examining of patent application
- Grant of patent and Rules to keep in mind while filing the patent application.

The participants gained the complete knowledge of patent filling process that has to be followed in India.

Webinar on "A Process approach to Writing Research Articles-for Beginners"

The Research, Publication & Co-Curricular Activities Committee, ATMECE is organizing a webinar on "A Process approach to Writing Research Articles-for Beginners" On 26th August 2021 for research scholars and faculties of ATMECE. The webinar was conducted in MS Teams platform and a total of 44 participants from ATMECE had participated. The webinar was scheduled at 3 PM with formal introduction about the webinar followed by brief introduction of resource person.

Dr. Mahesh Lohith K S, Associate Professor and Head, Department of Physics was kind enough to accept our invitation as resource person to educate the research scholars and faculty members of various educational streams about the importance research article in research and innovation.

Dr. Bhagyashree S R, Dean-Research and professor, ATMECE, is the convenor of the program.

Dr. Md Nadeem M, Assistant. professor, Dept of ME & Dr. Sathish K R, Assistant. professor, Dept of EEE hosted the webinar.

Dr. Mahesh Lohith K S discussed about the importance of writing Research Articles & Thesis.

Dr. Mahesh Lohith K S emphasized the importance on research topic and title, Feasibility Study Process Setup and Execution.

At the end Mr. Anilkumar C J Associate Professor, Department of CSE concluded the webinar by giving vote of thanks to Dr. Mahesh Lohith K S, Management of ATMECE, Dean, HODs and all the participants. Feedback form was floated to all the participants through participant's respective email IDs for effective management and documentation.

- 2007 T0 2009 S B M JAIN COLLEGE OF ENGINEERING
  ***ASSISTANT PROFESSOR**, **CENTRE FOR EMERGING TECHNOLOGIES**, **RESEARCH CENTER,** JAKKASANDRA, KANAKAPURA ROAD, BANGALORE RURAL DISTRICT.*

- 2009 TO 2011 AMRUTA INSTITUTE OF ENGINEERING AND MANAGEMENT SCIENCES (AIeMS)
  ASSISTANT PROFESSOR AND HEAD, PHYSICS
  HEAD , CORPORATE TRAINING CENTER
  BIDADI INDUSTRIAL AREA, NEAR TOYOTA KIRLOSKAR MOTORS ROAD, TIMMEGOWDANA DODDI, 562109

- 2011 TO 2014 MARATHA MANDAL ENGG. COLLEGE
  ASSISTANT PROFESSOR AND HEAD,
  DEPARTMENT OF APPLIED SCIENCE
  HEAD, INFORMATION TECHNOLOGY CENTER, (GROP MANAGING I T RESOURCES OF THE INSTITUTE)
  R.S. 104, HALABHAVI, P. O. NEW VANTMURI,
  VIA KAKATI, BELGAUM – 591 113.

- SEP 2014 – JULY 2016, SENIOR FACULTY (JEE) PHYSICS, DEEKSHA INTEGRATED, MGV CAMPUS, BELGAUM.

- AUG 2016 – TO DATE , A T M E COLLEGE OF ENGINEERING
  ASSOCIATE PROFESSOR & HEAD
  DEPARTMENT OF PHYSICS, MYSURU

TOTAL 23 YEARS OF EXPERIENCE IN TEACHING

SUBJECTS TAUGHT (FOR B.SC., B.E., PUC, MCA COURSES)

- APPLIED PHYSICS
- ENGINEERING PHYSICS
- MATERIAL SCIENCE
- ELECTRONICS
- ELECTRO STATICS AND ELECTRO DYNAMICS
- TRIBOLOGY
- RADIATION
- OPTICS
- PROPERTIES OF MATTER
- MECHANICS
- WAVE MECHANICS
- QUANTUM MECHANICS
- ATOMIC & NUCLEAR PHYSICS

SEMINARS, WEBINARS, CONFERENCES AND WORKSHOPS ATTENDED

- "ALL INDIA SEMINAR ON VISTAS OF NANO APPLICATIONS, INSTITUTE OF ENGINEERS BANGALORE.
- WORK SHOP ON TEACHING METHODOLOGY, SAPTHAGIRI COLLEGE OF ENGG., BANGALORE.
- WORK SHOP ON NANO-TECHNOLOGY, B T L INSTITUTE OF TECHNOLOGY, BANGALORE.
- PARTICIPATED IN **"SHORT TERM COURSE IN NANO SCIENCES AND ENGINEERING"** ARRANGED BY VTU AS A ***RESOURCE PERSON***.
- WORK SHOP ON NANO TECHNOLOGY, R V COLLEGE OF ENGINEERING
- 100 HOUR HONORS PROGRAM IN SPACE SCIENCES, RRI – ST JOSEPH COLLEGE, BANGALORE
- **INTERNATIONAL CONFERENCE IN INDUSTRIAL TRIBOLOGY, IISC, BANGALORE**
- ONE DAY FACULTY DEVELOPMENT PROGRAM ON "RECENT TRENDS IN SCIENCE AND MATHEMATICS – RTSM-2017."

GSSIETW, MYSURU

- NATIONAL CONFERENCE ON "RECENT TRENDS IN GEOSCIENCE, MATERIAL SCIENCE AND CIVIL ENGINEERING RTGMCE – 2017", 22nd AND 23rd MARCH 2017, , ATMECE MYSURU
- STATE LEVEL SYMPOSIUM ON RECENT DEVELOPMENTS IN SCIENCE ENGINEERING AND TECHNOLOGY", 10th OCT 2017, ATMECE, MYRUSU
- FACULTY DEVELOPMENT PROGRAM ON PYTHON APPLICATION PROGRAMMING, ATMECE MYSURE, 17th TO 21st JAN 2018,
- TEQIP 1.3 - WORKSHOP ON " NEW MODEL CURRICULUM FOR FIRST YEAR BE/B. TECH-CBCS DETAILED SYLLABUS (2018-19 AS PER OUTCOME BASED EDUCTION(OBE) FORMAT INCLUDING COURSE OUTCOMES (CO) AND BLOOM'S TAXONOMY" CONDUCTED BY VTU ON 19TH MAY 2018, SAHYADRI COLLEGE OF ENGINEERING, MANGALURU
- TEQIP 1.3 – FIVE DAY FDP ON "OUTCOME BASED EDUCATION AND NBA ACCREDITATION" 7TH TO 11TH JAN 2020, GSSS INSTITUTE OF ENGINEERING AND TECHNOLOGY FOR WOMEN, MYSURU.
- FIVE DAYS ONLINE WORKSHOP ONLINE WORKSHOP ON ADVANCED TECHNIQUES FOR MATERIALS CHARACTERIZATION (ATMC-2020) JULY 6-10 2020, MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR
- TWO DAY WORKSHOP ON ADVANCED FUNCTIONAL MATERIALS (WAFM) (25TH JULY-26TH JULY, 2020), PUNJAB ENGINEERING COLLEGE, DEEMED TO BE UNIVERSITY. CHANDIGARAH.
- EIGHT DAYS FDP PROGRAM ON "MENTORING PEDAGOGY AND TEACHING IN HIGHER EDUCATION", 3RD TO 10TH AUGUST 2020, E&ICT, IITG, GUWAHATI IN ASSOCIATION WITH BAPATLA ENGINEERING COLLEGE, BAPATLA
- TEQIP - 3 SPONSORED WEBINAR ON "CHARATERIZATION OF NANOMATERIALS", 26TH JUNE 2020, THE NATIONAL INSTITUTE OF ENGINEERING. AUTONOMOUS, MYSURU.
- SIX DAYS WORKSHOP ON "ART OF COUNSELING", 2ND TO 9TH JULY 2019, DEPARTMENT OF MECHANICAL ENGINEERING MYSORE, IN ASSOCIATION WITH SAMADHANA COUNSELLING CENTER, BANGALORE.
- WEBINAR ON "TEACHING PEDAGOGY", 17TH JULY 2020, DEPARTMENT OF E & C, ATME COLLEGE OF

ENGINEERING, MYSURU.

- WEBINAR ON "FUNDAMENTALS OF ELECTROMAGNETISM", 6TH JULY 2020, VIDYA VARDHAKA COLLEGE OF ENGINEERING, AUTONOMOUS, MYSURU.
- WEBINAR ON "QUANTUM COMPUTING FUNDAMENTALS AND PRACTICAL IMPLEMENTATION", 28TH JULY 2020, GSSS INSTITUTE OF ENGINEERING AND TECHNOLOGY FOR WOMEN, MYSURU.
- WEBINAR ON "SUSTAINABILITY THROUG START UP INDIA AND RELATED SCHEMES", 5TH AUGUST 2020, GOVT. OF INDIA, FIELD OUTREACH BUREAU: MYSURU.
- WEBINAR ON "AATMAIRBHAR BHARATH : SWATHANTRA BHARATHADA SHRESHTA NIRMANAKKE NIRBHARA BHARATHA TATHVADA KODUGE", 12TH AUGUST 2020, GOVT. OF INDIA, FIELD OUTREACH BUREAU: MYSURU.
- INTERNATIONA WEBINAR ON "RAMAN SPECTROSCOPY", LECTURE SERIES 2020, 1ST JUNE 2020, DEPARTMENT OF PHYSICS AND IQAC, T. K. MADHAVA MEMORIAL COLLEGE, GANGIARKULANGARA, KERALA, INDIA.
- ONE DAY NATIONAL LEVEL ONLINE FDP ON "NEW AVENUES AND ROLE OF FACULTY IN EFFECTIVE IMPLEMENTATION OF NEP-2020 IN HEI'S". ATME COLLEGE OF ENGINEERING. 28TH JAN 2020. MYSORE
- INTERNATIONAL WEBINAR ON "IMPORTANCE OF CITATIONS AND INDEXING", 21ST OCTOBER 2020, ATME COLLEGE OF ENGINEERING, MYSORE
- WEBINAR ON 'IPR & ITS ROLE IN RESEARCH & INNOVATION' 20TH NOV 2020, ATME COLLEGE OF ENGINEERING, MYSORE.

PUBLICATIONS

- 6 INTERNATIONAL JOURNAL PUBLICATIONS
- 2 NATIONAL CONFERENCE PUBLICATIONS

- 1 NATIONAL SEMINAR PUBLICATIONS
- 1 NATIONAL SYMPOSIUM PUBLICATION

ADDITIONAL PROFESSIONAL ACTIVITIES

- TRAINING ON MATERIAL AND LUBRICANT CHARACTERIZATION
- EVALAUTAION TRIBOLOGICAL PROPERTIES OF MATERIALS
- TRAINING ON RECIPROCATING TRIBOLOGY RIG AT INDO-GERMAN INSTITUTE OF TECHNOLOGY AND PIN-ON- DISC MACHINE, R & D, K S I T.
- ULTRA PRECISE MOULDING TECHNIQUES AT INDO-GERMAN INSTITUTE OF TECHNOLOGY, BANGALORE
- PROJECT GUIDE FOR ENGINEERING & TECHNOLOGY STUDENTS.
- MICROSATELLITE PROJECT (SBMJCE, CET, BANGALORE)

SKILLS

- **TEAM LEAD, HEAD, MENTOR, COUNSELOR**
- POPULAR AND BEST LECTURES
- SCIENCE, ENGINEERING,TECHNOLOGY & RESEARCH
- I T RESOURCE MANAGEMENT AND ADMINISTRATION
- NETWORKING
- ASTROPHYSICS AND ASTROLOGICAL SCIENCES

COMPUTER KNOWLEDGE ACTIVITIES

- BACHELOR AND MASTER DEGREE WITH COMPUTER SCIENCE AS MAIN SUBJECT
- IBM RATIONAL ROBOT, RFT, RPT, RMT, CLEAR -CASE, CLEAR-QUEST.
- OPERATING SYSTEMS DOS, WINDOWS , UNIX, LINUX.
- MS OFFICE, C PROGRAMMING**,** JAVA, ORACLE,
- PLOTTERS AND GRAPH TOOL SOFTWARES LIKE ORIGIN,

GNUPLOT

- DESKTOP PUBLISHING USING CORELDRAW, ADOBE PHOTOSHOP, TEX.
- WEB PAGE DESIGNING USING HTML, DHTML, JAVASCRIPT. ADOBE DREAMWEAVER ETC.,

SANSKRIT AND KANNADA LITERATURE

- PASSED WITH DISTINCTION “PRATHAMA, DVITIYA, KAVYA” EXAMINATIONS CONDUCTED BY KARNATAKA OF SECONDARY EDUCATION BOARD.
- PASSED PRATHAMA AND DVITIYA EXAMINATIONS OF “SURASARASWATI SABHA”, SRINGERI.
- RAMAYANA EXAMINATION CONDUCTED BY VISHWA HINDU PARISHAD.

OTHER ACTIVITIES

- EXTRA CURRICULAR :

  SPORTS - CRICKET, TABLE TENNIS, FOOT BALL

  CULTURAL - MONOACTING, SKIT, VEDAGHOSHA

- CO-CURRICULAR : SEMINAR, SYMPOSIUM, WORKSHOPS
- SCREEN PRINTING

NATIONAL CADET CORPS

- RENDERED 5 YEARS SERVICE IN “NATIONAL CADET CORPS” IN “**FIRST KARNATAKA ARTY BATTERY**” AND RETIRED WITH THE RANK OF “**JUNIOR UNDER OFFICER**”.
- REPRESENTED ATTACHMENT CAMP AT HYDERABAD, PRE B L C CAMP AT M E G CENTRE BANGALORE ETC.
- PARTICIPATED IN CYCLING TOUR OF 640 KM FROM MYSORE (KARNATAKA) TO PAYYANUR (KERALA).
- ALSO QUALIFIED IN A, B AND C EXAMINATIONS IN NCC

INTERESTS

- CURRENT TRENDS IN SCIENCE AND TECHNOLOGY INFORMATION GATHERING AND READING BOOKS ABOUT SPACE SCIENCES, TRIBOLOGY, NANOTECHNOLOGY AND ASTROPHYSICS.

- LISTENING MUSIC, SPORTS.

MEMBERSHIPS

Webinar on"Usage of M S Word & End Note for writing Technical papers"

The Research, Publication & Co-Curricular Activities Committee, ATMECE is organizing a webinar on "Usage of M S Word & End Note for writing Technical papers" On 17th August 2021 for faculties of ATMECE. The webinar was conducted in MS Teams platform and a total of 60 participants from ATMECE had participated. The webinar was scheduled at 3 PM with formal introduction about the webinar followed by brief introduction of resource person.

Dr. Avinash K, Assistant Professor, was kind enough to accept our invitation as resource person to educate the faculty members of various educational streams about the importance M S Word and End note in research and innovation.

Dr. Bhagyashree S R, Dean-Research and professor, ATMECE, is the convenor of the program.

Dr. Md Nadeem M, Asst. professor, Dept of ME, Dr. Sathish K R, Asst. professor, Dept of EEE & Mr. Raghuram A S, Asst. professor, Dept of CS&E hosted the webinar.

Dr. Avinash K discussed about the importance of MS office for writing Research Articles & Thesis. Practical examples were given on how to use MS office for writing Research Articles & Thesis.

Dr. Avinash K emphasized the importance on Citations in research papers and how to increase the Citations. He motivated the audience to improve the quality of the papers in return earn more and more citations.

Lastly He explained about Endnote, How to us the endnote why it is important & how it is used to provide the citations.

At the end Mr. Anilkumar C J Associate Professor, Department of CSE concluded the webinar by giving vote of thanks to Dr. Avinash K, Management of ATMECE, Dean, HODs and all the participants. Feedback form was floated to all the participants through participant's respective email IDs for effective management and documentation.

ATMECE, Mysuru

MeetingPlatform : MicrosoftTeams

29th July 2021

To,
The Principal,
ATMECE, Mysuru.

Through,
Dean-Research
ATMECE, Mysuru.

Respected Sir,

Sub: Organizing Webinar on "usage of MS word and End Note for writing technical papers"

With reference to the above subject, Research, Publication & Co-curricular activities committee is organizing a **Webinar** for research scholars and faculty members of ATMECE in association with CSI (Computer Society of India). This is for your Kind perusal. The activity details are shown below:

SL. No.	Resource Person	Webinar Title	Date	Time	Platform
1	Dr. Avinash K	Usage of MS word and End Note for writing technical papers	17/08/2021	3 PM	Microsoft teams

I kindly request you to accord permission for the conduction of this webinar.

Thanking you,

for ATME College of Engineering
29/7/2021
Dean Research

Organizing Coordinators
Dr. Md Nadeem M
Mrs. Nasreen Fathima
Mr. Raghuram A S
Mr.Anilkumar C J

Approved
31/7/21

CURRICULUM VITAE

Dr. AVINASH K.

98, Near water tank

M. G. Koppal, Hinkal Post

Mysore – 570 017

India

Mob: +91-9148623123

E-mail: avinashkchemistry@gmail.com

EDUCATION QUALIFICATION:

- **Doctor of Philosophy** in Chemistry from University of Mysore, Mysore in the year **2013**.
- **Master of Science (M. Sc.)** in Chemistry from University of Mysore, Mysore in the year **2004**.
- **Bachelor of Science (B. Sc.)** from Yuvaraja college, University of Mysore, Mysore in the year **2002**.

RESEARCH/WORK EXPERIENCE:

June 2012 to till date	:	Working as Assistant professor, Department of Chemistry, ATME College of Engineering, Mysore
April 2011 to May 2012	:	Worked as Executive, Quality Assurance and Quality Control, Kluber lubrication Pvt. Ind. Ltd
April 2007 to April 2011	:	Worked as Junior Research Fellow (UGC-JRF) in Department of Studies in Chemistry, University of Mysore, for Ph.D. degree under the guidance of **Prof. P. Nagaraja**, University of Mysore, Mysore.
Aug 2004 to Mar 2008	:	Worked as Lecturer in PU Colleges of Sarada vilas, Adichunchungiri, Deepa institute and K Puttaswamy PU College.

FELLOWSHIP:

- Awarded Junior Research Fellowship (RFSMS-JRF) by University Grants Commission, India (2009-2011).

Member:

- Active member of Karnataka Rajya Vignana Parishat.
- Life member of IEEE

TECHNIQUES:

1. Handling of IR (Jasco, Perkin Elmer),
2. Spectrofluorimeter (Shimadzu),
3. Spectrophotometer (Jasco UVI-DEC, Systronics, Mapada)
4. Potentiometer, Cyclic Voltammeter,
5. Electronic pH meter,
6. Handling the HPLC (Shimadzu),
7. Handling and calibration of KF-auto titrator.
8. Penetrometer, 4 ball weld, copper corrosion studies, used lubrication studies.

Additional

Well versed in computer hardware technology.

Good knowledge in the field of Synthesis, Manufacture and analysis of Lubricants.

WORKSHOP/CONFERENCE ATTENDED:

1. One day CME programme on Diagno-Trends-2009 Conducted by Department of Biochemistry, Mysore Medical College & research Institute, Mysore on 30th March 2009
2. Two days international conference Current trends in Chemistry and Biochemistry, ICCTB, held at **Central college campus, Bangalore University, Bangalore**, from Dec 18 – 19, 2009.
3. Two days National Workshop on Advances in Chemical Sciences held at **Sri Bhagawan Mahaveer Jain College of Engineering**, **Bangalore**, during January 22-23th, **2010**.
4. Two days International Conference on Current Trends in Chemistry and Biochemistry held at **Department of Chemistry and Biochemistry**, **Bangalore University**, **Bangalore** from December 18-19th, 2009.
5. Two days National Conference on the Emerging Areas in Chemistry held at **Department of Studies in Chemistry**, **University of Mysore**, **Mysore**, from July-August 31-1st, **2009**. Title: Simple and Sensitive Method for the Quantification of Total Bilirubin in Human Serum using 3-methyl-2-benzothiazolinone hydrazone hydrochloride as a Chromogenic Probe.
6. Two days international symposium on Challenges in Drug Discovery Programme held at **Karnataka State Open University, Mysore**, from February 16 – 17, 2011. Title An enzymeless, kinetic approach for the assay of creatinine in human urine and serum samples
7. One day workshop on Proposals Research Methodologies and publishing papers held at **Amrita School of Arts & Science**, Mysore on 26th February 2010.
8. Two day workshop on Clinical Research Methods held at **Department of studies in food science and nutritions**, Manasagangothri, from February 21 – 22, 2011.
9. Two days work shop on Management and Entrepreneurship skills, from Klüber Lubrication Pvt Ind. Ltd. Bangalore. August 2011, 2 days

10. Two day national seminar on "Recent advances in chemical biology- an overview" **Department of Chemistry, PG centre Govt. science College University of Mysore, Hassan**, 15 -16th March, 2013
11. Two days international conferrence on Convergence of Science, Engineering and Management in Education and Research – A Global Prespective, held at **Centers for Post Graduate Studies**, **Dayananda Sagar Institutions, Bangalore,** from Sep 26 – 77, 2013.
12. One day workshop on **Radiation natural and manmade** at **Vidya Vikas institute of technology**, Mysore on 29th March 2014.

Training Programmes:

1. First aid Training When – it – strikes, Conducted by **Crisis Management pvt. Ltd**. at Sandesh the Prince on 27 may 2011.
2. Fire Extinguishing Programme Conducted by **USHA Armor** at Kluber Lubrication Pvt. Ind. Ltd.
3. Active participation in Suvarna Manasa 2011 conducted by **University of Mysore**, from feb 15th – 24th 2011.
4. Two days Soft skill development Conducted by **ATME College of Engineering** September, 2012.
5. Two days Faculty Development programme Conducted by **ATME College of Engineering**, July 2013, 2 days.

Report on

Why IP is important in Academia?

Date: 30 July 2021

Time: 3.30 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on Why IP is important to Academia? for the students and faculties of the institution on 30th July 2021 at 3.30PM through MS Teams platform.

Dr. Nithin K S – Assistant Professor, Centre for Research and Development, Department of Chemistry, The National Institute of Engineering, Mysore was invited as the keynote speaker for event. Dr. Nithin K S Spoke in detail about the needs of innovation for market needs is very important and also highlighted the importance of Intellectual Property rights in the academic research level.

Around 50 students from various departments actively took part in the session and expressed immense satisfaction towards the knowledge shared by the speaker.

Dr. Nithin K.S., obtained his Ph.D., degree from Visvesvaraya Technological University, Belgaum, India and is currently working as Asst. Professor and Coordinator (Center for Research and Development) at The National Institute of Engineering, Mysore, India. He has served in the discipline of Asst. Professor of Chemistry at JSS College of Arts, Commerce and Science, Mysuru for 06 years, where he was teaching M.Sc., students. He has cracked UGC K-SET examination in chemical sciences and is recipient of **"Project of the Year - 2018"** award and **"Certificate of Commendation"**, award from Karnataka State Council for Science and Technology, Bangalore. **"Best Ph.D., Thesis Award"** from International Society for Energy, Environment and Sustainability, IIT-Roorkee. **"IX National Award for Technology Innovation" from Dept. of Chemicals and Petrochemicals, Govt. of India**. He and his research team have received **"Best Research Paper Award"** more than five times. One of his innovation, that involved the development of novel polymer based pressure sensitive conductive sheet **technology was commercialized** with rights of haptic sensing transferred to a robotic firm. He has research collaborations with academic institutes such as Chonbuk National University, South Korea, Central Silk Board, India, COTs, Kashmir, and industries such as Anode Business Solutions, Bangalore, Vans Chemistry, Singapore, Holosuit, Singapore and many more.

He is also actively involved in drafting of **various administrative policies focused at augmenting the teaching learning, research, innovation and entrepreneurial outcomes** at The National Institute of Engineering, Mysuru. Some which includes, NIE - research policy, NIE-research promotion scheme, NIE-Intellectual right policy, NIE-teaching assistantship scheme document and so forth. In addition, he is also instrumental in getting **several MOUs of academic, research, innovation and entrepreneurial interest** with various research establishments, universities and industrial partners. He has initiated several new academic programs, which are in various stages of implementation. Which includes establishment of center of excellence on Waste Management and Circular Economy, with special emphasis of E-waste management, that includes establishment of electives on domain specific waste

management processes to under graduate students. Certification courses, diplomas, advanced diplomas, Introducing post-graduate diploma and degree programme, specific to E-waste management. Capacity building in the areas of energy, environment and sustainability : bridging the gap between science and society. Establishment of centre of excellence on **innovation, entrepreneurship and venture creation,** and so forth.

He has authored more than **40 research articles** in reputed referred journals including ACS (Journal of physical chemistry C and ACS Macromolecules), Elsevier (Journal of Alloys and compounds), Springer (Journal of material science: Materials in electronics), Taylor and Francis (Polymer-plastics engineering and technology), more than 50 conference papers, **09 book chapters, 02 review articles, 03 books and 04 editorials.** He also has **01 published patent** to his credit, while the second patent is in the filing stage. **4+3 students are pursuing their Ph.D.,** degree under his supervision, of which **03 have completed their comprehensive viva**. Further, he has organized **01 International conference, 01 National conference, 03 workshops and 02 faculty development programs.**

His research interests include synthesis and performance evaluation of nanosized inorganic materials and polymer based advanced functional materials. Which includes luminescent solar concentrators for photovoltaic applications, polymer based Lead-free piezoelectric and/or piezoresistive materials for sensing and energy harvesting, solid polymer electrolytes for battery applications and green packaging materials. In addition to waste management, bi-product utilization and circular economy.

Besides, he also carries a rich experience of **curriculum development**, mentoring colleges to improve their **research and innovation metrics**, **accreditation** and ranking related features **(NAAC, NBA and NIRF)**, delivering motivational lectures, and **admission and career counseling**.

Summary of Research activities of Dr. Nithin K.S.

Sl. No.	Activities	Numbers
1	Papers published in journals	> 40
2	Papers published in conferences/seminars	> 50
3	Professional awards	03
4	Best research paper (oral/poster) award (conferences)	05
5	Ph.Ds supervising/guiding	4 + 3 (comprehensive viva completed)
6	M.Sc thesis supervised	05

7	M.Tech., thesis Supervised	03
8	Review Articles	02
9	Chapters in Books	09
10	Books	01 (published) + 02 (in-pipeline)
11	Patents	01 (published) + 01 (in-pipeline)
12	Keynote/Plenary/Invited talks	> 10
13	H - index	10
14	MoU's coordinated	03 (signed) + 02 (in-pipeline)
15	R & D projects	03 (completed) + 01 (ongoing)
16	International conferences organized	01
17	Conferences/workshop organized/Short Term Courses organized	03
18	Conferences/Symposium/Work Shops/Short Term Courses Attended	> 10
19	KSCST projects completed	01
20	Chairman/Fellowship/Life member/BOE/BOS/IPI/IRI	03 organizations
21	Professional Bodies – Membership	02

Report on Webinar

"How to Crack TCS Drive"

On account of 'DECENNIAL CELEBRATIONS' in ATME College of Engineering, Department of Electronics and Communication Engineering has organized a **Webinar on "How to Crack TCS Drive"** on **24th July 2021.** The webinar was targeted for pre-final year students. A detailed report regarding the event is furnished below.

Date: 24th July 2021

Title: Webinar on "How to Crack TCS Drive"

Coordinators: Mr. Guruprasad K N, Mrs. Keerthi A Kumbar

Assistant Professors, and Faculty Placement Coordinators, Dept. of ECE

Timings: 3.15 PM to 4.15 PM

Resource Person: Madhuri H N (ATMECE Alumni, Dept of ECE, 2015-2019 batch), Associate System Engineer, Tata Consultancy Service (TCS), Bangalore.

Meeting Platform: MS Teams

Meeting link:

https://teams.microsoft.com/l/meetup-join/19%3ameeting_YTgzZjA0Y2MtYzllZS00OTYyLWFkZjgtOWRiZDYxYWM2NDE4%40thread.v2/0?context=%7b%22Tid%22%3a%2289f95930-ff96-41a1-9e3e-b6d194192bff%22%2c%22Oid%22%3a%22eab185cb-b8d1-4abe-b629-4bf1e62c9cc7%22%7d

Objective of the webinar

Following are the objective of the webinar

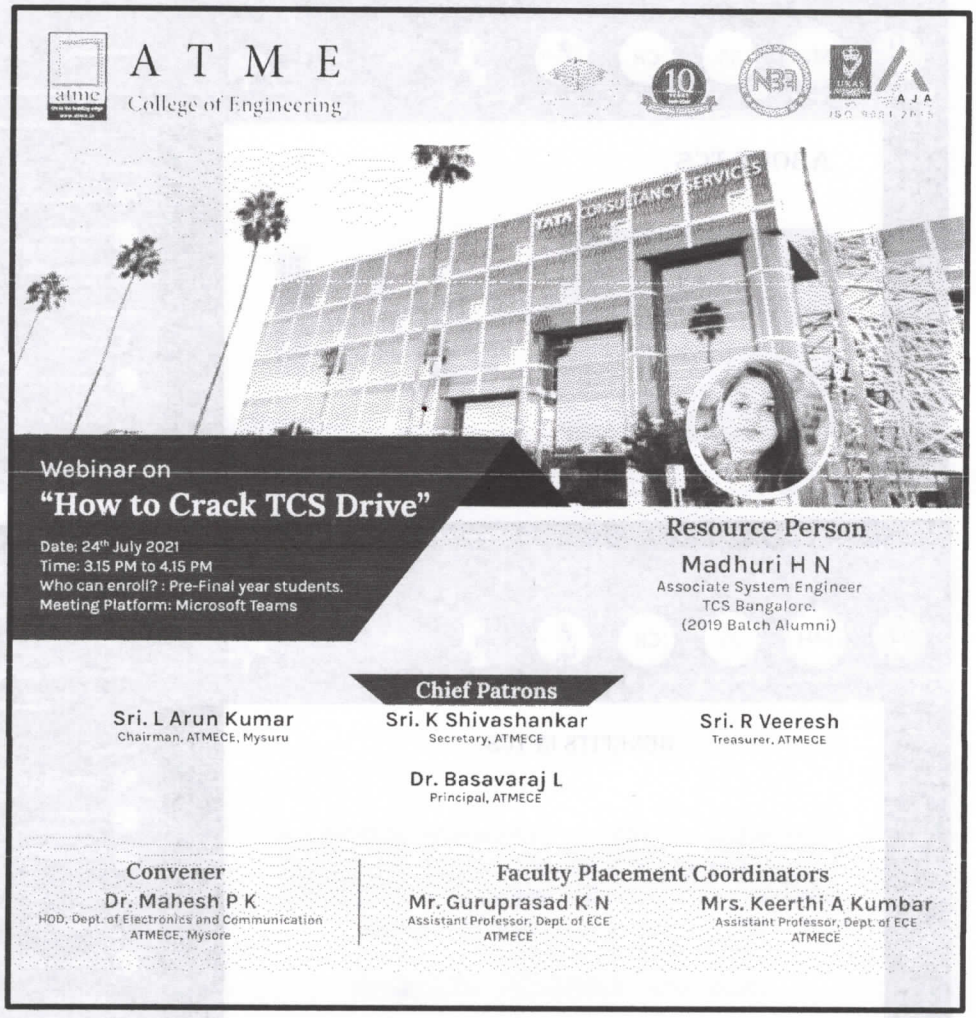
1. To help the students familiarise themselves with the TCS Ninja testing pattern and to create employment opportunities in TCS.
2. To help students identify their strengths & weaknesses and to maximize the number of student placements through campus placements.

Targeted participants:

Targeted participants for the webinar were the **students of pre-final year**. A poster was circulated in WhatsApp group inviting the students from pre-final year to attend the webinar. The webinar was offered free of cost.

A total of 73 students were participated in the webinar.

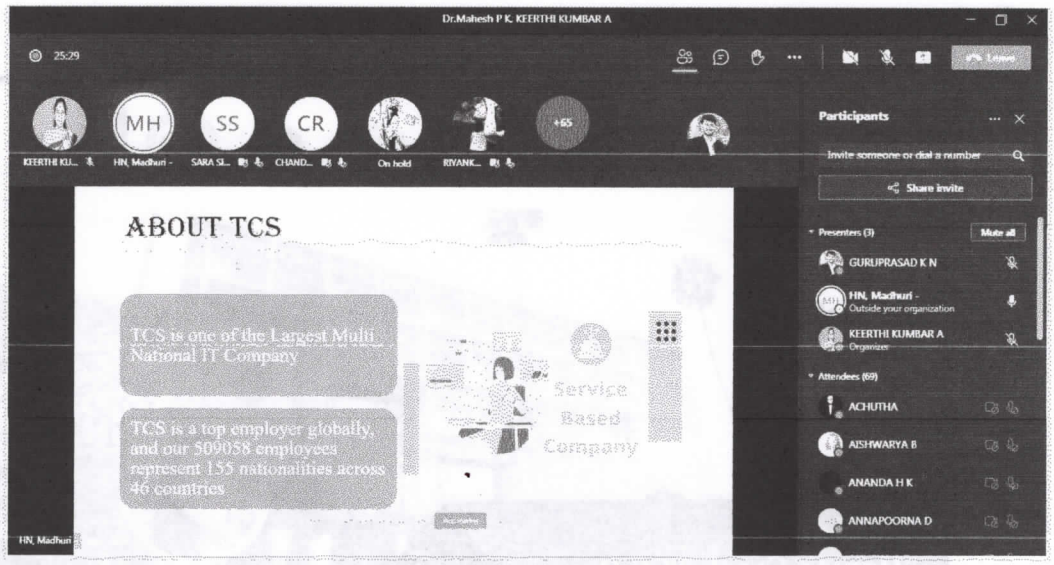
The E-poster circulated for the participants is shown below:

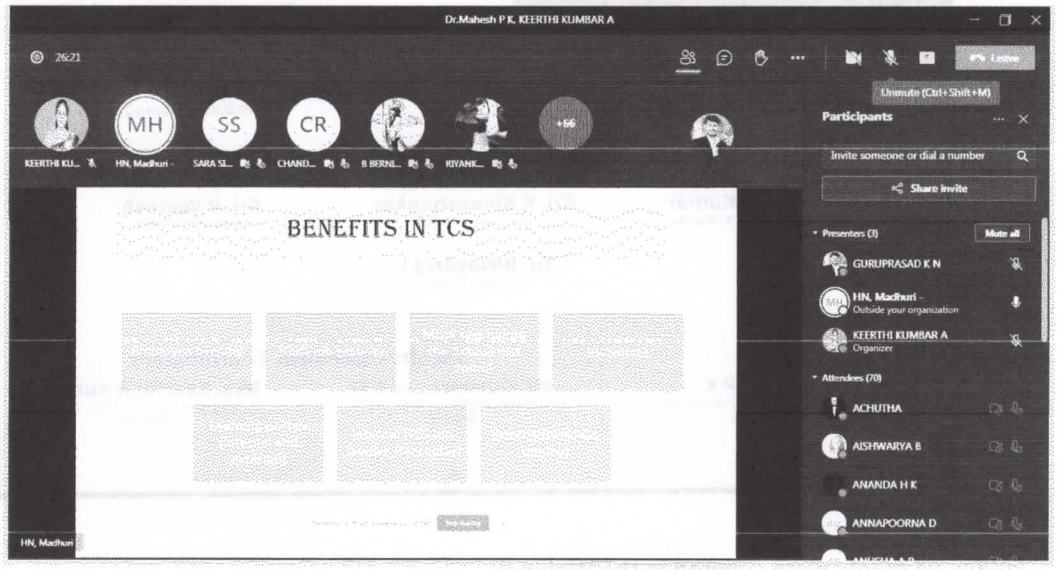


Following points were covered in the Webinar.

- About TCS
- Benefits in TCS
- Interview process
- How to apply for TCS drive: Links and the process
- Test pattern for TCS Ninja hiring – Year of passing 2022
- Topics to be prepared to crack TCS drive

Following are some of the screenshots from the webinar.





The speaker discussed the various interview processes held during TCS drive

- Online Test
- Technical round
- HR round

She also stressed upon the preparation need to be done to clear the Online Test: Aptitude round.

BASIC PROGRAMS LOGICS :

After the completion of the webinar, feedback was collected from the participants regarding the event.

Feedback link: https://forms.gle/1EKZ9ejYhourXHQN9

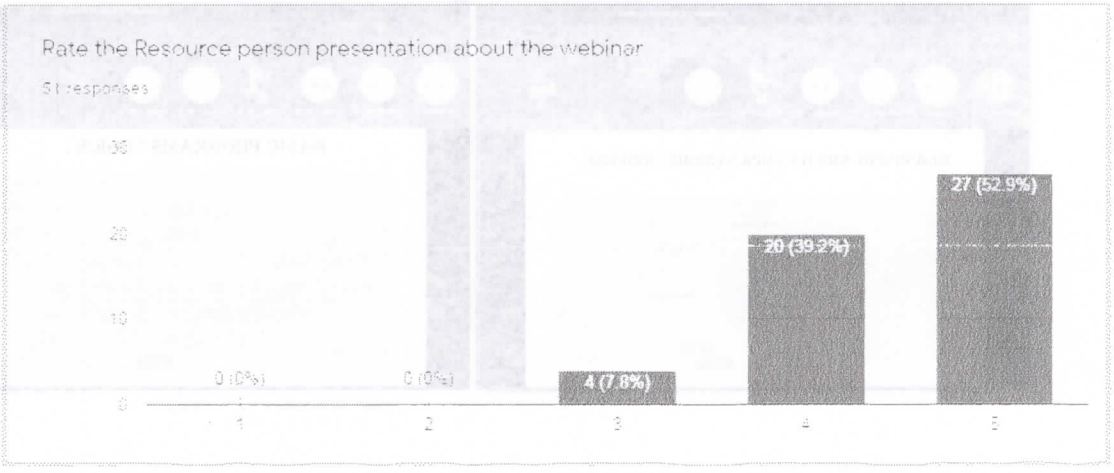
A total of 51 students given their valuable feedback regarding the webinar. Following questions were asked in the feedback. Participants were asked to rate the session in the scale of 1 to 5, 1: Poor, 2: Average, 3: Satisfactory, 4: Good, 5: Excellent

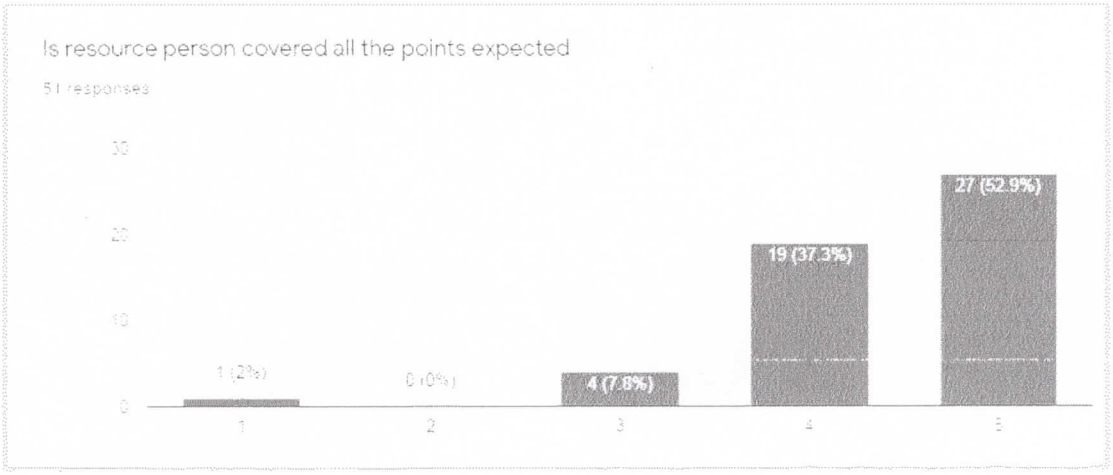
- Rate the Resource person presentation about the webinar
- Is resource person covered all the points expected
- How was over session
- Any suggestions

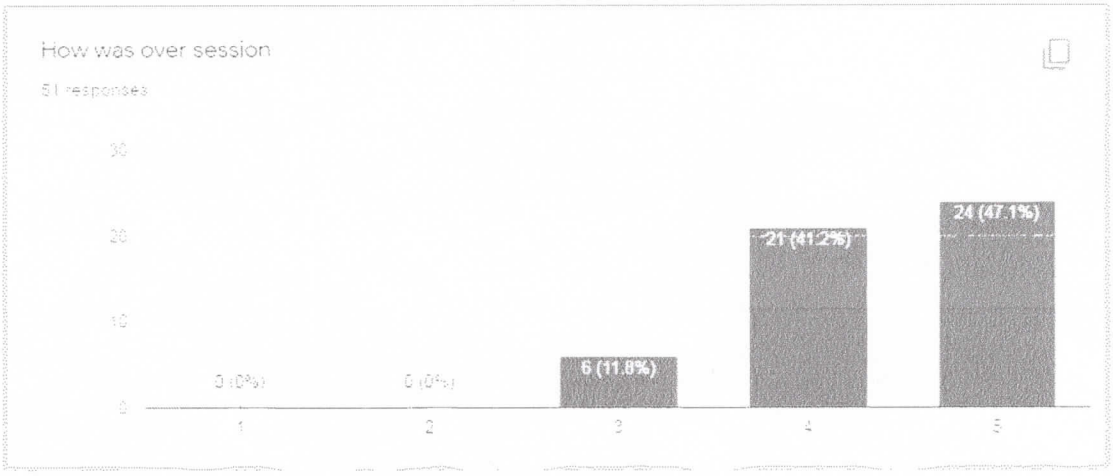
The feedback received is shown in below table.

Parameter/Scale	Excellent	Good	Satisfactory	Average	Poor
Rate the Resource person presentation about the webinar	52.9%	39.2%	7.8%	NIL	NIL
Is resource person covered all the points expected	52.9%	37.3%	7.8%	NIL	2%
How was over session	47.1%	41.2%	11.8%	NIL	NIL

Following are the screenshots of the feedback:







Along with the feedback, students were also asked to provide the suggestions. Most of the participants replied as 'informative one' and want the department to conduct such programs in future also.

Our sincere thanks to **Management**, ATME College of Engineering, **Dr. L. Basavaraj**, the Principal, ATMECE for their kind support towards conduction of the webinar. Event coordinators are greatly indebted to **Dr. Mahesh P.K.**, HOD, Dept. of ECE for his continuous encouragement and the support for the successful completion of the webinar.

Report on One day State level Virtual Hackathon & Project Exhibition-

HackXpo-2K21

The Department of Electronics and Communication Engineering has conducted a one day state level Virtual Hackathon and Project Exhibition- **"HackXpo-2K21"** on 20th July 2021 through Microsoft team(MS Teams) platform.

Objective of the Event:

- To enrich the presentation skills.
- To enhance the teamwork of the project group members
- To create a competitive mind-set among the students.

About the Event:

Totally 25 different teams were registered in and around Mysore Institutions.

The **e-poster** circulated for the participants is shown below:

10 board themes were given to all the participants one day earlier and the same to be demonstrated on 20th July 2021 was instructed. The themes are as follows:

1. Smart Agricultural technologies to help farmers
2. Automation of Embedded systems to contribute to smart cities
3. IoT Based Embedded systems
4. Signal/Speech/Image Processing applications
5. VLSI and Embedded Systems
6. Technologies relevant in the aftermath of COVID-19
7. Healthcare devices
8. Android based Applications
9. Smart transportation/power Management systems
10. Defence industry supporting applications

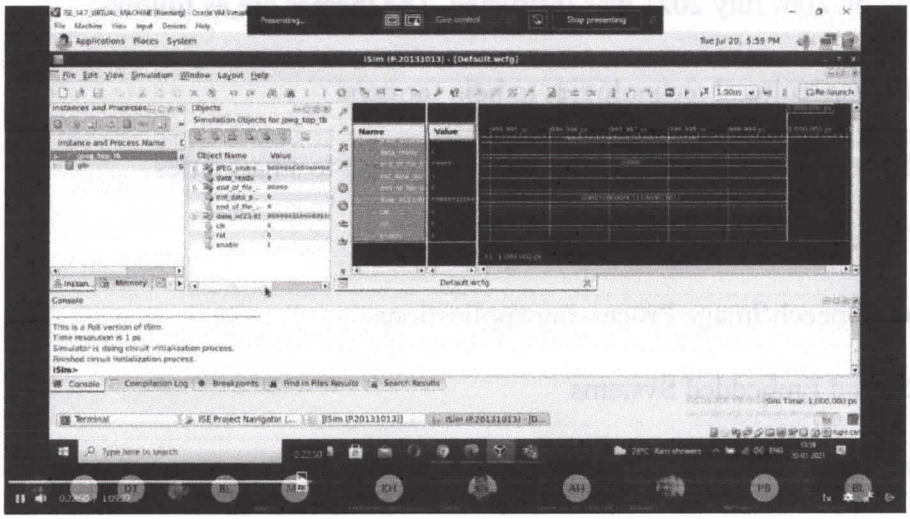
Participants were instructed to build their project model and have to give the presentation followed by demonstration. If they fail to share the demonstration, they were allowed to prepare a 5 min video that explains their complete work and the same can be shared during the evaluation meeting.

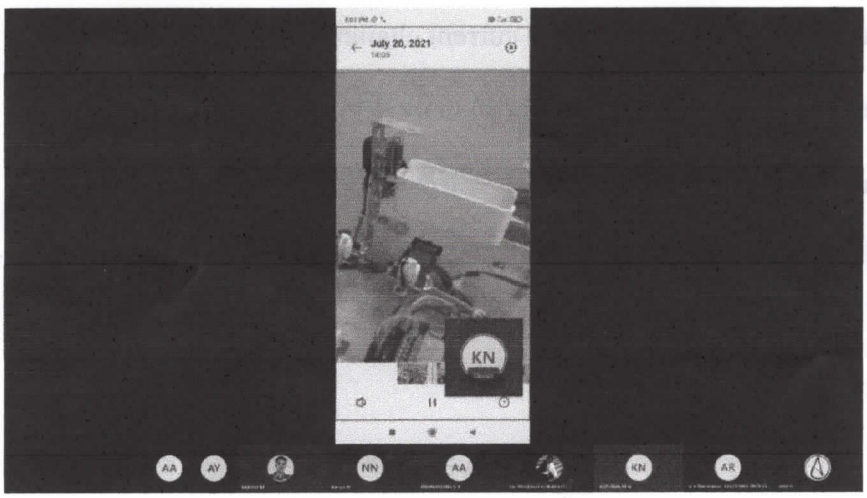
Evaluation criteria include:

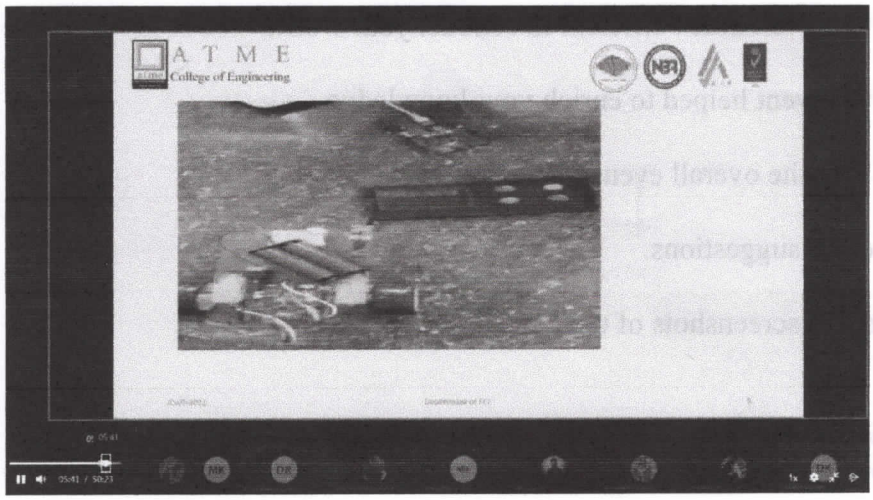
- How the project work contributes to societal problems (20 marks)
- Is that project idea comes in the current challenge/trends (10 marks)
- Presentation of the Project work (40 marks)
- Demonstration/Simulation of the Project work (30 marks).

The external jury members were invited. They joined the meeting through Microsoft Teams and valuated the projects.

The following are the sample pictures of the virtual meetings:







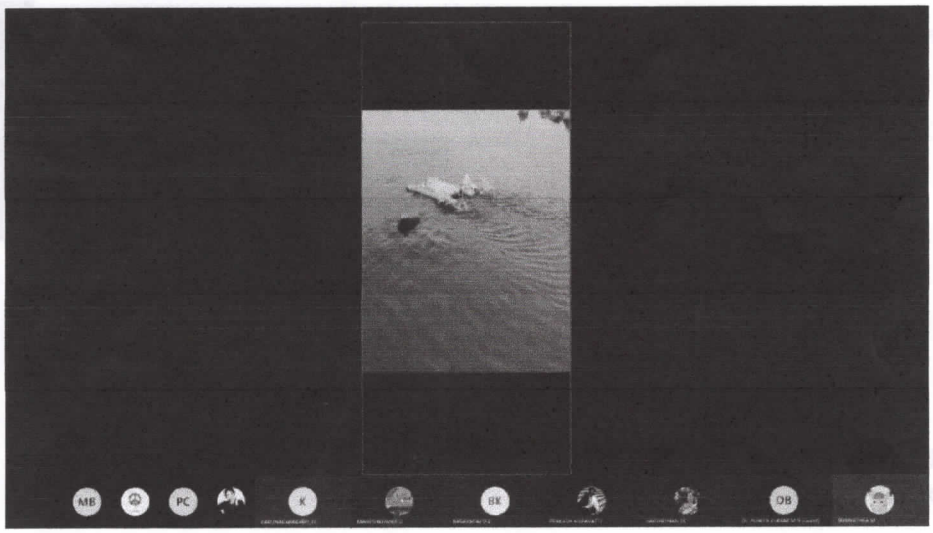


Figure: Student's demonstration of their prototypes of the projects during the online event meeting.

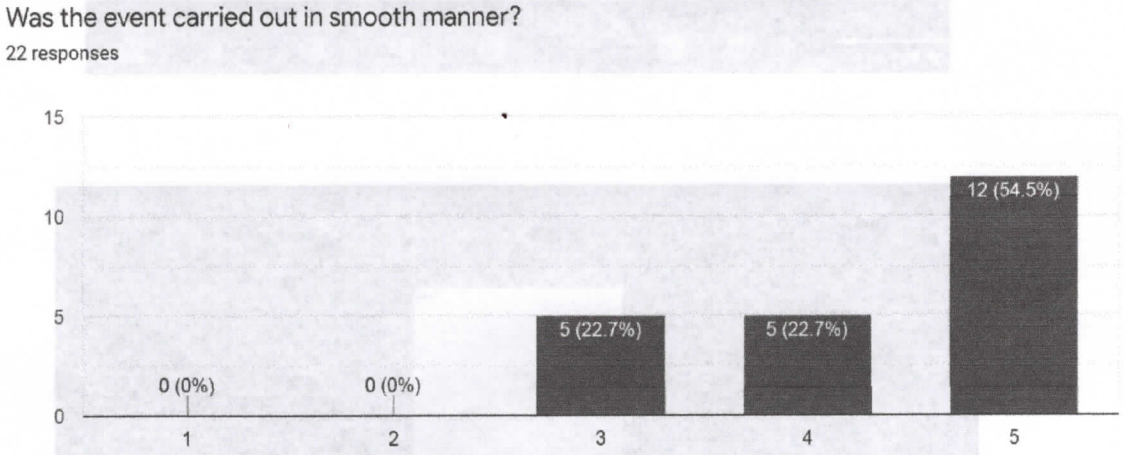
After the completion of the webinar, feedback form was collected from the participants regarding the events.

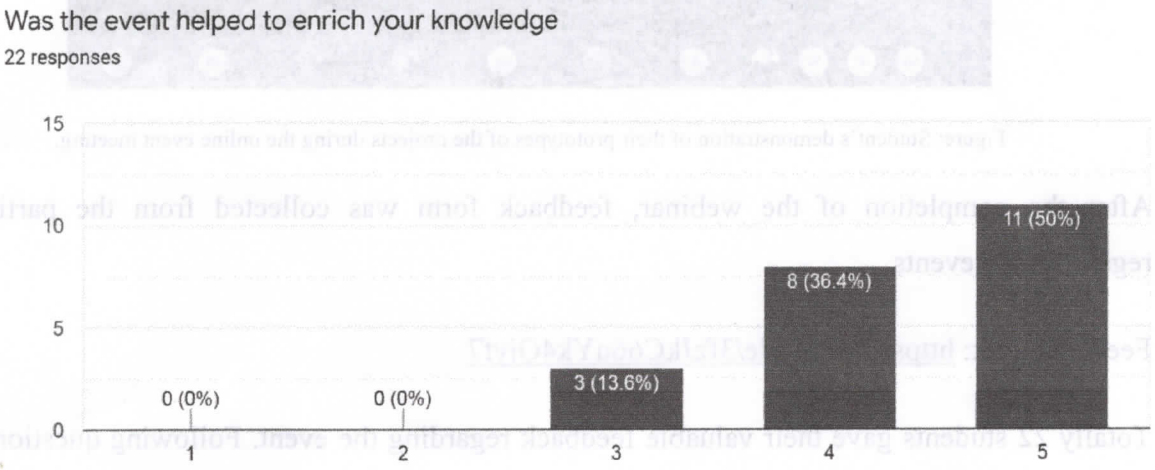
Feedback link: https://forms.gle/3fzJkC66uYk4Qjyf7

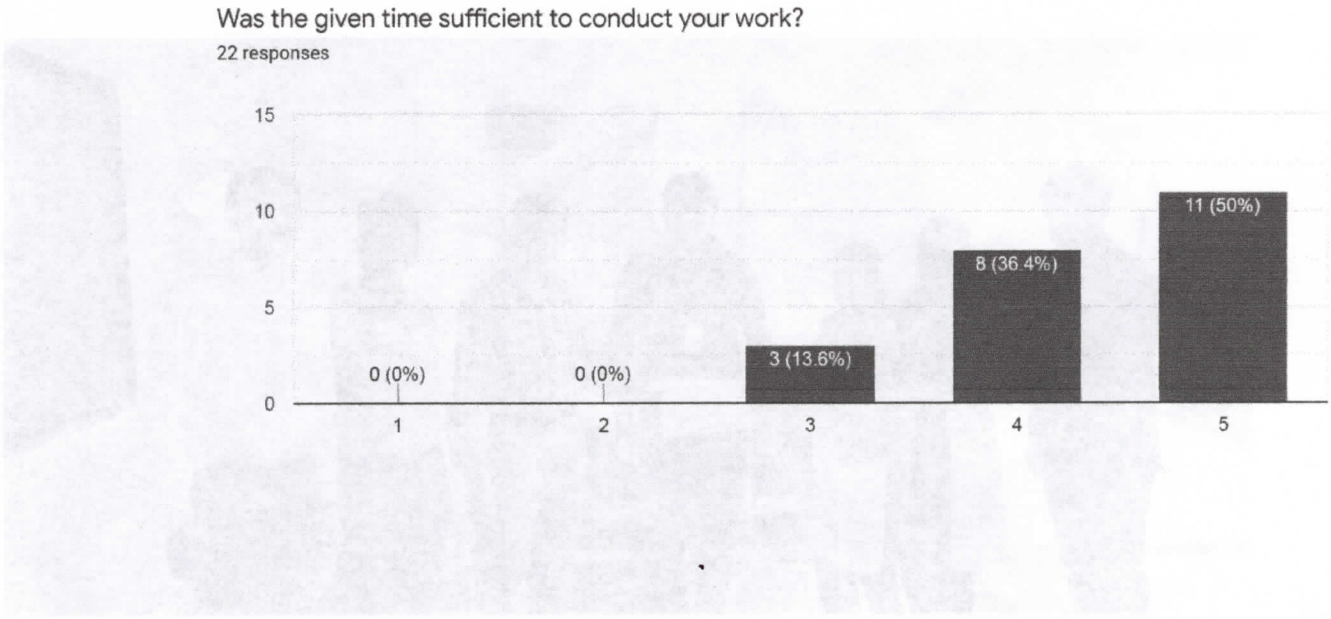
Totally 22 students gave their valuable feedback regarding the event. Following questions were asked in the feedback. Participants were asked to rate the session on the scale of 1 to 5; 1: Good to 5: Excellent.

1. Was the event carried out in a smooth manner?
2. Was the given time sufficient to conduct your work?
3. Was the event helped to enrich your knowledge
4. Rate how the overall event was organized?
5. Any other suggestions.

Following are the screenshots of the feedback:







The sample certificate is as follows:

ATME College of Engineering
13th Kilometre, Mysore - Kanakapura - Bangalore Road, Mysore - 570 028

Participation Certificate

This is to certify that

Mr./Mrs/Ms. **AJAY C** from ***ATME College of Engineering, Mysuru***

has participated in the one day state level **"HackXpo- 2K21"** on ***20th July 2021*** Organized by

Department of Electronics and Communication Engineering, ATME College of Engineering, Mysuru.

Event Coordinator	Convener	Dr L Basavaraj
Dr. Prakash Kuravatti	**Dr. Mahesh P. K.**	Principal
Assoc. Prof., Dept. of ECE ATMECE, Mysuru-28	Professor & Head, Dept. of ECE ATMECE, Mysuru-28	ATMECE, Mysuru

Winner's details are as follows:

1. **First Prize:**

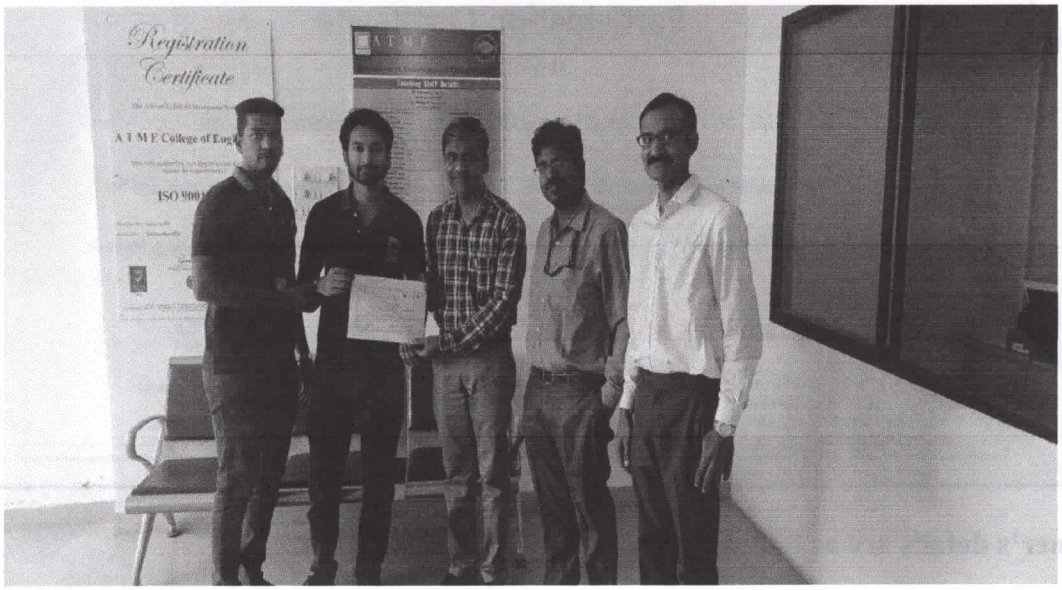
   Students Name: Shrivathsa M, Mahesh Kumar U, Arpitha B and Chaya R

   College Name: ATME College of Engineering, Mysuru

2. **Second Place:**

Students Name: Surya Shankarmurthy, Rekha S and Danish Ali Khan

College Name: ATME College of Engineering, Mysuru



3. **Third place:**

   Students Name (1 & 2) : Nouman Ahmed, K Mohammed Habeeb

   College Name: VidyaVardhaka College of Engineering, Mysuru

   Students Name (3): Mohammed Moin

   College Name: ATME College of Engineering, Mysuru

Outcome of the Event:

- Participants are able to build to show their project at higher level and the process boosted their confidence
- Participants get a platform to improve their presentation skill.
- Able to compete with other students.

Our sincere thanks to **Management, ATME College of Engineering, Dr. L. Basavaraj, the Principal, ATMECE** for their kind support towards conduction of the webinar. Event coordinators are greatly indebted to **Dr. Mahesh P.K., HOD, Dept. of ECE** for his continuous encouragement and the support for the successful completion of the webinar.

****

Date: 12/7/2021

To,

The Principal,
ATMECE, Mysuru.

Respected Sir,

Sub: Requesting to Organize One Day state level **"HackXpo-2k21"**

With respect to the above subject, the Department has continuously organized the State level Project exhibitions, Hackathon, etc., from the AY 2014-15 to 2018-19 to fulfill the curriculum gaps in the program and to encourage the engineering students from all over Karnataka to showcase their talents through the Department Fest "URJA" in association with IETE, Mysore.

Due to Covid-19 pandemic from March 2020, the Department could not be able to organize the event till date. Since, Covid-19 is not stopping throughout the worldwide, we are planned to organize the similar event with the name "**HackXpo-2k21".** The virtual Hackathon and exhibition will be state level event in online mode for one day with 6 hours duration from 10.00AM-4.00PM on 20th July 2021.

The detailed budget for the event is enclosed for your kind perusal. Hence, we kindly request you to grant the permission and do the needful.

Thanking You.

Permitted.
12/7/21

Event Coordinators

To,
Echelon Co-ordinator
Release the organizing budget Rs. 60000/- along with Registration fee.

TENTATIVE BUDGET DETAILS

Sl No.	Particulars	Credit in Rs./-	Debit in Rs./-	Balance in Rs./-
1	Cash Prizes		10,000/-	-10000/-
2	Honorarium to Judges		5,000/-	-15,000/-
3	Registration from Attendees (Rs. 200x25)	5,000/-		-10,000/-
Total		**5,000/-**	**15,000/-**	**-10,000/-**

Hence, we request you to give us the permission to release the amount of Rs. 4,000/- from IETE student Forum (ISF) account and the remaining balance amount of Rs. 6,000/- to release from the approved Department Budget (Department Association Account).

Budget Details for the Academic Year 2021-22 of ECE Department is as follows

Budget Code: 222.03.00

Sl.No.	Particulars	Sanctioned Amount in Rs./-	Utilized amount in Rs./- till date	Available balance Rs./-	Present request amount in Rs./-	Balance amount in Rs./-
1	Expenses towards Seminar, Technical talk, Workshop, publication, visiting faculty, experts etc.	1,00,000/-	NIL	1,00,000/-	10,000/-	90,000/-

Permitted

International Conference on Recent Trends in Science & Technology-ICRTST-2021 held at ATME College of Engineering, Mysuru

ATME College of Engineering in association with Institution of Engineer India (IEI) and The Institution of Electronics and Telecommunication Engineers(IETE) had organized **Second "International Conference on Recent Trends in Science & Technology ICRTST-2021" on 8th and 9th July 2021** through hybrid mode.

Dr. L Basavaraj, Principal, ATME College of Engineering, Welcomed the dignitaries to the conference. **Dr. Parthasarathy L**, Organizing Chair, ICRTST-2021 spoke on the objectives of the conference and gave insights on the process of article registration, role of IEI, IETE and BJIT in the conference. Further, he thanked all for joining hands to bridge the gap between environment and economic sustainability to make world a better place.

Chief Guest, Sri. Narendra Singh, FIE, President, IEI addressed online on the role of engineers and the need to develop technology in the area of climate change, improving health, cyber security etc. Giving insights on agriculture and industry productivity, he opined engineers to have vision towards nation building.

Guest of Honour Dr. A S Deshpande, Registrar, VTU, Belagavi joined online and said education, experience and exposure are the three ingredients and expressed the fact that technology will always progress with the development in scientific research and engineers should give priority to such fundamental research, in view of the future India. **Guest of Honour**, **Er. Jasmail Singh**, FIE, Chairman, IEI, Karnataka State Center joined online and explained the importance of development of science and technology at such a critical time and said that only such international conferences contribute novel newer ideas and technologies with good outputs from research for the nation's development.

Sri L Arun Kumar, Honorable Chairman, ATME College of Engineering, delivered the presidential address and gave insights on how India has 0.6% of GDP towards R &D and gave statistics

comparing with other countries. He said of the 50,000 patent applications, 70% are Non-Indian residents. He gave insights on the National Research Framework and the budget towards research for the next 5 years in India to build research ecosystem. He opined researchers believe that only higher institutes like IITs and NITs receive grants, however with right proposal and mentor Tier-II institutes can also receive the funding citing example of ATMECE which has recently received the DST funding of 2.05 crores for ICT Enabled Co-Working Community Center Design for Rural Development.

Key note speaker, Prof. H P Khincha, Former Vice Chancellor, Visvesvaraya Technological University, Belagavi spoke on educational policy for the future & the technologies. He felt for the fact that human race caring about the society and its welfare are slowly becoming extinct and added to this the future of the world is quite difficult to be predicted because of the erratic behavior of the nature. He further emphasized on the patterns of energy dissipation and its conservation, stages of technology development, particularly inventions in Nano-technologies and Mega technologies which would need a different pedagogy of education.

Dr. Mohd Helmy ABD Wahab, Universiti Tun Hussein Onn, Malaysia delivered the keynote address on Recent Trends in Development of Internet of Things. He gave insights on Intelligent computing, Network system integration, High performance. He spoke on Technologies advancement & convergence in IoT, cloud computing, AI, Big data analytics, cyber security etc.

The Valedictory session was held on 9th July 2021.Chief Guest Dr. Shyam Vasudev Rao, addressed online emphasizing on the changing engineering technology at rapid rate, making the products obsolete in less time. He further added monitoring of all works in any sector is done electronically without the physical presence of the personnel. He concluded mentioning that the younger generations should focus on acquiring skills to understand and embark on to this technical era and contribute to the betterment of the society.

Guest of Honour, Mr. Harsha, Manager, Channel Business, Asia Pacific Region, Siemens, addressed the forum on the topic Digital Enterprise, with good illustrations, and finally concluded that, the pandemic situation has forced unleashing a digital world and one has to be ready in the future world to face drastic digital changes engineering education as well as in all engineering industries.

Guest of Honour, Dr. Syed Shakeeb Ur Rahman, Executive Council Member, VTU, Belagavi, addressed online appreciating all the members of the organizing committee for the scrupulous planning and organizing the event.

Certificates were distributed to Authors during the event. **Sri K Shivashankar**, Honourable Secretary, Principal, **Dr.L Basavaraj**, Organizing Chair of the conference Dr.Parthasarathy L, Deans, HoDs and Faculty members were present. Finally vote of thanks was rendered by Mrs. Jyothi M Patil.

Authors presenting their paper through MS Teams

MECHANICAL ENGINEERING

DAY 2: (From 11:15 to 1:00 PM) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	gory of Registra
ME01	1	11:15 to 11:30am	118	Prediction of surface finish in extrusion honing process by regression analysis and artificial neural networks	JAYASIMHA SLN	Research Scholar, Dept. of Mechanical Engineering, P.E.S College of Engineering, Mandya	Research Scholar
	2	11:30 to 11:45am	10	Design and performance of plate fin heat exchanger-A brief Review	Prof.V.M.Korde	Yeshwantrao Chavan College of Engineering Nagpur 411100	UG Student
	3	11:45 to 12:00pm	43	Design and Fabrication of Semi-Recumbent Bike	Ashley Lobo	Undergraduate Student	UG Student
	4	12:00 to 12:15pm	124	Design and Modification of Fixture for General Purpose Internal Grinding CNC from Special Purpose Internal Grinding CNC Machine	Md Nadeem M	ATME College of Engineering	Academician
	5	12:15 to 12:30pm	126	Development of Economical Plant Transplanter	Dr.Chethan S	ATME College of Engineering	Academician
	6	12:30 to 12:45pm	109	Effect of Chilling during solidification on wear behavior of Ferrous based material	DEVARAJ M R	ATMECE, MYSURU	Academician
	7	12:45 PM to 1:00 PM	122	Influence of controlled shot peening on Mechanical properties and Compressive residual stress of Al6061-TiB2 Composite	Dr. Suresh Kumar S	ATME College of Engineering,Mysuru	Academician

DAY 2: (From 1:45 to 3:30pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration
	1	1:45 to 2:00pm	53	Prediction of Elongation, Roughness and Tension Strength of a 3D Printing	ANISH NAIR	Kalasalingam Academy of Research and Education	Academician

ME02	2	2:00pm to 2:15pm	62	Cell-laden alginate hydrogel modeling using three-dimensional (3D) microscale finite element technique	Abhinaba Banerjee	Department of Mechanical Engineering, Indian Institute of Engineering	Research Scholar
	3	2:15 to 2:30pm	123	Multi Axis Solar Tracker Using Ardiuno Micro-Controller	Dr. Mohanakumara K C	ATME College of Engineering, Mysore	Academician
	4	2:30 to 2:45pm	128	IoT based Smart Agricultural Management and Recommendation System.	Mr. Karthik Kumar M	ATME College of Engineering	UG Student
	5	2:45 to 3:00pm	140	Simulation of un-notched Charpy impact test on hybrid carbon/aramid composites - A numerical study	Sojan Andrews Zachariah	Department of Aeronautical and Automobile Engineering, , Manipal 576104, India. Manipal Institute of Technology, Manipal Academy of Higher Education Manipal, India	Research Scholar
	6	3:00 to 3:15pm	153	Response of different rates of biodiesel waste based on chilli yield and soil fertility	Niranjan Kumar V S	ATME COLLEGE OF ENGINEERING, MYSORE	Academician
	7	3:15 to 3:30pm	179	Evaluation of Mechanical Properties of Jute Fiber, Boron Carbide Reinforced Epoxy Hybrid Composites	Rohith S and Rathnakar G	ATMECE, Mysuru	Academician

DAY 1: (From 1:45 pm to 3:15pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
EC01	1	1:45 to 2:00pm	102	Design and Analysis of U-Slot Antenna Array for RF Energy Harvesting	Raghav Tola	Amity University	UG Student	raghavtola8@gmail.com	9560782008
	2	2:00pm to 2:15pm	105	SELF-ACTIVATING SANISTATION AND REAL-TIME MASK DETECTION SYSTEM	PRAVEEN KUMAR M M	ATME College of Engineering	UG Student	praveenkumarmm0707@gmail.com	7624876803
	3	2:15 to 2:30pm	148	5G Phased-array Beamforming Antenna Design for Future Communication technologies	GIRISH M	ATME College of Engineering	Faculty	girishmatme@gmail.com	9964406640
	4	2:30 to 2:45pm	158	Reduction of Mutual Coupling in Antenna Arrays using Periodic Structures	Dr. Prakash Kuravatti	ATME College of Engineering	Faculty	pkkuravatti@gmail.com	9611754666
	5	2:45 to 3:00pm	63	LOW DELAY AND AREA EFFICIENT CARRY SAVE MULTIPLIER	Swetha Priya	JITS	PG Student	sriswetha145@gmail.com	96407 66303
	6	3:00 to 3:15pm	157	Application and Comparison of Optimal Controllers for UPFC with wide range of Operating Conditions in Power System	Dr.Yathisha L	ATME COLLEGE OF ENGG.	Academician	yathisha.171@gmail.com	9902238768

DAY 1: (From 3:30 to 5:00pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
	1	3:30 to 3:45pm	24	AN EFFICIENT DESIGN OF HIGH ACCURACY 16 BIT APPROXIMATE MULTIPLIER	AKULA SURESH		PG Student	sureshakul2001@gmail.com	9985607059

	2	3:45 to 4:00pm	29	A HIGH SPEED NOVEL DESIGN OF SQ CARRY SELECT ADDER BINARY ADDER	CEEPALLY NISHANTH	JYOTHISHMATHI INSTITUTE OF TECHNOLOGY AND SCIENCE	PG Student	nishcnt@gmail.com	9849866168
EC02	3	4:00 to 4:15pm	32	PREFIX ADDERS WITH THREE OPERATORS IN A HIGH-SPEED, AREA-EFFICIENT VLSI ARCHITECTURE	Md. Asif Ali		PG Student	asif4074@gmail.com	8897801387
	4	4:15 to 4:30pm	33	SPEED SOFTWARE IMPLEMENTATIONS OF AES ON XILINX	Afsarjahan. MD		PG STUDENT	afsarjahan.laddu@gmail.com	7032420107
	5	4:30 to 4:45pm	34	APPROXIMATE MULTIPLIER FOR AREA AND TIME RESOURCES WITH KOGGE-STONE ADDER	B.DIVYA		PG STUDENT	divyabandari1729@gmail.com	91778 78532
	6	4:45 to 5:00pm	36	A NEW IMPLEMENTATION OF INPUT VECTOR MONITORING CONCURRENT BIST ARCHITECTURE	D.Tejaswi		PG STUDENT	dheetitejaswi@gmail.com	94901 26204

DAY 2: (11:15 to 12:45 pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
	1	11:15 to 11:30am	40	Review On Speech Enhancement Methods	Manisha Balaso Hankare	Research Scholar, Dept of ETC, AISSM's Institute of Information Technology, Pune.01, India.	Research Scholar	mhankare82@gmail.com	9623827218
EC03	2	11:30 to 11:45am	19	SELF ACTIVATED MEDICAMENTS DISPENSING SYSTEM	Dr Bhagyashree S R	ATME College of Engineering	Academician	bhagyashreeraghavan@gmail.com	9900110944

	3	11:45 to 12:00pm	161	Comparative Analysis of the Various Filters for Denoising of the Spinal Cord MRIs	Sheetal Garg	ATME CE	Research Scholar	sugarg02@gmail.com	7760573881
	4	12:00 to 12:15pm	176	MRI Medical Image Denoising and Enhancement using Fundamental Filters	Swapna H	ATME COLLEGE OF ENGG.	Academician	swapnah90@gmail.com	9591562578
	5	12:15 to 12:30pm	137	An Biometric and cryptographic key generation to enable efficient and secured transactions	Dr Mahesh P K	ATME COLLEGE OF ENGG.	Academician	mahesh.k.devalapur@gmail.com	8884968896
	6	12:30 to 12:45pm	42	OPTIMAL DESIGN OF PARITY PRESERVING ADDER USING A REVERSIBLE GATE FOR FAULT-TOLERANT	Pravallika		PG STUDENT	pravallika303@gmail.com	6301 406 220

DAY 2: (From11:15 to 12:45pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
EC04	1	11:15 to 11:30am	79	AI BASED UGV FOR MILITARY APPLICATIONS	Gayathri K M	Dayananda Sagar University	UG Student	gayathrikmdsu2019@gmail.com	9886598418
	2	11:45 to 12:00pm	136	ROBOTIC ARM FOR COVID -19 SWABSAMPLE COLLECTION	VISHNU PRIYA P	Student, Dept. of Electronics and Communication Engineering, Dayananda Sagar University.	UG Student	vishnupvspriya@gmail.com	6360941163
	3	12:00 to 12:15pm	160	AUTOMATIC WATERING TO THE PLANTS AND DETECTION OF ANIMALS AROUND THE FIELD	Dr Bhagyashree S R	ATME College of Engineering	Academician	bhagyashreeraghavan@gmail.com	9900110944
	4	12:15 to 12:30pm	187	OBSTACLE AVOIDING ROBOT USING ARDUINO AND ULTRASONIC SENSOR	Vyshak Gowda M R	ATME College of Engineering	UG Student	vyshakgowdamr2416@gmail.com	8970264586
	5	12:30 to 12:45pm	144	NS2 BASED CONGESTION CONTROL	Manjunath K and Harshitha N	ATME College of Engineering	Research scholar	manjunathatme@gmail.com	9738403734

	6								

DAY 2: (From 11:15 to 1:00 pm) Date:9.7.2021									
Session DAY 2	**Sl.No.**	**SCHEDULE**	**Paper ID**	**Title of the Paper**	**Author's Name**	**Affiliation**	**Category of Registration**	**Email Address**	**Mobile No.**
EC05	1	11:15 to 11:30am	57	INFRASTRUCTURE MONITORING OF SMART CITY BY USING IoT	Thumu sirra reddy	Lovely Professional University	UG Student	thumusirrareddy455@gmail.com	8360472847
	2	11:30 to 11:45am	58	Research and Analysis About Developing Agriculture Approaches in E-commerce Mobile Application	Jyotirmoy Pathak	Lovely Professional University	UG Student	jyotirmoy.16082@lpu.co.in	9041442519
	3	11:45 to 12:00pm	35	AN IMAGING PROGNOSIS MODEL FOR PARTICLE POLLUTION	Suhiepha Sameer	Dayananda Sagar University	UG Student	snehatwaganageri@gmail.com	9916908786
	4	12:00 to 12:15pm	145	ARDUINO BASED VOICE AND BLUETOOTH CONTROL ROBOT	Pavithra A C and Likith Maney	ATME College of Engineering	UG Student	likith.maney@gmail.com	8884699040
	5	12:15 to 12:30pm	182	ENHANCED ACCIDENT PREVENTION SYSTEM IN UNDERGROUND COLLERIES USING LabVIEW	Bhavana D C, Chandu D, Dhanusha T, Kalpana K and Pavithra A C	ATME College of Engineering	UG Student	bhavanadc1999@gmail.com	8884699040
	6	12:30 to 12:45pm	23	SAMPARK-IoT BASED DISPLAY BOARD	Dr Bhagyashree S R	ATME College of Engineering	Academician	bhagyashreeraghavan@gmail.com	9900110944

DAY 2:(From 1:45 to 3:15pm) Date:9.7.2021									
Session DAY 2	**Sl.No.**	**SCHEDULE**	**Paper ID**	**Title of the Paper**	**Author's Name**	**Affiliation**	**Category of Registration**	**Email Address**	**Mobile No.**
	1	1:45 to 2:00pm	52	OPTIMIZED TO ENHANCE THE MULTIPLIER CIRCUIT PERFORMANCE OF XOR-XNOR GATES	vennela	PG Student	PG STUDENT	vennelagadamalla@gmail.com	70139 19117
	2	2:00pm to 2:15pm	55	Modified Low Power SRAM compiler with Reduced Access Time	Vinay B K	CMR Institute of technology	Research Scholar	vinay.bk@cmrit.ac.in	8951544436

EC06	3	2:15 to 2:30pm	56	DESIGN OF AN EFFICIENT HIGH-SPEED CONFIGURABLE BIT SERIAL MULTIPLIER	A.Mamatha	PG Student	PG Student	mamathaaluvala03@gmail.com	91004 71323
	4	2:30 to 2:45pm	65	DESIGN AND IMPLEMENTATION OF LESS AREA HIGH SPEED ACCURACY-CONTROLLABLE MULTIPLIER	D. Meena	PG STUDENT	PG STUDENT	Meenagoldi43@gmail.com	6281 463 623
	5	2:45 to 3:00pm	66	A SIMPLE RM-PRNG TO HIGH THROUGHPUT XILINX EVALUATION	D. Sai Jyothi	PG Student	PG Student	dharavenisaijyothi@gmail.com	78935 56115
	6	3:00 to 3:15pm	175	A REVIEW ON COVID-19	Dr Bhagyashree S R	ATME College of Engineering	Academician	bhagyashreeraghavan@gmail.com	9900110944

DAY 2: (From1:45 to 3:45 pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
EC07	1	1:45 PM to 2:00 PM	21	Choosing Wavelets for Lossless Compression of 3D Images	Ramesh Naidu V	U R Rao Satellite Centre, ISRO	Research Scholar	ladu@ursc.gov.in	9448896660
	2	2:00 PM to 2:15 PM	88	Digital Twin for Image based PM Prognosis	Suhiepha Sameer	Dayananda Sagar University, Bangalore	UG Student	snehatwaganageri@gmail.com	9916908786
	3	2:15 PM to 2:30 PM	89	Underwater Fleck Detection using Computer Vision	Pushpamala S	Dayananda Sagar University, Bangalore	UG Student	prajwalrajup@gmail.com	9986911191
	4	2:30 PM to 2:45 PM	120	Super-Resolution of Single Image	Dr.Prathibha M K	ATME college of Engineering	Academician	mailtoprathiba@gmail.com	9449610089
	5	2:45 PM to 3:00 PM	121	A Review on Recent Methods to Detect Plant Leaf Disease Using Image Processing and Machine Learning	Komala.T	Shri siddhartha institute of technology, Tumakuru	PG Student	komalathippeswamy@gmail.com	9740604456
	6	3:15 PM to 3:30 PM	131	Fingerprint Authorization Based Driving License Checking System	Guruprasad K N	ATMECE, Mysuru	Academician	meguruprasadkn@gmail.com	97393 19567

DAY2 :(From11:45 PM to 3:30 PM) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
EC08	1	1:45 PM to 2:00 PM	164	A Tensorflow based Approach for Implementation of Digit Recognition using Convolutional Neural Network	Ashwini D S	NIEIT,VTU	Research Scholar	rohini_nagapadma@nie.ac.in	9901905160
	2	2:00 PM to 2:15 PM	168	A survey on Neuropsychiatric Tools and Machine Learning in Diagnosis of Depression	PRADEEP KUMAR Y	ATME College of Engineering, Mysuru	Research Scholar	pradeepkumar051@gmail.com	9986646017
	3	2:15 PM to 2:30 PM	193	Mosaic Covert Communication for Data Security	Nagendra M S	SRI SIDDHARTHA INSTITUTE OF TECHNOLOGY, Maralur, Tumkur 572 105, Karnataka, India	PG Student	naguuppar@gmail.com	
	4	2:30 PM to 2:45 PM	198	CHARGING SOLUTIONS FOR CLOUD PLATFORM HYBRID PRICING MODEL	Praveen S	RVCE	UG Student	vijayalaxminuchchi@gmail.com	9964899377
	5	2:45 PM to 3:00 PM	193	Mosaic Covert Communication for Data Security	Nagendra M S	SRI SIDDHARTHA INSTITUTE OF TECHNOLOGY, Maralur, Tumkur	PG Student	naguuppar@gmail.com	9900995782
	6	3:00 to 3:15pm	93	Application and Comparison of LQR Control Techniques for Aircraft Yaw Dynamics	Pavithra A C	ATME College of Engineering, Mysuru	Research Scholar	pavithraac26@gmail.com	9964899377

DAY 1: (From 3:30 PM to 5:15 PM) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
EEE01	1	3:30 to 3:45pm	51	Dynamic Power Synthesis Approach for Logic Gate Level Combinational Circuit	Dr. Lokesh C	Department of EEE, Vidyavardhaka College of Engineering, Mysuru, Karnataka.	Academician	lokesh.c@vvce.ac.in
	2	3:45 to 4:00pm	177	Comparitive Analysis of DC Link Capacitor Voltage Obtained Uunder Adaptive Detection Algorithm of Shunt Active filter	Vinayaka K U	siddaganga Institute of Technology	PG Student	vinay.ene@gmail.com
	3	4:00 to 4:15pm	30	REVIEW ON OPTIMISATION STRATEGIES ANALYSIS OF WALLACE TREE MULTIPLIER	Vishal Ch	Jyothismathi institute of technology and science, karimnagar	PG Student	vishalchintala141@gmail.com
	4	4:15 to 4:30pm	74	Performance Analysis of Indigenous oil as Alternate to Transformer Insulation for Power System Applications	D M Srinivasa	Christ(Deemed to be University),Bangalore	Research Scholar	usha.surendra@christuniversity.in
	5	4:30 to 4:45pm	147	SMART CONTROLLER FOR FUTURE WATER CRISES	Vinod Kumar P	Assistant Professor, Department of EEE, ATMECE	UG Student	vinodatme1@gmail.com
	6	4:45 to 5:00pm	171	DOUBLE CHAMBER MICROBIAL FUEL CELL (DC-MFC) FOR GREEN ENERGY GENERATION FROM CANTEEN	Dr. Shakunthala C	ATMECE, Mysuru	Academician	shakunthala.mys@gmail.com
	7	5:00 to 5:15pm	130	Energy Efficiency Hybrid Dual Axis Solar Tracking System	Gulabi P	ATMECE, Mysuru	UG Student	gulabiputtaraju@gmail.com

DAY 2 : (11:15 AM to 1:00pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
	1	11:15 to 11:30am	132	Sanitary Napkin Vending Machine with Incinerator for Menstrual Hygiene	SHREESHAYANA R	ATME COLLEGE OF ENGINEERING, MYSURU	Academician	shreeshayana@gmail.com
	2	11:30 to 11:45am	129	Development of Glass Cleaning Robot	AKSHAY D	ATME COLLEGE OF ENGINEERING	UG Student	lohithakshay1999@gmail.com
	3	11:45 to 12:00pm	141	Automatic Cooking Machine For A Specific Recipe	MARIA SUSHMA S	ATME College of Engineering, Mysuru	Academician	s.mariasushma1@gmail.com

EEE02	4	12:00 to 12:15pm	146	Automatic Waste Segregator with Status Alert	Lakshmi K	Department of Electrical & Electronics Engineering ATMECE	Academician	lakshmi.kmys@gmail.com
	5	12:15 to 12:30pm	173	A Review of Hybrid Back-to-Back MMC Connected Drive System	VANDANA R	student	PG Student	vandanar270@gmail.com
	6	12:30 to 12:45pm	149	Delta Connected Shunt Active Power Filter Topology for harmonics mitigation under Balanced and Unbalanced Conditions	Mr Sathish K R	ATME COLLEGE OF ENGINEERING, MYSURU	Academician	sathishkrachar@gmail.com
	7	12:45 to 1:00pm	196	ANALYSIS OF PV FED SINGLE INPUT DOUBLE OUTPUT LUO CONVERTER FOR INDUCTION MOTOR AND BLDC MOTOR DRIVE SYSTEM	Jyothi N V	siddaganga Institute of Technology	PG Student	vinay.ene@gmail.com

DAY 2 : (1:45 PM to 3:15 PM) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
EEE03	1	1:45 to 2:00pm	155	Internet of Things Based Smart Home System Using Google Assistants Technology	Dr. Prakash Kuravatti	ATME COLLEGE OF Engg	UG Student	pkkuravatti@gmail.com
	2	2:00pm to 2:15pm	119	Analysis of Delta Connected Active Power Filters under balanced and unbalanced grid conditions	K U Vinayaka	Siddaganga Institute of Technology	Research Scholar	vinay.ene@gmail.com
	3	2:15 to 2:30pm	70	High-Efficiency Single-Phase Grid-Tied Inverter with AC side Decoupling for Photovoltaic Applications	Geetha K	Presidency University, Bangalore	Research Scholar	geetha.mallik@gmail.com
	4	2:30 to 2:45pm	194	Design of LLC Resonant Converter using closed loop PI controller for enhanced performance	Niranjan S Jagginavar	Presidency University, Bangalore	UG Student	niranjan1997niru@gmail.com
	5	2:45 to 3:00pm	181	3D Printer Using Recycled Filament	Shwetha N	ATME COLLEGE OF Engg	UG Student	shwethabanglore12345@gmail.com
	6	3:00 to 3:15pm	170	Remote Controller floor cleaning aid	Joshua H Rayapuri and Dhanyatha M	ATME COLLEGE OF Engg	UG Student	joshuahrayapuri@gmail.com

Computer Science Engineering

DAY 1 : (1:45 to 3:15 pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CS01	1	1:45 to 2:00pm	83	A Review on Traffic Flow Prediction Methods for Autonomous Vehicular System	Avinash Kumar	Lovely Professional University	PG Student	avinashkr.2798@gmail.com
	2	2:00pm to 2:15pm	17	MQ-KPCA: Custom Kernel PCA for Hot-rolled Steel Strip Defects Classification	Suresha M	Kuvempu University	Research Scholar	suresham@kuvempu.ac.in
	3	2:15 to 2:30pm	60	Light weight authentication scheme to access cloud services in cloud environment	Raghavendra K	Assistant professor CS & E NIEIT Mysore	Research Scholar	sanchara@gmail.com
	4	2:30 to 2:45pm	77	Enhanced Wi-Fi – Li-Fi System	Rajeshwari.D	NIE Institute of Technology	Research Scholar	gouthamgouda@gmail.com
	5	2:45 to 3:00pm	110	DETECTION OF MALICIOUS CONTENT OR WEB LINKS	Sushma V	Assistant Professor	UG Student	sushma.sush13@gmail.com
	6	3:00 to 3:15pm	203	RECURRENT NEURAL NETWORK BASED PARTS OF SPEECH	Sharanya Kumari S	Undergraduate Student	UG Student	s.sharanyakumari@gmail.com

DAY 1 : (3:30 to 5:00 pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CS02	1	3:30 to 3:45pm	107	SURVEY ON TRAFFIC ACCIDENT MONITORING SYSTEM	RAGHURAM A S	ATMECE	Academician	rbraghuram958@gmail.com
	2	3:45 to 4:00pm	112	BETTER AND FASTER EMERGENCY CARE DURING ACCIDENTS AND VEHICLE IMPACT	FAIZA FIRDAUS	ATME College Of Engineering	UG Student	fazzlu@gmail.com
	3	4:00 to 4:15pm	98	Delay Analysis and Efficient Scheduling Policies for Multi-Hop Wireless Networks	SUSHMA V	ATME College of Engineering, Mysuru	Academician	sushma.sush13@gmail.com
	4	4:15 to 4:30pm	183	An Epigrammatic Study on Android Architecture, Framework and Its Challenges	Kavyashree E D	ATME College of Engineering, Mysuru	Academician	kavyashreeed@gmail.com
	5	4:30 to 4:45pm	81	Template Matching for Marathi Handwritten Compound Character	Vrushali T. Lanjewar	Sant Gadge Baba Amravati University	Research Scholar	vrushali.lanjewar@gmail.com
	6	4:45 to 5:00pm	117	COVID 19 MEASURES: FACE MASK DETECTION USING CONVOLUTION NEURAL NETWORK	Anil Kumar Gadeda Goudar G	Student	UG Student	akggoudar@gmail.com

DAY 2 : (11:15 to 12:45pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CS03	1	11:15 to 11:30am	46	Prediction of Alzheimer's Disease using Machine Learning (Alzheimer's Disease Neuroimaging Initiative*)	Archana Yashodhar	Department of Computer application, Science, St Aloysius College Mangaluru, Karnataka India	Research Scholar	archana.devdas22@gmail.com
	2	11:30 to 11:45am	72	Predictive Analysis of Parkinson Disease using Machine Learning	Dr. Gururaj H L	Vidyavardhaka College of Engineering	Academician	gururaj1711@gmail.com
	3	11:45 to 12:00pm	49	Analysis of Preventive Measures against DDoS Attacks in Smart Grid	Dr. Gururaj H L	Vidyavardhaka College of Engineering	UG Student	gururaj1711@gmail.com
	4	12:00 to 12:15pm	37	PROFOUND LEARNING CALCULATION FOR EFFICIENT ARRANGEMENT OF BRAIN TUMOUR IMAGES	Shreeja. M	Srinivas Institute of Technology, Mangaluru	PG Student	shreeja.m95@gmail.com
	5	12:00 to 12:30pm	143	STUDY ON CHATBOT FOR HEALTHCARE SYSTEM USING ARTIFICIAL INTELLIGENCE	Arjun V, Bhavana R, Kusum I K and Akhilesh J A	ATME	UG Student	arjunvenki19@gmail.com
	6	12:30 to 12:45pm	139	EARLY DETECTION OF DIABETES USING MACHINE LEARNING	Samura	ATME COLLEGE OF ENGINEERING, MYSURU	UG Student	samuramariyam30@gmail.com

DAY 2 : (11:15 to 12:45pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
	1	11:15 to 11:30am	54	Walk-through MR World Approach for Students using Mixed Reality	Dr. Gururaj H L	Vidyavardhaka College of Engineering	PG Student	gururaj1711@gmail.com
	2	11:30 to 11:45am	135	A robust approach to detect the text in images and video frames	Dr. Puttegowda D	ATME College Of Engineering , Mysore7	UG Student	puttegowda.77@gmail.com
	3	11:45 to 12:00pm	103	Survey on Mutimodal Biometric Authentication System using Fingerveins and fusion at Match score level	Naitik ST	SCEM	Research Scholar	naithikenator@gmail.com

CS04	4	12:00 to 12:15pm	64	Hand Gesture Techniques For Sign Language Recognition	Aneesfathima	ATME College Of Engineering , Mysore7	UG Student	bhavanam41811@gmail.com
	5	12:15 to 12:30pm	204	Normalization of Unstructured Free-Text Electronic Health Records on Cytological Breast Lesions into Structured Records using Natural	Sonali Nandish Manoli	JSS Science and Technology University	Research Scholar	sonalinandish@gmail.com
	6	12:30 to 12:45pm	166	EARLY PREDICTION OF SEPSIS FROM CLINICAL DATA	Madhushree S, Meghana R, Mohamed Shoaib, Farhaz Khan and	ATME College Of Engineering , Mysore7	UG Student	madhushrees537@gmail.com

DAY2 : (1:45 to 3:15 pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CS06	1	1:45 to 2:00pm	90	Flow Based Intrusion Detection for Cloud Computing Environment	SAMADHAN MAHEFUJ JAMIL	College of Engineering Pune (COEP)	PG Student	jamilsm19.comp@coep.ac.in
	2	2:00pm to 2:15pm	20	An Innovative Marks Prediction Tool for Regular Courses Using Machine Learning	Ajanta Das	Amity University Kolkata	PG Student	cse.dr.ajantadas@gmail.com
	3	2:15 to 2:30pm	48	Leaf Disease Detection using FastAI	Dr. Gururaj H L	Vidyavardhaka College of Engineering	PG Student	gururaj1711@gmail.com
	4	2:30 to 2:45pm	169	A SURVEY ON AUTOMATED ROBOT FOR AGRICULTURE	Priyanka S	B.M.S College of Engineering	UG Student	priyanka.cs18@bmsce.ac.in
	5	2:45 to 3:00pm	111	Survey on algorithms of data mining	Lavanya N	ATMECE	Academician	akshatagowda93@gmail.com
	6	3:00 to 3:15pm	159	Collaborative Event confidence Trust model for Social Internet of Things	Rashmi M R	Assistant Professor,CSE,NIE,Mysore	Research Scholar	rashmi.mr7@nie.ac.in

DAY2 : (11:15 to 12:45 pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
	1	11:15 to 11:30am	59	Auto Insurance Fraud Detection Using Machine Learning	Prema N S	Vidyavardhaka College of Engineering	UG Student	prema.gowda@gmail.com

CS07	2	11:30 to 11:45am	115	Android Application For Farmers To Sell Their Product At Better Rate	Rakshitha Y S	Student	UG Student	rakshithays23@gmail.com
	3	11:45 to 12:00pm	138	PREDICTIVE ANALYSIS OF STUDENT STRESS LEVEL USING ML	AHALYA P	ATME COLLEGE OF ENGINEERING, MYSURU	UG Student	ahalyaprakash99@gmail.com
	4	12:00 to 12:15pm	114	ONLINE GROCERY RECOMMENDATION USING COLLABORATIVE FILTERING	Nikhitha S Rao and Nisarga C N	ATME COLLEGE OF ENGINEERING, MYSURU	UG Student	nikhithasrinivasarao@gmail.com
	5	12:15 to 12:30pm	205	An Automatic Overloaded Vehicle Monitoring and Prevention System using IoT	Bhargavi K	Vidyavardhaka College of Engineering	UG Student	bhargavik@vvce.ac.in
	6	12:30 to 12:45pm	206	A Review of a Low Noise Amplifier in an RF Receiver for Wireless Applications	Bhoomika K M	VVCE	UG Student	chandanagowda0230@gmail.com

CIVIL Engineering

DAY 2: (From 11:15 to 12:45pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CV01	1	11:15 to 11:30am	11	XFEM Method for Crack Propagation in Concrete Gravity Dams	InjamSiva Parvathi M Mahesh D V V Raj Kamal	Andhra University College of Engineering, Visakhapatnam	Academician	isparvathi@gmail.com
	2	11:30 to 11:45am	16	Behaviour of Regular and Non Regular RC Buildings with & without Floating columns using ETABS	Puneeth K P Shashank	ATMECE, Mysore	Academician	puneeth.aug@gmail.com
	3	11:45 to 12:00pm	41	Effect of Carbon-Dioxide Curing on Concrete	Kavan MR		Research Scholar	kavanmr@gmail.com
	4	12:00 to 12:15pm	80	Detection of Reduced Flexural Rigidity in Beam through Continuous Wavelet Transform	KANMANI S S	Vidyavardhaka College of Engineering,	Academician	kanmani.ss@vvce.ac.in
	5	12:15 to 12:30pm	99	ANALYSIS ON PARTIAL SUBSTITUTION OF CEMENT BY MIXING NaOH, Na2SiO3& FLY ASH IN CONCRETE	Srujana G Prasad, Reshma K, Abhilash B L, Madhushree C and Raghavendra S Sanganaikar	Vidyavardhaka College of Engineering, Mysuru	Academician	abhireddy.bdvt@gmail.com
	6	12:30 to 12:45pm	127	IMPROVEMENT AND EXAMINE THE BEHAVIOR OF CONVENTIONAL AND HIGH STRENGTH SELF- COMPACTING MORTAR MIXES	Manu Vijay	ATMECE, Mysore	Academician	hlmanuvijay@gmail.com

DAY 2 : (From 1:45 Am to 3:15pm) Date:9.7.2021

Session DAY 2	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address
CV02	1	1:45 to 2:00pm	94	EXPERIMENTAL ANALYSIS OF BIO-MEDICAL BLOCKS	Ramu L V, Sanjana Raj B, Madhushree C, Abhilash B L and Raghavendra S Sanganaikar	Vidyavardhaka College of Engineering, Mysuru	Academician	madhushree.c@vvce.ac.in
	2	2:00pm to 2:15pm	101	Stability Analysis of Bitumen Partially Replaced with Sugar Molasses	Raghavendra S Sanganaikar, Madhushree C Abhilash B L	Vidyavardhaka College of Engineering, Mysuru	Academician	raghav.sanganaikar1@gmail.com
	3	2:15 to 2:30pm	125	Study of Liquid and shrinkage limit of Kaolinite-Bentonite minerals	Jyothi D N Shruthi H G Prasanna H S	ATMECE, Mysore	Academician	jyothidevanur@gmail.com

	4	2:30 to 2:45pm	152	H2S Strip Test, a User-Friendly Method to Find Faecal Coliforms in Water Quality Analysis – a Case Study	Suneeth Kumar Saragur, VASUDEVAN M, BALAGANESH P	ATMECE, Mysore	Academician	suneethsaragur@gmail.com
	5	2:45 to 3:00pm	154	A Comparative Study on RC Frame Building with Lateral Load Resisting Systems Reducing Earthquake Induced Motion	Srivathsa U and Akshaya B J	ATMECE, Mysore	Academician	srivatsa.26@gmail.com
	6	3:00 to 3:15pm	197	Strength and Durability Study on Cement Mortar containing Unconventional Materials	Abdul Naveed Wani	Vidyavardhaka College of Engineering, Mysuru	UG Student	waninaveed16@gmail.com

DAY 1-PHYSICS (From 1:45 pm to 2:30 pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
BS01	1	1:45 to 2:00pm	97	A brief study of factors influencing the measurement of tribologcial parameters using Pin-On-Disc	Dr.Mahesh Lohith K S	ATME College of Engineering	Academician	maheshlohithks@gmail.com	9845206504
	2	2:00pm to 2:15pm	104	Computation of Dimensionless Propagation Parameters of LP11 Mode of W-type fibers: a Numerical Approach	Piusa Prateekhysa Pradhan Hiranmayee Mohapatra	c v raman global university	Research Scholar	pratikshyapradhan94@gmail.com	8249711130
	3	2:15 to 2:30pm	184	Oxyserve: Oxygen conservation device via PWM flux control	Rupesh Mahore and Gunendra Mahore		Research Scholar	rupeshmahore06@gmail.com	8989918605

DAY 1-CHEMISTRY (From 1:45 pm to 2:15 pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.
BS01	1	1:45 to 2:00pm	71	Recent trends in green synthesis of ZnO nanomaterials using plant extracts	Malathi P, Dr Avinash K and Kiran Kumar	ATMECE, Mysore	Research Scholar	avinashkchemistry@gmail.com	9148623123
	2	2:00pm to 2:15pm	116	Review on Treatment of effluent from hard chrome plating industries containing Cr (VI)	Anjali Sholapurkar, Prasanna Koujalagi, Sanjaykumar Divekar Seema Sapale	S.S. Jondhale College of Engineering, Mumbai University, Mumbai. India	Research Scholar	arsmy70@gmail.com	9702627888

DAY 1-MATHS (From 3:30 pm to 4:00 pm) Date:8.7.2021

Session DAY 1	Sl.No.	SCHEDULE	Paper ID	Title of the Paper	Author's Name	Affiliation	Category of Registration	Email Address	Mobile No.

	2	3:45 to 4:00pm							

Department of Computer Science & Engineering

Report on Hackfest- 2021

Two days National level hackathon(online)

[2nd& 3rd July 2021]

The Department of Computer Science & Engineering had organized 2 days' National level hackathon(online) on 2nd and 3rd July 2021.

The objectives of the hackathon were:

- To provide space for students to showcase their technical skills.
- To provide a platform for creating solutions for social causes
- To inculcate teamwork spirit among students.

40 teams across the country enrolled in the national level hackathon and here is the list of colleges that participated in hackfest-2021.

1. P D A College of Engineering, Gulbarga, Karnataka
2. ATME, College of Engineering, Mysore, Karnataka
3. B.M.S. College of engineering, Bengaluru, Karnataka
4. Maharaja Institute of Technology Thandavpura, Mysore, Karnataka
5. Panimalar institute of technology, Padarithangal, Tamil Nadu
6. The National Institute of Engineering, Mysore, karnataka
7. Kongu engineering college, Erode, Tamil Nadu
8. KLS Gogte Institute of Technology, Belgaum, Karnataka
9. Brainware university, Kolkata, West Bengal

10. Knowledge Institute of Technology, Selliampalayam, Tamil Nadu

11. Yeshwantrao Chavan College of Engineering, Nagpur, Maharashtra

Day 1: 02/07/2021

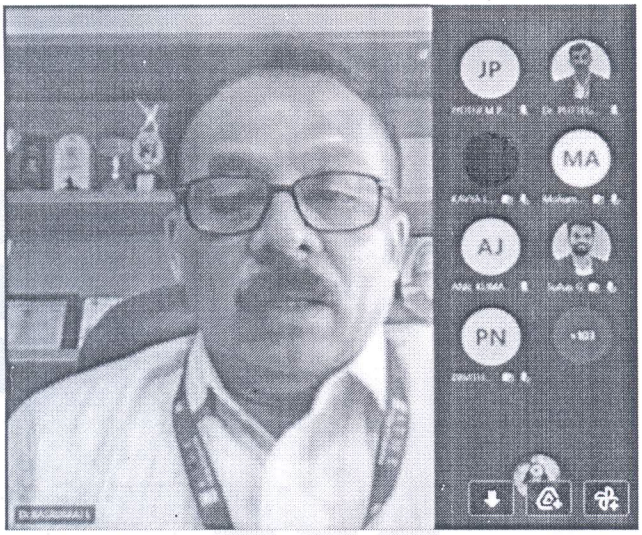
The inauguration was held at 10 AM. Dr. Puttegowda D Professor. and Head, Department of Computer Science and Engineering, welcomed the guests and participants. The invocation was rendered by Kavya L G, 4th Semester student, followed by the lighting of lamp as a symbol of brightness and prosperity.

The Chief Guest for the event was Dr. Saranya, customer success manager GUVI Chennai and the Guest of honour: Mrs. Sahana Ramesh, business management professional Sony India. Dr. Saranya addressed audience about the importance of hackathon and emphasized on the importance of getting placed in product-based company.

Mrs. Sahana Ramesh in her speech highlighted on the smart work than the hard work. She emphasized on the importance on teams focus areas such as customer electricity, core technology support and digital process enablement. The hackathon report was read by Mr. Anil Kumar C J, Associate professor, Department of CSE. Dr. L Basavaraj, Principal, ATMECE, in his presidential speech motivated students and stated that events like hackathons will help in updating their skills and knowledge. He also congratulated all the participants in the event. Vote of thanks was proposed by Mrs. Akshatha A, Assistant professor, Dept. of CSE.

Chief guest, Dr. Saranya addressing the Audience

Mrs. Sahana Ramesh addressing the Audience



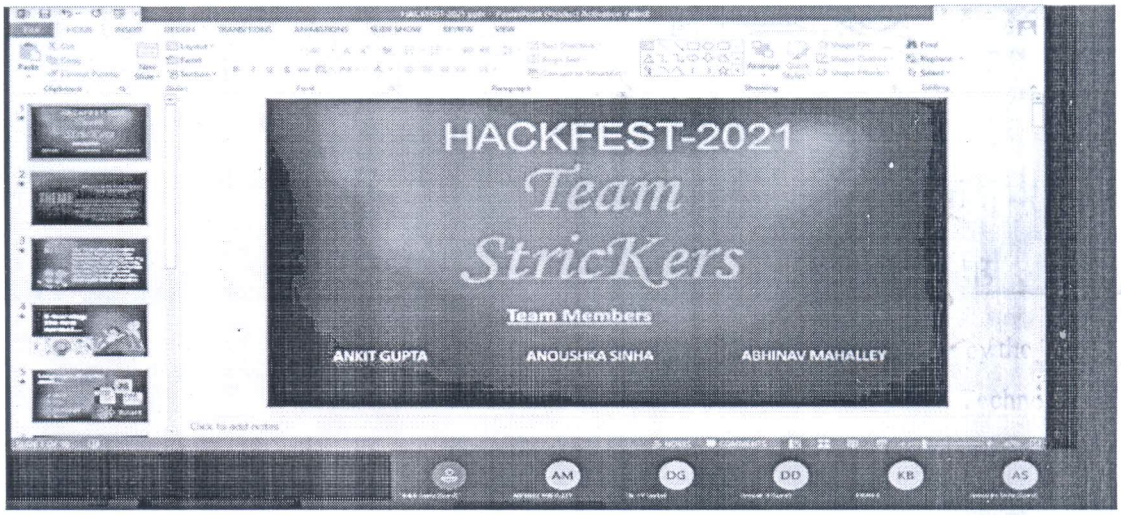
Presidential speech by Dr. L Basavaraj, Principal, ATMECE, Mysuru

After the Inauguration the event started and students started coding.

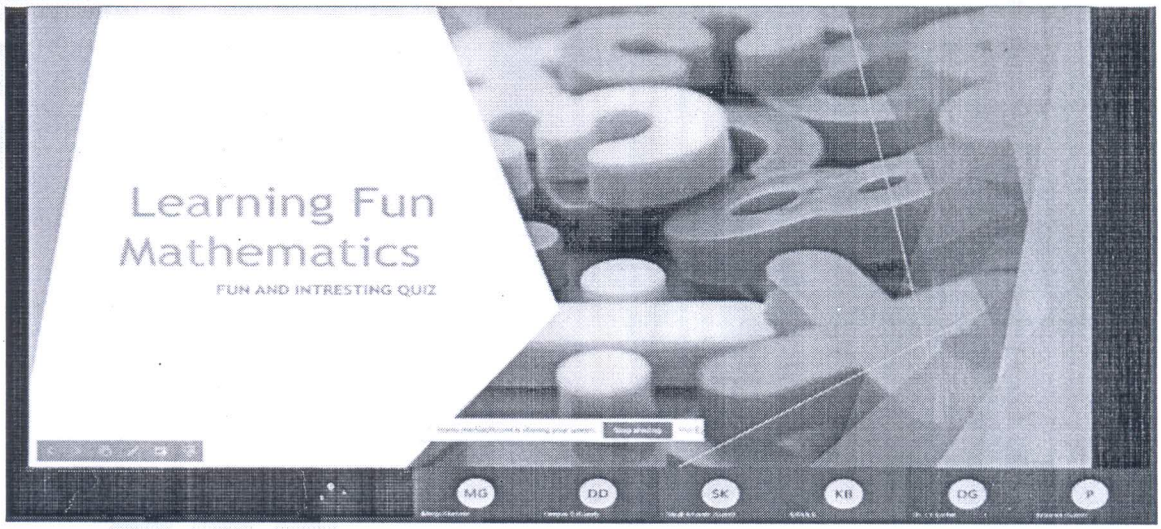
Department of Computer Science & Engineering

In continuing the event, at 3 PM, the first round of evaluation was carried out by the judges. The external judges were Mr. Santosh Kumar J and Mr. Santosh B from VHU Technologies, Bengaluru and Mr. Deepak and Mr. Hemanth Kumar from Rubix technologies, Bengaluru.

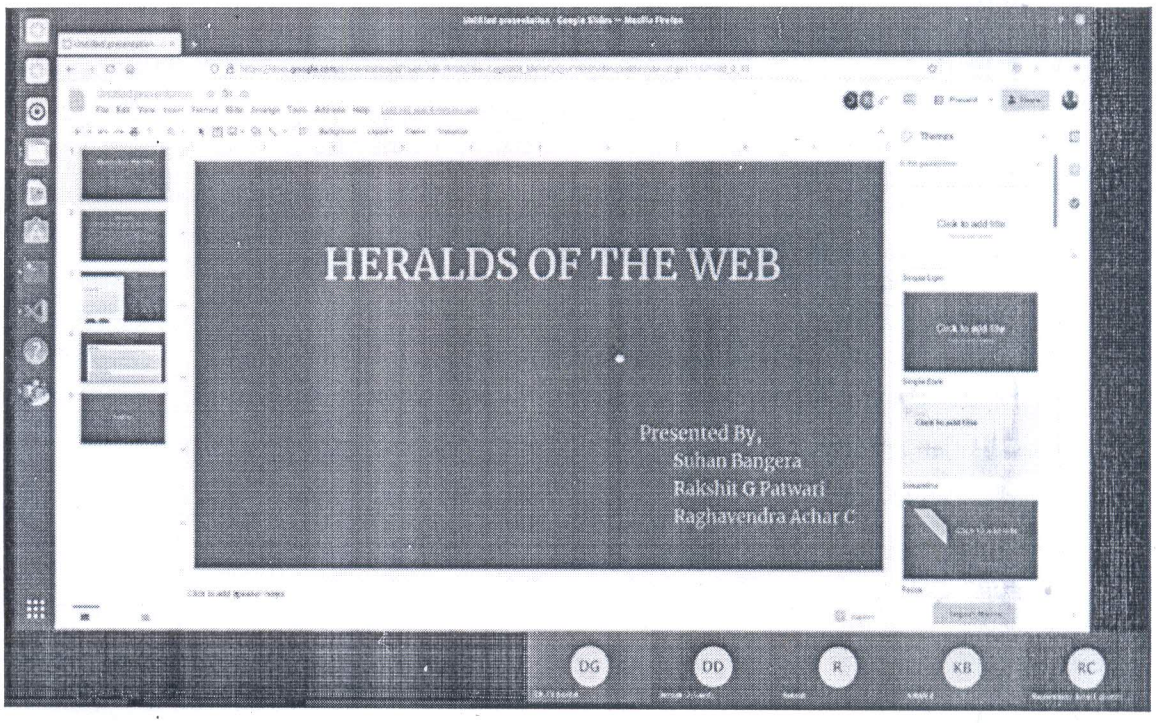
Snapshots of the teams presenting their ideas.



The team Strickers presenting their ideas.



The team learning fun mathematics presenting their ideas



The team Heralds of the web presenting their ideas

The students presented their ideas using PPTs and there by developing a mobile application.

Day 2: 03/07/2021

The event started Second round of evaluation at 10:00 AM, Top 8 teams were shortlisted based on their skills and work. The coding continued till evening 3:30 PM. The Final around of evaluation was done from 3:30 PM and top 2 teams were selected.

The Valedictory function was held at 6:30 PM. The chief guest Smt. K A Anitha Venkatesh, state student coordinator CSI, Karnataka and guest of honour Prof. Mohamed Minaz, chairman, CSI, Mysore chapter congratulated all the winners of the event and the participants. Mr. Anil Kumar C J, Associate Professor and event coordinator announced the winners. The winners of the event received the cash prize of rupees 8,000 for first prize and rupees 4,000 for second prize.

The winners were as follows:

1st prize: **Team- Coding Geeks**

Department of Computer Science & Engineering

Participants- Thari Zephaniah, Nithin Kumar, Soumya Surendra

College- Indian institute of information technology and management, Gwalior

2nd prize: **Team- Buzzinga**

Participants- Goutham M, Dhanjaya S

College- KSIT, Bengaluru

Dr. Puttegowda D Professor. and Head, Dept. of Computer Science and Engineering in his presidential speech, congratulated the winners and thanked all the participants and organizers. The event concluded in vote of thanks by Mr. Kiran B, Assistant professor, Department of CSE.

Through,
The HoD,
Department of CSE,
ATMECE, Mysuru.

Respected Sir,

Sub: Requisition for permission to organize National level Hackathon under CSI student branch.

With reference to the above subject, CSI-Student branch, ATMECE is planning to organize 2 day National level Hackathon (online mode) on 2nd and 3rd July 2021.

The purpose of the Hackathon is to bring a group of programmers to work together on a collaborative project. A competition like this aims at developing something amazing within a limited time frame. The most valuable part of the hackathon is the learning experience. The goal of the hackathon is to create functioning software by the end of the event.

I kindly request you to grant permission and oblige.

Note: The estimated budget for the above mentioned event is enclosed for your kind perusal.

Thanking you,

Yours Faithfully,

Anil Kumar C J

Forwarded for your kind approval

Department of Electrical & Electronics Engineering

26th June 2021

Webinar on "C Programming & Puzzles"

The Department of Electrical & Electronics Engineering had organised a Webinar on **"C Programming & Puzzles"** in ATMECE, for Final Year Students of Department of Electrical & Electronics Engineering on **26th June 2021,** objective of the webinar is to enhance the programming skills in students.

The webinar started with the brief introduction of the Resource Person Mr. Kiran B, Assistant Professor, Department of Computer Science Engineering, ATMECE, Mysuru and welcomed the participants.

Resource Person explained Fundamentals in C Programming Covering Operators, Expressions, Input-Output Functions, Control Statements, Arrays, Strings, Pointers, Functions, Storage Classes, Preprocessor Directives, Structures, Unions, Enumerations and Typedef, Command Line Arguments, & Files and gave valuable insights on bunch of c programming puzzles, that can improve logical knowledge to solve complex coding problems with different methods in students and concluded with Placement interview questions. It was a very informative session which helped everyone imbibe knowledge about the coding.

The session concluded with interactive session with question/answer session at conclusion.

Dr.Parthasarathy L, Head, Department of EEE, Webinar co-ordinator Mr.Praveen Kumar M, Mr. Vinod Kumar P, Mr Sathish K R and students were present on the occasion.

Respected Sir,

Subject: Webinar on "**C Programming & Puzzles"**

With reference to the above subject, the Department of Electrical & Electronics Engineering is organizing a Webinar titled **"C Programming & Puzzles"** on **26th June 2021** from **11AM to 1PM**. Resource person for the event is Mr. Kiran B, Assistant Professor, Department of Computer Science Engineering, ATMECE, Mysuru. An objective of the Webinar is to enhance the programming skills in students, Target participants are Final Year Students from EEE. Request your good office to kindly approve for organizing the event and do the needful.

Thanking You Sir.

Report on
"Three Days Workshop on LATEX"

Date: 24th – 26th June 2021

Organized by
Department of Electronics and Communication Engineering
In collaboration with
Department of Computer Science Engineering

Program Committee:

Mr. Guruprasad K N
Mr. Pradeep Kumar Y
Ms. Anupama Shettar
Mr. Anil Kumar B H
Assistant Professors, Dept. of ECE & CSE
ATMECE

Chief Patron:
Dr. Basavaraj L
Principal
ATMECE
Mysore

Program Chair:

Dr. Mahesh P K
HOD
Dept. of E&C
ATMECE, Mysuru

Dr. Putte Gowda D
HOD
Dept. of CSE
ATMECE, Mysuru

Report on

"Three Days Workshop on LATEX"

ATME College of Engineering has reached yet another milestone and completed 10 years. As part of 'DECENNIAL CELEBRATIONS', **Department of Electronics and Communication Engineering** has organized an **"Three Days Workshop on LATEX"** for students from **24th -26th June 2021,** in collaboration with **Department of Computer Science Engineering**. The workshop was targeted for students of final year. A detailed report regarding the event is furnished below.

Date: 24th – 26th June 2021

Title: Three Days Workshop on LATEX

Program Committee: Mr. Guruprasad K N, Mr. Pradeep Kumar Y, Ms. Anupama Shettar Assistant Professors, Dept. of ECE; Mr. Anil Kumar B H, Assistant Professor, Dept. of CSE

Timings: 11.50 AM to 1.30 PM

Platform: MS Teams

Meeting link:

https://teams.microsoft.com/l/meetupjoin/19%3afa28bd9ea4d048c9a7ef5a805fae9b40%40thread.tacv2/1624451054452?context=%7b%22Tid%22%3a%2289f95930-ff96-41a1-9e3e-b6d194192bff%22%2c%22Oid%22%3a%2256fbc1d6-263c-463e-8a40-ff8464b650b5%22%7d

Resource Persons:

1. Dr. Yathisha L : Associate professor, Dept. of ECE
2. Mr. Guruprasad K N: Assistant Professor, Dept. of ECE
3. Mr. Pradeep Kumar Y: Assistant Professor, Dept. of ECE

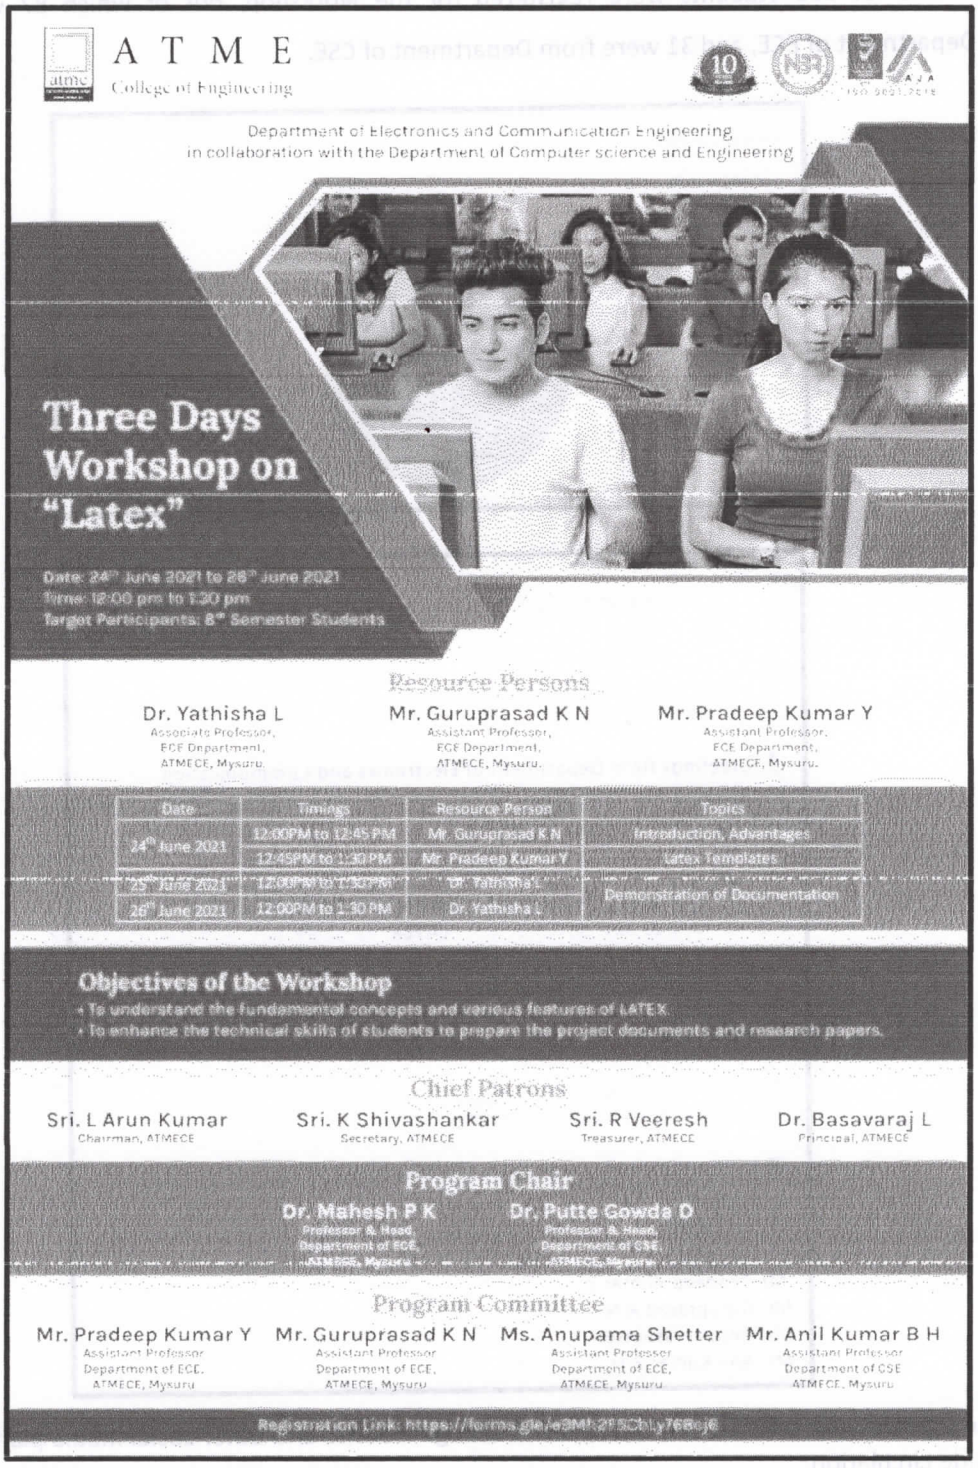
Objective of the workshop:

The workshop was organized with following objectives;

1. To understand the fundamental concepts and various features of LaTex
2. To enhance the technical skills of the students to prepare the project documents and research papers.

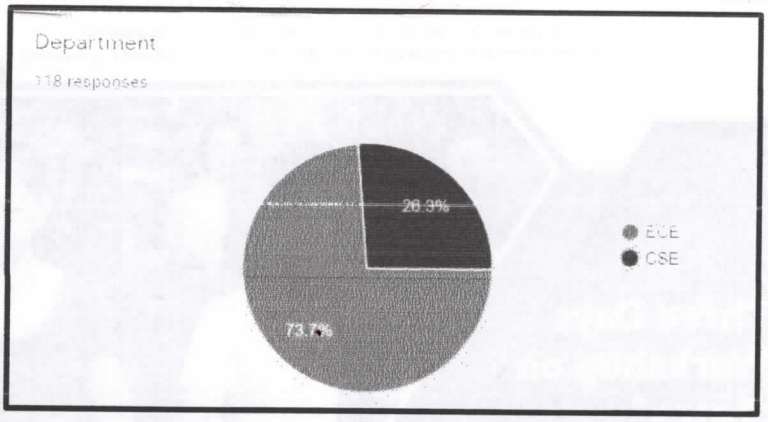
Targeted participants: Targeted participants for the workshop were the students of final year. A poster was circulated in various WhatsApp group inviting the students of final year to register to the workshop. The workshop was offered free of cost.

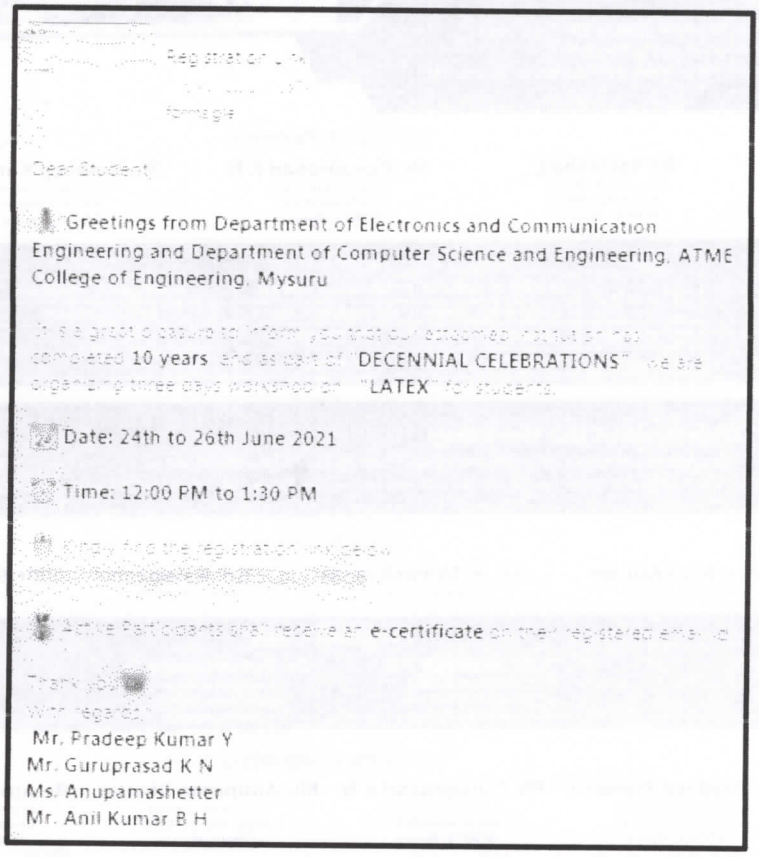
The poster circulated for the participants is shown below:



Registration Link: https://forms.gle/e9Mh2F5CbLy768cj6

A total of 118 students were registered for the workshop, out of which 87 were from Department of ECE, and 31 were from Department of CSE.





Dear Student,

Greetings from Department of Electronics and Communication Engineering and Department of Computer Science and Engineering, ATME College of Engineering, Mysuru

completed 10 years, and as part of "DECENNIAL CELEBRATIONS" we are organizing three days workshop on "LATEX" for students.

Date: 24th to 26th June 2021

Time: 12:00 PM to 1:30 PM

Active Participants shall receive an e-certificate on their registered email id

Thank you

With regards,

Mr. Pradeep Kumar Y
Mr. Guruprasad K N
Ms. Anupamashetter
Mr. Anil Kumar B H

An E-poster was created and circulated in College website and other social media platforms for wide circulation.

A request was sent to the Head of the Department on 16th June 2021 for approval permission to conduct the workshop. The workshop was approved by the Head on the same day.

"CAREER PATHWAY AND STUDY ABROAD OPPORTUNITIES"

The Department of Computer Science and Engineering of ATME College of Engineering organized a webinar on the topic "CAREER PATHWAY AND STUDY ABROAD OPPORTUNITIES". The Objective of the webinar was to help aspiring students to acquire a challenging engineering career in life. Webinar session was conducted on June 23,2021 from 3:30 pm to 4:30 pm.

Mrs. Kavyashree E D, Assistant Professor, Dept. of Computer Science of ATME College of Engineering welcomed all the participants to the webinar session.

The Speaker of the webinar was MsNandini M, Team Leader @ AECC GLOBAL. She gave an Overview on the Importance of Education, also provided insights on career prospects. She also spoke about the studies in Abroad. She mainly discussed about some of the topics that are mentioned below,

- 21st century-Importance of Education
- Mentorship
- Our belief
- Why study abroad
- Who are we
- Our study destinations
- Student spotlight
- Important Facts
- Expenses and ROI
- Conclusion

After the speaker finished, there was a Question-Answer session. A few students asked some questions and the speaker answered live itself, One question was regarding about the courses that are offered about are either thesis or research based, what is the difference and which one is better??.

After the Q&A session, The speaker MsNandiniM thanked all the participants of the webinar session and Mrs. Kavyashree E D delivered a vote of thanks.

Our College...

ATME College of Engineering (ATMECE), Mysuru, established in the year 2010, is approved by AICTE, New Delhi and affiliated to Visvesvaraya Technological University, Belagavi, Karnataka. The ATME Trust was founded by Er. L. Arun Kumar and a group of like-minded people to bring out Industry-Ready professionals, new generation of entrepreneurs to address the demands of an ever increasing global market. The vision of the trust is to create an educational hub that churns out professionals imbibed with values, heritage and culture. ATMECE is accredited by National Board of Accreditation for under graduate programs of Civil Engineering, Electronic & Communication, Electrical & Electronics and Mechanical Engineering. ATMECE is rated GOLD by QS I-GAUGE for its overall excellence and is an ISO 9001-2015 certified college. The titles "The Best Emerging Private Engineering College in Karnataka" and "Most Promising upcoming Private Engineering College in Karnataka" were awarded to ATMECE for two consecutive years. ATMECE believes in imparting holistic education where the student community is the focal point of the learning process. The college offers a motivating environment for knowledge assimilation with a sense of social responsibility and human values.

About the Department

The department of Computer Science & Engineering was established in the year 2010 with intake of 60 students and was enhanced to 120 students in 2013. The department is a pioneering academic centre for higher education, research, and innovations in key areas of Computer Science. It has been imparting quality education to meet the technological advancements and industrial requirements. This has been made possible due to highly qualified and experienced faculties with excellent academic track record. There is a proportionate mix of academic and industrial experience amongst the faculty which is influential in imparting the right blend of theoretical and practical knowledge to the students. The department has state of the art laboratories and excellent infrastructural facilities that provide the students with quality education that matches global standards. The first initiative taken by the department was to start the student branch of 'Computer Society of India' - CSI, a professional body at National level, in the year 2012, all the students in the department were enrolled as student members. The College also obtained CSI Institutional Membership and most of the staff members are Life Members of CSI. Department Library has been set up with more than 661 Volumes on shelves

About the Webinar

"CAREER PATHWAY AND STUDY ABROAD OPPORTUNITIES"

Highlights:

The topics are covered during the webinar:

1. Study abroad opportunities – Australia, Canada, Ireland, New Zealand, UK and USA
2. Entry requirements for study abroad
3. Exams to be taken for study destinations – IELTS, PTE, TOEFL, GMAT,GRE
4. Scholarships and Career Opportunities in abroad

Department of Computer Science & Engineering

Organizing Department Name: Department of Computer Science & Engineering.

Event type: Inter College.

Title of the event: "Importance of Data science in modern world"

Date: 22/06/21

Venue: Department of Computer Science & Engineering, ATMECE.

Resource person/Guest: Name: Mr Shashank S

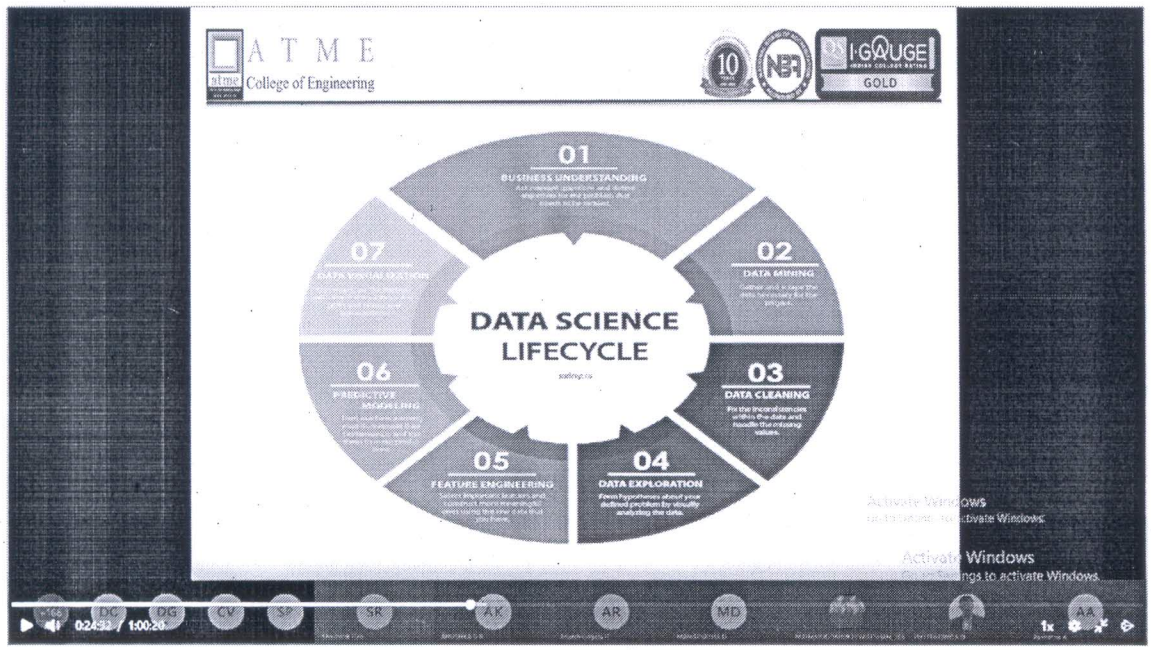
Designation: Application Specialist, Koch Business Solution

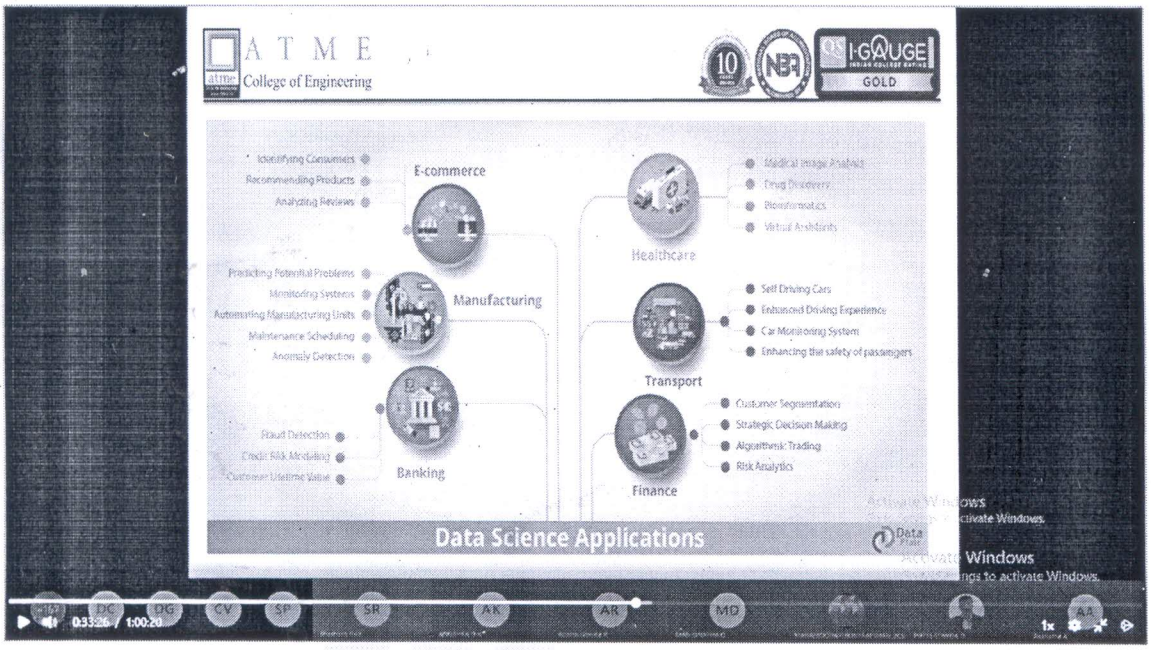
Event Description: Conducted a webinar on "Importance of Data science in modern world" in CS Dept with association of alumni association. This webinar is targeted to 4th,6th and 8thsem students.

Objective: This webinar was organized to impart knowledge about data science in modern days for students. Data science is an important field focused on understanding and drawing specific business, financial, manufacturing and medical research and forecasting. The data science process is about analyzing, visualizing, extracting, managing and storing data to create insights from analytics. These insights and reports help companies analyze their marketing strategies, make powerful data-driven decisions and create better advertisements.Easy access to continuously growing sets and data is possible in collaboration with financial technology companies, who use technology to innovate and enhance traditional financial products and services.

Benefits of Data Science:-Data Science and Big Data are very important to help improve the company's operations in the future. Data science is very beneficial for better marketing forecasting.Data science can help reduce the constraints of time and budget allocation and help in the development of business.Data science has determined the results of many manual tasks that could be superior to human influences.

The webinar provides knowledge to the faculties on data science concepts.





Outcome: After completion of the webinar the students got detail picture about today's market in data science.

CAREER OBJECTIVE

Looking forward to be involved in work, where I can utilize my skill, update and creatively involve with the system for the growth of the organization, while achieving organizational and personal goals. With a positive thinking mindset and being a honest person, I am open to hard work. I am amicable and can create a pleasant working environment and can withstand Pressure also. With these qualities, I am looking for a challenging position at a renowned company to prove myself.

PROFESSIONAL EXPERIENCE

An IT professional with over 2.3 year experience as Software engineer with progressive technical experience in configuration, maintenance, integration, implementation and troubleshooting of applications for corporate enterprise environments along with project management, design, and engineering.

Present Company Details:

Company Name: Wipro, Mysore.
Duration: From Dec 2018 to March 2021 (Serving Notice period).
Designation: software engineer.

Roles and Responsibilities:

- Total experience of 2.3 years in support, design and development of applications in SQL and dotnet.
- Knowledge of services and schedulers.
- Experience on working in Incident, Request and Change Management.
- Experience in admin related works.
- Knowledge about ticketing tool (service now).
- Experience in application backend support.
- Gathered data on integration issues and vulnerabilities and reported all findings, including improvement recommendations.
- Developed SQL stored procedures for data manipulation and querying data from SQL Server database.
- Stored, retrieved and manipulated data for close analysis of database performance.
- Correlation tool: Directed software design and development across multifaceted team to meet client's needs for functionality, timeline and performance.
- Discussed project progress with customers, collect feedback on different stages and directly addressed concerns.
- Analyze and integrate disparate data and systems using ETL processes and logic to provide timely and accurate information to our business partners
- Experience in Remoting tools like Bomgar and Logmein.
- Knowledge of API and Db integration with application.
- Knowledge of monitoring tools like ca-spectrum, hp-nnmi.

ACADEMIC PROFILE

COURSE	INSTITUTION	BOARD	PERCENTAGE	YEAR OF PASSING
Completed B.E course in Electronics & Communication Engineering (Lateral Entry)	Academy for Technical, Management and Excellence (ATME), Mysuru.	Vishveshwarya Technological University, Belgavi	62% (aggregate)	2018

PROJECT

- **Asset inventory Management:** Maintaining asset inventory of 100 and odd customers.
- **Wecare:** To indicate the performance (up/down status) of customer assets daily, weekly and monthly basis.
- **Report Repository:** Design and maintenance of **tool** which helps engineers to track the tickets logged on to their name and work on the same effectively.

STRENGTH

- Goal Oriented
- Problem understanding and solving
- Creative
- Quick learner
- Leadership

EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES

- Attended national level coding competition, conducted by DISE, Delhi in September.
- Anchored in office event celebration.
- Represented office cricket team.
- Used to take initiative of competitions like bay decoration, fun games and others in organization and completed it successfully.

ACCOMPLISHMENTS

- Presented a paper on Swadesh Development (as a part of Make in India initiative), in a national conference held at Sathyabhama University, Chennai.
- Winner of college level event titled 'Startup Wars', "Mad-ads" conducted by E-cell, held at ATME, Mysuru.
- Received **best engineer** of the quarter-2 within 10 months of my working experience.
- Mentored four new employees to bring them up to speed on projects, resulting in quick overall completion milestones
- Successfully completed a "**Lean Project**".
- Promoted to senior engineer within "15 months" of employment.

- **HACKATHON 2017:** Reached Final at National Level Competition held at Amritsar, Punjab, April 2017.

HOBBIES

- Playing Chess
- Playing cricket
- Dance

Importance of Industry Academic Interaction

Academia- Industry Interaction could be defined as interactive and collaborative arrangement between academic institutions and business corporations for the achievement of certain mutually inclusive goals and objectives. A productive interaction between industry and academia, in the present times of knowledge economy, is a critical requirement. Industry-academia interaction brings to meet the industry's needs and expectations and the academic

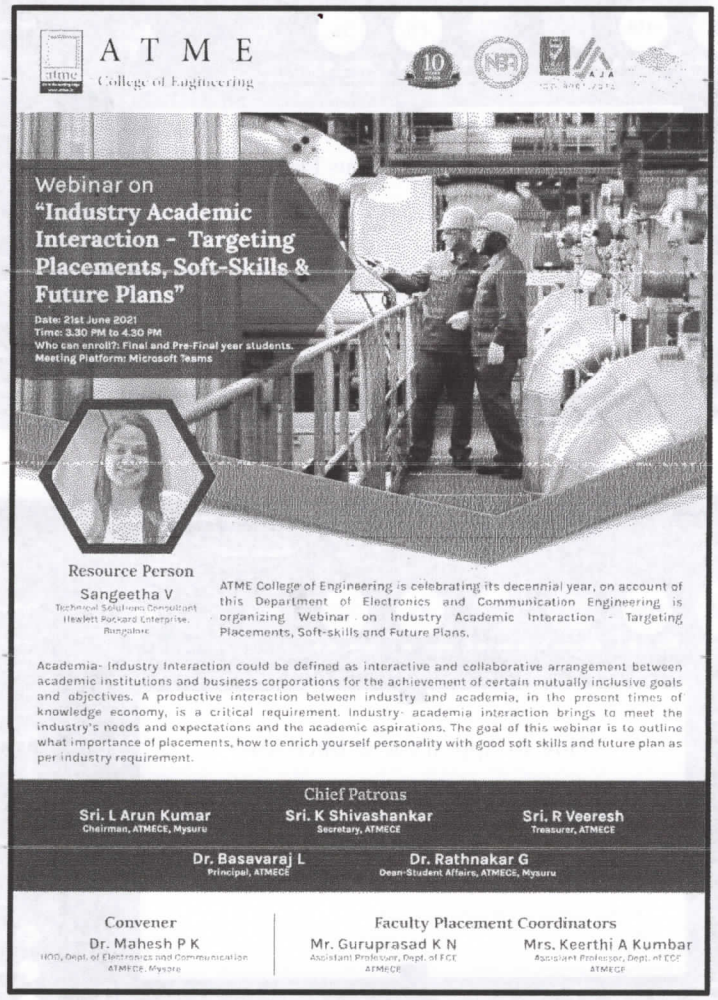
aspirations. The goal of this webinar was to outline the importance of placements, how to enrich students' personality with good soft skills and future plan as per industry requirement.

Targeted participants:

Targeted participants for the webinar were the **students of final and pre-final years**. A poster was circulated in WhatsApp group inviting the students from final and pre-final years to attend the webinar. The webinar was offered free of cost.

A total of 130 students were participated in the webinar.

The E-poster circulated for the participants is shown below:



Following points were covered in the Webinar.

- Advantages of on-campus placements
- How to appear for interview
- Points to remember during the interview
- Few helpful applications for students to prepare for placements
- Technologies in demand
- How to prepare for a specific company? Etc

Following are some of the screenshots from the webinar.

Technologies In - Demand
How to prepare for a specific company?

After the completion of the webinar, feedback was collected from the participants regarding the event.

Feedback link: https://forms.gle/bK3kdk1amjAYcKEE8

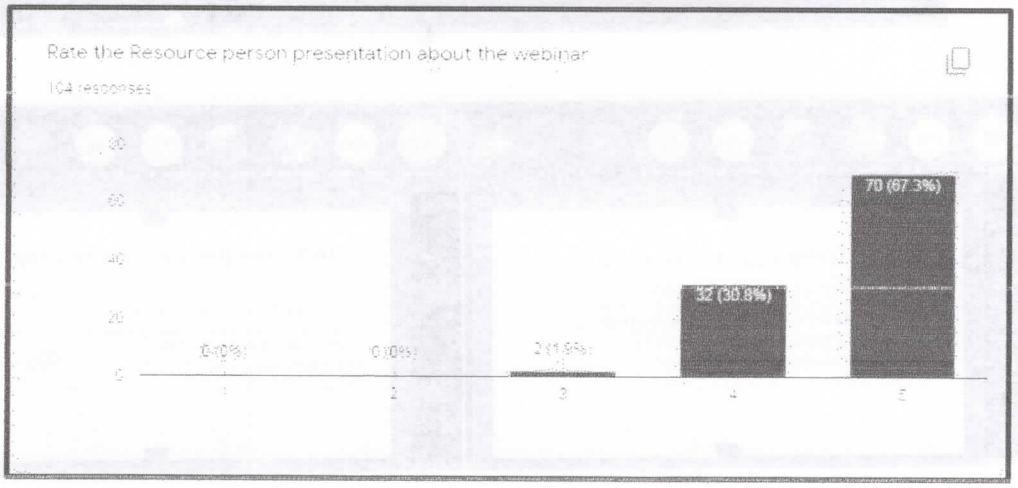
A total of 104 students given their valuable feedback regarding the webinar. Following questions were asked in the feedback. Participants were asked to rate the session in the scale of 1 to 5, 1: Poor, 2: Average, 3: Satisfactory, 4: Good, 5: Excellent

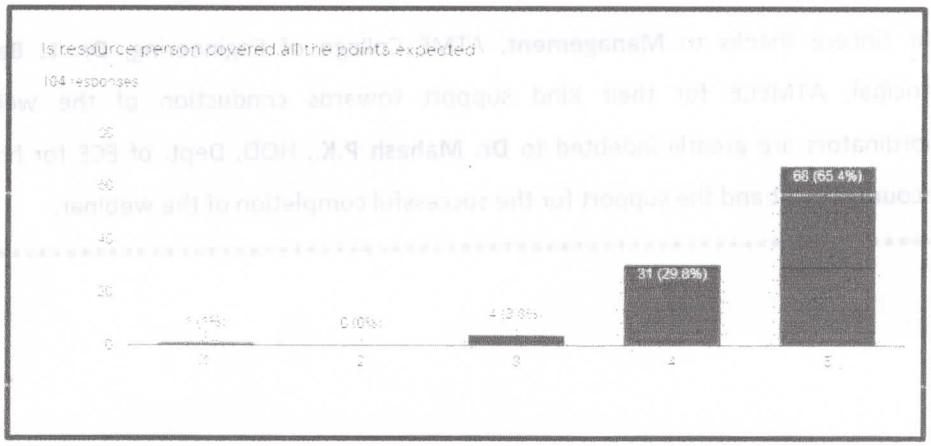
- Rate the Resource person presentation about the webinar
- Is resource person covered all the points expected
- How was over session
- Any suggestions

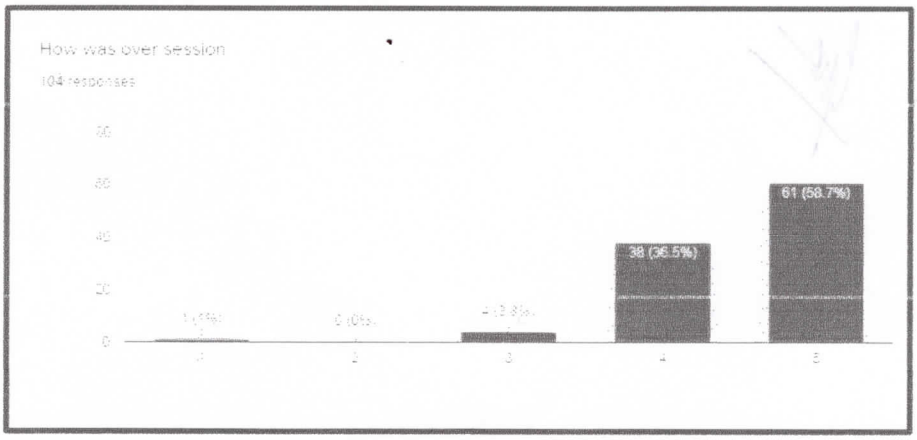
The feedback received is shown in below table.

Parameter/Scale	Excellent	Good	Satisfactory	Average	Poor
Rate the Resource person presentation about the webinar	67.3%	30.8%	1.9%	NIL	NIL
Is resource person covered all the points expected	65.4%	29.8%	3.8%	NIL	1%
How was over session	58.7%	36.5%	3.8%	NIL	1%

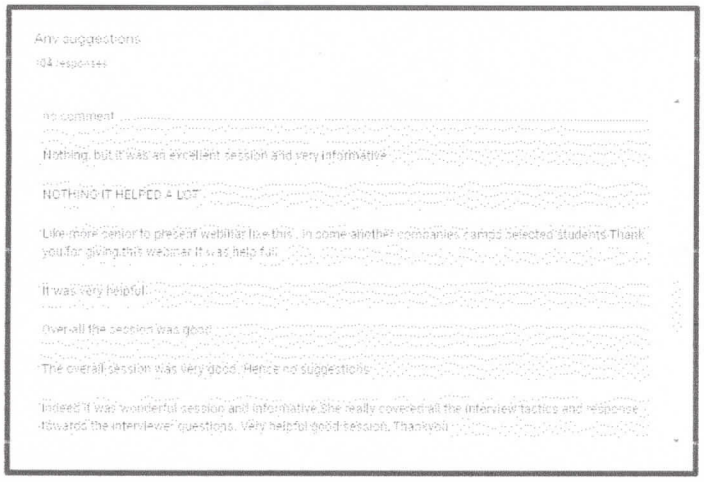
Following are the screenshots of the feedback:







Along with the feedback, students were also asked to provide the suggestions. Most of the participants replied as 'informative one' and want the department to conduct such programs in future also.



Our sincere thanks to **Management**, ATME College of Engineering, **Dr. L. Basavaraj**, the Principal, ATMECE for their kind support towards conduction of the webinar. Event coordinators are greatly indebted to **Dr. Mahesh P.K.**, HOD, Dept. of ECE for his continuous encouragement and the support for the successful completion of the webinar.

Subject: Requesting permission to conduct Webinar on "Industry Academic Interaction: Targeting Placements, Soft-Skills & Future Plans"

With respect to above subject we would like to request your permission to conduct Webinar on "Industry Academic Interaction: Targeting Placements, Soft-Skills & Future Plans"for prefinal year students on 21st June 2021. The Resource person for the workshop is Sangeetha V (ATMECE Alumni, Dept of ECE, 2016-2020 batch), Technical Solutions Consultant, Hewlett Packard Enterprise, Bangalore. Targeted participants for the webinar were the students of final and pre-final years. Kindly do the needful.

Thanking you

forwarded to Principal Sir for kind approval

Yours faithfully

REPORT ON ONE DAY TECHNICAL TALK ON

"SOFT COMPUTING TECHNIQUE FOR SUSTAINABLE DEVELOPMENT"

Organized by
Department of Civil Engineering, ATMECE, Mysuru

Department of Civil Engineering organized one day online technical talk on "Soft computing technique for sustainable development" to 4th and 6th sem students on 19.06.2021 for the benefit and upgradation of student who are knowledge level.

Dr. Surendra H J, Associate Professor, Department of Civil Engineering, ATRIA Institute of Technology, Bengaluru, delivered online technical talk on soft computing technique for sustainable development. Sustainability Science is a research field that seeks to understand the fundamental character of interactions between Nature and Society and it integrates with the three dimensions namely as Environmental, Economic and social. Soft computing can handle many cases and supply solutions to the complex real-life questions.

He explained many soft computing methodologies or techniques such as fuzzy logic, expert's system, artificial neutral networks and genetic algorithms and it is very different in actual practice to choose the best methodologies to accomplish the task. Fuzzy logic provides a method to formalize reasoning when dealing with vague terms and along with that the other important methods that can incorporate are Crips sets, fuzzy sets, fuzzy rules, neutral networks etc., Session was explained with the many case studies and also deals with water scarcity.

The online session was utilized by the students and 90 plus students participated in online session.

Dr. Surendra H J is currently working as an Associate Professor in the Department of Civil Engineering ATRIA Institute of Technology, Bengaluru, Karnataka, India. Prior his joining at Atria IT, he was served about 5 years as a Asst. Professor School of Civil Engineering, REVA University, Bengaluru. He received M.Tech in Water Resources Engineering from National Institute of Technology, Karnataka, Surathkal 2012. Ph.D. in Civil Engineering (Spl: Soft Computing Techniques) from National Institute of Technology Karnataka (NITK) Surathkal, 2017.

His area of research is Soft Computing Applications in Civil Engineering for sustainable development including: Water, Environment and agriculture. He got various awards which include Best Teacher, Young achiever from IEAE, Best paper for his publications and project. He was served as Head of the department and Institute Level NBA coordinator for the prepared Self-Assessment Report of Accreditation Board for Engineering and Technology. Also, Project based curriculum development of B.E Civil Engineering at Atria Institute of Technology.

He has guided Many UG and PG Projects as a Recognized Research guide under Visvesvaraya Technological University (VTU). So far he has published around 30+ research papers which include national & international journals and conferences, Book Chapter. Also, he is an editorial board member and reviewer of reputed international journals. He also served as examiner of B E and M.Tech Thesis.

He is a Fellow of International Association for Engineering and Management Education, Life Member of Indian society of Technical Education, India Association of Hydraulics. He received funding from AICTE, KSCST, McAfee scholar. Organized several FDP, Workshop, seminar and Training program.

Through
HOD, Dept. of Civil

Respected Sir,

Subject: Requesting permission to conduct online technical talk

With reference to the above subject we would like to bring to your kind notice that the department of Civil is planning to conduct a online technical talk on "Soft Computing technique for sustainable development" on 19th June 2021. The chief guest for the technical session is Dr. Surendra H J, Associate professor, Department of Civil Engineering, ATRIA Institute of Technology, Bangalore. The technical talk will be conducted through online mode along with the case studies. Hence, we request you to consider the same and permit us to conduct the said technical talk.

Thank you Sir.

Yours Sincerely

Department of Electrical & Electronics Engineering

19th June 2021

Report

One Day Webinar on Introduction to Machine Learning and Deep Learning

The Department of Electrical & Electronics Engineering, ATME College of Engineering had organized a one day webinar on "**Introduction to Machine Learning and Deep Learning"** for the 3rd year of Electrical and Electronics Engineering students on 19th June 2021 through MS Teams Online Platform.

The event was organized to provide an exposure and to motivate the students towards the cutting-edge technologies in today's world with deep roots in other fields such as Electrical & Electronics Engineering, etc.

Dr. Rajashekargouda C Patil, Associate Professor DBIT, Bengaluru and Mrs. Bhavya A B, Assistant Professor, DBIT, Bengaluru were the resource persons. Session-1 took over by Mrs. Bhavya A B, gave insights on Machine Learning (ML) Concepts such as Training and Prediction by Machine with algorithm, classification of ML as supervised, Unsupervised with its multi label learning correlated with real time examples and Applications related to Electrical Engineering. Further explained about different classifiers and Models with optimization and Gradient descent algorithm. Further, The resource person made students familiarize and to get start with online Machine Learning tool "Colab" – A free online coding platform.

Session-2 took over by Dr. Rajashekargouda C Patil shared insights on basic concepts of Frontier technology i.e Deep learning (DL) with concepts on Neural Network, Artificial intelligence. Further explained about Multi layers of DL such as convolution layer, activation layer, pooling layer and most important concept of back propagation algorithm and correlated with real time examples.

In the Event, Dr.Parthasarathy L, Professor & Head, Department of Electrical and Electronics Engineering, Event Coordinators: Dr. Shakunthala C, Associate Professor and Ms. Swapna H, Assistant Professor and other Faculty members and Students of VI were present.

Respected Sir,

Subject: Webinar on "**Introduction to Machine Learning & Deep Learning"**

With reference to the above subject, the Department of Electrical & Electronics Engineering is organizing a Webinar titled **"Introduction to Machine Learning & Deep Learning"** on **19th June 2021,** from **10AM to 12PM**. Resource persons for the event are Dr.Rajashekhargouda C.Patil, Associate Professor and Mrs. Bhavya A B, Assistant Professor, DBIT, Bangalore. Target participants are VI semester students of Department of Electrical & Electronics Engineering. In this regard, I Request your good office to kindly approve for organizing the event and do the needful.

Thanking You Sir.

14th June 2021

To,
The Principal,
DBIT, Bengaluru

Respected Sir,

Sub: Regarding Webinar on "**Machine Learning and Deep Learning"** at ATME College of Engineering, Mysuru.

With reference to the above subject, the Department of Electrical & Electronics Engineering is organizing one-day webinar on Machine Learning and Deep Learning at ATME College of Engineering, Mysuru on 19th June 2021. In this regard, I request you to kindly depute Dr. Rajashekhargouda C Patil, Associate Professor, Department of ECE, and Mrs. Bhavya A B, Assistant Professor, Department of ECE, DBIT, Bengaluru as a resource person on 19th June 2021 which helps our students to develop their knowledge and skills. Request your good office to kindly depute and do the needful.

Thanking you.

Yours Faithfully

Dr. Parthasarathy L
Professor & Head
Department of EEE
ATMECE, Mysuru

Resource Persons

Dr. Rajashekhargouda C. Patil

Prof. Patil obtained Bachelor's degree in Electronics and Communication Engineering and M.S degree in VLSI-CAD from Manipal University. He also obtained his Doctoral degree from VTU with the thesis entitled "Algorithms for Early Detection and Classification of Oral Cancer" during 2019.

He has more than 13 years of teaching experience in Engineering and also worked as a Principal in a Polytechnic at Dharwad during 2014 to 2016.

He has been in DBIT from 2016 taking up various roles and responsibilities. He got a grant of 30 Lakhs from VGST for the year 2019-20 to set up Machine Learning Lab.

His area of interest includes Machine Learning, VLSI, Pattern recognition and Image processing.

Mrs. Bhavya A. B.

Prof. Bhavya obtained Bachelor's degree in Electronics and Communication Engineering and her Master's in VLSI and Embedded System from VTU and now pursuing Ph.D. in Jain University.

She has been with DBIT from 2017. She is having total experience of 7 years, includes teaching & as a R&D Engineer in industry. Her area of interest is VLSI and Machine learning.

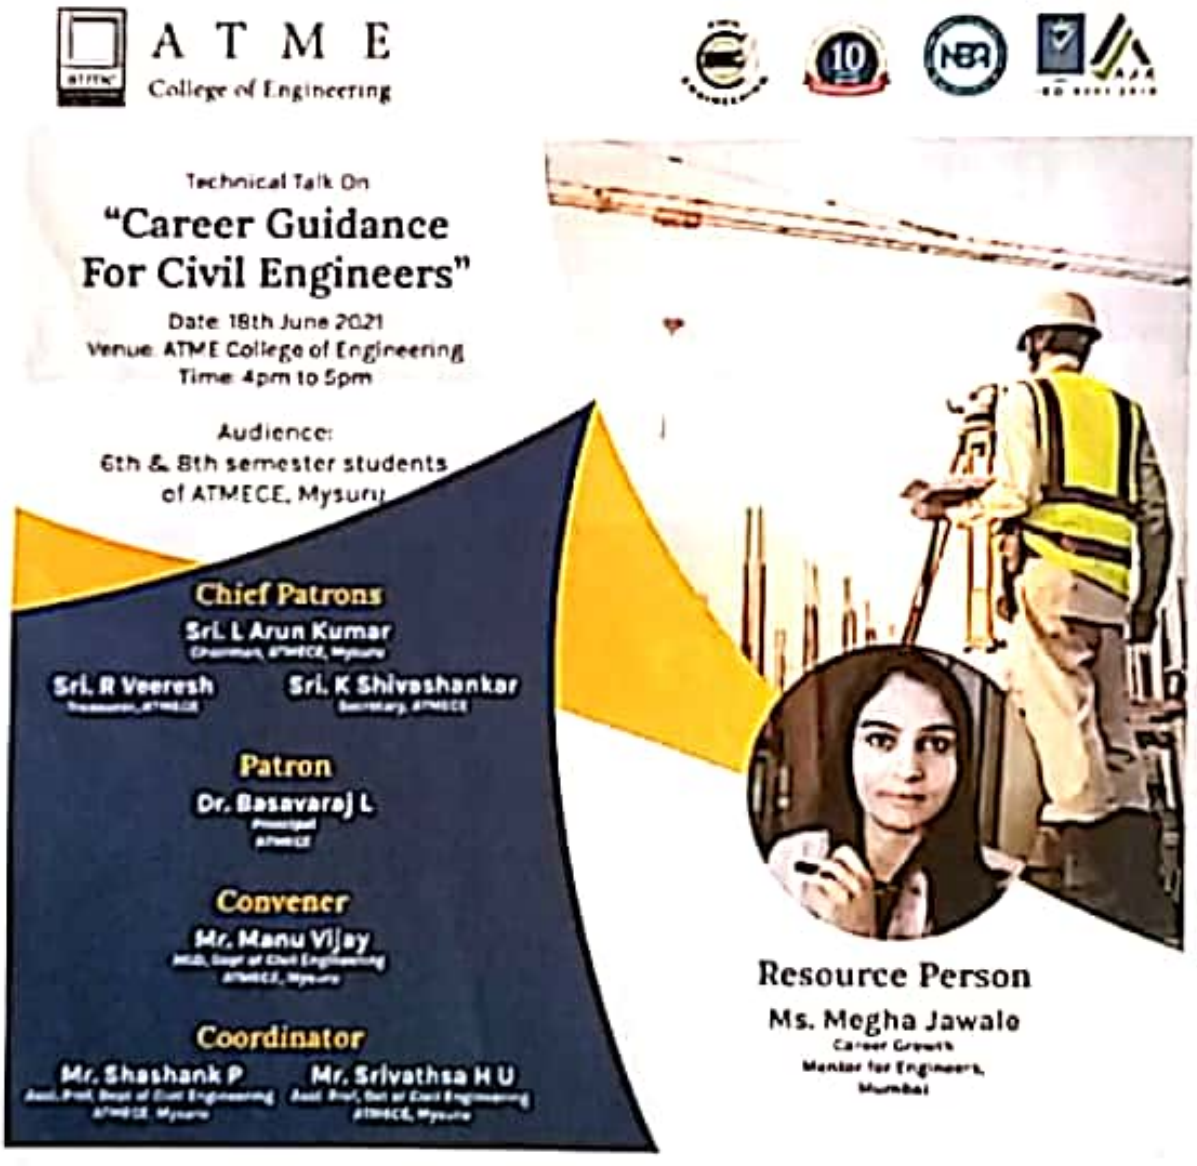
Report on

"Career Guidance for Civil Engineers"

Department of Civil Engineering organized a talk on "Career Guidance for Civil Engineers" on 18th June 2021 for 6th & 8th semester students through virtual mode with an objective of motivating young budding Civil Engineers.



Resource person during the presentation explained the importance of internship training for a Civil Engineer. She also discussed about the soft skills and technical skills required for an Employee

DEPARTMENT OF CIVIL ENGINEERING

Career Guidance Talk for Civil Engineers

Outcome:

- Career Guidance talk help individuals such as school/college students or professionals in making adequate educational and occupational choices and in taking career decisions based on the demand and requirements of the future of work.
- Career guidance help students understand their strengths and weaknesses and then match them with their skills and interest so that they get the best suitable career choice
- Career guidance and counseling programs help individuals acquire the knowledge, skills, and experience necessary to identify options, explore alternatives and succeed in society.

Mentor for Engineers

Respected Madam,

Department Civil Engineering, ATMECE has planned to organize a Talk on "Career Guidance for Civil Engineers" on 19th June 2021 at ATMECE premises. In this regard I would like to invite you to deliver a talk for the same. We request you to kindly accept the invitation and oblige.

Yours sincerely

HOD

Megha Jawale | Curriculum Vitae

Pune-Maharashtra (India) 411016
Mob +91 98233 34885
Email meghajawale@gmail.com

Post graduate Civil Engineer with specialization in Structural Engineering having about 15 years of experience in heavy engineering industries (Thermal Power sector, Cement, MHE and Oil& Gas). Professional, capable and motivated individual having leadership qualities, willing to transfer my knowledge and help students to land into the career they are aspiring.
Currently pursuing MBA executive (2020-2022) from Symbiosis Institute of Management Studies, Pune. Interested to get expertise in subjects like marketing, human resources- learning & development.

Passionate about-

1. ***To Bridge the gap between Academic education and Industry Expectations***
2. ***Training and mentoring Engineering students/professionals***
3. ***Providing Career Guidance to Civil Engineering students/professionals***

Professional Experience Summary (2005 -2020)

Air Products, India- Pune

Lead Civil-Structural Engineer May 2019- September 2020

- Worked as a Lead Civil Structural Engineer for Air Separation Units- 2 nos (OA20- providing Oxygen and Argon) to Eastman's facility in Kingsport, Tennessee (USA)
- Project scope included design of 7 pipe rack modules,14 skids, 4 product skids and all pipe and cable tray support in yard area Job involved in place analysis, lifting analysis and transportation analysis and GA drawing preparation using ASCE and AISC codes. Lifting analysis using DNVNGL codes.
- Co-ordination with Air Products team at Allentown, USA for the project schedule and progress
- Co-ordination with L&T Hydrocarbon regarding preparation of fabrication drawings and shop queries
- Worked as a lead engineer responsible for end-to-end design of Product skids-6 nos for highest seismic and wind parameters. Job involved in place analysis, lifting analysis and transportation analysis and GA drawing preparation using ASCE and AISC codes
- Development & Research activities- Implementation of AISC 341 Seismic Provisions which are for high seismic zone for industrial structures like pipe racks and skids
- Proposal activities (FEED- Front End Engineering Design): Estimation of number of piles, RCC and steel structure quantities for Air Separation Units. Projects worked – SAIL Bokaro (India), Van Merksteijn (Netherlands), H2PSA Product Skids (USA)

Thermax Babcock &Wilcox Energy Solutions Pvt. Ltd. Pune

Structural Engineer September 2015 – May 2019

- Worked as a Design coordinator for a supercritical boiler project (areas including pressure part, non-pressure part, piping, piping support, auxiliary support structures, architectural components etc.)

Scanned with CamScanner

- Have played a vital role in resolving various site queries in supercritical boiler related to pressure parts, non-pressure parts, piping, piping support, auxiliary support structures, architectural components etc. (from erection phase to commissioning phase)
- Co-ordination with B&W, USA to get approvals on design documents and various project related activities
- Guiding junior engineers for technical queries related to structural analysis and design
- Have handled team of structural engineers and detailers working on TEKLA
- Dedicated team member for improvisation activities in structural design
- Boiler Steel arrangement and estimation of structural steel for super critical boilers (350MW onwards)
- Stress analysis (Static and Dynamic) and Design of boiler supporting structure using IS 800 (1984 & 2007) using STAAD Pro
- Stress analysis and Design of auxiliary supporting structures by AISC guidelines- Pulverized Coal pipe supports, Soot Blower Supports, Vent stack silencer supports, Drain tank, SCAPH condensate tank supports, modular structure design etc.
- Welded and Bolted Connection Design for all relevant joints as per AISC code specifications
- Have conducted training session on "Optimized design of flues and ducts using duct stiffener philosophy" (35 participants)
- Have conducted training session on "Basis of Structural Design" for mechanical and process engineers in Thermax Ltd. (60 participants)

Name of the Projects worked: 1. Punta Catalina Thermal Power Plant (330MW), Dominican Republic 2. Duyen Hai 3 Thermal Power Plant Extension (1X660 MW), Vietnam 3. Masinloc, Philippines 3. Masinloc Thermal Power Plant (600 MW)

Previous Employment

ThyssenKrupp Industries India Pvt. Ltd. Pune

Civil-Structural Engineer October 2009 – July 2015

- **Project coordinator** for civil design and execution related activities in a captive power plant project while designing structures like boiler and equipment-pump foundations, chimney, TG building, MCC building cooling tower foundation, pipe rack structures etc.
- **Project coordinator** for structure design related activities for WHRB project involving design of AQC and PH boiler supporting structure, miscellaneous duct supporting structures and strengthening & modification of existing structures

Design exposure is mainly in designing Steel Structures for Thermal Power Plant and Cement Industry which includes-

- Planning a robust and optimum structural system giving utility requirements utmost importance
- Analysis of structures in STAAD Pro for static and dynamic loadings (Dead load, live load, equipment load, Wind/Seismic etc.) with load combinations as specified
- Design of structure in different design environments like **Indian Code** (*IS800:1984, IS800:2007*, **Euro Code** (*BS EN 1993-1-1*) etc. (Working Stress Method and Limit Stress Method)

Scanned with CamScanner

- Connection Design for joints as per Indian and Euro code specifications (BS EN 1993-1-8)
- Preparation/checking of Structural GA drawings
- Dynamic analysis and design of machine foundations
- Estimation of tonnages for steel structures for boiler supporting structure (CFBC and WHRB) at pre-tender stage
- Worked in Research and Development team to optimize structural systems and to evolve noble, innovative design methods

Innovative work achievement - Had given presentation to management for "Potential new business development area in Renewable Energy sector"

Above mentioned design activities are handled for range of 1 to 1000 MT steel tonnage. Different types of structures are as follows-

- Design of CFBC and WHRB Boiler Supporting Structures (400-1200 MT)
- Conveyor Galleries (500-1000 kG/m for few Km of length)
- Transfer Houses (50-100 MT)
- Trestles (Up to 20 MT)
- Elevator Supporting Structure (60-80 MT)
- Industrial Shed (Up to 50 MT)
- Duct Supporting Structures (Up to 50 MT)

Trans Tech Turnkey Pvt. Ltd. Pune

Civil-Structural Engineer July 2005–September 2009

I was involved into various project related design activities for industrial projects as follows-

- Design of Foundation for Buildings/Equipments/Machines
- Analysis using STAAD pro and Design of compressor and Turbo Generator deck. (As an assignment)
- Detailed Analysis and Design of G + 1 office building with Staad Pro
- Detailed Quantity Calculation of whole project

Education

Academic Qualifications

Pursuing Master of Business Administration (Executive) from Symbiosis Institute of Management Studies, Pune (2020-2022)

College of Engineering, Pune Pune University (Second Topper)

M.Tech (Civil) Specialisation in Structural Engineering, CGPA: 9.4/10 2007–2009

College of Engineering, Pune Pune University

Bachelor of Engineering (Civil), Distinction 2001–2005

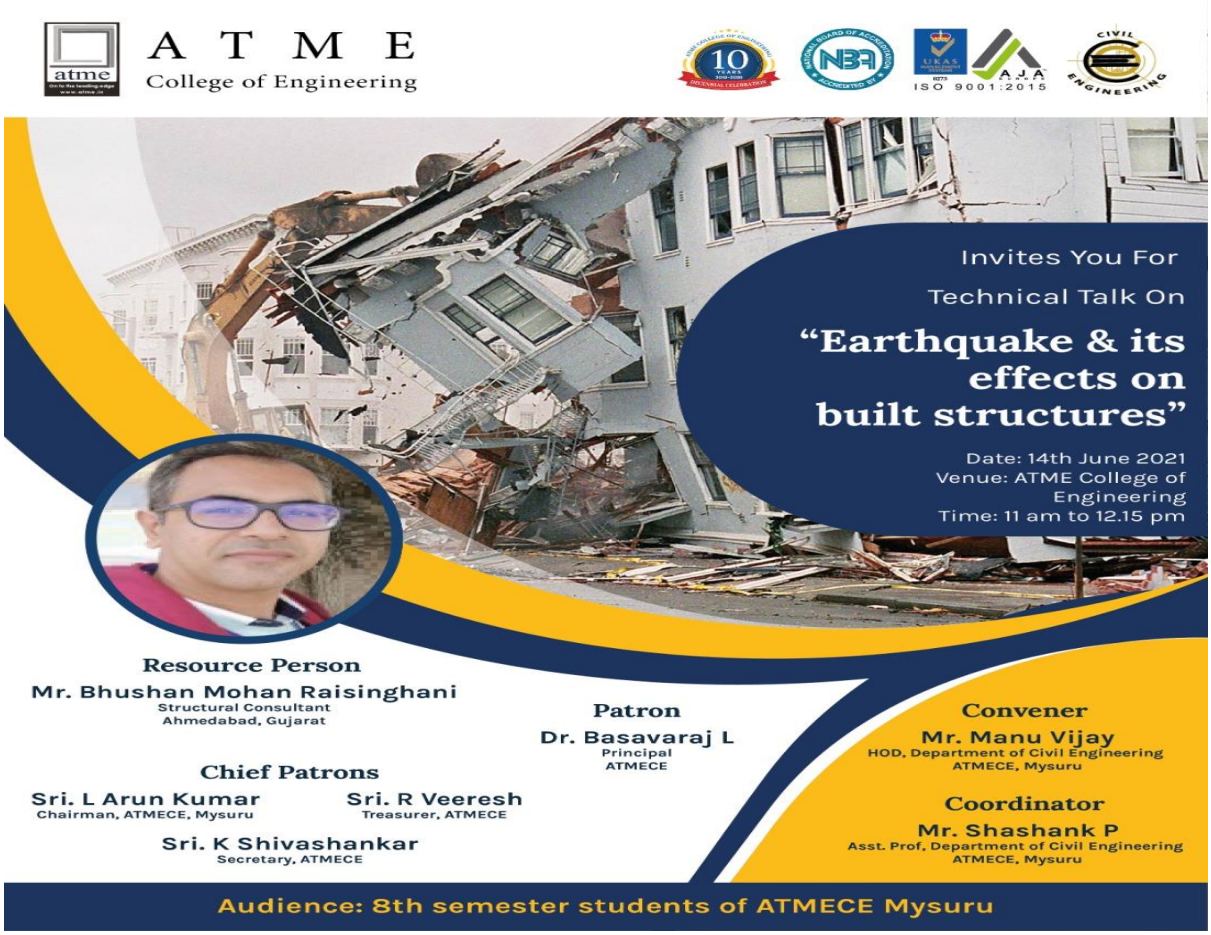
Technical Talk

Report on

"Earthquake & its Effects on Built Structures"

Department of Civil Engineering organized a technical talk on "Earthquake and its effects on Built Structures" on 14th June 2021 for 8th semester students through virtual mode with an objective of minimising the gap between the academics and industry.



Resource person during the presentation explained why earthquake occurs and importance of the structures to be safe during the earthquake and he also emphasised the major drawbacks and causes for the earthquake. He also showed the major earthquake occurred areas and the

measures taken after the earthquake. Countries prone to earthquake having high Richter scale and precautionary measures taken before it occurs.

Photos

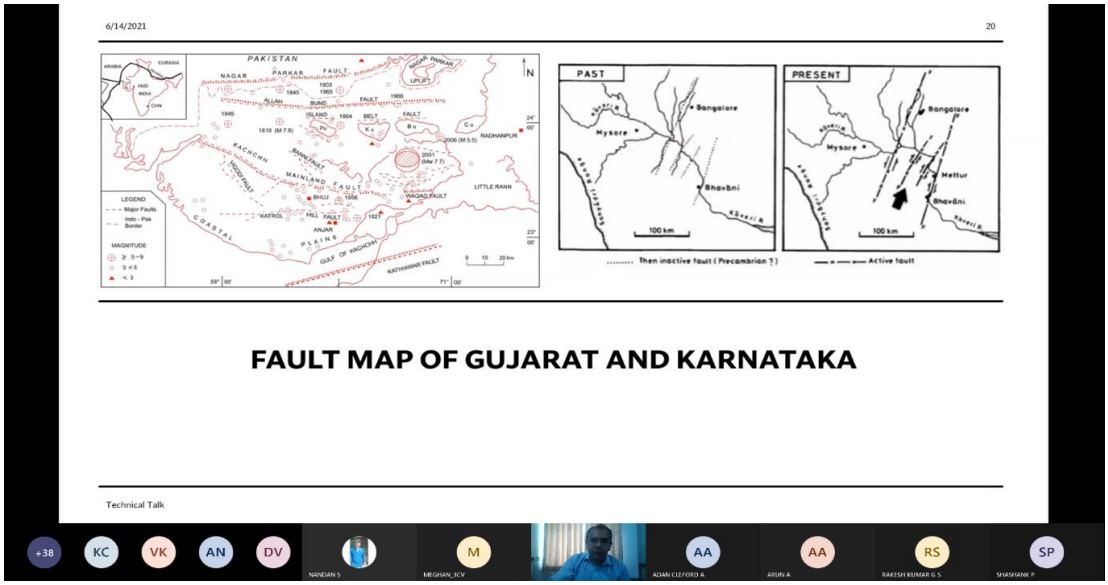


Fig: Resource person explaining on Earthquake prone area

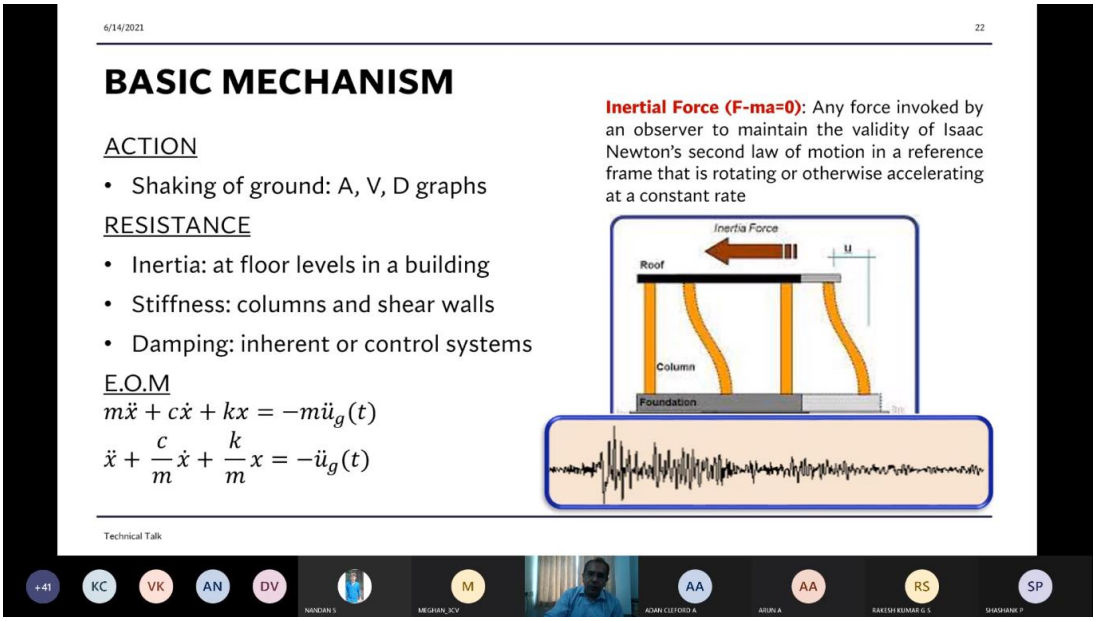

Fig: Explaining on basic mechanism of the structure during earthquake

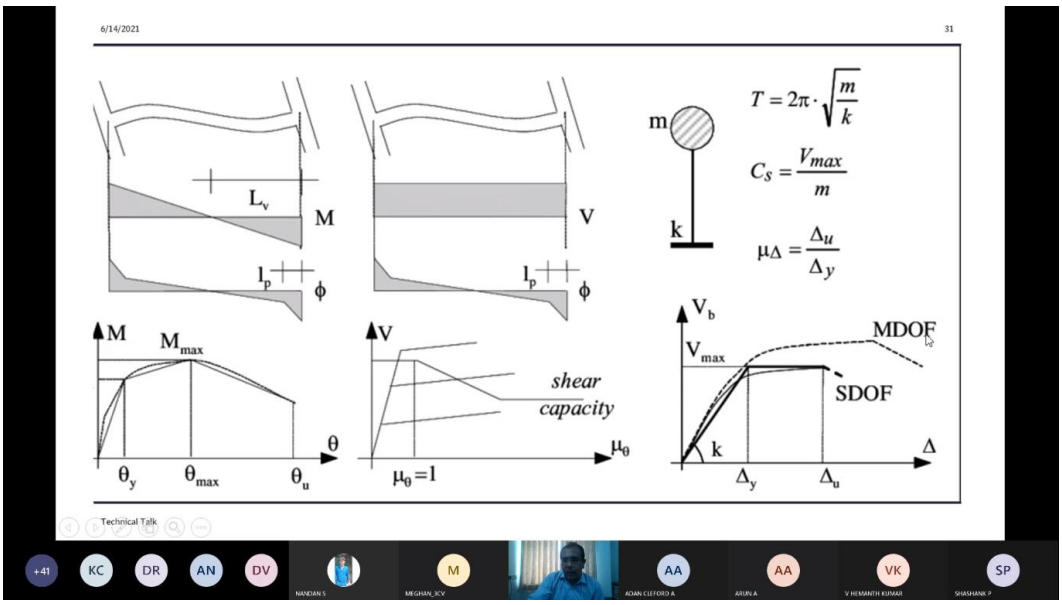

Fig: Some of the variation in graphs used for analysis

Event Platform: **MS Team**

Event Link: https://web.microsoftstream.com/video/1d751093-945b-431d-84e9-896140071bc4

Outcome :

1. Seismology and describe how it is used to study the Earths behaviour during the occurrence of earthquake.
2. Describe patterns of earthquake foreshocks and aftershocks in terms of magnitude and spatial distribution after a major earthquake.

TO,

HOD,

Dept. of Civil Engineering

Respected Sir,

Subject: Requesting permission to conduct on Technical Talk

With reference to the above subject, we would like to bring to your kind notice that the Department of Civil Engineering is planning to conduct a technical talk on **"**Earthquake and its effects on built structures**"** on 14th June 2021. The speaker for the event is Mr. Bhushan Mohan Raisinghani, Gujarat. The technical talk will be conducted through online mode in MS Team Platform. Hence we kindly request you to permit us to conduct the above said technical talk.

Thank you Sir.

Yours Sincerely

MR. BHUSHAN MOHAN RAISINGHANI
Structural Consultant | Blogger | Trainer | Researcher
IAStructE | ISSE | ACCE | GSDMA | NIDM
Ahmedabad, Gujarat, India.

Work Experience: 2008-2019

Design Engineer : RIL, Jamnagar (2008-10)

Assistant Manager: Adani Power Ltd., (2010-2012)

Research Scholar: Nirma University, (2012-16)

Sr. Design Engineer: Gensol Solar (2015-16)

Assistant Professor: C.U. Shah University, (2016-19)

Expertise:

He has state-of-art experience in the design of industrial structures located in high seismic zone (Z4) i.e. Jamnagar and Mundra. He is proficient in all deliverables required for an engineering project and quality inspection. He is providing solutions for the seismic resilience of built structures in Ahmedabad city in coordination with the local authorities, builders and owners. He has published 10 research papers on different aspects related to building design, detailing and resilience mapping in international Journals and Conferences. He has strong managerial, administrative and research background.

"Methods of Building Construction from A to Z"

Department of Civil Engineering, ATMECE organized a technical talk on "**Methods of Building Construction from A to Z**" for 4th semester students on 12th July 2021 with an objective to enhance one's knowledge on Building construction.

Er. Mushtaq Ameen, Structural Engineer, Ameen Corps Structural Consultancy, Chennai was the resource person for the technical talk conducted on 12th July 2021 at 11:15 AM on virtual mode. During his presentation, he spoke about the work sequencing in construction, materials used for the building construction at various stages and finally using the 3DS Max software and he also showed the details of each construction work.

PERSONAL PROFILE

An Experienced & Dynamic Structural Engineer with a proven track record of ensuring that structures are safe and compliant with codes

AREAS OF EXPERTISE

- AutoCAD
- REVIT Architecture
- Sketchup
- Microsoft Excel
- Microsoft Excel VBA Software
- Microsoft Powerpoint
- Microsoft Word
- Website Designing
- STAAD Pro V8i

CURRENT STATUS

- CEO & Structural Engineer of Ameen Corps Structural Consultancy, Chennai | 2020 – Present
- Started YouTube channel (Civilopedia) to benefit civil engineering students
- Pursuing M.E. Structural Engineering

WORK EXPERIENCE

STRUCTURAL ENGINEER I 2019 – 2020

Structures India Consultancy, Besant Nagar

- Provided structural evaluations & designs for 25+ Projects
- Evaluated with manual method of calculations
- Communicated with Architects & Clients to ensure the design and functionality of the structure

JUNIOR SITE ENGINEER – INTERN I 2020 – 2021

Royal Construction Company, Karaikal

- Management of materials in the site inventory
- Supervised the construction of two residential buildings
- Prepared detailed reports for material requirements and financial flows of the project

ABOUT AMEEN CORPS STRUCTURAL CONSULTANCY

Ameen corps is a structural Consultation firm, which works under the aesthetics of the architectural designs and ensures the safe and economical structures with respect to the Indian Standard Codes

ATME College of Engineering

DEPARTMENT OF CIVIL ENGINEERING

Report on

"Tekla Structures"

Department of Civil Engineering organized a technical talk on "Tekla Structures" on 5th June 2021 for 6th semester students through virtual mode with an objective of minimising the gap between the academics and industry.

Tekla Structures are used for design, detailing and information management from conceptual planning to fabrication and construction on site. A steel detailer plays a tremondous role in the overall progress of project. The detailer must be familiar with the regulations and guidelines from all aspects of construction. A good detailer can make even the most complex project very feasible with the use of Tekla Software.

Scanned with CamScanner

Resource person during the presentation explained how the information has to transfer from designer to manufacturer to meet the requirements. Resource person also explained the stages involved in obtaining the steel structure erection drawings. Later resource person demonstrated the usage of Tekla software by creating a steel frame structure and its connection details.

05th June 2021

Webinar on "**Entrepreneurship Skills in Youngsters"**

The Department of Electrical & Electronics Engineering in association with Training and Placement Department organised a Webinar on **"Entrepreneurship Skills in Youngsters"** in ATMECE, for Pre-Final Year and Final Year Students of Department of Electrical & Electronics Engineering on **5th June 2021,** objective of the webinar is to develop and strengthen the entrepreneurial quality in students.

The webinar started with the brief introduction of the Chief Guest Mr.Sudeshkar K S, Founder & Managing Director, AlliaNce MechatroNics, Mysuru and welcomed the participants.

Resource Person gave valuable insights about Creative thinking and ideas, Business skill, Business Plan, marketing tips, problem solving, He concluded the session informing about skills of Successful Entrepreneur need to have. It was a very informative session which helped everyone imbibe knowledge about the Entrepreneurship Skills

The session concluded with interactive session with question/answer session at conclusion. Many attendees sent their questions in the chat box during the session.

Dr.Parthasarathy L, Head, Department of EEE, Mr, Deepak MVS, Head, TPO, Webinar co-ordinator Mr.Praveen Kumar M, Mr.Sathish KR and students were present on the occasion.

Enclosures: Evidence of Webinar

Report
on
IoT in today's World

Date: 30-05-21

The department of Electrical & Electronics Engineering, ATME College of Engineering, Mysuru had organized a Webinar on "**IoT in today's World"** for the 2nd and 3rd year of Electrical and Electronics Engineering on 30th May 2021 through Online Platform.

The event was organized to give an exposure to the students about the new technologies that are developing and to encourage the students to think and work in that direction by taking up the mini projects and major projects based on IoT's.

The session was started with the formal welcoming of the gathering by Lakshmi K, Assistant Professor, Department of Electrical & Electronics Engineering.

Resource person Mr Yashawanth V, Project Lead, L&T Technology Services, Mysuru, started the session on "IoT in today's World". He discussed on Overview of IoT, Hardware and software used in IoT, Technology and protocols present in IoT. He briefed about the application and various platforms of IoT. He explained the case study in that he showed the video clipping of Intel Israel smart building using IoT. He gave an insight about the current Projects using IOT's and students gathered the add on information in Questionnaire session.

The Webinar session was winded up by rendering the Vote of Thanks by Maria Sushma S, Assistant Professor, Department of Electrical & Electronics Engineering.

In the Event Dr Parthasarathy L - Head, Department of Electrical and Electronics Engineering, ATMECE, Event Coordinators: Lakshmi K & Maria Sushma S - Assistant Professors, Faculty members and Students of IV and VI Semester- Department of Electrical and Electronics Engineering, ATMECE were present.

The online Webinar on IoT in today's world was coordinated by Lakshmi K, Assistant Professor, Department of Electrical and Electronics Engineering, Maria Sushma S Assistant Professor, Department of Electrical and Electronics Engineering, ATME College of Engineering.

Respected Sir,

Sub: Invitation for the Webinar on "IoT in Today's World" at ATMECE, Mysuru

With reference to the above subject, the Webinar on "IoT in Today's World" is organized on 30th May, 2021 from 10:00 am to 11:00 am for the 4th and 6th semester students of EEE. We expect your gracious presence.

Objectives of the Webinar:

1. To Understand the significance of the Internet of Things in real time applications.
2. To enhance the technical skills.
3. To understand the architecture, operation, and business benefits of an IoT solution

Platform: MS Teams

Report of
Five- Day National level Workshop
On
"Academic & Research Writing"

The Workshop was scheduled on 25th to 26th March & 29th to 31st March 2021. The objective of the 5 days' Workshop is to fill this gap by providing the fundamental knowledge required for effective and result oriented academic writing. The workshop is aimed at the faculty members, research scholars and students of all disciplines. Workshop was scheduled online using M S Teams Application. There was no registration fee for the participants. Totally 187 participants were registered for the event from various institutes in and out of Karnataka such as Adsul Technical campus Ahmedanagar, KLS VDIT Haliyal, VCET Puttur, NRIM Nitte, ACS college of Engineering, AIT Chikkamagaluru, SIT, PDACE Gulbarga, SDMIT Ujjire, NMINS University, CIT Ponnampet, RIT Hassan, & in & around colleges of Mysuru Region. The feedback for each session is shared via Google form.

Day 1: 25th March 2021

Session 1 & Session 2: Morning & Afternoon Session

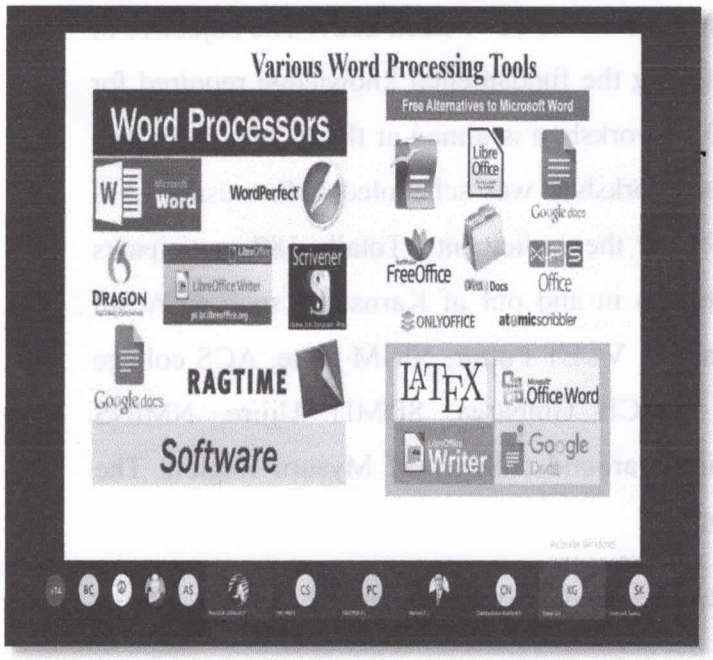
Topic Covered: Tools and Techniques used for thesis writing

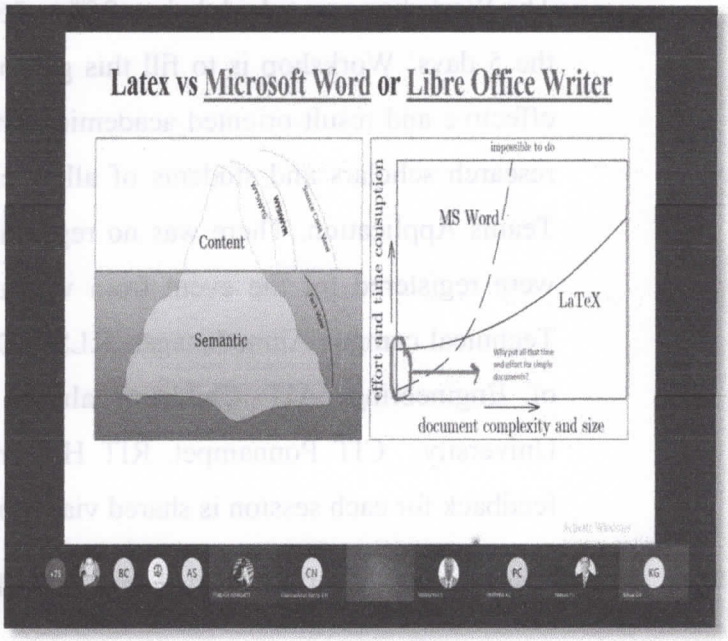
Resource Person: **Dr. Kinsuk Giri,** Assistant Professor,
Computer Science and Engineering, NITTTR, Kolkata

The session started at10.30AM with welcome speech by Dr. Mahesh P K, Professor & Head of ECE Department, followed by Inaugural speech by Dr. L. Basavaraj, Principal ATMECE.

Dr. Kinsuk Giri started his presentation by introducing the different tools which can be used for thesis writing. Later he covered the basic concepts of LateX. In the afternoon session Dr. Kinsuk Giri covered the concept of writing a research article using Latex tool. All the required information like including mathematical equation, Images, Header, Allignment etc. were briefed in the session

Screenshots of the session:





YouTube Link of the Morning session: https://youtu.be/ygqUbNy1pCc

YouTube Link of the Afternoon session: https://youtu.be/q3-54zTWAPY

Day 2- 26th March 2021

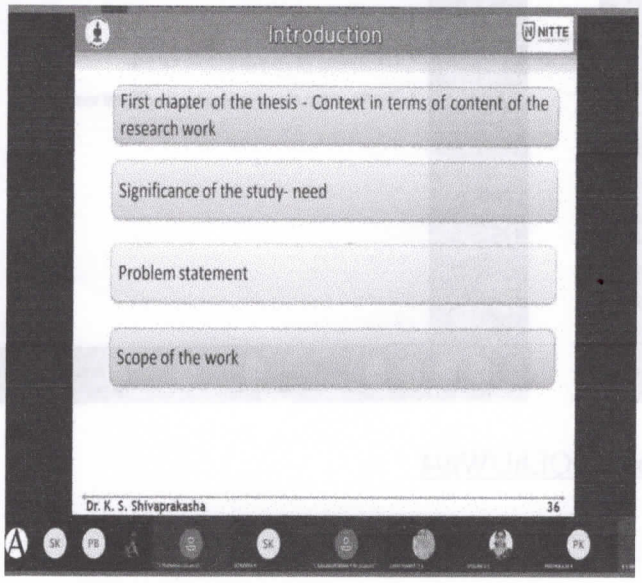
Session 3: Morning Session

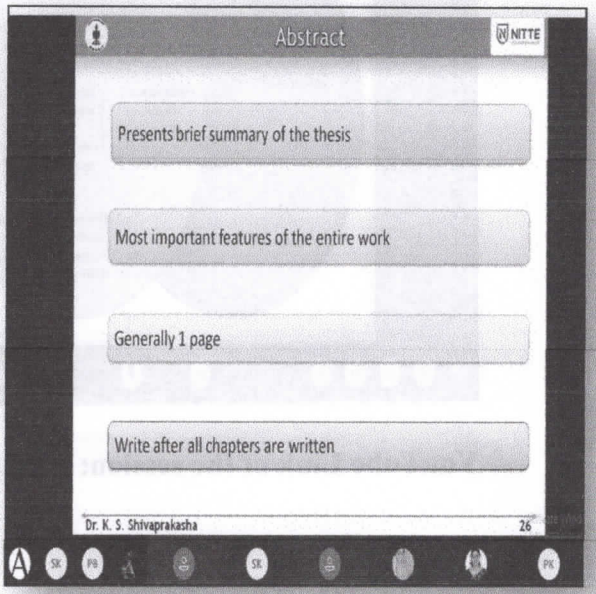
Topics covered: Dissertation Writing

Resource Person: Dr. Shivaprakash K S, Professor, Department of ECE,
NMAM. Institute of Technology Nitte

The session was started at 10.30 AM, Dr. Shivaprakash K S during his presentation, highlighted the importance of Documentation, and explained the various sections of thesis. He also shared his knowledge on the mistake that may occur during the Thesis Writing processes.

Screenshots of the session:





YouTube Link of the session:

https://youtu.be/N14OT4MyX8Y

Day 2- 26th March 2021

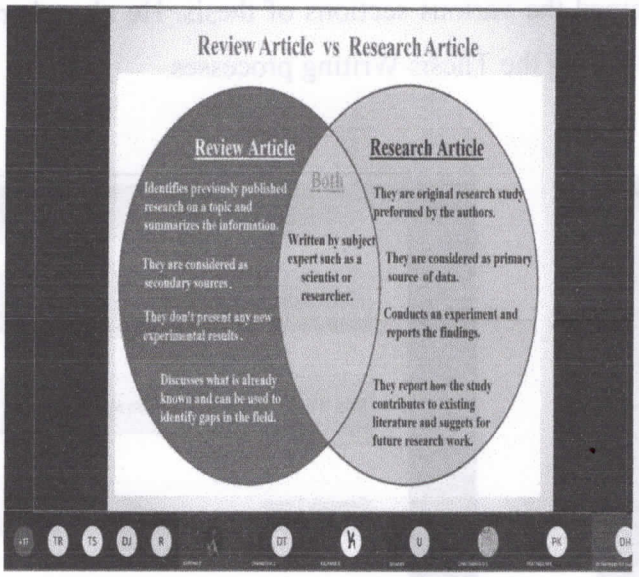
Session 4: Afternoon Session

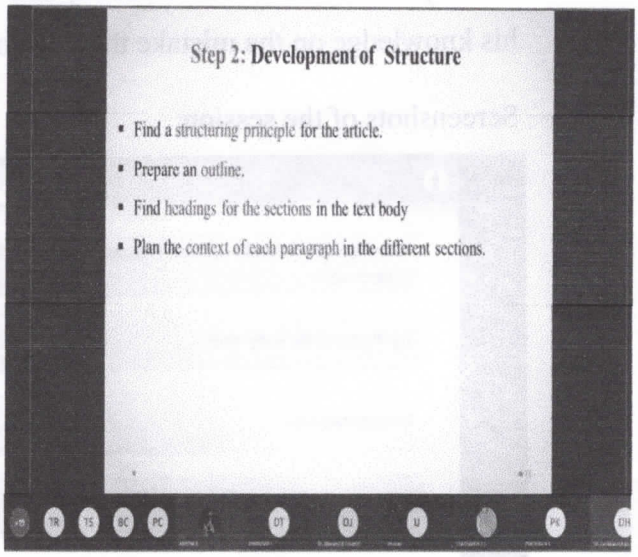
Topics covered: Research Review Paper writing

Resource Person: Dr. Ravikiran H.K, Assistant Professor, Dept of ECE, RIT, Hassan-573201

The session started at 2.30 PM, Dr. Ravikiran H K started his presentation by briefing the difference between Review & Reaserch Article. He shared his knowledge about the precaution that has to be taken during the writing of Review Paper, purpose of Review Paper & briefed about the different steps involved in writing the Review Paper.

Screenshots of the session:





YouTube Link of the session: https://youtu.be/r00QLhUWl94

Day 3- 29th March 2021

Session 5 & 6: Morning Session & Afternoon Session

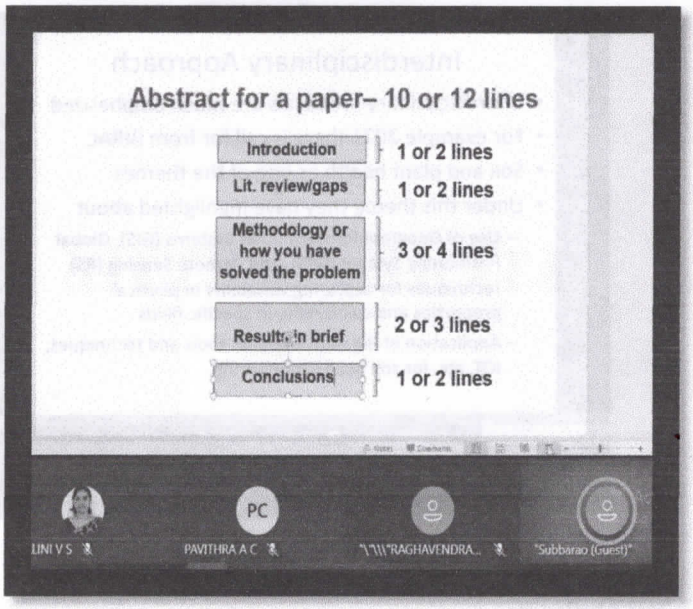
Topics covered: Research Writing

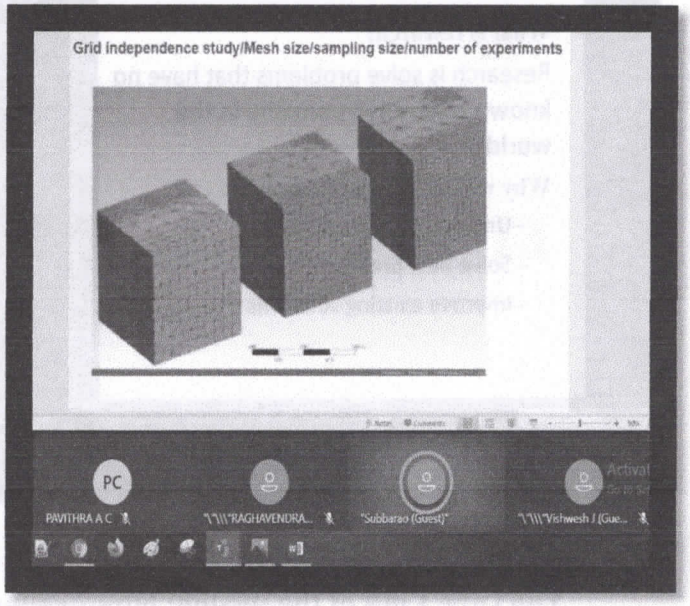
Resource Person: Dr. Rayapathi Subbarao, Associate Professor, Mechanical Engineering, NITTTR, Kolkata

The session started at10.30AM. Dr. Rayapathi Subbarao started his presentation by briefing the layout of Research Paper. Later he explained the initial sections of Research Report in detail which includes Abstract, Literature Survey.

In the afternoon session Dr. Rayapathi Subbarao covered the concept of Research Report writing which includes Methodology, Results & Discussion & Conclusion.

Screenshots of the session:





YouTube Link of the Morning session: https://youtu.be/Pz42iOBhx3c

YouTube Link of the Afternoon session: https://youtu.be/aDcs_kugZsY

Day 4- 30th March 2021

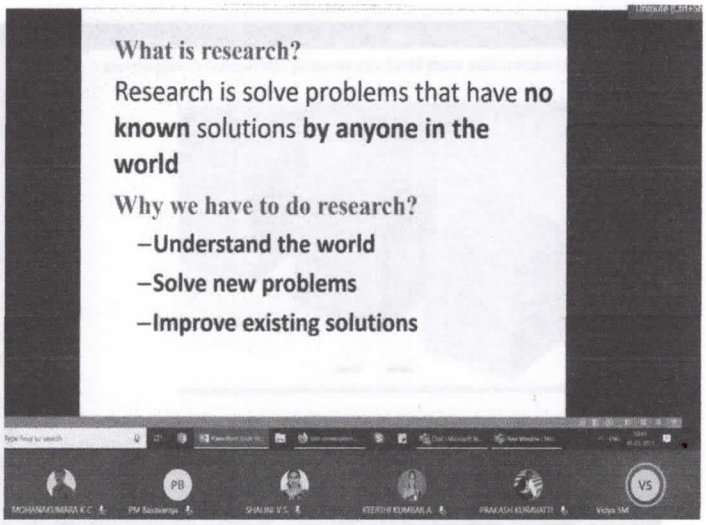
Session 7: Morning Session

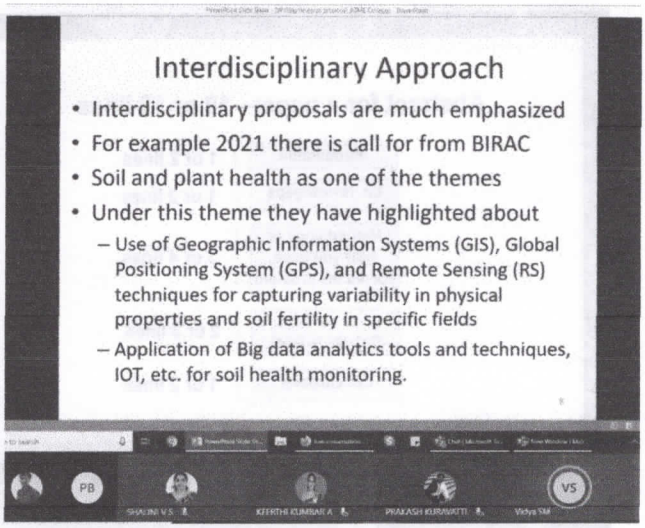
Topics covered: Research Fund Proposal

Resource Person: Dr. Vidya S M, Professor, Department of Biotechnology Engineering, NMAM Institute of Technology, Nitte 574 110, Udupi Dist. Karnataka

The session started at 10.30AM. Dr. Vidya S M started the session by explaining need & significance of research Fund proposal, she briefed about the selection of Research Topic, shared the different Research Funding agencies & different types of programs. Later she explained the content for writing proposal & the steps that has to be followed for the submitting the same.

Screenshots of the session:





YouTube Link of the session: https://youtu.be/E-YIH9u8xyw

Day 4- 30th March 2021

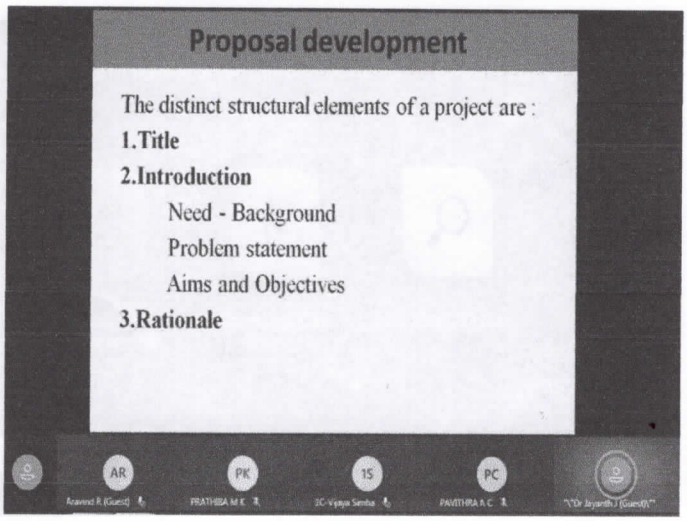
Session 8: Afternoon Session

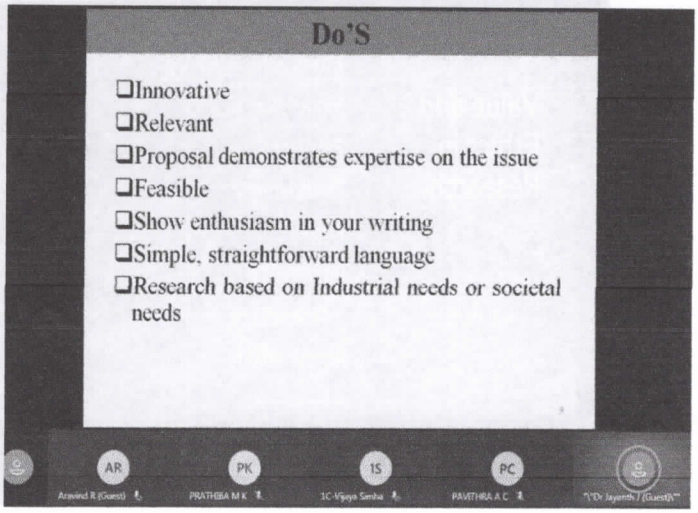
Topics covered: Research Fund Proposal

Resource Person: Dr. Jayanth J, Associate Professor, GSSSIETW, Mysuru

The session started at10.30AM. Dr. Jayanth J started his presentation by briefing the layout of Research fund Proposal. He explained DST format proposal of each section in detail, expectation of Funding agency, shared his knowledge on how to write Research Fund Proposal. He briefed various types of funding & evaluation parameters that will be considered by the Funding agency. He concluded his presentation with the evaluation of completed Funding project & illustrated Funding opportunities available.

Screenshots of the session:





YouTube Link of the session: https://youtu.be/JSFubej_GVo

Day 5- 31th March 2021

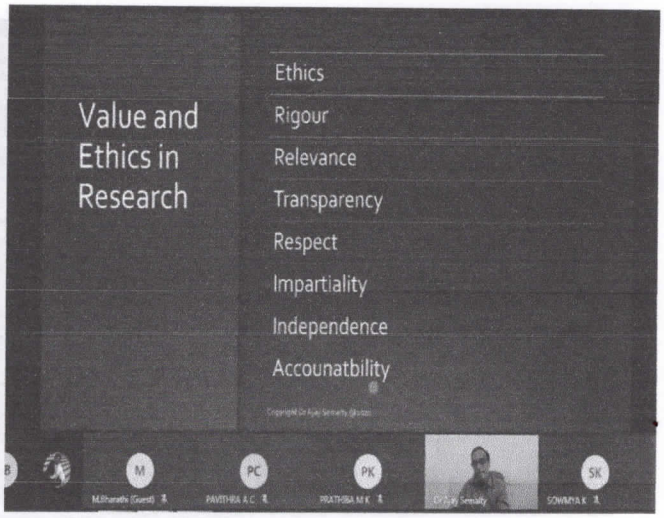
Session 9: Morning Session

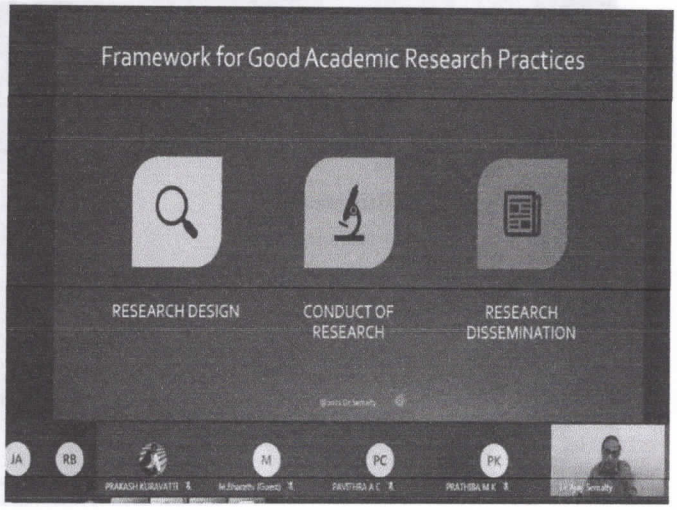
Topics covered: Introduction to plagiarism & Tools for detection of plagiarism

Resource Person: Dr. Ajay Semalty, University SWAYAM Coordinator Assistant Professor, Pharmaceutics, H.N.B. Garhwal University, Srinagar Garhwal, Uttarakhand

The session started at 10.30AM. Dr. Ajay Semalty shared his knowledge on Research misconduct, importance of Authorship, Ethics in Research & Publication. He briefed regarding plagiarism & what are the steps to reduce the plagiarism. He also demonstrated how to check the plagiarism of the article through the software Ouriginal.

Screenshots of the session:





YouTube Link of the session: https://youtu.be/Ud8lYCyKzjs

Day 5- 31th March 2021

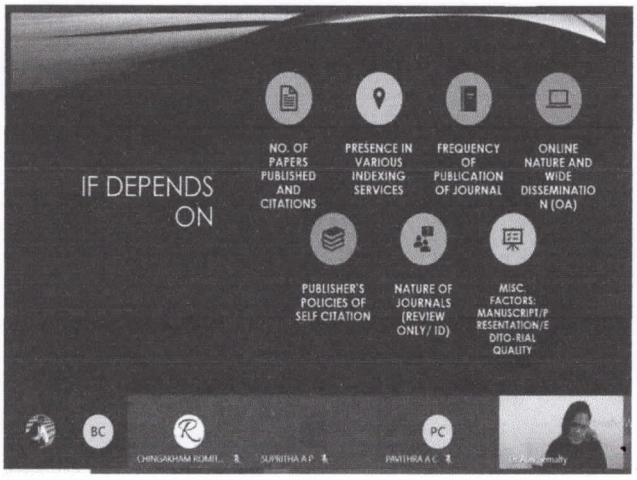
Session 10: Afternoon Session

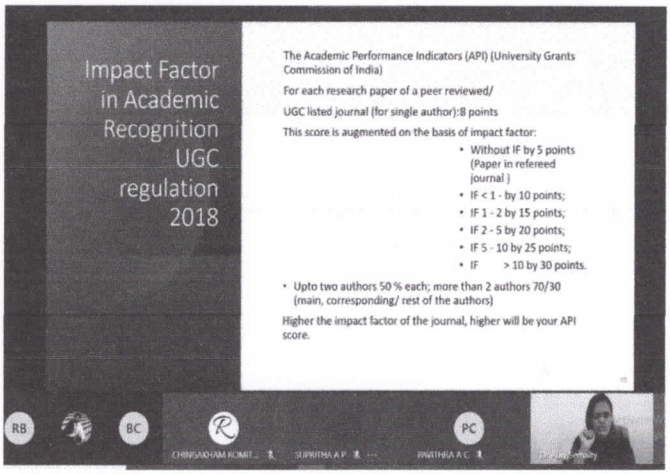
Topics covered: Journal & Author Metric.

Resource Person: Dr. Mona Semalty, Co-Coordinator University SWAYAM Cell ,Assistant Professor, H.N.B. Garhwal University,Srinagar Garhwal, Uttarakhand

The session started at 2.30 PM. Dr. Mona Semalty started her presentation by giving introduction to Journal Metrics. During her presentation she briefed regarding the impact factor, indexing & h-index.

Screenshots of the session:





Outcome of the Workshop: The participant gains the Knowledge about basic skills of literature review, Research paper, Review paper and Thesis writing.

ATME College of Engineering
Department of Electronics & Communication Engineering
(Accredited by NBA, New Delhi. Validity 01.07.2019 to 30.06.2022)

Date: 9/3/2021

To,
The Principal
ATMECE,
Mysuru

Through HoD
Department of ECE,
ATMECE.

Respected Sir,

Sub: Requesting permission to organize Five days' workshop on "Academic and Research Writing Reg."

With reference to the above subject we would like to bring to your kind notice that, as a part of Decennial celebration, we are planning to organize Five days' online workshop on "**Academic and Research Writing**" for **both Faculty and students** from 25th March to 26th March and 29th to 31st March 2021. The Registration is free for all participants.

Students and faculty members generally face difficulties in two aspects when writing academic articles they are 'Content' and 'Structure'. In order to enhance the quality of academic writing, the academic and writing workshop has been organized for both the students and faculty members. Academic and Research writing serves as a tool of communication that conveys acquired knowledge in a specific field of study. Appropriate academic writing will help students/ faculty members analyse, convey understanding, think critically and focus on technique and style of Research papers, Review papers etc.

In this regard kindly grant us permission to conduct the workshop and oblige.

Encl: Event Schedule and Estimated Budget

Forwarded to Principal Sir
for kind approval
9/3/2021

Yours Sincerely
Prathibha MK

Submitted

Academic writing is the formal writing style used in the colleges. Students/ professors/ Research scholars use to write scholarly materials. Most of the academic writing involves reporting research results. In this regard as a part dept activity, Edc dept have planned for 5 days w/s from 25th march to 31st march (with split) 2021.

Identified experts are from reputed institution like NITTTR, Kolkatta, NIMAMIT, Nitte, --etc. Requested Rs 20,000/- to pay Honoraium to the experts. Rs 20,000/- may be released from Budget head "Expenses towards seminar, Technical talk, --etc.

This is for your kind information & approval

9/2/21

Approved

10/2/21

Budget Details for the Academic Year 2020-21 of ECE Department is as follows

Budget Code: 222.03.00

Sl.No.	Particulars	Sanctioned Amount in Rs./-	Utilized amount in Rs./- till date	Available balance Rs./-	Present request amount in Rs./-	Balance amount in Rs./-
1	Expenses towards Seminar, Technical talk, Workshop, publication, visiting faculty, experts etc.	3,00,000/-	14,050/-	2,85,950/-	20,000	2,65,950

Honorarium to the Expenditures are the only expenses incurred as the Event is conducted online using MS Teams.

9/3/21

Note

Take the help of Mr. Harsha in designing Brochures, Also wide publicity will be given to make this B/S useful to both students / Faculty members.

ATMECE, Mysuru

Respected Sir,

Subject: Submitting the statement of Expenditure of Five-Day National level workshop on "Academic & Research writing"

With reference to the above subject, we would like to bring to your kind notice that, as a part of Decennial celebration, Five-Day National level online workshop on "Academic & Research writing" was organized from 25th to 26th March and 29th to 31st March 2021.In this regard Rs.20,000/- was sanctioned as the budget for the workshop. The same amount has been utilized as the honorarium for the resource person which is transferred through NEFT. The detail has been attached for your kind reference.

Thanking you

Yours sincerely

Pravithra M.K

(PAVITHRA A C).

forwarded to Principal Sir

ATME
College of Engineering

National level Workshop on

"Academic & Research Writing"

25th & 26th and 29th to 31st March 2021

Organized by:

Department of Electronics & Communication
ATMECE College of Engineering

About the College

ATME College of Engineering (ATMECE), Mysuru, established in the year 2010, is approved by AICTE, New Delhi and affiliated to Visvesvaraya Technological University, Belagavi, Karnataka.

ATMECE is accredited by NBA for Civil Engineering, Electronics & Communication, Electrical & Electronics and Mechanical Engineering Courses.

ATMECE is an ISO 9001-2015 certified college and is awarded with "The Best Emerging Private Engineering College in Karnataka", "Most Promising upcoming Private Engineering College in Karnataka" for two consecutive years & QS I-Gauge Gold Ranking.

About the Department

Department of Electronics & Communication Engineering was established in the year 2010 with an intake of 60 students & was enhanced to 120 students in the year 2012. Department has a well-qualified & experienced teaching faculty & technical staff with state-of-the-art laboratories to meet the quality education required for present challenging societal & industrial needs.

About the Workshop

As a part of the Decennial celebration the department of Electronics and Communication Engineering is organizing a National level Workshop on "Academic and Research Writing" on 25th & 26th March and 29th to 31st March 2021.
Publications are vital in academic & research career. There is no comprehensive set up of learning academic writing in the knowledge domain. The objective of this 5 days' Workshop is to fill this gap by providing the fundamental knowledge required for effective and result oriented academic writing.

Who can Participate ?

The workshop is aimed to the faculty members, research scholars and students of all disciplines. This workshop gives an opportunity to learn the new tools and techniques for generating a quality research output.

Outcome of the Workshop

The participant gains the Knowledge about basic skills of literature review, Research paper, Review paper and Thesis writing.

E-Certificate will be issued to all the registered participants who attend all the sessions.

Workshop Schedule

25/3/2021	10:30 AM to 11.30 AM	Tools and Techn used for the writing-1
25/3/2021	2.30 PM to 3.30 PM	Tools and Techn used for the writing-2

Report of

Webinar on "Faculty Entrepreneurship opportunities"

Date: 11 January 2021

Time: 3 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "Faculty Entrepreneurship Opportunities" for the faculties of the institution on 11th January 2021 at 3 PM through MS Teams platform.

Dr. Y Shrihari Upadhyaya, Chief Executive Officer, Manipal Universal Technology Business Incubator (MUTBI) was invited to deliver the information regarding the opportunities available for the faculty community to pursue entrepreneurial journey.

Dr. T Shrihari Upadhyaya spoke in detail on the startup ecosystem in India, Opportunities and facilities available at Manipal Technology Incubator, Technology based entrepreneurship and how exactly a faculty can involve himself in the startup ecosystem. That is, various roles a faculty can find to be a part of this ever growing ecosystem.

Faculties from various institutions actively took part in the webinar and clarified their doubts in the field relevant to the funding possibilities and innovation framework proposed by MHRD.

SPEAKER BIO DATA

Dr. Y Shrihari Upadhyaya

CEO, Manipal Universal Technology Business Incubator (MUTBI) &
Associate Professor - Senior Scale, Dept of Mech & Mfg Engg, MIT Manipal
Email: ys.upadhyaya@manipal.edu, Cell: 9449104525

January 2021

Shrihari Upadhyaya is CEO of Manipal Universal Technology Business Incubator (MUTBI) for the last 3 years. He is responsible for strengthening entrepreneurial ecosystem at MAHE. His multiple tasks include incubation related, NIDHI-EIR program, interaction with stakeholders and conducting various programs on entrepreneurship.

A graduate of Mech Engg. from NIE Mysuru, Shrihari did his MTech from IIT Madras and PhD from VTU Karnataka. He started his career in industry as Machine Tool Design Engineer and worked at Kirloskars for more than 3 years. Later, joined Manipal Institute of Technology (MIT) Manipal as Lecturer and currently working as Associate Professor. He has more than 23 years of teaching experience, guided 40 PG projects and has more than 20 Journal/Conference papers. He was founding Faculty advisor of Mars Rover Manipal, a major student project at MIT.

Developed Drawing Standards 2002, used for preparation of manufacturing drawing. As part of Impact project of MAHE Leadership Program, developed a model component manufacturing facility at MIT, in line with industry practices.

He was member of Board of Management of Manipal Academy of Higher Education, during 2018-2020 and and Fellow of The Institution of Engineers, India (FIE). He is recipient of Best teacher Award of MIT in 2014.

Report of

Webinar on "Standardization in Industry"

Date: 6 January 2021

Time: 3 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "Standardization in Industry" for the students and faculties of the institution on 6th January 2021 at 3 PM through MS Teams platform.

Sri. N Srinivasa Murthy, Senior Manager (Rtd.), Bosch, Bangalore was invited as a resource person for the webinar. They addressed the students on various standards used in the industry for manufacturing and quality assessments. Students and faculties from mechanical engineering department and relevant domains took active participation in the webinar.

Sri. N Srinivasa Murthy also emphasised on the parameters including standardization, its importance, concepts of limits, fits and tolerances. Standardization is an orderly approach to any activity which promotes overall economy of the company and hence it is important for young engineers to understand the importance of the same.

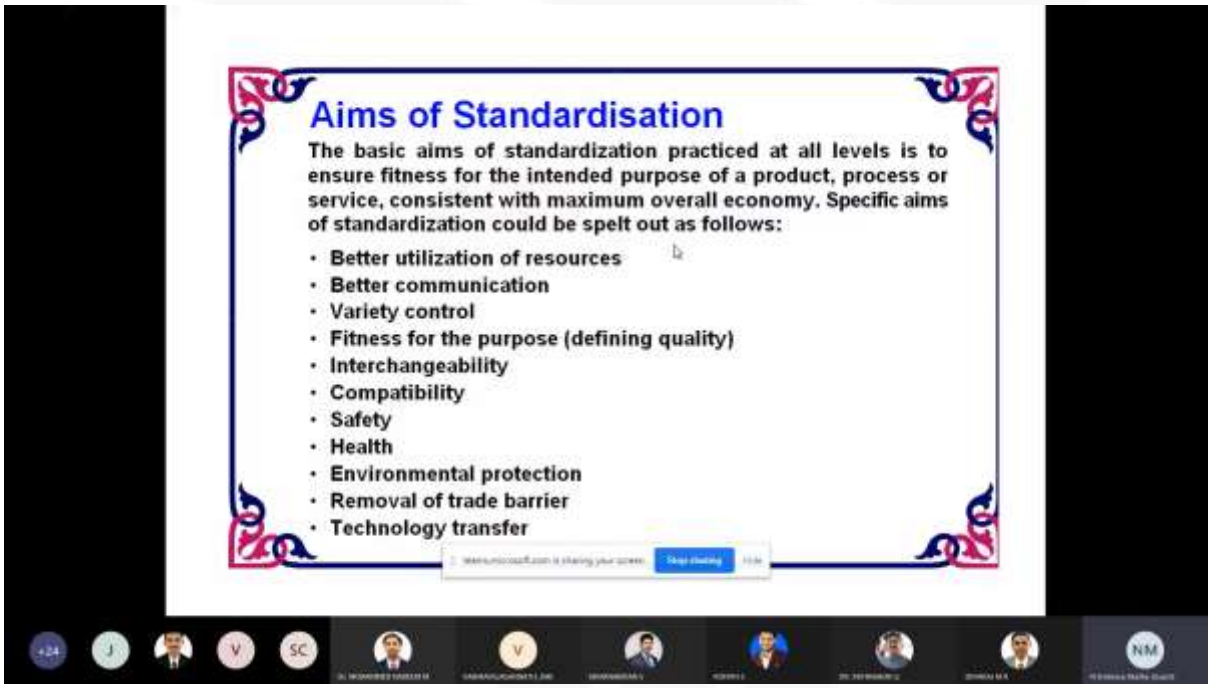
Standardisation
Definition as per International Organisation for Standardisation (ISO)
Standardisation is the process of formulating and applying rules for an orderly approach to a specific activity for the benefit and with cooperation of all concerned, and in particular for the promotion of optimum overall economy taking due account of functional conditions and safety requirement.

Why Standards ?
For quality and safety

Standardisation is ORDERLINESS



Aims of Standardisation
The basic aims of standardization practiced at all levels is to ensure fitness for the intended purpose of a product, process or service, consistent with maximum overall economy. Specific aims of standardization could be spelt out as follows:
• Better utilization of resources
• Better communication
• Variety control
• Fitness for the purpose (defining quality)
• Interchangeability
• Compatibility
• Safety
• Health
• Environmental protection
• Removal of trade barrier
• Technology transfer

INSTITUTION'S INNOVATION COUNCIL

Department of Mechanical Engineering

Webinar on

"Standardization in Industry"

in Association with
Institution's Innovation Council (IIC)
ATMECE

Date : 6th Jan | Time :3.00 PM | MS Teams

Resource Person:

N. Srinivasa Murthy
Senior Manager (Rtd.)
Bosch, Bangalore

Co-ordinators

Prof. Devaraj M R,
Asso. Prof., Dept. Mechanaical Engineering
Dr. Mohanakumara K C,
Asst. Prof., Dept. Mechanical Engineering
Prof. Niranjan Kumar V S,
Asst. Prof., Dept. Mechanical Engineering
Prof. Yashwanth N,
Asst. Prof., Dept. Mechanical Engineering

IIC President

Dr. Rathnakar G

Convener

Dr. Srinivasa K
Prof. & Head
Dept. Mechanical Engg.
ATMECE, Mysuru

For information please Contact:
Prof. Devaraj M R: 9972322811 | Prof: Yashwanth N: 9663994514

Registration Link: https://forms.gle/3Zom2LXknxfFjGdE6

E-Certificates will be issued to those participants who will attend the entire session and fill the feedback form

SPEAKER BIO DATA

Experienced in engineering solutions for telecom applications in embedded systems and IVR systems for about 7 years Have project management experience for about 5 years and business management (customer interaction and business expansion, people management, project delivery) for about 5 years. Rich hands on lead exposure in conceptualising and implementing initiatives related to knowledge management, competence management, role based qualification programs (especially for project management and technical career paths), for about 5 years Interaction with universities and institutes in India and at Germany, and designing and implementing programs at Indian Engineering colleges for improving the enginering students understanding of Industry needs, Industry orientation and creating opportunities for passionate students to have good internship program and learning.

Have an ambitious goal of enhancing educational standards in select, reciprocating Indian engineering colleges and make them equivalent to many successfull German engineering institutes. (From the perspective of competence of students coming out of college)

Specialties: Building motivated teams in specialised areas of technology or corporate functions (especially strategic HR like KM, CM, Qualification programs) Conceptualising and implementing new strategic initiatives.

Report of

Webinar on "National Innovation and Startup Policy"

Date: 4 January 2021

Time: 3 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "National Innovation and Startup Policy -2019" for the students and faculties of the institution on 4th January 2021 at 3 PM through MS Teams platform.

Sri. Sandeep Patil, Executive Director, Applied Cognition Systems Pvt. Ltd was invited as a resource person for the event. Sri. Sandeep Patil spoke on importance of innovation and start-up ecosystem in India. He emphasised on the various measures taken by government of India to enhance innovation ecosystem in the form of skill India and Startup India.

Sri. Sandeep Patil also spoke on the framework provided by Ministry of MHRD and Ministry of education in lieu of promoting the startup culture by laying the steps through the national innovation and startup policy. They highlighted the flexibility an higher education institution can adopt to promote entrepreneurial mindset in students through internships, funding and academic relaxations.

Students and faculties of the institution took part in the event and more than 100 participants benefited from the information disseminated through this webinar.

Webinar on "How to Write Proposals for Funding"

ATME College of engineering had organised a webinar on *"How to Write Proposals for Funding"* on 30th December 2020. The webinar was conducted in MS Teams platform and a total of 151 participants from ATMECE and other institutions had participated for the event. The webinar was scheduled at 3 PM with formal introduction about the webinar followed by brief introduction of resource person.

Dr. Prakash K R, Professor, Department of Mechanical Engineering, NIE, Mysuru was kind enough to accept our invitation as resource person to educate the faculty members on writing proposal for funding.

Dr. Bhagyashree S R, Dean-Research and Professor, ATMECE and Dr. Parthasarathy L, IEEE student branch counsellor, Professor and Head, Dept. of EEE ATMECE, were the convenors of the program.

Dr. Md Nadeem M, Asst. professor, Dept of ME, Mrs. Nasreen Fathima, Asst. professor, Dept of CSE and Mr. Vinod Kumar P, Asst. professor, Dept of EEE Organised and hosted the webinar.

Dr. Prakash K R discussed about grant proposal or application which is a document or set of documents submitted to an organization with the explicit intent of securing funding for a research project. Sir empathized on identifying the needs and focus in order to develop a full-blown research agenda.

Sir provided sources of information about granting agencies and grant programs. Sir discussed about writing grant proposals, assume that you are addressing a reviewer who is knowledgeable in the specified field and clear define research questions along with proper solution. Final decisions about which proposals are funded often come down to whether the proposal convinces the reviewer that the research project is well planned and feasible and whether the investigators are well qualified to execute it.

Dr. Prakash K R answered the questionaries raised by the participants and gave them suggestions providing information related to research proposal for various government agencies etc.

Dr. Md Nadeem M concluded the webinar by giving vote of thanks to Dr. Prakash K R, Management of ATMECE, Principal, Dean, HODs and to all the participants.

'How to write Proposals for Funding"

Date: 31st Dec 2020
Time: 3pm to 4pm

Dr. Prakash K R research interest is new material, automation and control .
Over 25 years of experience out of which 10 years in industries and remaining in academia.

Research Projects:

1. **DST-FIST Centre for Automation Technology – 97 Lakhs (Duration 2014-2019)**
2. **Centre For Robotics and controls -50 Lakhs (Duration 2014-2019)**
3. **New Age Incubation (NAIN) –Projects -15 Lakhs (2015- Ongoing)**

Respected Sir,

Sub: Organizing Webinar on **" How to Write Proposals for Funding"** for Faculty and Researchers.

With reference to the subject mentioned above, the IEEE student branch of ATMECE (STB35744) is organizing a **Webinar** on **"How to Write Proposals for Funding"** for Faculties and Researchers. The talk will be delivered online by Dr. Prakash K R, Dept. of ME, NIE, Mysuru on 30th December 2020 from 3 PM to 4 PM. Therefore, I kindly request you to accord permission for the conduction of this webinar.

Thanking you,

Parthasarathy.

Program Convenor & IEEE Student Branch Counsellor
Dr. Parthasarathy L

Organizing Coordinators
Dr. Md. Nadeem M
Mrs. Nasreen Fathima
Mr. Vinod Kumar P

Profile of Resources Person:

Dr. Prakash K R

Dr. Prakash K R research interest is new material, automation and control .Over 25 years of experience out of which 10 years in industries and remaining in academia. looking at the experience I was given an opportunity by Visvesvaraya Technological University(VTU) to undergo training in automation technology at Germany and later worked as Special officer for VTU during 2006-2011 to develop a centre of excellence in automation technology with the collaboration of Bosch Rexroth, this assignment has given me a lot of strength to solve technical problems in the field of automation, as result of this experience from 2011 I am working as professor in NIE and Program Coordinator for Industrial automation and robotics also developed centre for robotics and controls and centre for automation technology to support research scholars in the area of sensor materials, material coating, automation, robotics and IoT. During the period from 2006 to till date conducted trainings to more than 2500 students across vtu colleges and trained more than 400 faculties from different states, for my contribution to this field VTU has honoured in the year-2019

Research Projects:

1. DST-FIST Centre for Automation Technology – 97 Lakhs (Duration 2014-2019)
2. Centre For Robotics and controls -50 Lakhs (Duration 2014-2019)
3. New Age Incubation (NAIN) –Projects -15 Lakhs (2015- Ongoing)

Awards
1 .Certified Trainer for Bosch in Hydraulics & Pneumatics
2. Honored for Service provided in bringing funds to NIE

Faculty Profile

Name :Dr.Prakash.K.R.
Designation :Professor
Department :Mechanical Engineering
Contact Details:No-2981/1 ,5th Main,
V.V.Mohalla,Mysuru-2
E-mail : krp@nie.ac.in
Phone : 8105473206

About me: My primary research interest is new material, automation and control .Over 25 years of experience out of which 10 years in industries and remaining in academia. looking at the experience I was given an opportunity by Visvesvaraya Technological University(VTU) to undergo training in automation technology at Germany and later worked as Special officer for VTU during 2006-2011 to develop a centre of excellence in automation technology with the collaboration of Bosch Rexroth, this assignment has given me a lot of strength to solve technical problems in the field of automation, as result of this experience from 2011 I am working as professor in NIE and Program Coordinator for Industrial automation and robotics also developed centre for robotics and controls and centre for automation technology to support research scholars in the area of sensor materials, material coating, automation, robotics and IoT. During the period from 2006 to till date conducted trainings to more than 2500 students across vtu colleges and trained more than 400 faculties from different states, for my contribution to this field VTU has honoured in the year-2019

Qualification:

BE (Mechanical Engineering), 1990, Bangalore University

M'Tech (Maintenance Engineering) 1993, SJCE-Mysuru

PhD (Mechanical Engineering), 2011, Visvesvaraya Technological University **Courses Taught:**

Drives and Controls for Automation
Sensors and its application in manufacturing
Modelling, Simulation and Analysis of Manufacturing systems
Dynamics of Machinery
Theory of Machines
Control Engineering
Hydraulic and Pnuematics
Mechatronics
Computer Aided Engineering Drawing
Industrial Automation and Robotics

Research Supervisor:- 6-PhD Students

Positions held at NIE:

Professor and PG-Coordinator	August-2011	Till date

Research Project:-

1.DST-FIST Centre for Automation Technology – 97 Lakhs (Duration 2014-2019)

2.Centre For Robotics and controls -50 Lakhs (Duration 2014-2019)

3.New Age Incubation (NAIN) –Projects -15 Lakhs (2015- Ongoing)

Trainings conducted during the period as Special officer VTU:-

Sl.No	Training Duration	Nature of the assignment	Institution
1	09.04.2010 to 11.04.2010	Basic Hydraulics & Pneumatics	N.I.E & S.J.C.E, Mysore
2	12.04.2010 to 14.04.2010	Basic Hydraulics & Pneumatics	VidyaVikas Institute of Engineering & Technology, Mysore
3	20.04.2010 to 23.04.2010	Basic PLC & Sensorics	GSSS Institute of Engg & Tech for Women College, Mysore
4	15.06.2010 to 18.06.2010	Pneumatics & Electro pneumatics	GT&TC, Bangalore
5	22.06.2010 to 24.06.2010	Basic PLC	GT&TC, Bangalore
6	06.07.2010 to 10.07.2010	Robotics & Mechatronics	(1st Batch) Maharaja Institute of Technology, Mysore
7	12.07.2010 to 16.07.2010	Robotics & Mechatronics	(2nd Batch) Maharaja Institute of Technology & V.V.C.E, Mysore
8	06.08.2010 to 08.08.2010	Basic Hydraulics & Pneumatics	National Institute of Engineering, Mysore
9	04.08.2010 to 05.08.2010	PLC (Programmable Logic Controller)	G T & T C, Bangalore
10	20.10.2010 to 22.10.2010	Basic Hydraulics & Pneumatics.	Gogte Institute of Technology, Belgaum
11	21.10.2010 to 23.10.2010	Basic Hydraulics & Pneumatics	E.P.C.E.T, Bangalore
12	30.10.2010 to 01.11.2010	Basic Hydraulics & Pneumatics	S.I.E.T, Tumkur
13	12.11.2010 to	Basic Hydraulics & Pneumatics	N.I.E, Mysore

	14.11.2010		
14	27.12.2010 to 29.12.2010	Basic Hydraulics & Pneumatics	N.M.A.M.I.T, Nitte.
15	30.12.2010 to 01.01.2011	Basic Hydraulics & Pneumatics	N.M.A.M.I.T, Nitte.
16	04.01.2011 to 06.01.2011	Basic Hydraulics & Pneumatics	St.J.E.C, Mangalore.
17	08.01.2011 to 10.01.2011	Basic Hydraulics & Pneumatics	St.J.E.C, Mangalore.
18	11.01.2011 to 12.01.2011	Basic Hydraulics & Pneumatics	St.J.E.C, Mangalore.
19	16.01.2011 to 18.01.2011	Basic Hydraulics & Pneumatics	S.I.E.T, Tumkur.

20	12.02.2011 to 14.02.2011	Basic Hydraulics & Pneumatics	S.E.A College of Engg & Technology, Bangalore.
21	04.04.2011 to 13.04.2011	Hydraulics & Pneumatics	Bosch Rexroth Limited, Bangalore 04.04.2011 to 09.04.2011 (Hy) and 10.04.2011 to 13.04.2011 (Pn)
22	18.04.2011 to 27.04.2011	Hydraulics & Pneumatics	Bosch Rexroth Limited, Bangalore 18.04.2011 to 23.04.2011 (Hy) and 24.04.2011 to 27.04.2011 (Pn)
23	12.11.2011 to 13.11.2011	Basic Hydraulics & Pneumatics	NIE, Mysore
24	06.01.2012 to 08.01.2012	Basic Training Programme	Govt. Polytechnic College
25	13.01.2012 to 17.01.2012	Hydraulics & Pneumatics	AMC Engineering college Bangalore
26	25.01.2012 to 28.01.2012	Hydraulics & Pneumatics	Dr AIT & BIT Engineering college Bangalore
27	13-02-2012 to 17-02-2012	Basic Hydraulics & Pneumatics	KGISL Institute of Technology, Coimbatore
28	19-02-2012 to 23-02-2012	Basic Hydraulics & Pneumatics	KGISL Institute of Technology, Coimbatore

29	16-03-2012 to 18-03-2012	Basic Hydraulics & Pneumatics	Sri Venkateshwara College of Engineering, Bangalore
30	03-05-2012 to 05-05-2012	Robotics & Mechatronics	PES College of Engineering, Mandya
31	13-05-2012 to 14-05-2012	Basic Hydraulics & Pneumatics	NIE ,Mysore
32	09-07-2012 to 14.07.2012	Advance PLC	NIE, VVCE, MCE

Report on

NEPs Focus on Governance, Leadership, Innovation, Entrepreneurship in Higher Education

Date: 29 December 2020

Time: 11 AM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "NEPs Focus on Governance, Leadership, Innovation, Entrepreneurship in Higher Education" for the students and faculties of the institution on 29th December 2020 at 11 AM through MS Teams platform.

Dr. Kalpana Gopalan, IAS, PhD-IIMB, Additional Chief Secretary, Department of Youth Empowerment & Sports, Government of Karnataka, was invited as the keynote speaker for event. Dr. Kalpana Gopalan spoke in detail on how the new education policy that has been proposed will have its impacts on various associated domains such as the governance and leadership in the next generation people.

Also, they have highlighted few points which could be act as catalyst in promoting the innovation and entrepreneurial mindset among the students of the higher education. Students and faculties from various departments, external institutional participants attended the session.

PERSONAL VISION

I desire not to be different, but to make a difference. A hybrid leader with a unique mix of public service, business school and academic credentials, I am a versatalist who can work collaboratively across the private, public and not-for-profit sectors. I aspire to bridge ideation and action in leadership positions at a global level.

SUMMARY

I am a composite public policy professional- practitioner, policy-maker, scholar, author, volunteer and mother. I secured the 19th rank in the All India Combined Civil Service Examination, 1987. My 32-year cross-sectoral work experience in the Indian Administrative Service spans land administration, urban management, public distribution system, sports, rural development, youth, training and education. I am now the Additional Chief Secretary, Department of Youth Empowerment & Sports, Government of Karnataka.

I received of the Mother Theresa Women Empowerment Award 2019 for "outstanding contribution to excellence in leadership" and the International Human Rights 2019 in the Woman of Courage category. I was awarded citations and commendations by Bangalore University, NITTE University, Yenepoya University, Mysore University (2020) Rajiv Gandhi University of Health Sciences, Visveswarayya Technological University, Gulbarga University, Jain University, Melkote Academy of Sanskrit, WeLEED-Empowering Women's Growth, Ramaiah Institute of Technology, Acharya Institutions, Sheshadripuram Trust, SJES Institutions, National Social Service Scheme, Gulbarga University (2019), Honorary Consul, Republic of Maldives (2015) and Institution of Engineers of India (2013). I stewarded the NLM-UNESCO 2000 award for Karnataka with my work in literacy and the Karnataka Ratna award 2013 for Cauvery Handicrafts. I was felicitated by the BMS Engineering College, Gandhi Bhavana, Mysore University, Bangalore University (2020), KLE Society Belgaum; Rajiv Gandhi University of Health Sciences; Siddaganga Institute of Technology Tumkur; National Social Service Scheme Karnataka; Karnataka State Employees Association; Kuvempu University (2019), Darshan College Bangalore and Primax Foundation (2018). I am Advisor, Bangalore City Corporation; Honorary Consultant, Administrative Training Institute Mysore; Member, Public Sector Advisory; Grant Thornton India; Member Advisory Board, World Congress on Women; and Advisor, Government Blockchain Association India.

I complement my work experience with a Doctorate and a Masters in Public Policy from the Indian Institute of Management Bangalore. My research interests are public private partnerships, infrastructure, land management, rural development, education and urban governance. I was rated among the "top two percent of doctoral candidates in the past decade" for my research on infrastructure public private partnerships. A gold medallist and university topper in my undergraduate and master's, my international exposure includes Visiting Fellow at McGill and Concordia Universities in Canada; EU fellow in the University of Salerno in Italy; Chevening Gurukul scholar, Institute of Development Studies, UK; and Maxwell Public Policy scholar in Syracuse University, USA. I trained in Evidence for Policy Design in the Centre for International Development, Harvard University, USA and in E-Governance strategy in the London School of Economics, UK. I was twice selected as a SA-YSSP scholar by the University of the Free State, Bloemfontein, South Africa and the International Institute for Applied Systems Analysis.

I present papers in national and international fora and have published three books and many journal articles. A sought-after speaker, I have delivered over 250 talks on different aspects of public policy to national and global audiences.

I pursue my academic interests as Senior Research Fellow in the National Institute of Urban Affairs, New Delhi; Visiting Faculty/Fellow in the Institute of Social & Economic Change, Bangalore; Centre for Infrastructure,

Sustainable Transportation and Urban Planning, Indian Institute of Science, Bangalore; IIMB-Century Real Estate Research Initiative, Indian Institute of Management, Bangalore; Acharya Bangalore B-School; and Kuvempu Rural University, Shimoga. I am Member, Advisory Board, AIMS School of Business, Bangalore; Member, Academic Council, Mahatma Gandhi Kashi Vidyapith, Varanasi; and Member, MDP Advisory Committee, Presidency University, Bangalore. I am Chief Editorial Advisor IJ360MR; Expert, Panel of Reviewers, IIMB Review, IIM Bangalore; and Member, Editorial/Advisory Board of IJBST, IJASRW and IFERP journals.

I volunteer as Advisor to Akshayapatra Foundation, Bangalore; Grassroots Research & Advocacy Movement- Swami Vivekananda Youth Movement, Mysore; Bangalore Women Forum; Centre for Health & Development, Mangalore; World Congress on Women 2019 and YWCA and as Speaker, HER Initiative, Maharashtra. A prolific writer, blogger and speaker, I served as Secretary, Toastmasters International (IIMB Orators).

My career as a civil servant gave me a leadership responsibility in public service; gaining new academic skills and advocacy has enabled me to provide creative, inspired leadership nationally and globally.

KEY COMPETENCIES

- Policy-making and implementation experience in leadership positions in the IAS for over 32 years.

Report of

Webinar on "National Education Policy – 2020: Overview & Opportunities"

Date: 24 December 2020

Time: 3 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "National Education Policy 2020: Overview & Opportunities" for the students and faculties of the institution on 24th December 2020 at 3 PM through MS Teams platform.

Sri. Gajanan Londhe, Executive Director, Samvit Research Foundation, Head of Strategy and Transformation, Nokia Bengaluru was invited as the keynote speaker. Sri Gajanan Londhe provided a brief overview of the National Education Policy, its implementation criteria, phases, and how it can bring flexibility to the current education system to the students and faculties of the institution.

Sri. Gajanan Londhe also highlighted the opportunities that could be created or implemented though new education policy by the institutions in multidisciplinary fields for the benefits of the students with different interests.

Date: 24 December 2020
Time: 3.00 P.M

Online Platform: MS - Teams

SHORT PROFILE:

Shri Gajanan Londhe is the Founding Member of Samvit Research Foundation and serves as its Executive Director.

He is an engineer by profession, with the zeal to improve education in our country.

He is part of various initiatives with educationists and scholars to collaborate and expand learning from successful experiments for the benefit of a large number of schools across India.

At Rashtrotthana Parishat, he leads the Education Cell of Rashtrotthana CBSE Schools, which is responsible for designing common academic framework based on Panchamukhi Shikshana and the associated Teacher Development, to promote education for all-round development of children.

Gajanan has 27 years of corporate experience, working for Software MNCs, besides a short stint as an entrepreneur.

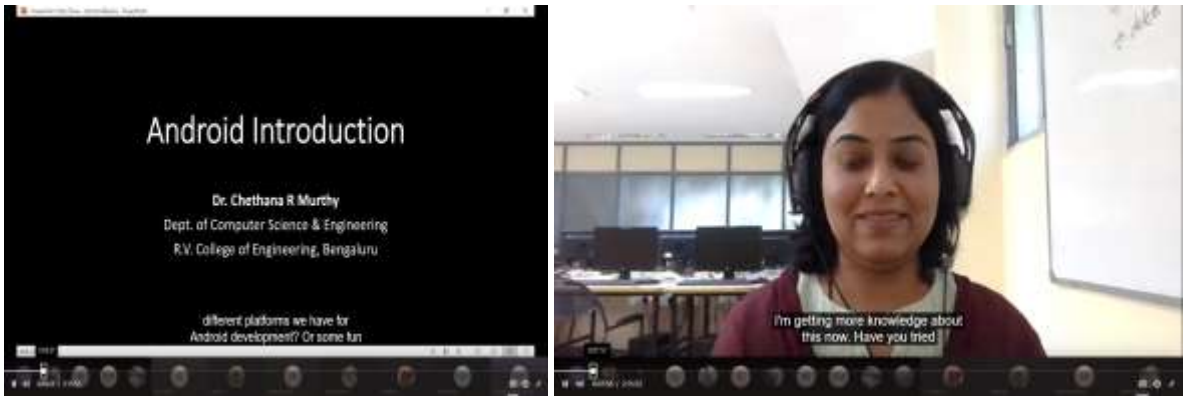
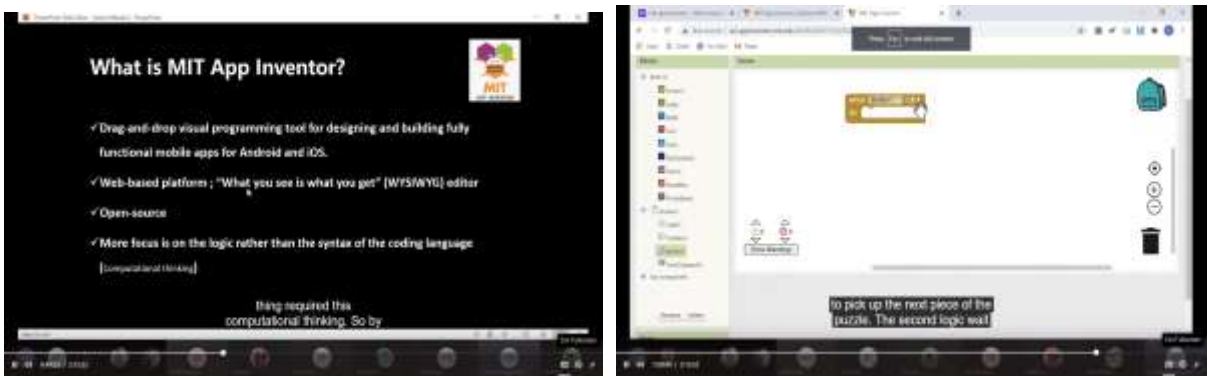
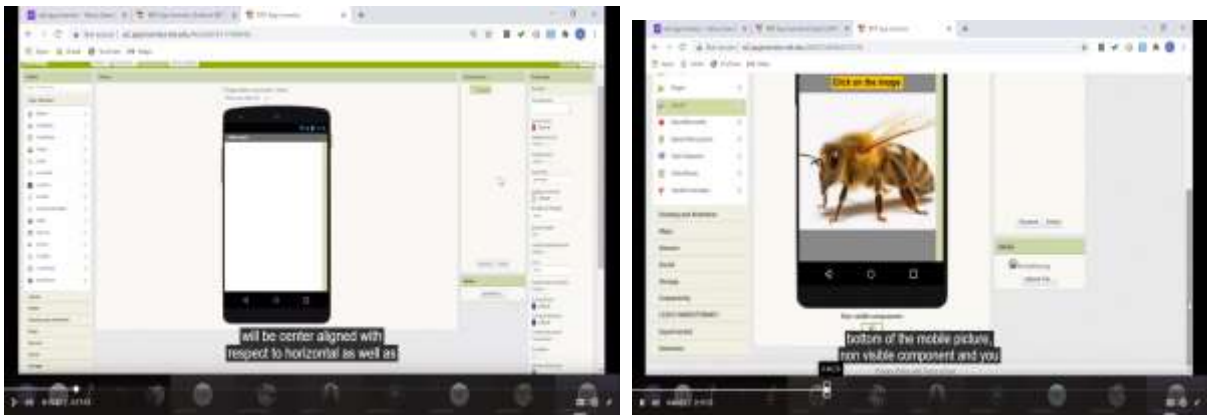
Report of Andriod App development



Day-1 Session snapshot of Android App Development



Day-1 Session snapshot of Android App Development



Day-2 Session snapshot of Android App Development

The session address Android APP Development for students with hands on experience with android app with MIT inventor

Developing Android Apps with App Inventor is to give students hands-on experience in developing Android applications. The online workshop is intended for students who are interested in computational thinking with App Inventor, and for anyone who would like to learn basic programming skills. It provides many interesting hands-on examples, including simple games and practical tools, to make programming fun and easy even for beginners without any prior programming experience.

Ref: AY-2020-21/Odd/08

22nd December 2020

To
The Principal
ATMECE, Mysuru.

Respected Sir,

Subject: Workshop on **"Android App Development"**

With reference to the above subject, the Department of Electrical and Electronics Engineering is organizing a Workshop titled **"Android App Development"** on 24th & 26th December 2020 from 10AM to 12 noon. Resource person for the event is Dr. Chethana R Murthy, Assistant Professor, Department of CSE, RV College of Engineering, Bengaluru. Target participants are for 5th Semester students from EEE,ECE,ME,CVE. Request your good office to kindly approve the budget proposed and do the needful.

Sl. No.	Particulars	Amount in Rs.
1	Honorarium to the Resource Person	4000
2	Registration charges (Rs 100/ participants)	4000

Thanking You Sir.

Approved

Workshop on
"Android App Development"

Date: 24th & 26th December 2020
Time: 10.00 AM to 12 Noon
Target Participants: 5th Semester Students (EEE/ ECE/ CV/ME)
Meeting Platform: Microsoft Teams

Resource Person:

Dr. Chethana R Murthy
Assistant Professor,
Department of CSE, RV College of Engineering, Bengaluru

- Teaching experience of 12.5 years and industry experience of 2.5 Years
- Area of Interests: Wireless Cellular networks, Data Structures and Algorithms, Mobile Application Development

Program Chair

Dr. Parthasarathy L
ATME IEEE Student Branch Counsellor
Professor & Head, Department of EEE
ATME CE, Mysuru

Objectives of the Workshop:

- To enhance the analytical skills.
- To enhance the programming skills through Android App development.

Account Details:
Account Number: 4966101000099
Account Name: ATME IEEE Student Branch
Bank Name: Canara bank
Branch: Mid Corporate Branch , Mysuru

22.12..2020

To

Dr. Chethana R Murthy
Assistant Professor,
Department of CSE,
RV College of Engineering, Bangalore

Dear Madam,

Subject: Invitation as a Resource Person for Workshop "Android App Development"

ATME College of Engineering is one of the premium institute in Mysuru, established in the year 2010, affiliated to Visvesvaraya Technological University, Belagavi, Karnataka. The Department of Electrical and Electronics Engineering was started in the year 2010 with an intake of 60 students. Presently about 185 students are on rolls from second to the fourth year. The department is recognized as a research center by Visvesvaraya Technological University (VTU), Belagavi to offer Ph.D. and M Sc (Engg.) programs.

With reference to the above subject, The Department of Electrical & Electronics Engineering, ATMECE Mysuru, is pleased to invite you as a Resource person for **Workshop "Android App Development"** on 24th & 26th December 2020 at 10 AM to 12 Noon.

Thanking you

Warm Regards

Dr. Parthasarathy L
Professor & Head, Dept. of EEE

Webinar on "Structural Engineers in Innovation and Entrepreneurship"

Date: 23 December 2020

Time: 1.45 PM

Platform: MS Teams

Mode: Online

Institutions Innovation Council – ATMECE has organised a webinar on "Structural Engineers in Innovation and Entrepreneurship" for the students and faculties of the institution on 23rd December 2020 at 1.45 PM through MS Teams platform.

Dr. Raghavendra Prasad M D, Founder & Managing Director, RPV Engineering Consultants Pvt Ltd addressed the participants from college and outside institutions regarding the importance of innovation in every field of application and focussed on how structural engineers can be more creative and innovative in their projects.

Dr. Raghavendra Prasad M D, also emphasised on creating and developing the mindset of job creation in the current youths and motivated them to pursue the path of entrepreneurship as it possess more opportunities to be more innovative and successful in their respective domains.

Department of Electrical and Electronics Engineering

Report-Workshop on Tool usage -LabView

The department of Electrical & Electronics Engineering, ATME College of Engineering, Mysuru had organized a Three day Workshop on “LabView” for the 2nd year of Electrical and Electronics Engineering on 21st December 2020 to 23rd December 2020 through Online Platform. The event was organized to make the students to learn the modern tool usage and to simulate the Electrical & Electronics Circuits by using the modern tool LabView.

LabVIEW (Laboratory Virtual Instrumentation Engineering Workbench) is a platform and development environment for a visual programming language from National Instruments.

The workshop was aimed at providing a common platform to explore the usage of Virtual Instrumentation and Design aspects using simulation with the help of LabVIEW and to combine the theoretical models of the design using real-world signal, i.e, capable to design, simulate, modify design parameters and explore the algorithm implementation. At this workshop, attendees gained hands-on experience modeling, designing, and building powerful, custom measurement and control applications, and learnt about NI LabVIEW, a widely used graphical development environment. The graphical approach helped to build programs by simply dragging and dropping virtual representations of the lab equipment with which they are already familiar. The Lab VIEW programming environment, with the included examples and the documentation, makes it simpler to create small applications.

Department of Electrical and Electronics Engineering

To

The Principal

ATMECE, Mysuru.

Date: 16.12.2020

Respected Sir,

Subject: Workshop on **"LabView"** for 3rd Semester Students.

With reference to the above subject, the Department of Electrical and Electronics Engineering is organizing a Workshop on, **"LabView"** for 3rd Semester students from 21st to 23rd December 2020, in two sessions a day, morning from 10:00AM to 11:30AM and afternoon session from 3 PM to 4:30 PM by LabView certified resource person from Electronics and Communication Engineering department.

Thanking You Sir.

With Regards

Dr Parthasarathy L

Approved

16/12/20

Department of Electrical and Electronics Engineering

Workshop on "LabView"

Objectives of the Workshop :

- To make the students to learn the modern tool usage.
- To introduce LabView to simulate Electrical & Electronics Circuits.

Date: 21st to 23rd December 2020

Time: Morning Session: 10 AM to 11:30AM

Afternoon Session: 3 PM to 4:30 PM

Target participant: 3rd Semester EEE Students, Department of EEE, ATMECE

Meeting Platform: Microsoft Teams

Resource Person: LabView certified Team
Department of Electronics and Communication Engineering.

Program Co-ordinators: **Lakshmi K**
Assistant Professor
Department of EEE
ATME CE,Mysuru

Sathish K R
Assistant Professor
Department of EEE
ATME CE,Mysuru

ATME
College of Engineering

ISO 9001:2015

QS I·GAUGE INDIAN COLLEGE & UNIVERSITY RATING GOLD

Department of Electrical & Electronics Engineering
Organizing Workshop for 3rd Semester Students

RESOURCE PERSONS

LabView Certified Team
Department of Electronics and Communication Engineering.
ATME College of Engineering, Mysuru.

OBJECTIVES OF THE WORKSHOP

1. To make the students to learn the modern tool usage.
2. To introduce LabView to simulate Electrical & Electronics Circuits.

PROGRAM CONVENOR

Dr Parthasarathy L
ATME IEEE Student Branch Counsellor
Professor & Head, Department of EEE

PROGRAM COORDINATORS

Mrs. Lakshmi K
Assistant Professor
Department of EEE

Mr. Sathish K R
Assistant Professor
Department of EEE

Platform: Microsoft Teams

Schedule of the Workshop (21st to 23rd December 2020)

Day	Session timings	Topic will be covered	Resource Person/ speaker
21/12/2020	10.00am to 11.30am	Importance of LabVIEW, Applications, Career Opportunities	**Mr.Girish M** Assistant Professor. Certified LabVIEW Associate Developer
	3.00pm to 4.30pm	Creation of VI, Data types supported by LabVIEW, Arithmetic, logical & Boolean Operators with examples	**Mrs. Harshitha N** Asistant Professor. Certified LabVIEW Associate Developer
22/12/2020	10.00am to 11.30am	Strings & Arrays with suitable examples	**Mrs. Shalini V S** Asistant Professor. Certified LabVIEW Associate Developer
	3.00pm to 4.30pm	For Loops, while loops with extended examples	**Mrs.Pavithra A C** Asistant Professor. Certified LabVIEW Associate Developer
23/12/2020	10.00am to 11.30am	Case structure, event structures, sequence structures with suitable examples	**Mr.Manjunath K** Asistant Professor. Certified LabVIEW Associate Developer
	3.00pm to 4.30pm	CLAD certification preparation, Mini project idea discussion	**Mr.Girish M** Assistant Professor. Certified LabVIEW Associate Developer

Department of Electrical and Electronics Engineering

AGENDA

19.12.2020

Three Days Online Workshop on "LabView" for 3rd Semester Students

Platform: MS Teams
Date: 21.12.2020

Session 1 : 9:40 AM to 11.30AM

- Welcoming: 9:40AM – 9:42 AM
- Resource Person Profile Read out: 9:42 AM - 9:45 AM
- Address by Principal: 9:45 AM - 9:50 AM
- Address by HOD: 9:50 AM - 9:55 AM
- Session: 10:00 AM – 11:30 AM

Session 2: **3:00 PM – 4:30 PM**

Date:22.12.20

Session 3: 10:00 AM to 11:30AM
Session 4: 3:00 PM to 4:30 PM

Date:23.12.20

Session 5: 10:00 AM to 11:30AM
Session 6:3:00 PM to 4:00 PM
Assessment – 4:00 PM to 4:30 PM
Vote of thanks – 4:30 PM to 4:35PM

For any further information, Kindly Contact

Mr. Sathish K R
Assistant Professor, Department of EEE
Mob: +91-9611982696

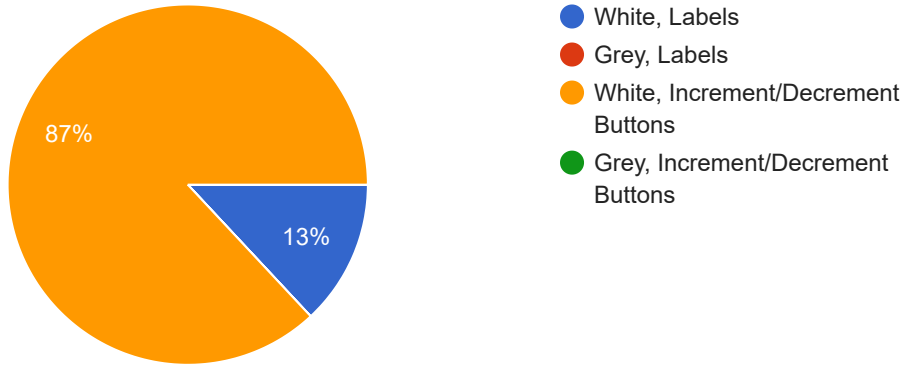
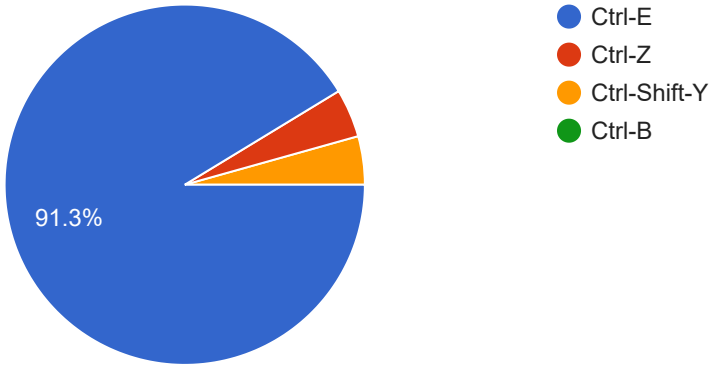
Numeric controls are different from numeric indicators because they have a background and _____

23 responses



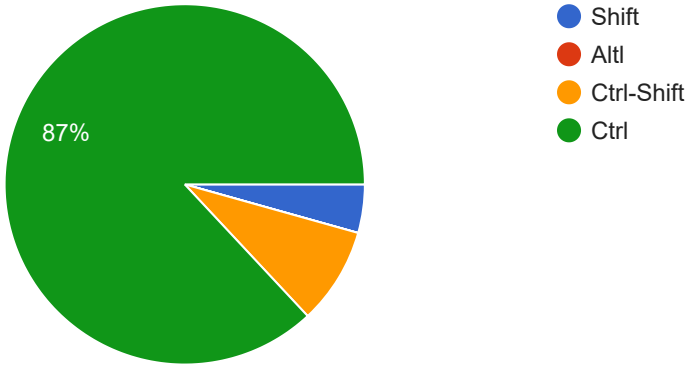
To switch between the front panel and block diagram, select Window >> Show Block Diagram/Front Panel, or simply press _____

23 responses



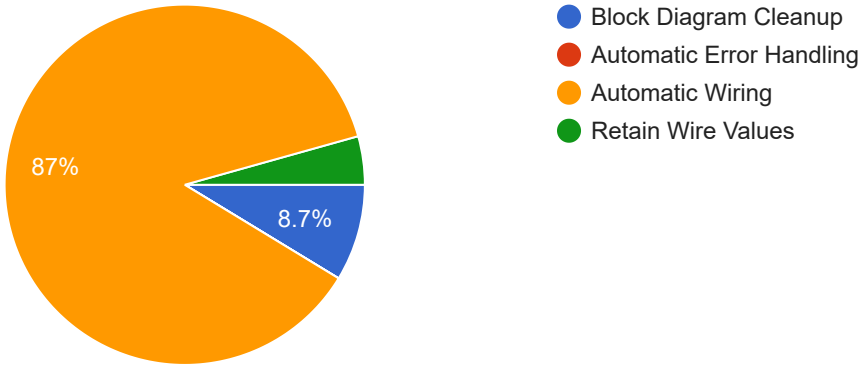
To copy an item on the front panel or block diagram, press <Ctrl-C> and then <Ctrl-V>, or simply hold _____ and click and drag and drop the item.

23 responses



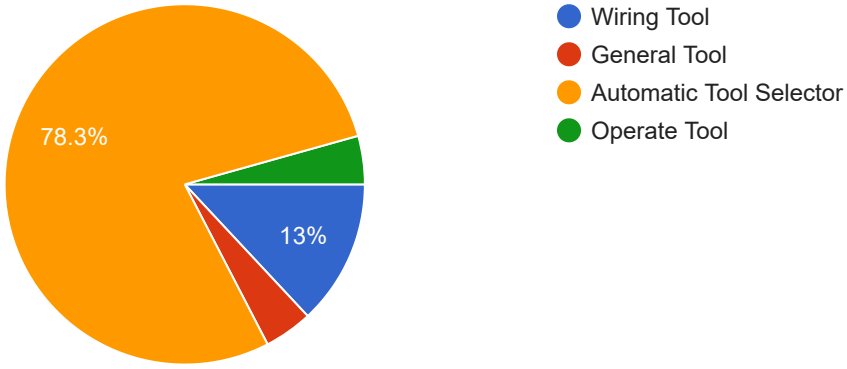
When placing a new function, control, indicator, or constant, the _____ feature wires the terminals together if placed within close enough proximity

23 responses



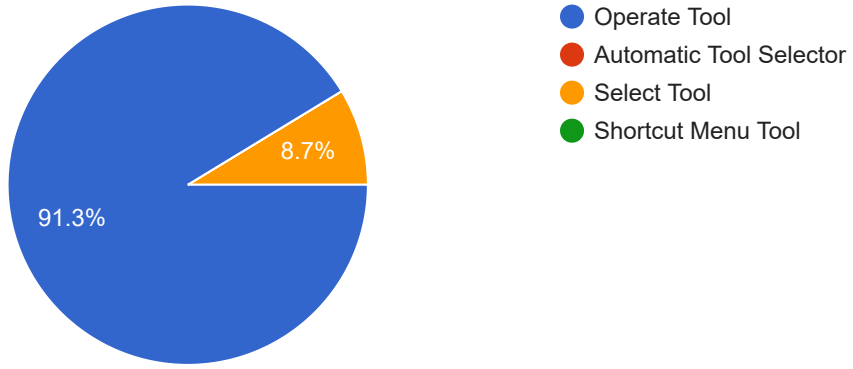
The _____ chooses the best tool based on where the mouse pointer is placed in the LabVIEW environment.

23 responses



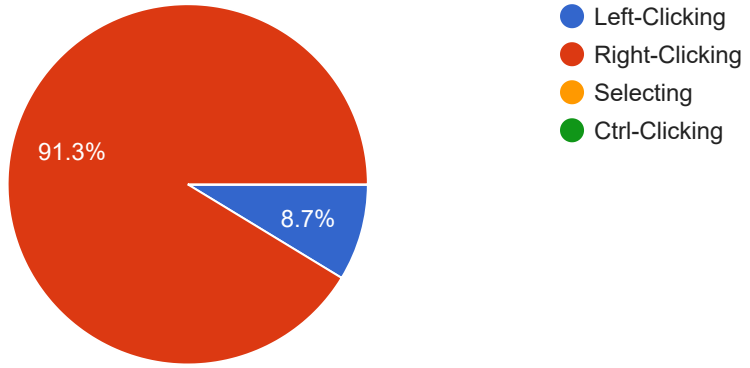
The _____is typically used during run time to change the value of a control.

23 responses



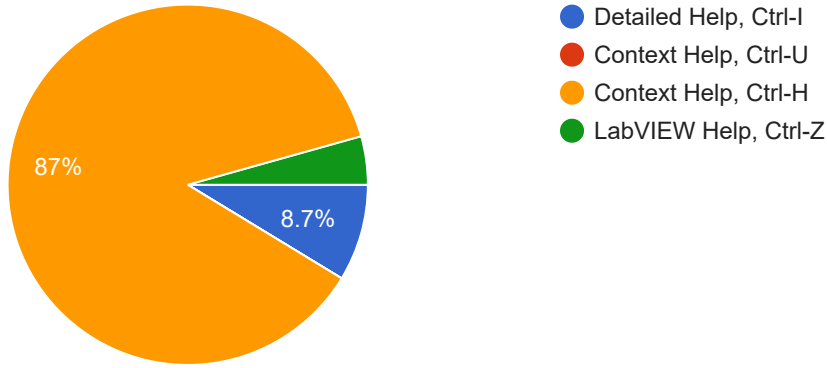
_____any object in the LabVIEW environment provides quick access to most of the properties that can be changed.

23 responses



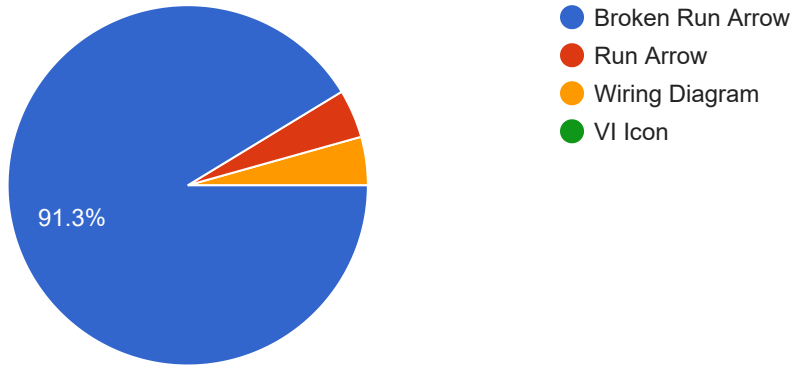
To find a quick description of an object in the LabVIEW environment, simply turn on _____ by pressing _____ and hovering over the object.

23 responses



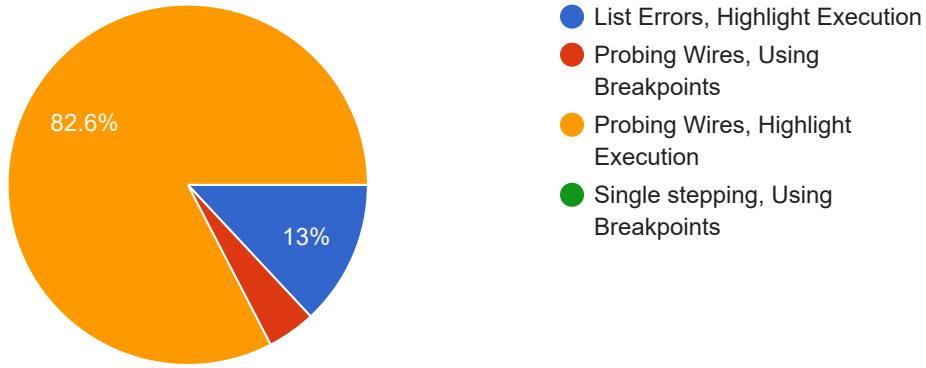
A _____ indicates that the VI is broken or not executable

23 responses



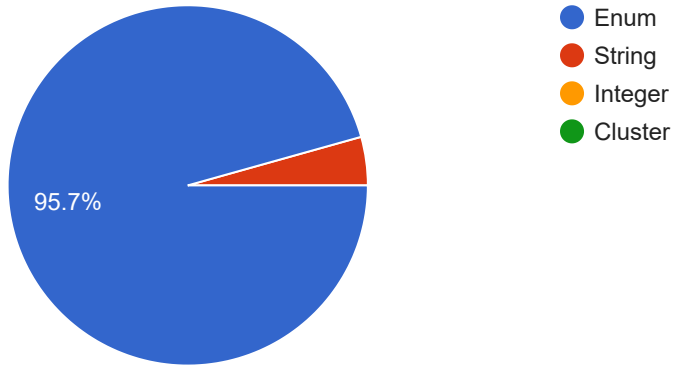
If you are not getting the expected values from your VI, two good troubleshooting steps are _____ and _____- , which show wire values during run time and slow down execution, respectively.

23 responses



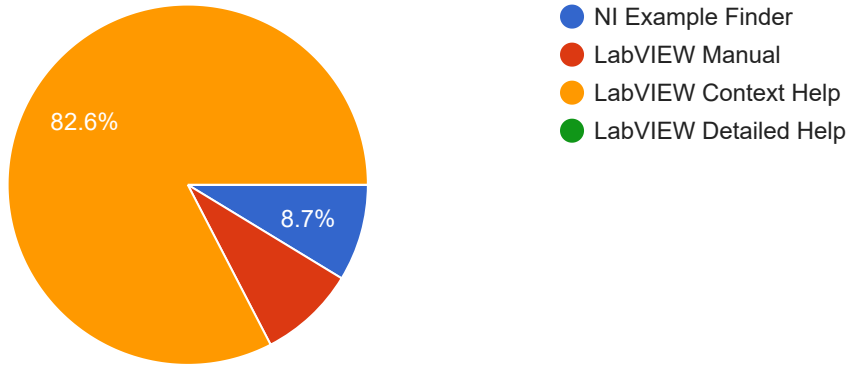
Being able to store a list of items in both a string and integer format allows for intuitive programming and a user friendly interface. This is made possible with the _____ data type.

23 responses



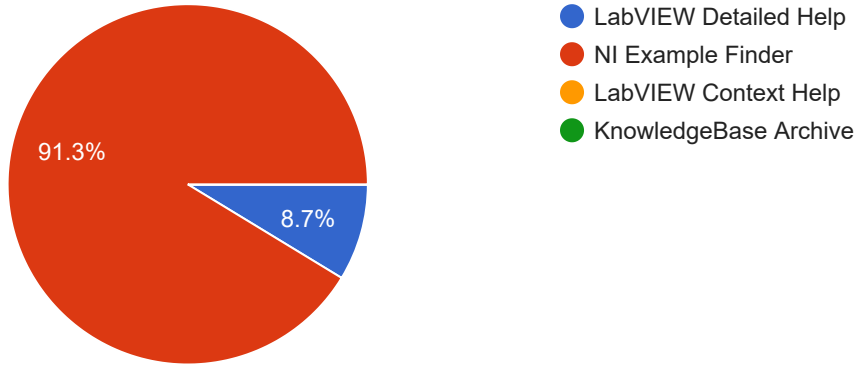
Use _____ within the LabVIEW environment to see a quick description of any object on the block diagram or front panel.

23 responses



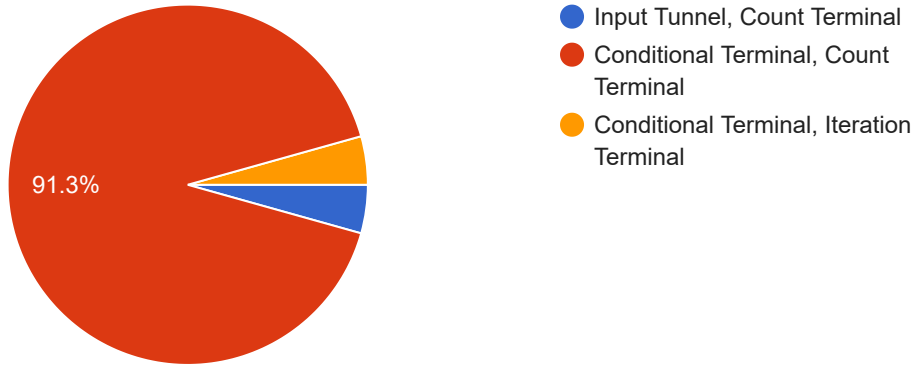
To open a prebuilt VI to serve as a starting point or as a point of reference, open _____ and browse or search for the appropriate VI.

23 responses



A For Loop is different from a While Loop because it runs for a set number of iterations and does not require a _____ . The number of iterations is set by the _____.

23 responses



A _____ allows a VI to run until a certain condition is met, such as pressing a Stop button on the front panel.

Technical Talk on "Natural Language Processing"

Department of Computer Science & Engineering had organized a Technical Talk on **"Natural Language Processing"** on **30th Sep 2020** virtually for faculties and students.

Around 190 participants were registered for the event. Through telegram link all the event activities and feedback link were shared. Registration for the Technical Talk was free. Many students and faculties have effectively participated. Live YouTube link was provided for the participants to attend and free certificates were issued to active 189 participants.

Eminent speakers from various institutions were invited as resource persons. Dr. Puttegowda D, HOD, CSE, Thanked all the speakers for delivering their topics excellently and also the management and Principal Dr Basavaraj L for their kind support in organizing the event.

Mrs. Impana Appaji and Mrs. Sneha N P coordinated the events and event was hosted by Mrs. Impana Appaji., Assistant professor, Dept., of CSE.

Resource persons and topic delivered are listed below.

RESOURCE PERSON

Mr. Amom Nandaraj Meetei

Resource person at Linguistic Data Consortium for Indian Languages (LDC-IL) at Central Institute of Indian Languages (CIIL), Mysore.

Dr. Prathibha R J

Assistant Professor in the Department of Information Science and Engineering, JSS Science and Technology University (formerly SJEC), Mysuru.

Resource Person: Dr. Prathibha R J - Assistant Professor, Dept., of ISE SJCE, Mysuru.
Topic Delivered: Parts of Speech (PoS) Tagger: A Primitive Module in Natural Language Processing (NLP) Applications

Dr. Prathibha R J, Gave an brief overview on natural language processing followed by development of some primitive modules that are prerequisite for the design of Parts of Speech (PoS) tagger for English language. Chosen English as the natural language for which parts of speech tagger is developed, linguistic background of English language was also explained with examples. The steps that are involved in developing PoS tagger for English are illustrated with examples. The steps are text normalizer where normalization of input raw text is done and morphological stemmer and analyzer which will provide the morphological and grammatical features of each input word in the document, later PoS tagger which is implemented using rule based or morpheme based and stochastic based approaches were explained with examples. For each module, result analysis also discussed with statistics and performance metrics. At the end, applications of PoS tagger and also natural language processing were discussed.

Linguistic Background of English Language
• Declinable Words: Declinable words are generated by adding a set of suffixes to root-word.
1. Inflectional Words
2. Derivational Words
1. Inflectional Words:
• Inflectional words are generated by adding inflectional suffixes to root-word.
• All inflected words belong to same lexical category.
Example: Study, Studying, Studied, Studies etc., belong to verb category.
2. Derivational Words
• Generated by adding derivational suffixes to root-word.
• The lexical category of derived word changes from the original lexical category of root-word.
Examples:
◦ Noun to adjective: success (N) + ful => successful (ADJ)
◦ Adjective to noun: happy (ADJ)+ ness => happiness (N)
◦ Adjective to verb: commercial (ADV)+ ize => commercialize (V)
◦ Verb to noun: speak(N) + er => speaker(N)

Resource Person: Mr. Amom Nandaraj Meetei- Resource person at (LDC-IL) at CIIL, Mysuru.
Topic Delivered: "Chunking for Indian Languages"

Mr. Amom Nandaraj Meetei, Gave an brief overview on the topic entitled "*Chunking for Indian Languages*". He started his lecture primarily placing a focus on the definition of chunking and its implied perspectives in NLP. The process of annotating tagged tokens with structures in a non-hierarchical and non-recursive way is Chunking. Logically, there must have only one HEAD surrounded by modifiers within a chunk. Identifying the head in chunk is a challenging task. There may be adjectives in series in a noun chunk and based on the logical slogan of 'one head per chunk', one has to decide the chunk in question. Linguistically, there are recursive nested phrases where a number of head words can appear one after one. Based on the strategy that nested non-recursive clusters should be identified with their heads, for example, in a possessive construction, there are two nouns, one asa possessor and the other as a possessum, so in this construction, Amom emphasized, each noun has to be chunked separately. The same logic applies to other constructions such Spatio-temporal noun (NST) constructions where the ground NPis followed by an axial part (NST) in most of Indian languages. In this construction, too, NSTs are to be considered to be independent chunks. There are finite and non-finite verbal chunks. Amom gives a linguistic clue that non-finites verbs don't have overt subject of its own and they have unique forms determined by various markers responsible for identifying different non-finite verbs such as gerund, infinitive and participles. Amom concludes his lecture by spelling out the fact that the ultimate goal of research on Natural Language Processing (NLP) is to parse and understand language. For this reason, much research in NLP has focused on intermediate tasks that make sense of some of the structure inherent in language without requiring complete tagging understanding. One such task is chunking or partial parsing.

   - Member (Life) - Institute of Engineers, India, Calcutta.

Dr. Prathibha R J obtained B.E in Computer Science and Engineering in 2003, M.Tech in Software Engineering in 2007, Ph.D in Computer Science in 2018 from Visvesvaraya Technological University, Belagavi. Her are of research interest are Natural Language Processing, computational linguistics, Machine learning and translation. She has around 7 years of experience in industry and 17 years of experience in teaching. She has developed some educational software in the field of science and Indic languages. She has published around 20 papers in international journals and conferences. She has taken role as session chair in national and international conferences. She has reviewed research papers that are published in international conference proceedings. She has been invited as a Resource person to deliver lecture on programming languages, computational linguistics, etc. She has guided around 40 UG projects and around 25 PG projects and one Ph.D student is perusing research in the field of natural language processing. She is also invited as translator by NPTEL, IIT Madras, to translate course materials from English to Kannada language. Currently she is working as Assistant Professor in the Department of Information Science and Engineering, JSS Science and Technology University (formerly SJEC), Mysuru.

AMOM

Presently working in the scheme of Linguistic Data Consortium for Indian Languages (LDC-IL) at Central Institute of Indian Languages (CIIL), Mysore. Nature of work includes Chunking, POS tagging, Speech segmentation/annotation, Morphological Analyzer, Frequency Dictionary etc. in Manipuri.

RESEARCH INTERESTS:

- Research Areas : NLP & Syntax-Semantics Interface
- Research Languages : Manipuri & other Tibeto-Burman languages.

EDUCATIONAL QUALIFICATIONS:

- Pursuing Ph.D. on the topic entitled ***The Nominal Arguments in Meeteilon*** from University of Mysore, Karnataka, India.
- UGC-NET (15th June 2012)
- M. A. (Linguistics) from Manipuri University obtaining 1st Division in 2002.
- T.D.C. (Mathematics) from Manipur College, Imphal, obtaining 2nd Division in 1995.
- P.U. (Science.) from MayaiLambi College, Yumnam Huidrom, Imphal, obtaining 2nd Division in 1992.
- Matriculation from Board of Secondary Education Manipur, Manipur,obtaining 2nd Division in 1990.

WORKING EXPERIENCES:

- June-November, 2005. Resource Person on the project entitled "Bengali-Hindi-Manipuri Contemporary Language Corpora Project."

- Nov, 2006 to March 2007. Resource Person (Academic) in ManipuriOnline, under LIC- Indian (ILA) Project.
- March, 2007. Resource Person in CIIL-Manipuri Corpora Project.

MEMBERSHIP OF LEARNED SOCIETIES:

- Linguistic Society of India Deccan College (Membership No.55/2013)
- Dravidian Linguistics Association (Life Membership Dec. 2014)

LANGUAGE PROFICIENCY:

- English, Manipuri, Hindi.

HOBBIES:

- Drama Writing, Reading; Listening and singing songs.

GENDER: Male

NATIONALITY: Indian

Organizing Department Name: Department of Computer Science & Engineering.

Title of the event: Workshop on Database Application Development

Date:23/12/2020 and 24/12/2020

Venue: Department of Computer Science & Engineering, ATMECE.

Event Description: Conducted two day's workshop on "Database Application Development" in CS Dept. This workshop is targeted to pre final year students for implementation of mini project using database. This workshop is concentrated on different front end design tool like PHP, JAVA and JSP with MySQL database.

Day 1: Explained JDBC process. Java Database Connectivity (JDBC) is an application programming interface (API) for the programming language Java, which defines how a client may access a database. It is a Java-based data access technology used for Java database connectivity and also it is a part of the Java Standard Edition platform, from Oracle Corporation.

Created page using JSP. Java Server Pages (JSP) is a Java standard technology that enables you to write dynamic, data-driven pages for your Java web applications. JSP is built on top of the Java Servlet specification. The two technologies typically work together, especially in older Java web applications.

MySQL has stand-alone clients that allow users to interact directly with a MySQL database using SQL, but more often MySQL is used with other programs to implement applications that need relational database capability.

Developed simple application using Java Server Page as front end and MySQL has backend. Implemented operation like insert new record to application, updating of record and delete record from table. And also applied triggers and stored procedure for application.

Day 2: The Day two session started with PHP scripting language .PHP is a server side scripting language that is embedded in HTML. It is used to manage dynamic content, databases, session tracking, even build entire e-commerce sites and focused on PHP syntax and semantics are the format and the related meanings of the text and symbols in the PHP programming language. They form a set of rules that define how a PHP program can be written and interpreted.The PHP syntax and semantics are the format and the related meanings of the text and symbols in the PHP programming language. They form a set of rules

that define how a PHP program can be written and interpreted and also focused on Apache server. Apache HTTP Server, colloquially called Apache, is a free and open-source cross-platform web server software, released under the terms of Apache License 2.0. Apache is developed and maintained by an open community of developers under the auspices of the Apache Software Foundation.

In session Implemented login page using PHP, HTML and CSS with MySQL database. Created simple database for login page shown connection between PHP and MySQL database. And also implemented operation like insert, update and delete on tables using front end. Finally applied stored procedure and triggers to project.

Participated 80+ students in online workshop through MS Teams platform.

REPORT ON ONE DAY TECHNICAL TALK ON

"Concepts on Industrial Structures"

Department of Civil engineering organized one day technical talk on **"Concepts on Industrial Structures" on 19.11.2020** for the benefit and upgradation of student knowledge level in the field of structural engineering.

Mr Satish Jatwani, Director and Training Head , EZ Engineers,Pvt. Ltd , delivered the importance of Industrial Structures and complication faced in the Civil Engineering field.

Outcome:

The purpose of the study is to justify or refute the hypothesis about influence of progressiveness of the industrial structure on sustainable economic development and quality of life of the population. The section aims at developing a conceptual framework to analyse the pervasive processes of structural transformation that have accompanied modern economic growth. The importance of Designing the structural components and maintenance of the structure by proper designing and having safety measures while construction.

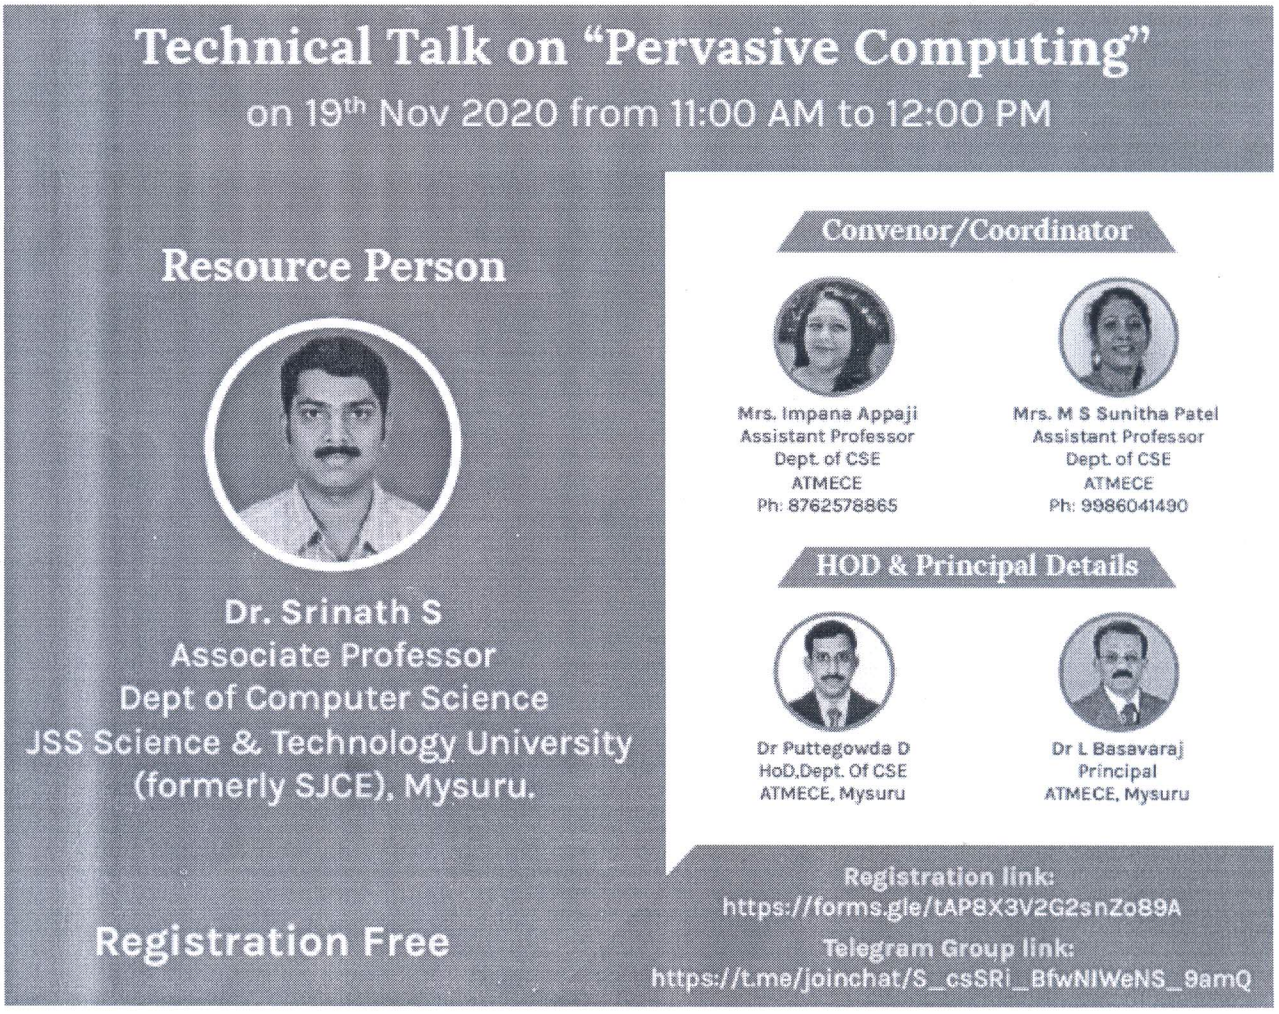
Resource persons and topic delivered are listed below.



Resource Person: Dr. Srinath S - Associate Professor, Dept., of CSE, SJCE, Mysuru.
Topic Delivered: Pervasive Computing.

Dr. Srinath S, Gave an brief overview on Pervasive computing, also called ubiquitous computing, He also spoke regarding the growing trend of embedding computational capability into everyday objects to make them effectively communicate and perform useful tasks in a way that minimizes the end user's need to interact with computers as computers. He showed how the Pervasive computing devices are network-connected and constantly available. Unlike desktop computing, pervasive computing can occur with any device, at any time, in any place and in any data format across any network and can hand tasks from one computer to another.

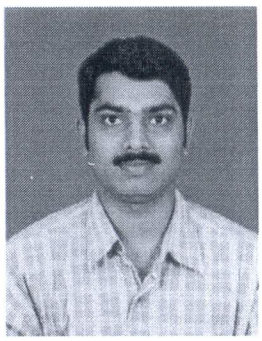
Dr.Srinath.S
Brief-Biodata



Dr. Srinath.S is working as an Associate Professor, Department of Computer Science and Engineering, Sri Jayachamarajendra College of Engineering, Mysuru. He obtained his B.E Degree in Computer Science and Engineering from Siddaganga Institute of Technology in 1995. He later obtained his Masters in Software Engineering in the year 2002 and topped the university by securing **first rank and gold medal** from the esteemed Visvesvaraya Technological University, Belgaum.

He obtained his Ph. D Degree in Computer Science for his thesis "Investigation and Development of Robust algorithms for recognizing and analyzing printed and hand embossed Kannada Braille characters: Novel approaches" from University of Mysore in the year 2015. He has 25 years of rich experience in the field of Teaching. He has completed 3 research projects sponsored from AICTE, VTU and MHRD.

Dr. Srinath.S has organized eight training programs sponsored by different government agencies and has been the resource person for many training programs at different institutes. He has given 58 invited talks at different engineering colleges and polytechnics

He is the member of Board of Examinations for both Master of Computer Applications and Information Science and Engineering department autonomous examination of National Institute of Engineering, Mysuru. Board of examiners at PES College of Engineering, Mandya.

At present he is the member of Board of Studies for computer science board at Amritha vishwa vidyapeetham University, Kerala. He has completed one term as BOS member for MCA department at SJCE, Mysuru.His area of Research and interest is Pattern recognition and Image processing. He has guided several under graduate projects and 22 Post graduate Projects.

He has to his credit 22 publications in International/National Journals/conferences. One student has completed PhD degree under his supervision. At present three more students are pursuing their research leading to Doctoral Degree under Visveswaraya Technological University and JSS Science and Technology university, Mysuru.

Department of Electrical and Electronics Engineering

Report On "National Cancer Awareness Day"

The Department of Electrical and Electronic Engineering, ATME college of Engineering , organized a webinar on **"National Cancer Awareness Day"** on 7th November 2020 which was scheduled between 12:00 Noon to 1:00 PM. The objective of the webinar was to generate awareness about early detection and avoid cancel causing lifestyles. National Cancer Awareness day is observed on 7th November to coincide with the birth anniversary of eminent scientist Madame Curie. Marie Curie is remembered for the discovery of radium and polonium. and gets huge contribution to the fight against cancer. Her work led to the development of nuclear energy and radiotherapy for the treatment of cancer.

The event started by a pleasant speech delivered by Ms Maria Sushma S, later supervened by a Resource Person **Dr. Chaitra Kotakol**, MD Radiotherapy, Consultant Radiation Oncologist, ClearMedi Radiant Hospital, Mysuru, Karnataka. Dr. Chaitra delivered her speech emphasizing the:

1. General awareness on myths and precautions to be taken by civilians on cancer
2. Early signs of cancer,
3. Risk factor,
4. Diagnosis and treatment option,
5. Affecting age groups,
6. Technology that is in support / expected from engineers for screening,
7. Influence of alcohol and cigarette on cancer.

At the end of session Dr. Chaitra answered many question and gave probable answers to the participants. There were around 100 participants including participants outside the college. The event was concluded by Mrs. Lakshmi K by rendering a vote of thanks.

Webinar on "National Cancer Awareness Day"

The Department of Electrical and Electronics Engineering is organizing a Webinar on **"National Cancer Awareness Day"** on 7th November, 2020 at 12 PM.

The objective of the webinar is to generate awareness about early detection and avoid cancel causing lifestyles. National Cancer Awareness Day is observed on 7th November to coincide with the birth anniversary of the eminent scientist Madame Curie.

Event Details

- **Date and Time**: 07 November, 2020 at 12:00 PM IST.
- **Target Participants**: Students and Faculties of all the department and general audience
- **Speaker**: - Dr. Chaitra Katakol
  MD Radiotherapy
  Consultant Radiation Oncologist
  ClearMedi Radiant Hospital

Join the webinar through MS TEAMS
No Registration fee

Subject: Invitation to speak in webinar on "National Cancer Awareness Day"

Dear Dr. Chaitra Katakol,

We are pleased to invite you to the webinar on "National Cancer Awareness Day" scheduled on 07th November 2020 at 12:00 Noon to 1:00 PM. It's an honour and privilege to invite you as our resource person for this event. We believe that your contribution to this field is unparalleled and talk on this topic will be of great benefit to our staff and students.

The webinar deliberation will be on following topics:

1. General awareness on myths and precautions to be taken by civilians on cancer
2. Early signs of cancer
3. Affecting age groups
4. Technology that is in support / expected from engineers for screening
5. Influence of alcohol and cigarette on cancer.

Thanking you

Regards

Dr. Parthasarathy L

Dr. PARTHASARATHY
Professor and HOD
Dept. of Electrical & Electronics Engineering
ATME College of Engineering, Mysuru

DEPARTMENT OF CIVIL ENGINEERING

REPORT ON ONE DAY TECHNICAL TALK ON

"Precast and Prefab Construction: Sustainable and Environmental friendly alternatives"

Department of Civil engineering organized one day technical talk on **"Precast and Prefab Construction: Sustainable and Environmental friendly alternatives" on 22.10.2020** for the benefit and upgradation of student knowledge level in the field of structural engineering. Dr.M N Hegde , Retired Professor of Civil Engineering and Dean (Academics) , Dr.Ambedkar Institute of technology , Bengaluru – 56 .

Outcome/Importance

It enhance the importance of precast material and pre fab construction in the Civil Engineering field. **Modular construction** is often commended for energy efficiency and sustainable **construction**. Traditional **construction** methods require extra **materials** that lead to increased waste. However, since **prefabricated** sub-assemblies are **constructed** in a factory, extra **materials** can be recycled in-house. And also it ensures the strength, economy and environmental performance of the structures and hence the importance of Prefab **Construction is environmental friendly alternatives.**

Respected Sir,

Subject: Requesting permission to conduct technical talk

With reference to the above subject we would like to bring to your kind notice that the Department of Civil Engineering is planning to conduct a technical talk on "**Precast and Prefab Constructions: Sustainable and Environmental friendly alternatives**" for 7th semester students on **22nd October 2020**. The resource person for the this events is Dr.M N Hegde, Retired Professor of Civil Engineering & Dean (Academics), Dr.Ambedkar Institute of Technology ,Bengaluru -56. We request your kind self to grant permission for organizing the technical talk through online.

Thank you Sir.

Yours Sincerely
Sd/- Dr. D N.

Name	**Dr. M. N. HEGDE** **Professor in PG (Structural Engineering), Dr. AIT, Bengaluru**
Qualification	B.E (Civil) (BVB CE & T, Hubballi), M.E (Structural Engineering) (UVCE), PhD (IISc)

Major Activities at Dr. AIT

- **Dean (Academic) & Retired Professor from Govt. Service**
- **TEQIP II Coordinator**
- **Organized AICTE Sponsored National Seminar (RRDCE) in 2014**
- **Organizing Secretary: International Conference on Development of Smart Cities (ICDSC): Interface, Governance and Technology, 2016.**

Organized Workshops at Dr. AIT

- One day Outcome Based Education (OBE) and Bloom's Taxonomy
- OBE and NBA during 2018 in IET, Avad University, Ayodhya, UP

Professional Activities

- **Past Secretary**, Indian Concrete Institute - **ICI- KBC** (2003-04 and 2008-11).
- **Past Chairman** of ACCE (I) - Bengaluru Centre, (2015-2017).
- **Member**, Board of Governors, **INSTRUCT**, Bengaluru, (2017-19)
- **Executive Committee Member**:
  - Indian Society for Earthquake Technology (ISET), (2015-17, 2009-11, 2019-2021)
  - IISc Alumni Association - IIScAA (2015-2017) and (2020-2022)

Member of Professional bodies like ISTE, IEI, ICI, ISET, ACCE (I), ISAMPE & INSTRUCT

- AICTE Expert Member for EVC visits, AICTE New Delhi.
- Member, Local Inquiry Committee (LIC), VTU Belagavi
- BOE member MSRIT, Bengaluru & BOS member BMSCE, Bengaluru
- Subject expert in KPSC for 10 years

Area of Research	• FEM in Stochastic Structural Dynamics & Earthquake Engineering, • System Identification, Structural Health, and Damage Assessment of Civil Infrastructures, • Life Cycle Energy Cost of Buildings.
Research	Guided 5 candidates for PhD degrees under VTU

Reviewer at American Concrete Institute (ACI) Journal

Received Two Best paper awards	**Written** Two books and one Chapter in a Book published by Springer

Technical talks delivered = 70 Nos. (Topics covered are. Repairs & Retrofitting, Precast Concrete Construction, Temporary Structures, Skills in Construction, Causes of failure Structural failures, Use of Smart sensors, Failure of structures, Damage assessment and Service life prediction, etc)

Delivered the invited **Lecture Courses Visiting Faculty** during 2007 - 2014

- for **PG MTech** in **RVCE, SJCIT, SJBIT & BIT** in Bengaluru, **SIT & IIMSIT** Tumakuru
- for **UG_BE** in **Govt. Engg. College**, Chamarajanagar

Coordinated 12 Major activities like Seminars/Workshops/Deminars in Dr. AIT/ICI/ACCE(I) in Bengaluru

Publications	In National Seminars/ Conferences Proceedings	22 Nos.
	In International Seminars/ Conference Proceedings	30 Nos.
	In International Journals	34 Nos.
	In National Journals	9 Nos.

Worked as Structural Consultant in
Planning, Design and Construction of Residential/Commercial Buildings including Testing, Design Proof Checking & Repair measures, Integrated Life cycle design of Structures.

International Webinar on "Importance of citation & Indexing"

ATME College of engineering had organised a webinar on *"Importance of citation & Indexing"* on 21st October 2020. The webinar was conducted in MS Teams platform and a total of 185 participants from ATMECE and other institutions had participated for the event. The webinar was scheduled at 9.30 AM with formal introduction about the webinar followed by brief introduction of resource person.

Dr. Saifur Rahman, President, IEEE Power & Energy Society 2018-19, Professor & Director, Advanced Research Institute Virginia Tech, USA was kind enough to accept our invitation as resource person to educate the faculty members about importance of citation & Indexing.

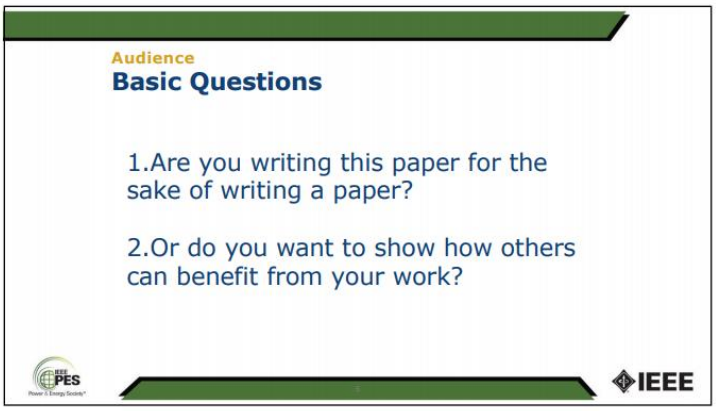
Dr. Bhagyashree S R, Dean-Research and Professor, ATMECE and Dr. Parthasarathy L, IEEE student branch counsellor, Professor and Head, Dept. of EEE ATMECE, were the convenors of the program.

Dr. Md Nadeem M, Asst. professor, Dept of ME, Mrs. Nasreen Fathima, Asst. professor, Dept of CSE and Mr. Vinod Kumar P, Asst. professor, Dept of EEE Organised and hosted the webinar.

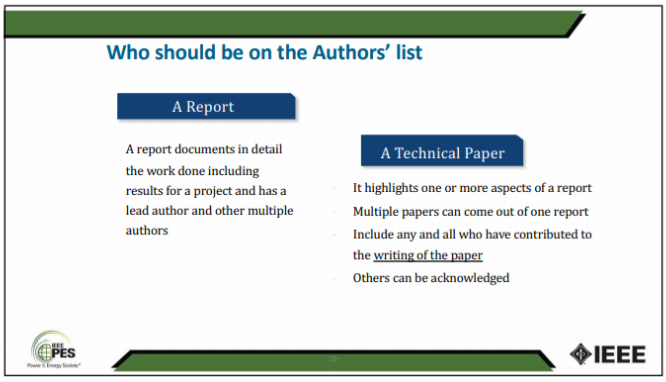
Dr. Saifur Rahman discussed about the structure of technical paper and process involved in review process for acceptance. Sir also empathized on the structure of research article and importance of title of the paper.

Sir discussed about use of logical, appropriate, applicable, specific and searchable for the title and abstract for enhanced optimization. The methodology of paper should always illustrate ideas and support conclusions. Sir also stressed about the ethics while publishing the article and citations of previous work.

Dr. Saifur Rahman discussed about the Journals and its types for publishing the articles. Sir also pointed about Journal's reputation in the community is important for impact factor. At last sir discussed about process of writing the research article.



5



22

Dr. Saifur Rahman answered the questionaries raised by the participants and gave them suggestions providing information related to structure of paper and selecting journal for publishing etc.

Dr. Md Nadeem M concluded the webinar by giving vote of thanks to Dr. Saifur Rahman, Management of ATMECE, Principal, Dean, HODs and to all the participants.

IEEE BANGALORE SECTION

INTERNATIONAL WEBINAR ON
IMPORTANCE OF CITATIONS & INDEXING

Organized by
ATME IEEE Student Branch

RESOURCE PERSON

Date: 21/10/2020
Time- 9.30 to 10.30 AM

DR. SAIFUR RAHMAN,

PRESIDENT, IEEE POWER & ENERGY SOCIETY 2018-19,
JOSEPH LORING PROFESSOR & DIRECTOR, ADVANCED RESEARCH INSTITUTE VIRGINIA TECH, USA

- **EDUCATION:**
  PH.D., ELECTRICAL ENGINEERING, VIRGINIA TECH, 1978
  M.S., ELECTRICAL ENGINEERING, STATE UNIV. OF NEW YORK, 1975 B.SC., ELECTRICAL ENGINEERING, BANGLADESH UNIV. OF ENGINEERING & TECHNOLOGY, 1973
- **TEACHING INTERESTS:**
  SMART GRID, CRITICAL INFRASTRUCTURES, ALTERNATE ENERGY, ENVIRONMENTAL STUDIES
- **RESEARCH INTERESTS:**
  ALTERNATE ENERGY, SMART GRID, CRITICAL INFRASTRUCTURE ASSESSMENT AND MODELING, UNCERTAINTY EVALUATION, ENVIRONMENTAL IMPACTS

Program Convenor:

Dr. Parthasarathy L
ATME IEEE STUDENT BRANCH COUNSELOR
PROFESSOR & HEAD
DEPARTMENT OF EEE.

Program Coordinators:

Dr. Mohammed Nadeem
ASSISTANT PROFESSOR DEPARTMENT OF ME,

Mrs. Nasreen Fathima
ASSISTANT PROFESSOR DEPARTMENT OF CSE,

Mr. Vinod Kumar P
ASSISTANT PROFESSOR DEPARTMENT OF EEE,

PLATFORM: MICROSOFT TEAMS

15th October 2020

From,
ATME IEEE Student Branch
ATMECE, Mysuru.

To,
The Principal,
ATMECE, Mysuru.

Respected Sir,

Sub: Organizing **"International Webinar on Importance of Citations and Indexing"** for Faculty and Researchers.

With reference to the subject mentioned above, the IEEE student branch of ATMECE (STB35744) is organizing an **International Webinar** on **'Importance of Citations and Indexing'** for Faculties and Researchers. The talk will be delivered online by Dr. Saifur Rahman, President, IEEE Power & Energy Society 2018-19, Professor & Director, Advanced Research Institute Virginia Tech, USA on 21st October 2020 from 9:30 AM to 10:30AM. Therefore, I kindly request you to accord permission for the conduction of this webinar.

Thanking you,

Organizing Coordinators
Dr. Md. Nadeem
Mrs. Nasreen Fathima
Mr. Vinod Kumar P

IEEE Student Branch Counsellor

Profile of Resources Person:

Education:

Ph.D., Electrical Engineering, Virginia Tech, 1978
M.S., Electrical Engineering, State Univ. of New York, 1975
B.Sc., Electrical Engineering, Bangladesh Univ. of Engineering & Technology, 1973

Teaching Interests:

Smart Grid, Critical infrastructures, Alternate energy, Environmental studies

Research Interests:

Alternate energy, Smart grid, Critical infrastructure assessment and modeling, Uncertainty evaluation, Environmental impacts

Grants and Projects:

- "Partnerships for Innovation: Role of the Smart Grid in Alleviating Electrical Power System Stress Conditions Through Demand Response", NSF, PI – S. Rahman, co-PIs – J. Bohland and M. Pipattanasomporn, Sep 2011 – Aug 2013.
- "US-Egypt Cooperative Research: Managing Grid Integration of Large-Scale Wind Power Parks using Energy Storage Technology and Demand Response ", PI – S. Rahman, Funding agency: National Science Foundation, Grant no. 11-04023, (August 2011 - July 2015).
- "Qatar Power System Transition to a Smart Grid", Sponsored by Qatar Foundation/Qatar University, PI – S. Rahman, (January 2014 - October 2016).
- "Building Energy Management Open Source Software Development (BEMOSS)", PI – S. Rahman, co-PI – M. Pipattanasomporn, Sponsored by U.S. Department of Energy,(November 2013 - January 2017).
- "NRT-DESE: UrbComp: Data Science for Modeling, Understanding and Advancing Urban Populations", PI - Naren Ramakrishnan, co-PI – S. Rahman and others, Funding agency: National Science Foundation, Grant no. DGE 154362,(September 2015 - August 2020).

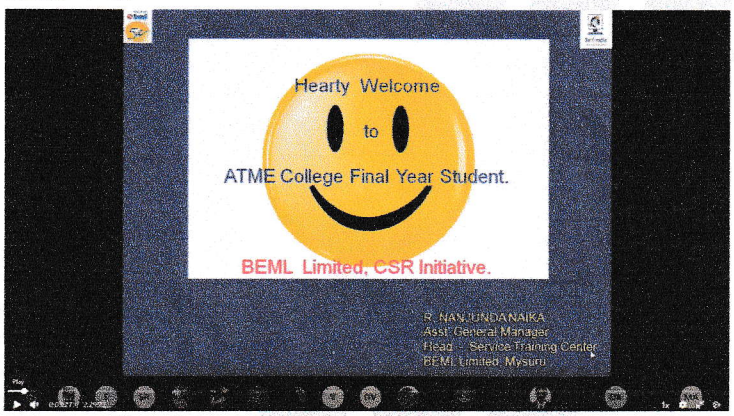
Report
on
Latest Technologies in Manufacturing
&
Area of focus for Today's Engineering students"

National Webinar conducted on **14th October 2020** through online on the topic **"Latest Technologies in Manufacturing & Area of focus for Today's Engineering students"**was organized with the intension to give the awareness and Knowledge on latest trends in manufacturing and its advancements also areas to focus in latest manufacturing techniques and methods to the **final year students (2020-2021).**

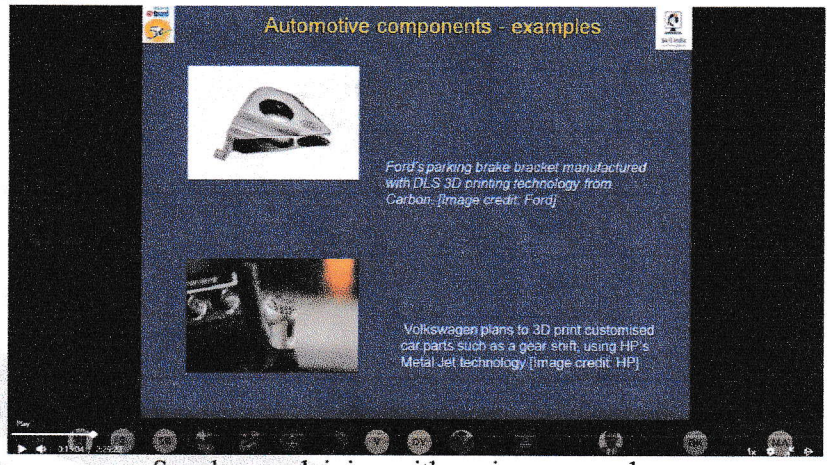
The invited speaker **Mr.NanjundaNaika from BEML,** addressed our final year students with the above said topic and expressed best wishes to Final year students at the end of the session.
Mr.Devaraj M R welcomed the speaker, Professors, Deans, Faculty and all the participants to the webinar. Mr.Yashwanth N rendered the vote of thanks to Speaker and all participants.

This event was coordinated by:
Mr.Devaraj M R,
Dr.Mohanakumara K C
Mr.Yashwanth N and
Mr.Niranjan kumar V S.



Speaker started presenting the lecture on
Latest Technologies in Manufacturing & Area of focus for Today's Engineering students"

Dr. Srinivasa K
Professor and Head



Speaker explaining with various examples

Speaker:
Mr. NanjundaNaika
Name: R. NANJUNDA NAIKA
Present Designation: Asst. General Manager,
M/s BEML Ltd. Mysuru
Qualification: Bachelor of Engineering, SJCE, Mysuru.
Experience: 26 Years. ISTD Membership No: N- 415 / 2019
Date: 14th October 2020
Time: 3.00 PM

To,
The Principal
ATMECE,
Mysuru

Date: 08.10.2020

Through, **Head of the Department,** Department of Mechanical Engg.

Department of Mechanical engineering is planning to conduct National webinar on **"Latest Technologies in Manufacturing & Area of focus for Today's Engineering Students"** on **14th October 2020** for final year students with the intension to provide an insight on latest trends in Manufacturing and giving awareness on areas to look after which helps to shape their career.

In this connection requesting you to kindly give permission to conduct this webinar on the above said date.

Thanking you sir.

Yours faithfully

(DEVARAJ M R)

Department of Mechanical Engineering,
ATME College of Engineering, Mysuru

Farwarded to Principal for kind approval.

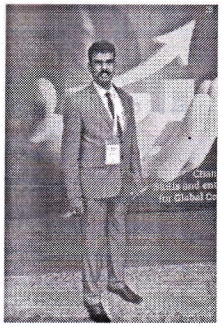
For information please Contact:
Prof. Devaraj M R- 9972322811
Prof: Yashwanth N- 9663994514



Name	:	R. NANJUNDA NAIKA
Present Designation	:	Asst. General Manager, M/s BEML Ltd.
Qualification	:	Bachelor of Engineering, SJCE, Mysuru.
Experience	:	26 Years.
ISTD Membership No.	:	N-415 / 2019

Work experience : 26 years of 360 degree experience in a major engineering Industry under Ministry of Defence.

- Production Planning and scheduling.
- Import and export Management.
- Cost estimation.
- Assembly line
- Research & Development.
- Marketing – Service function at a key regional office.
- Head – Service Training Center.
- New product Management. Business dealings with MNC companies/Collaborators.
- Involved in Road Map and implementation of SAP and PLM systems.
- Under Skill India initiative, more than 8,000 Man days training during the last 3 years.

Other functions :

- Lead Auditor : ISO 9000 QMS, Trained Six Sigma Black Belt.
- Kaizen Movement, Quality Circle Activities: Lead teams to win many awards.
- Lean Manufacturing.
- Knowledge sharing on various Management topics.

Professional Forums engagements :

- Worked as committee Member for 2 terms in IIMM, Mysuru Chapter.
- Worked as Joint Secretary for one term in IIPE – Mysuru Chapter
- FIE in IIEE., Life member ISTD., Undergone Train the Trainer (TOT) at ISTD, New Delhi.
- Youth Hostel : Participated in " Discover Karnatka " 1500 Kms cycle expedition.
- Undergone Army Attachment Camp as part of NCC Senior Division during college.

CSR Activities :

- Guided MBA Projects and Master engineering Degree projects.
- Mentoring to Engineering Graduates, Diploma and ITI during Internship / Apprentice program.

Vision for ISTD Mysuru :

" Make ISTD Mysuru Chapter Number ONE Chapter in India"

Webinar on- Latest Technologies in Manufacturing & Area of focus for today's Engineering

INFERENCE

National Webinar on
"Latest Technologies in Manufacturing
&
Area of focus for today's Engineering students"

In view of providing the information about the Latest technologies incorporated in the present manufacturing industries and what are the fields/sectors that the present students to look after to shape their career. In this connection, organized a national webinar on "Latest Technologies in Manufacturing" and "Area of focus for today's Engineering students" on 14th October 2020.

The feedback forms also spread across the students/ participants by setting relevant parameters to observe its fulfillment.

The parameters were evaluated from grade 1 to 5 with one being the poor and five being the excellent. Fifty-seven responses received and these responses indicates the fulfillment of the objective of conducting this program. The feedback reflects that the majority of the participants expressed the appreciation further, this supports to meet few graduates' attributes are PO1, PO5 and PO12.

Report
on
International Webinar on Tolerance Stack-up Analysis

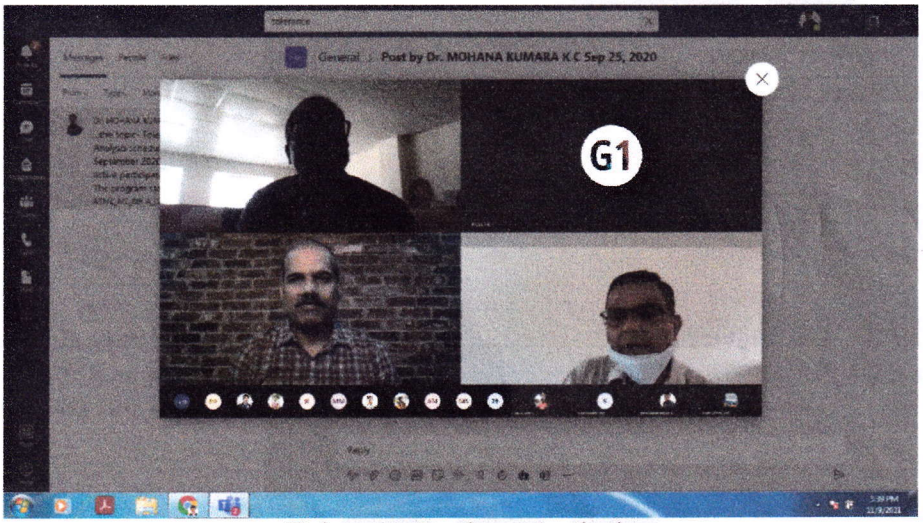
International webinar conducted on **25th September 2020** through online on the topic **"Tolerance Stack-up Analysis".** This webinar was organized with the intension to expose the **final year students (2020-2021)**on importance of tolerance providing to various mechanical components and its effect on manufacturing cost and the range of tolerance recommended to optimize/ control the cost of production of various components etc.

The invited speaker **Mr. Vinayak Naik**addressed our final year students with the above said topic and expressed best wishes to Final year students at the end of the session.

Mr. Devaraj M R welcomed the speaker, Prof. and Deans, Faculty and all the participants to the webinar. Mr. Yashwanth N rendered the vote of thanks to Speaker and all participants.

This event was coordinated by:

Mr.Devaraj M R,
Dr.Mohanakumara K C
Mr.Yashwanth N and
Mr.Niranjan kumar V S.



Tolerance Stack-up Analysis

To,
The Principal
ATMECE,
Mysuru

Date: 16.09.2020

Through, **Head of the Department,** Department of Mechanical Engg.

Department of Mechanical engineering is planning to conduct international webinar on **"Tolerance Stack-up Analysis"** on 25th September 2020 for final year students with the intension to give an insight on dimensional tolerances providing to various components and its effect on final assemblies.

Hence requesting you to kindly give permission to conduct this webinar on the above said date.

Thanking you sir.

Yours faithfully

(DEVARAJ MR)

VINAYAK NAIK'S PROFILE

Vinayak Naik, Sr. Engineer

B.E. (Mechanical), Post Graduate in Tool Engineering (GTTC), (M.S. in Mechanical Engineering)

Midea America Research Center
2700 Chestnut Station Ct.
Louisville, KY 40229, USA

Brief introduction:

- 20+ years of experience in Automotive & Appliance industry
- Filed several patents
- DFSS Green Belt for Six-sigma certified
- TPM certified
- Worked on several cradle-to-grave projects
- Interests include Mathematics, Photography, Music

Experience:

1998-2011 (Automotive industry):

Started professional career with TVS Sundaram-Clayton in Chennai, India. Worked on improving the yield in the die-casting factory. Launched several projects for domestic and international clients. Got ISO and TPM certification and took active part in getting Deming award for the company.

For 10 years I worked for Dana Corporation. My journey into product design started with Satyam-Venture in India. I worked in Melbourne, Australia to develop gas assisted mold for Ford. Then I worked for Dana Corporation in the USA. The projects involved structural design for automotive frame.

2011- Till date (Appliance industry):

At General Electric Appliance I worked on NPI (New Product introduction), Six-sigma, Cost-out projects. The areas of work include Refrigeration and Cooking appliance.

Currently working for Midea America as Sr. Engineer. I am responsible for Innovation, Product development and Lab, mentoring co-ops.

Interests: I teach Mathematics at Russian School of Math. Work on home projects. Travel and photography. Listen to Indian classical and Classic rock.

INFERENCE

International Webinar on "Tolerance Stack-up Analysis"

In view of providing the insight on dimensional tolerances providing on various engineering components and its effects on final assemblies, this webinar was conducted on **25th September 2020** to final year students.

The feedback forms spread across the students/ participants by setting relevant parameters to observe its fulfillment.

The parameters were evaluated from grade 1 to 5 with one being the poor and five being the excellent. Thirty-one responses were received and these responses indicates the fulfillment of the objective of conducting this program. The feedback reflects that the majority of the participants expressed the appreciation. further, this supports to meet few graduate attributes are PO1 and PO12.

International Webinar on Effective Presentation Skills

International webinar conducted on **September 1st 2020,** through online on the topic **"Effective Presentation Skills".** This webinar was organized with the intension to expose the **outgoing students (Batch-2019-2020) and final year students (2020-2021)** in connection to improve their presentation skills.

The invited speaker **Mr.Muralidhar Govindaswamy,**addressed our students with the above said topic and expressed best wishes to outgoing students at the end of the session.

Mr.Devaraj M R welcomed the speaker and all the participants to the webinar. Mr.Yashwanth N rendered the vote of thanks to all participants and speaker. Dr.Mohanakumara introduced the speaker Mr.Muralidhar Govindaswamy before the auidience.The event coordinated byMr.Devaraj M R, Dr.Mohanakumara K C, Mr.Yashwanth N and Mr.Niranjan kumar V S.

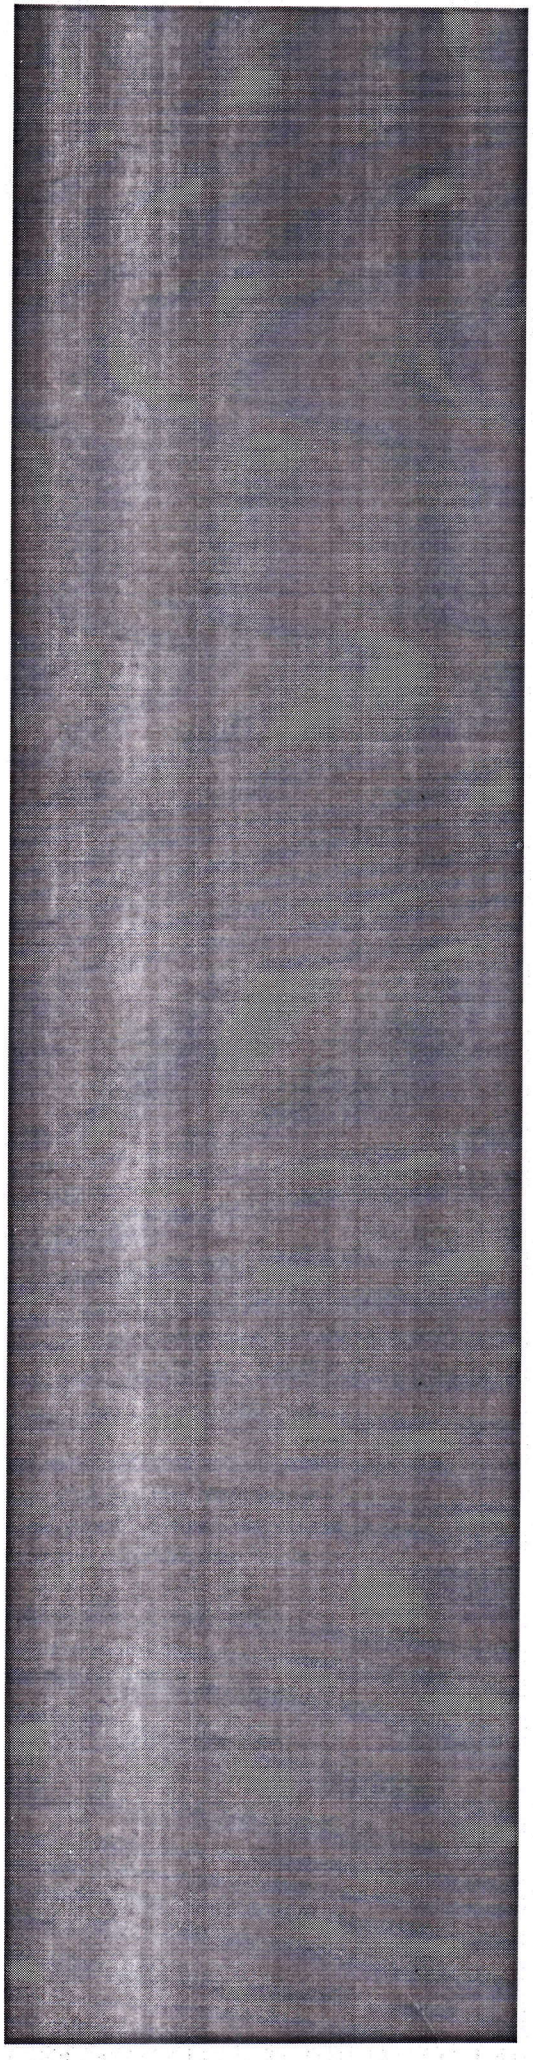
Muralidhar Govindaswamy - MG

Migration Consultant
The Hague

Summary

Over the past years, I have transformed myself as a seasoned migration consultant having worked with diverse Customers and their IT issues. Coordinating with vendors and working with excellent group of colleagues to migrate, transform, consolidate and solve various application and infrastructure challenges.
I am a Migration Consultant experienced in Application Centric Migrations across Data Centers, Private and Public Cloud.
Infrastructure consolidation,
application Rationalisation and Transformation.
Expertise in wide variety of migration strategies and methods.
Purpose driven professional with expertise in Virtualisation, Storage, Network security, DC Infrastructure.
Make Infrastructure architecture designs for Application landscape
Work closely with Teams to derive tailor made migration strategies and road-maps
Knowledge and overview of Databases [SQL, Oracle)
Knowledge of Active Directory Domain Controllers
Adept in documentation and presentations.
Design Migration environments with the best fitting migration tools
Design resilient Application DR environments

Areas of Expertise:
Server Virtualisation: VMware
Storage SAN: IBM SVC, EMC
Network security: Firewalls, Loadbalancers,
Tools: PlateSpin Migrate, Carbonite Move, VMware Converter, Appzero, Puppet, BMC discovery
Solution Design Consultant - Data Center Migrations, transformation, design & Consolidation to Cloud platforms, DR tests
TOGAF certified
Prince2 Trained



VMware certified
CCNA trained
Knowledge of AWS

Experience

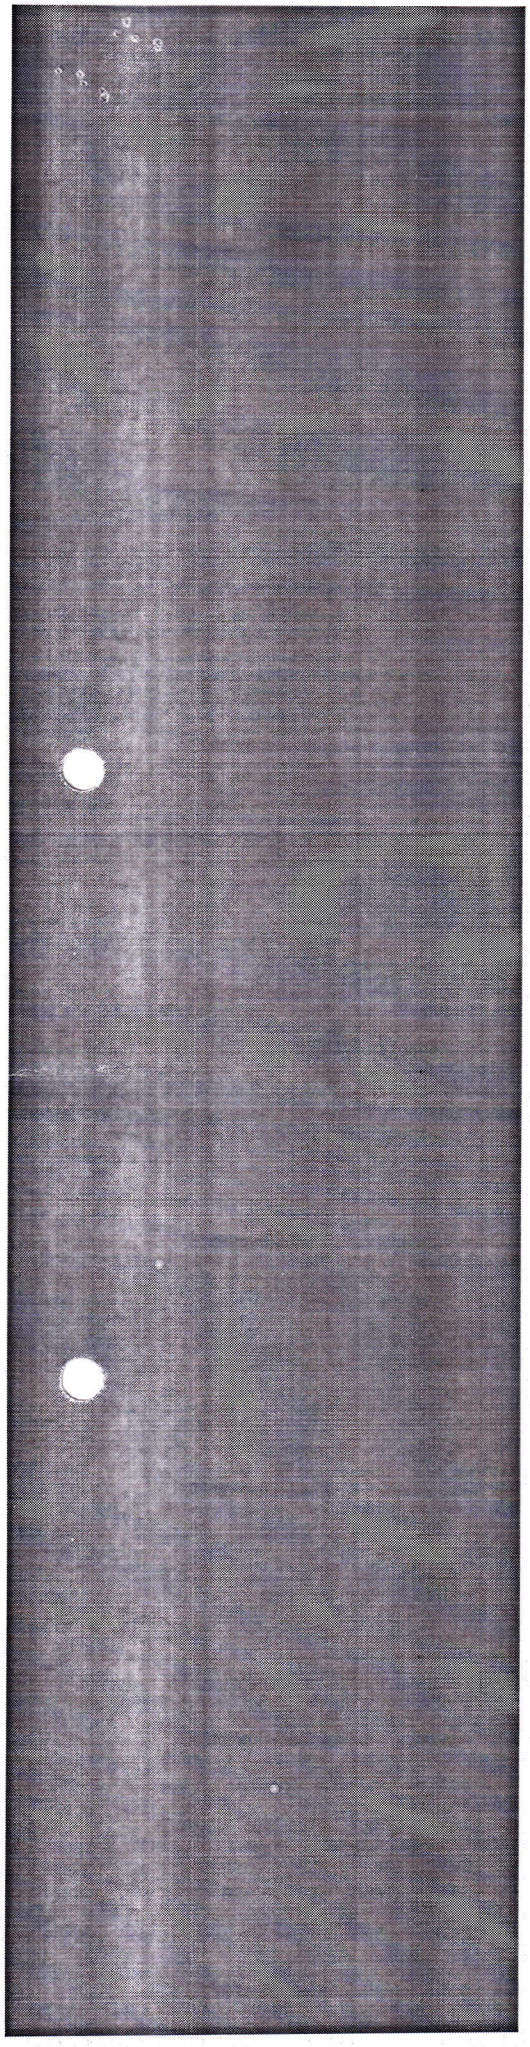
KPN
Migration Consultant
February 2016 - Present (4 years 7 months)
The Hague Area, Netherlands

Technical Consultant - Application/server Migrations , Datacenter consolidation and optimization
Responsible in migrating Customer applications to KPN Cloud platforms, making High Level and Detailed Technical designs per applications, prepare Infrastructure design that comply with KPN Security policies [KSP] and to match application functionality

- I closely work together with our Customers in assisting them to migrate applications to KPN datacenters, Public and Private cloud
- Work and coordinate with multiple Teams to troubleshoot, fine tune and solve application and infrastructure related problems
- Perform risk analysis and mitigation plans to migrate applications successfully across dstacenters
- Perform due diligence and intake to design secured application and infrastructure environments to successfully migrate, test and deliver applications
- Ensure and emphasise on network security
- Documentation and knowledge management throughout the program/project life cycle.
- Make High level and Low level technical designs, migration run books and coordinate to successfully migrate applications across datacenters.

Mindtree Ltd.
9 years 5 months

Technical Consultant
January 2013 - January 2016 (3 years 1 month)
The Netherlands



As a Technical Consultant and lead for data center migrations, responsible to design and implement migration environments to migrate Customers' application and server
environments in the Infrastructure stack
Responsible for Project intake, Impact assessments and risk management
Prepare Technical Designs for applications in migration scenarios
Project Initiation and kick-off, communications, Customer management, efficiency and savings
related to resources, deployment of resources, planning and execution, monitoring and control,
RCA analysis, savings projection and achieving them
Emphasize to design best and cost efficient solutions to ensure Project costs are within the
budget and by suggesting appropriate tools
Execute and coordinate migrations, ensure smooth takeover & handover to maintenance Teams
Managing onshore Projects involving Mindtree Teams
Roll up my sleeves as an Engineer to performing migrations as and when required
Improving the Way of Working, monitoring quality and quantity aspects, technical consultant for \
on shore project managers, advising PM's on approach, planning, managing escalation
Governance and reporting

Technical Lead

January 2011 - December 2012 (2 years)
Bangalore

As a Technical Lead, I was responsible for the following
Implement migration environments and migrate applications across data centers
Coordinate with Application owners, schedule migrations
Perform numerous migrations along with a Team of technical specialists and responsible for
delivery
Coordinate Migrations with other Teams to ensure Pre and post migrations activities are
executed
Report to Customer and Delivery Manager about migration status and weekly reports

Prepare and present monthly project review with Customer and Delivery Manager

Technical Specialist
July 2008 - December 2010 (2 years 6 months)

Worked as VMware technical and licensing specialist

Senior Engineer
September 2006 - June 2008 (1 year 10 months)
Bangalore

Worked as VMware technical and licensing specialist

S J C Institute of Technology
Lecturer
September 2004 - August 2006 (2 years)

INFERENCE

International Webinar on "Effective Presentation Skills"

This webinar was conducted on 1st September 2020 with the intension to help the outgoing students to enhance their presentation skills. The feedback forms also spread across the students/ participants by setting relevant parameters to observe its fulfillment.

The parameters were evaluated from grade 1 to 5 with one being the poor and five being the excellent. One hundred responses received and these responses indicates the fulfillment of the objective of conducting this program. The feedback reflects that the majority of the participants expressed the appreciation. further, this supports to meet few graduates' attributes are PO10 and PO12.

Topic- Best Career options and Preparedness after Engineering

Date: 29th August 2020
Time: 2.00 PM

Department of Mechanical Engineering

To,
The Principal
ATMECE, Mysuru

Date: 20.08.2020

Respected Sir,

Through, **Head of the Department**, Department of Mechanical Engg.

Department of Mechanical engineering is planning to conduct National webinar on the topic **"Best Career Options & Preparedness after Engineering"** on **29th August 2020** (for Batch-2019-2020) with the intension to explore opportunities for outgoing students in different fields and sectors to pursue alternative ways to choose their career with preparations to tackle the Exams or Prerequisites which will help them to shape their future career.

Hence requesting you to kindly give permission to conduct this National Webinar on the above said date.

Thanking you sir.

Yours faithfully

(DEVARAJ M R)
Department of Mechanical Engineering,
ATME College of Engineering, Mysuru.

Farwarded to Principal for kind approval.

20/8/2020.

Bio-Data/Profile

Speaker-Anil Kumar

Educational Details:

Completed the Bachelor of engineering in Civil Engineering at National Institute of Technology [NIT] Kurukshetra.

Job Details:

Speaker Mr. Anil Kumar got selected to Simon India Ltd. which is comes under K K Birla group of companies through campus placement and then served in Paradeep Phosphate Ltd.

Mr. Anil Kumar joined Zuari Infraworld India Ltd in the year 2013 served till 2017.

Then Speaker Mr. Anil Kumar presently working in National Building Construction Corporation (NBCC) under Ministry of Housing and Urban Affairs, Government of India.

Project Handled and completed:

1. Integrated Townships North-East Indira Ghandi Institute of Research and Medical sciences.
2. Guwahati Medical College.
3. DPR for world Twin Towers
4. Pragati Maidan.
5. GST Building

   These are some of the big projects handled and completed.

Achievements:

1.Speaker secured All india Ranking (AIR) 56 in GATE in the year 2013.
2.He attempted JEE in the year 2009 secured All india Ranking (AIR) 565.
3. Mr. Anilkumar Attempted to UPSC exam and IAS interview missed by few marks. He secured 997, but cutoff was 1006 marks.

With this brief introduction I would like to welcome whole heartedly Mr. Anilkumar for this today's webinar as speaker.

Now over to Mr.Anil kumar, to address the outgoing students with the topic:

"Best Career options and Preparedness after Engineering"

INFERENCE

National Webinar on
"Best Career options and Preparedness after Engineering"

This national webinar was conducted on 29th August 2020 in view of enlightening the outgoing students on various career options and its preparedness to choose their career after their graduation. The feedback forms also spread across the students/ participants by setting relevant parameters to observe its fruitfulness.

The parameters were evaluated from grade 1 to 5 with one being the poor and five being the excellent. Thirty responses received and these responses indicates the fulfillment of the objective of conducting this program. The feedback reflects that the most of the participants expressed the appreciation about its usefulness, in addition, this program helps to meet one of the graduate attributes is PO12.

Department of Electrical and Electronics Engineering

Report

The Department of Electrical and Electronics Engineering had organised a webinar on Career Opportunities and Skillset for Engineering Graduates-Industry Expert Perspective on 20th August 2021 for IInd and IIIrd Year students of EEE. The event was conducted through virtual platform in Microsoft Teams.

Ms.Kavyashree Ramesh, Operations Head, EmQos Embedded Engineering Pvt. Ltd. Was the Resource person. Madam started the session speaking on the objectives planned for the event and the potential opportunities available for engineering graduates, Opportunities in Engineering for Electrical and Electronics Engineering Graduates in Central & State Government. She gave insights on the various Pvt. Companies, their functioning, Job opportunities in Electrical Engineering through IES examination conducted by Union Public Service Commission. Further she explained on the platforms for Higher studies and explained specialisation. Giving information on entrepreneurship, she said there are many start-up incubators in India, including Angel Prime and CIIE IIMA. The various certifications required to become an consultant.

She gave in-depth information on Campus Placements procedure, Civil Services , Defense Services, Tips For Setting Career Goals, Skillsets required by Engineers- Hardware and Software Professionals, Tools to be learned by EEE graduates, Other Recruitment options, Personal Corporate Experience. Questionnaire session was held at the end of the session.

Program Chairman, Dr.Parthasarathy L, Program Convener,Mr.Shreeshayana R, Program coordinators, Dr.Sathish K R, Mr.Vinod Kumar P , Faculty and students were present during the event.

Respected Sir,

Subject: Webinar on **"Career Opportunities and Skillset for Engineering Graduates-Industry Expert Perspective"**

With reference to the above subject, the Department of Electrical and Electronics Engineering is organizing a Webinar titled, **"Career Opportunities and Skillset for Engineering Graduates-Industry Expert Perspective"** on 7th August 2020at 2.15PM by Ms.Kavyashree Ramesh, Operations Head, EmQoS Embedded Engineering Pvt Ltd, Bengaluru. Request your good office to kindly approve the webinar and do the needful.

Thanking You Sir.

With Regards

Report on Four Day Webinar

on

"Advances in Transportation Engineering"

Department of Civil Engineering has organized a webinar series on "**Advances in Transportation Engineering**" from 3rd Aug to 6th Aug 2020 at 11:00 AM to 12:30 PM for students, Industry fresher's and faculty members. This webinar series was offered free of cost.

The objective of this webinar series was to enhance one's knowledge on different wings of Transportation viz., Traffic, Pavement & Urban Planning. The primary focus was to impart the significance of planning, scheduling and cost effectiveness for the development sustainable infrastructure.

Fig: Poster of the webinar

Over 1000+ participants including faculties, students and industry persons in and around the country had registered for the webinar.

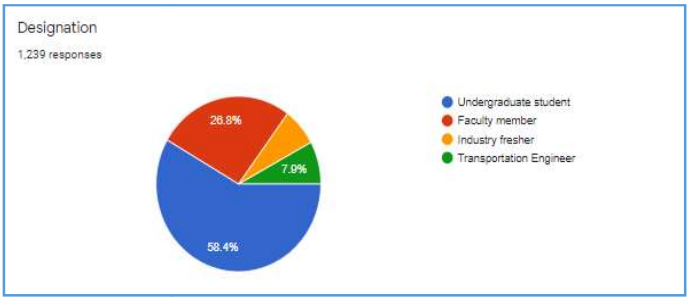

Fig: Registration details

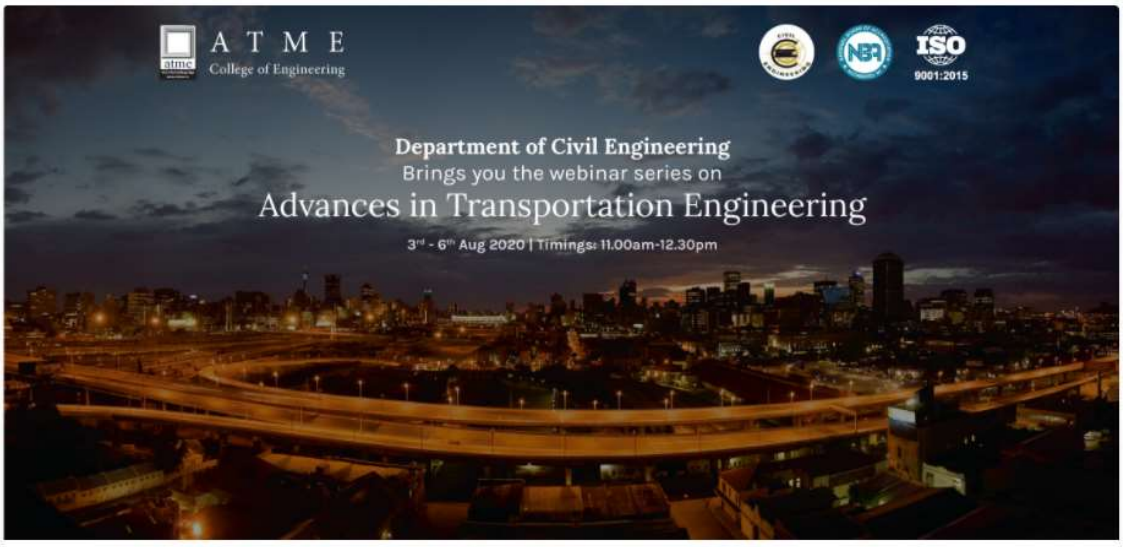

https://atme.in/course/webinar-series-on-advances-in-transportation-engineering/

Session Details

DAY 1:

Prof M N Sree Hari, Advisor to Govt of Karnataka for Traffic, Transportation and Infrastructure, **Chairman**, Indian Smart Cities Development Organization was the resource person for the Day 1 webinar series conducted. He delivered a technical talk on **"Traffic and Transportation Planning for medium sized cities**."During the session he spoke on importance of considering the parameters at the stage of planning and designing. He emphasizes the need of research work to be carried out for the development of existing traffic. He briefed about smart city development going to be taking place in the India in future days

Feedback for Day 1

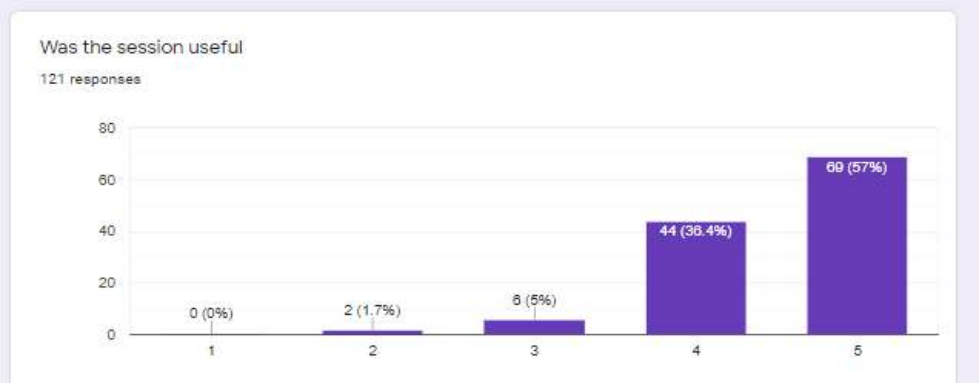

Fig: Feedback from Day 1-Graph 1

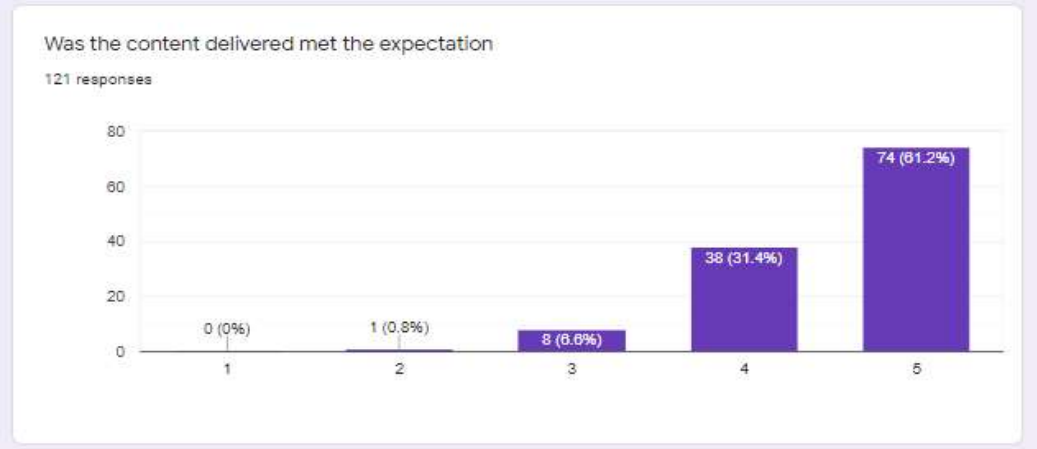

Fig: Feedback from Day 1-Graph 2

DAY 2:

Ms. Rekha K S Assistant Planning Manager, L & T , B & F, Bengaluru was the resource person for Day 2 webinar series on 4th Aug 2020 at 11am on virtual mode. She delivered a technical talk on "**Brief about Airport Construction Planning, scheduling and costing**". During his presentation she completely gave the insight of Airport Planning. The project planning , scheduling of project and its cost estimation of explained.

Feedback for Day 2:

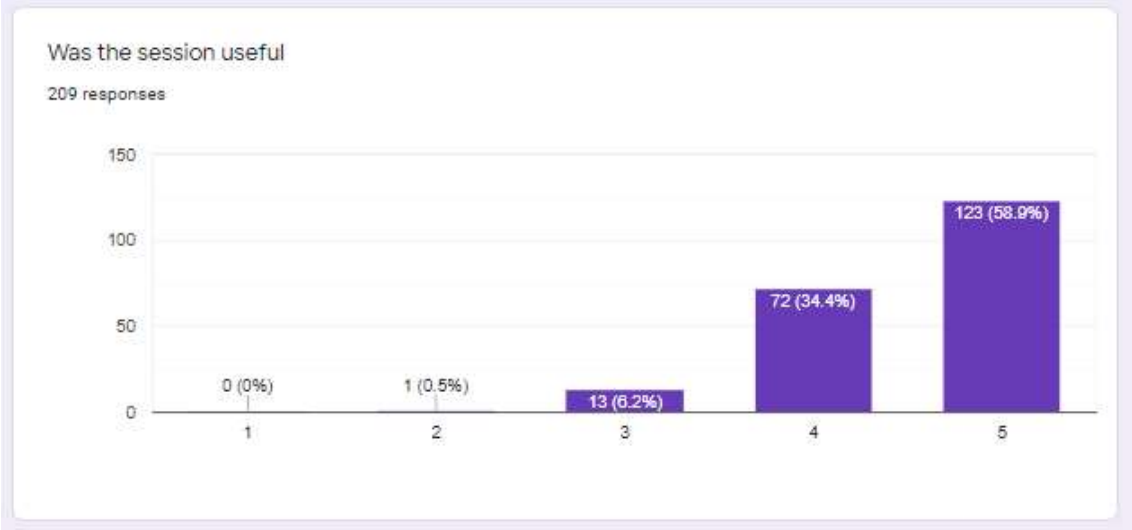

Fig: Feedback from Day 2-Graph 1

Prof. M N Sreehari
Chief Executive Officer,
M/s CIE & M/s TECS,
#90, Sriranga, 2nd floor, 12th main,
M C Layout, Vijaynagar, Bangalore-560 040.
T : +91-80-2340-3232, +91-98450-49505
E : consortia.infra@gmai.com, mnsreehari@gmail.com

Prof. M.N Sreehari has over 42 years of experience as a Professor in Civil engineering (Transportation). He was working at MSR Institute of Technology as Professor before joining to RV College of Engineering, Bangalore in 2009 as **Professor for Post-graduate studies** for **Highway Technology, besides being the Visiting professor to various technical institutions and universities in India**. Currently, he is working as **Chief Executive Officer** (CEO) for **M/s Consortia of Infrastructure Engineers & M/s Transportation Engineering Consultancy Services,** head quarters at Bangalore. He has been actively involved in **research since 1976** & published over **110 research papers** in various international journals, conferences & seminars. During this period he has **authored 12 text books** in engineering covering basics for engineering students. He has worked as traffic engineering advisor & consultant to several corporate large scale builders in India for their various projects. He has **supervised** over **1200 projects** related to traffic, transportation & infrastructure, Traffic impact assessment and at the same time he has delivered more than 6**50 technical lectures** at various institutions in India & abroad. He is the **founder chairman of** (Traffic Engineers & Safety Trainers) consistently working in the field of **traffic & road safety**. During this time he has educated over **4 lakh** road users on road safety. In the year 2004, he became the **advisor to Government of Karnataka, for Traffic, Transportation & Infrastructure & an expert member to Bangalore infrastructure developmen**t. **Prof. Sreehari**, is member to more than 12 professional bodies like Institution of Engineers **(IE)**, Indian Roads Congress **(IRC**), Indian Road Transport **(IRT),** Indian Society of Technical education **(ISTE)** and several others. He has been an advisor to Government **of Maharastra** and Government **of Goa** for **MONO RAIL project** and Road connectivity works under **JnNURM** schemes respectively and advising the Chief Ministers. He is presently **advising National Highways Authorities of India for Road Safety Initiatives. He has conducted Road Safety Auditing for more than 25 National Highways in India as a**

Road Safety Expert. Presently he is associated in writing Road Safety Manual and advising Allied Boston Company for initiating ISO & Road Safety requirements for PWD's. Presently engaged in the development of Smart cities, Smart Temple Towns and Smart mobility plans in India. Besides this, Cochin Smart City in 2013, Zuari City in Goa in 2014 and Yemmiganuru-AP as a Smart Town in 2014 are already developed by he and his team.

BoS member to JSS University (SJCE), for UG & PG studies, SDM Autonomous Institution, Dharwad and also for VVIT, Mysore.

Prof. M.N Sreehari has received several awards & honours such as, **Best Engineer** for Bangalore (2000), **Man of the year for India** (2009), **Karnataka Padma Bhushana** award from the state Government (2008), Honoured by **State Government for best engineering services** (2000), & many more. In the year 2000 he started **Consortia of Infrastructure Engineers**, serving consultancy services in traffic & transportation engineering & has been the Chief Executive Officer of this organization presently.

Total Experience:	7+ Years
Project Exposure:	International Airport, Shopping Mall, Commercial Towers, Office, Hotel and Residential Buildings.
Core Competencies:	Project Cost Management, Project Scheduling, Contracts Management, Construction Administration & Management, Resource planning, Risk Management, Project Monitoring & Execution, and Construction Documents.

PROFESSIONAL EXPERIENCE

Larsen & Toubro Construction, Bangalore, India | 2012 - Present

Planning Manager

Projects:

Bangalore International Airport Limited Terminal 2, Bangalore | 2018 - Present

Project Details: Bangalore International Airport Terminal 2 Project; Design, engineering, procurement, supply and delivery, construction, erection, installation, setting to work, testing, and commissioning for handling passenger capacity of 25MPPA. The scope of Works also includes integration of services and utilities of the proposed T2 with the existing services and utilities along with Airport systems support facilities and buildings.
Executing a 25 MPPA new international airport terminal building, with all modern amenities and upscale architectural finishes. The New terminal building will be constructed opposite to existing terminal building of BIAL phase I airport. Keeping existing terminal operations intact and constructing the new terminal in phased manner is the biggest challenge.

- Identified as a young woman in L&T to take a lead of handling the entire International airport project costing & cost controlling of value U$D 434 Million.
- Monthly monitoring of financial parameters such as working capital, cash flow, Stock and vendor payments for the entire project.
- Nominated and successfully achieved Cost engineering certification program, which was conducted by L&T IPM of PMI, USA.
- Project Cost Management – Budgeting & monitoring project cost using system costing module & Job Cost Report analysis, reconciliation of major resources & corrective actions for wastage control, Implementing cost control measures and value engineering ideas.
- Working towards Implementation of BIM 6D for the first time in India BIAL T2 project. My contribution is to upload and monitor the resources such as cost parameters on weekly basis.
- Project Communications Management – Coordination with design team for value engineering, co-ordination with site team & Client, coordination for interface between Civil, MEP & airport systems.
- Working towards working capital
- Working and taking new initiatives towards cost effective measure and controlling the cost in order to increase the project profit.
- Developed and motivated more than 5 subordinates towards works commitment and leadership.

SAP Phase IV, Bangalore, India | 2015 - 2017

Project Details: Construction of Commercial Building Comprise of Office complexes and Multi level car parking area.

- Handled project planning and costing of SAP Phase IV – Bangalore – Project value U$D 31.8 Million.

- Engaged in coordinating with respect to cost, resource deployment, time over-runs and quality compliance.
- Contracts management – ensuring compliance with contractual requirements using checklist of contractual obligations, claims management,
- Client invoicing, Identification of scope variations & pricing of non-tendered items, Checking & processing bills for sub-contractors, Reconciliation of quantities of BOQ items,
- Project Procurement Management - Finalization of & co-ordination with specialized agencies, processing bills for sub-contractors, co-ordination with various services dept. for arrangement of critical resources,
- Reporting progress to the Management & Client,
- Evaluated project progress and took adequate corrective actions/recovery programmers
- Successfully involved in expediting the Façade and Skylight Packages and all the other Finishing packages.
- Received Successful Project completion award from SAP India Pvt. Ltd. In December 2017.
- Received RoSPA Gold award for Occupational Health & Safety in 2017.
- Received National Safety Council award in December 2017.

RMZ Galleria MUD, Bangalore, India | 2012 to 2014

Project Details: Construction of 2.20 million sq.ft. Township Commercial Mixed Used Development Consist of four - 18 storied Towers, Office complexes, 4 Levels of Retail and Hotel.

- Started as Graduate Engineer trainee in 2012 and had a rotation to work in all the department such as Planning, Procurement, and Site.
- MIS reports - Reconciliation of bulk materials, Recording & Analyzing Productivity data,
- Contracts management - Identification & pricing of non-tendered items, Claims management,
- Preparation & tracking of Construction Program, co-ordination with Regional Resource Dept. for timely mobilization & demobilization of resources,
- Quantity estimation and preparation of invoice to client in line with the contract BOQ,
- Reporting progress to the Management & Client,
- Preparing rate analysis, floating enquiry to specialized agencies and cost comparisons,
- Reconciliation of bulk materials & quantities paid to sub-contractors vis-a-vis those certified by client.

EDUCATION

Examination	University	Institute	Percentage
Postgraduate (WILP)	Birla Institute of Technology & Science	BITS- Pilani, Rajasthan, India	7.34/10
Specialization: **Project Management**			
Graduate	Visvesvaraya Technological University (Autonomous).	PES College of Engineering, Mandya, India	8.96/10
Undergraduate Specialization: **Civil Engineering**			

TECHNICAL SKILLS

- MSP, MS Office, REVIT, AutoCad.

CERTIFICATION & TRAINING

- Certified with PMP course in Cost Engineering in association with L&T Institute of Project Management.
- Trained in “Project Management” In association with IIT, Madras, Chennai, March 12-22.
- Certified in Executive Development Program in association with Institute for Financial Management and Research, Chennai, February 2018
- Certified in Mentoring and Augmenting Planning skills (MAPS) in association with IIT, Madras Chennai, in December 2017,
- Trained in Project Management in association with IIT Madras, March 2013,
- Certified in Building Design from Computer Aided Design Centre & STADD PRO.

Sensitivity: Unclassified

Date of Birth: 26th May 1991

Language Known: English and Hindi.

Address: Bangalore, Karnataka, India

Sensitivity: Unclassified

RESUME

HEMANTH M KAMPLIMATH

Mobile: **+91- 8154994781**

E-mail**: hemanth.kamplimath@gmail.com**

hemanth.kamplimath@nirmauni.ac.in

Work Experience:

- **Currently working as Assistant Professor at Department of Civil Engineering, Institute of Technology, Nirma University, Ahmedabad, Gujarat since August 2014.**
- **Assistant Professor** at RK University, Rajkot – from July 2013 to August 2014. (13 months)
- **Interned** for 7 months at **URS- Scott Wilson** and was associated with numerous projects related to National Highways.
- Worked as a part of data collection, survey and analysis team for a **Research Project** related to Performance of Flyovers and Subways in Bangalore at **Indian Institute of Science (CISTUP)**.

Subjects Taught:

- **Subjects Handled for UG students:** Critical Thinking, Environmental Studies, Fundamentals of Civil Engineering, Construction Materials, Building Construction, Fluid Mechanics, Transportation Engineering, Advanced Construction, Traffic Engineering and Design**,** Urban Transport Planning, Pavement Design, Traffic Engineering and Road Safety, Docks, Harbor and Airport Engineering.
- **Subjects Handled for PG students**: Highway Construction and Maintenance, Construction Contracts and Specifications, Energy Conservation Techniques in Building Construction.

Technical Skills:

- Pavement Design (Rigid and Flexible)
- Concrete Mix-Design for Rigid Pavements
- Sustainable concretes
- Environmental Audit for Various Industries Geotechnical and Soil Investigations, Surveys and Analysis
- Traffic Surveys and analysis like Traffic Volume Count, Estimation of AADT
- O-D Surveys and Analysis
- Traffic Forecasting and Toll Revenue Estimation
- Road Safety Auditing and Accident Prediction Modelling
- Design of Traffic Signals Intersections and Junctions
- Preparation of Prebid and Post Bid reports, Inception and Detailed project reports.
- **Softwares:** M.S Office, Autocad, Staadpro, M S Office, HDM-4 (Basics), MX-Roads (Basics).

Current Roles and Responsibilities:

- Teaching and Evaluation of Courses/Subjects assigned.
- Conducting training programmes for corporate employees.
- Bringing innovative teaching techniques in the courses taught.
- Faculty Advisor and Mentoring Students.
- Team member of Schedule-I Environmental Auditor, recognized by Gujarat Pollution Control Board.
- Area Committee Member- Transportation Engineering and Construction Technology.
- Member, Library Committee, Institute of Technology, Nirma University.
- Member, Anti-Ragging Committee, Institute of Technology, Nirma University.
- Preparation of Civil Department Quarterly and Annual Progress Reports and Newsletter.
- Department level member for various accreditation programmes such as NABL, NBA and NAAC.

Funded Research Projects Carried Out:

- **Completed Projects:**
  - Development of Sustainable Pavement Quality Concrete **(Funded Project – Rs. 1 Lakh).**
  - Feasibility studies for the use of of recycled aggregates and crushed sand in pavement concrete **(Funded Project – Rs. 1 Lakh).**
- **Ongoing Project:**
  - Performance and Durability Studies for Concrete Pavements utilizing Supplementary Cementations Materials, Recycled Concrete Aggregates and Manufactured Sand **(Funded Project – Rs. 1 Lakh).**

Projects Guided at Bachelors Level:

1. Use of plastic aggregates for rigid pavement in rural areas (**(Received Funding of Rs. 18,000 by IDEA lab.)**
2. Calculation of embodied energy and carbon footprint for marginal materials to be used in concrete pavement
3. Accident Prediction Modelling for a major Road in Ahmedabad City
4. Identifying Safe route to Schools **(Received Funding of Rs. 16,000 by IDEA lab.)**
5. Grey water treatment plant **(Received Funding of Rs. 16,500 by IDEA lab.)**
6. Speed and Delay characteristics of BRT versus other modes of transportation for selected stretches in Ahmedabad city
7. Laboratory performance of reclaimed asphalt pavement in bituminous mix design
8. Design of flexible pavement for a road joining Hospital Chowk to Kotecha chowk
9. Soil stabilization of black cotton soil using lime and fly ash
10. Black cotton soil stabilization using geo grids
11. Traffic forecasting for Rajkot to Bhavnagar State Highway
12. Traffic signal design at Hospital Chowk.
13. Feasibility Studies for High-Speed Rail Connectivity

Environmental Audits Performed:

1. Common Effluent Treatment Plant of Gujarat Industrial Development Corporation at Kalol and Narol Gujarat.
2. CARE Biomedical Waste Incinerator at Gandhinagar
3. Urea and Ammonia production plant of Indian Farmers Fertilizer Cooperation (IFFCO) at Kalol, Gandhinagar
4. Coal Based Thermal Power Station of Gujarat State Electricity Corporation Limited at Gandhinagar.

Training, Conferences and Workshops Attended:

- 3-day workshop on Workshop on Effective Teaching at Nirma University (2019)
- 2-week, Faculty Orientation Program at Nirma University (2018)
- 2-week STTP on Emerging trends in Civil Engineering, held at Nirma University (2015)
- 4-week, Faculty Induction Programme at Nirma University (2015)
- 2-week STTP on Advanced Construction Technology and Management, held at Nirma University (2016)
- 2-week STTP on Construction Practices on wheels, held at Nirma University (2017)
- 2-week STTP on Current Trends in Sustainable Infrastructure Development held at Nirma University (2018)
- Underwent a 15-day rigorous industrial training at a multinational company called URS-Scott Wilson (2013)
- Attended a two-Week workshop on Mechanics of Solids, conducted bt IIT Bombay (2014)
- Successfully coordinated (student coordinator) a Conference “RART- Recent advances in Road Technology” in the year 2013
- Attended a conference on “Recent advances in Geotechnical Engineering” at UVCE, Bangalore in the year 2013

- Attended Nirma University International Conference on Engineering (NUiCONE) held in the year 2015, 2017 and 2019
- Attended two-week soft skills training during my Master's degree program (2013)

Projects:

M.Tech Project: Traffic Forecasting for a National Highway by Transport Demand Elasticity Method A case study for National Highway – 63. (NHAI project associated with URS-Scott Wilson now AECOM)

B.E Project: Design of Flexible Pavement for a new alignment project for a road connecting Marathalli to Whitefield. (BBMP project)

Other Projects: **1.** Volunteered a project for Indian Institute of Science as a part of survey and analysis team for the project titled "Performance analysis of Subways and Flyovers in Bangalore City".

2. Traffic Volume Counts, O-D surveys, data analysis of Volume counts and O-D surveys, application of seasonal correction factors, AADT estimation, Development of O-D matrix, zoning of project areas and economic analysis of the flowing highway projects during my association as an intern at URS-Scott Wilson India Pvt. Ltd, Bangalore:

1. NH-22 : Thrissur to Irinjalakuda, Kerla
2. NH-9 : Rohtak to Hisar, Haryana.
3. NH-63 : Hubli to Hospet, Karnataka

Educational Qualification:

Qualification	Institution	University / Board	Percentage
Ph.D (Pursuing) in Civil Engineering D.o.J – August 2017	Institute of Technology Nirma University	Nirma University	Course Work Completed with CGPA 8.75.
Topic of Ph.D: Role of Supplementary Cementitious Materials, Recycled Aggregates and Manufactured Sand in the design and development of Concrete Pavements.			
M.Tech (Highway Technology)	R. V. College of Engineering	Visvesvaraya Technological University (VTU) Belgaum.	70%
B.E. (Civil Engineering)	Global Academy of Technology, Bangalore.	Visvesvaraya Technological University (VTU) Belgaum.	58.6%

Conferences and Publications:

Papers presented at Conferences:

- Presented a paper on "Capacity Estimation for a two-lane undivided carriageway" at International Conference on Science, Technology and Management" at 4th International Conference on Science, Technology and Management held on 15th May, 2016. Paper also got published as conference proceedings at International Journal of Science Technology and Management. ISSN 2394-1537.
- Presented a paper on "Accident Prediction Modelling for a major road in Ahmedabad City" at Transportation Planning and Implementation Methodologies for Developing Countries (TPMDC) Conference held in IIT Bombay December 19-21, 2016.
- Presented a paper on "Alternatives to Conventional Cement-Sand Mortar for Sustainable Masonry Construction" at 5th International Conference on Recent Developments in Engineering Science, Humanities and Management held on 16th April, 2017. ISBN 978-93-86171-39-9. Paper also got published as conference proceedings at International Journal of Advanced Technology in Engineering and Science, Vol No.5, Issue No. 4, April 2017. ISSN 2348-7750.

- Presented a paper on "Effects of Surface Corrosion on Bond Strength Characteristics of Concrete" at ERCAM Conference, NITTE Meenakshi College of Engineering on 25th and 26th July, 2019. (This paper will be published in Springer Lecture Notes).
- Presented a paper on, "Evaluation of Mechanical Properties of Sustainable Concrete Pavement utilizing Medium to High Volume Ground Granulated Blast Furnace Slag", at National Conference on Advances in Sustainable Construction Materials (ASCM) organized by NIT Jamshedpur, 3-4 August 2020, Jamshedpur, Jharkhand, India. (Won best presentation award).
- "User Preference Studies for High-Speed Rail Connectivity between Ahmedabad to Delhi" Paper accepted to be presented at American Society of Civil Engineers (ASCE) - International Conference on Transportation and Development on June 6-9, 2021.

Journal Publications:

- A user opinion survey on the probable impact of COVID-19 on long-distance travel in India, Transportation Letters The International Journal of Transportation Research (Taylor and Francis), DOI: 10.1080/19427867.2021.1897938.
- Traffic Growth Rate Estimation Using Elasticity Method: A Case Study For National Highway-63. i-manager's Journal on Civil Engineering, Vol. 3, No. 2, March - May 2013.

Book Chapter Publication:

- "Effect of Randomly Distributed Jute Fibers on Design of Soil Subgrade", CRC Press, Taylor and Francis (Conference Proceedings published as a book chapter)
- "Effects of Surface Corrosion on Bond Strength Characteristics of Concrete", Lecture Notes on Multidisciplinary Industrial Engineering by Springer Nature (Proceedings of Conference ECRAM-2019)
- "Evaluation of Mechanical Properties of Sustainable Concrete Pavement utilizing Medium to High Volume Ground Granulated Blast Furnace Slag", Lecture Notes in Civil Engineering by Springer Nature (Conference Proceedings published as a book chapter)

Book Publications:

- 'Traffic forecasting for a national highway by demand elasticity method". Published by Omni Scriptum GmbH & Co. KG, LAP LAMBERT Academic Publishing, May 2015.

Achievements:

- National Topper with Silver Medal (83%- Top 1% in course (All India - 3rd Rank), in the 8-week NPTEL (Faculty Development Programme) course on Hydration Porosity and Strength of Cementitious Materials.
- Secured a Gold Medal (90%) in the 4-week NPTEL (Faculty Development Programme) course on E-Waste Management – Issues and Challenges.
- Felicitated by Nirma University on the Foundation Day for noteworthy academic competencies as a faculty member.
- Best presentation award for the paper "Evaluation of Mechanical Properties of Sustainable Concrete Pavement utilizing Medium to High Volume Ground Granulated Blast Furnace Slag", at National Conference on Advances in Sustainable Construction Materials (ASCM) organized by NIT Jamshedpur, 3-4 August 2020, Jamshedpur, Jharkhand, India.
- Received the best reviewer award for reviewing conference papers for the International Conference on Civil Engineering Trends and Challenges for Sustainability (CTCS-2020). The conference was held on December 22nd- 23rd, 2020 and was organized by the Department of Civil Engineering, N.M.A.M. Institute of Technology, Nitte, Karkala, Karnataka. The conference papers will be published in the Scopus Indexed publication Lecture Notes in Civil Engineering by Springer.

Soft Skills:

- Highly adaptive with an ability to organize, coordinate, and execute details on time.
- Capable of being an individual contributor as well as a team player.
- Comfortable with technical material and demonstrated ability to present and explain concepts to a technically astute audience.

Personal Details:

- **Date Of Birth** : 1st September, 1986.
- **Languages known** : English, Kannada, Hindi. (Gujarati –beginner)
- **Hobbies** : Swimming, Adventure Sports, Music Cooking.
- **Marital Status** : Married
- **Permanent Address** : 1685, 2nd railway parallel road, K. S. Town, Bengaluru – 560060.
- **Present Address** : C504, Swati Greens, Zundal-Tragad Road, Chandkheda, Ahmedabad – 382470.
- **Institute Address** : Room No-207, B-Block, Dept. of Civil Engineering, Institute of Technology, Nirma University.

I declare that the information given above is true to the best of my knowledge.

TEACHING EXPERIENCE

Nirma University
Assistant Professor

Designation: Assistant Professor, Civil Engineering Department, Institute of Techcnology
Period: *Since:* 30-05-2015
Subjects Taught: *At U.G. Level:* Geology and Geotechnical Engg., Fundation Engineering, Reinforced Earth and Geosnthetics, Sustainable Buildin Technologies; *At P.G. Level:* Fundation Engineering

MANIT, Bhopal
Assistant Professor
On Contract

Designation: Assistant Professor on Contract
Period: 27-01-2014 to 29-05-2015
Subjects Taught: *At U.G. Level:* Basic Civil Engg., Environmental Eng., Structures – 2 (Timber), Structures – 7 (Str. Deign)

EDUCATION

Ph.D.
Year: **2014**

Institute/University: Indian Institute of Technology Roorkee, Roorkee
Thesis topic: Seismic Bearing Capacity of a Strip Footing Adjacent to a Stable Slope
Supervisors: Prof. Swami Saran and Dr. S. Mukerjee

M. Tech
[Earthquake Engg. (*Soil Dynamics*)]
Year: **2010**

Score: 8.43 (*CGPA* on 10 point Scale)
Institute/University: Indian Institute of Technology Roorkee, Roorkee
Dissertation topic: Effect of Embedment and Geogrid Reinforcement on Coefficient of Elastic Uniform Shear in Silty Sand
Supervisors: Prof. Swami Saran and Dr. S. Mukerjee

B.E.
(Civil Engineering)
Year: **2008**

Score: 65.94% ***Division***: First class with Distinction
Institute**:** L.D. College of Engineering, Ahmedabad
University: Gujarat University, Ahmedabad

School Education

HSC (class XII) (Science stream)
Year: 2004 ***Score***: **67.43 %**

SSC (class X)
Year: 2002 ***Score***: **66.22 %**

Board: Gujarat Secondary Education Board, Gandhinagar
School: F. D. Higher Secondary School, Ahmedabad

A REPORT ON PROJECT EXPO 2021

Date: 02-08-2021

No of teams presented : 24

Mode : Online

Platform: MS Teams

Objectives of the event: Show casing the student's project to the industries was the main objective and thereby enhancing the project quality as per the need of industry, with this in mind Department of Computer Science & Engineering had initiated the concept of Project Project Expo (Online Mode) for 8th semester Students.

The purpose of this event is to showcase the projects of final year BE students. To achieve the activities carried out are showcasing more than 24 Projects are prepared by students under the guidance of faculty members of the department.

Industry experts are invited from industries to judge the projects and based on their evaluation select the best project from department. The outcome of the PROJECT EXPO was that students were able to show their project at higher level and the process boosted their confidence.

The project expo witnessed the presence of Dr.Deepak, along with the faculty and staff members of Department of CSE, ATMECE.

To,

The Principal

ATMECE, Mysuru

Through

HoD,

Department of CSE

ATMECE, Mysuru

Respected Sir,

Subject: Regarding conduction of "Project Expo" event on 02-08-2021.

With reference to the above subject, department of Computer Science and Engineering conduting one day internal project exhibition on 02-08-2021 from 10:00 AM to 4:00 PM for final year students. I request you to grant me the permission and do the needful for conduction of event.

Thanking You

Yours Sincerely

Mr. Anilkumar B H

Assistant Professor

forwarded for your kind approval

Report on conduction of three-day webinar on "How to become LabVIEW Certified Professional" (24th to 26th July 2020)

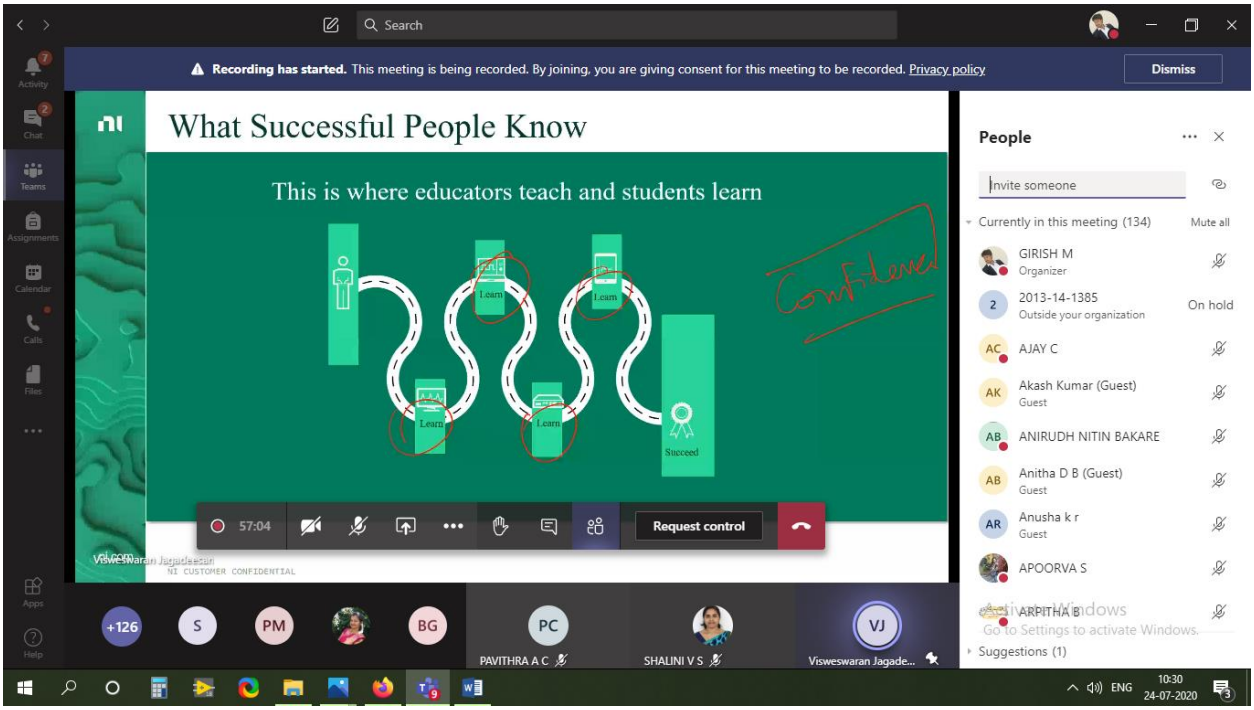
Department of ECE, ATME College of Engineering organized this three-day webinar on ***"How to become certified LabVIEW Professionals"*** **from 24th to 26th July 2020.** The webinar is offered free of cost with main motto to motivate the pre final year students to take up the LabVIEW based internship programme for their academic internship. However, the programme is planned to provide the brief knowledge on levels they should pursue in LabVIEW environment to become core industry engineers. About 395 participants were registered across the state for the webinar out of which 180 students are from ATME College of Engineering and remaining 215 students are outside participants.

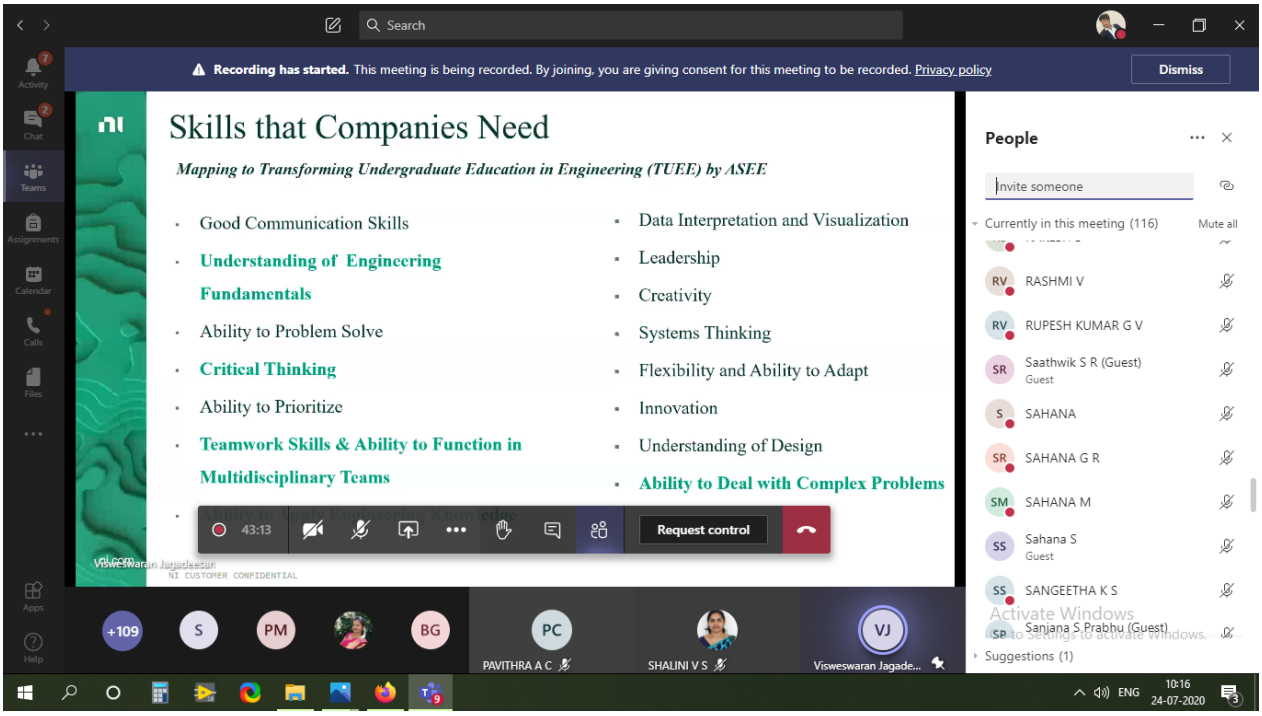
Day 1: Session 1

Speaker: **Mr. Visweswaran Jagadeeshan**
Territory Manager-Academic Program
South India, NI Instruments

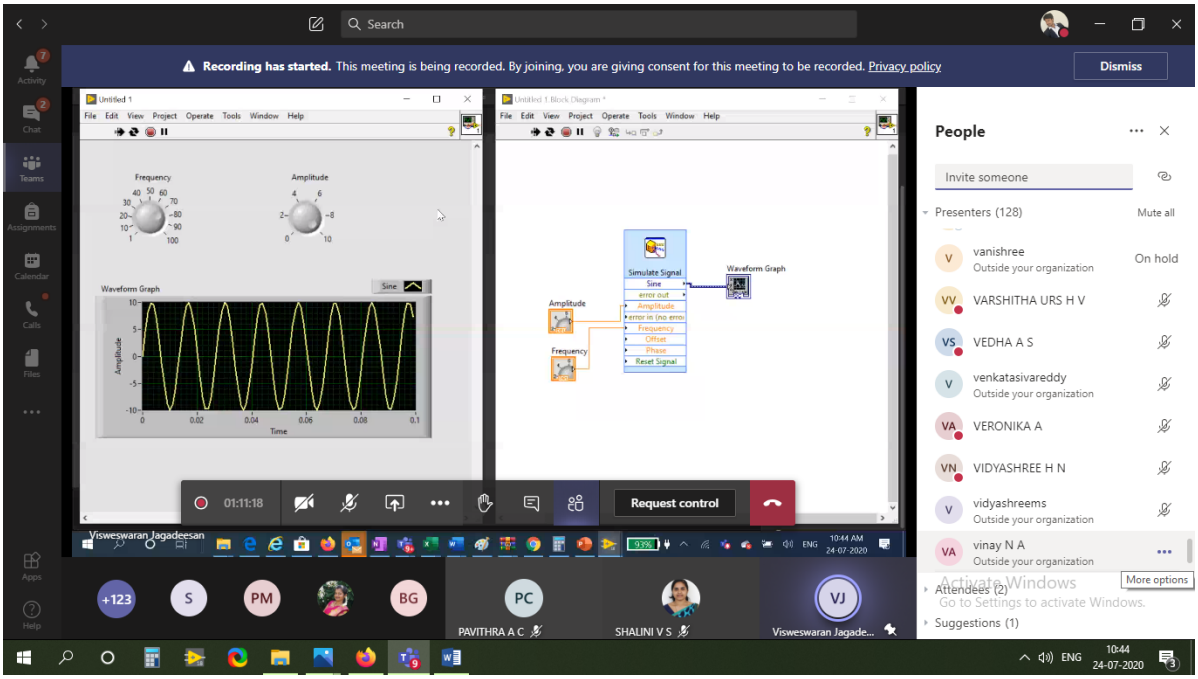
He was started the session with 21st century buzzwords and challenges that engineering students are facing and what are the skillsets that required by many companies. Later on How the engineering professional should be ready with necessary skills to become professional. Later how the NI is providing the best solutions for the education problems among the young community during this kind of pandemic cause.

Below are the sample pictures of his presentation





The recorded session is available in YouTube : https://youtu.be/JuCqZuvd7kU



While concluding his session Do Engineering is focused with understanding level of the students based on their involvement in the active learning in laboratories/projects/Learning activities.

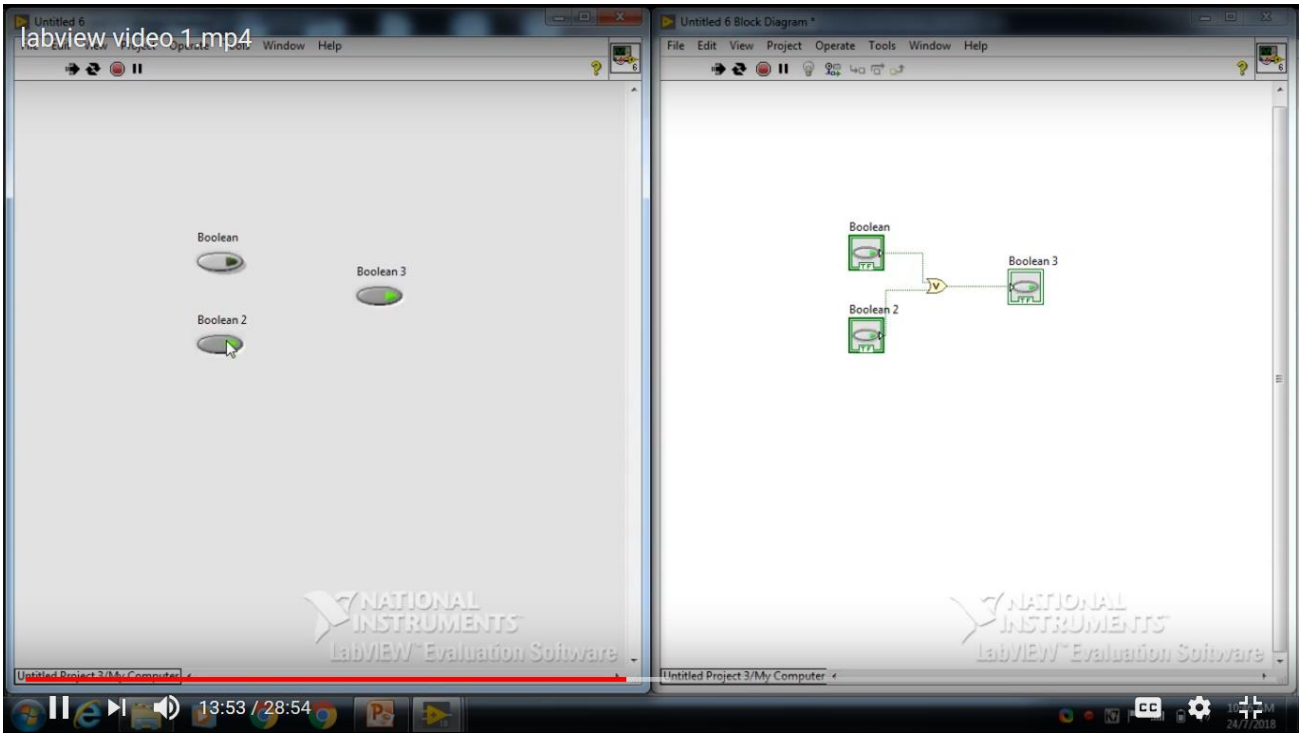
Finally, he was taking the survey using mentimeter to collect the student's feedback on presentations. Many participants were asked many questions regarding their academic projects and other issues too.

Day 1: Session 2

Speaker: Mrs. Harshitha N
Asst. Professor
Dept. of ECE, ATMECE, Mysuru

She was shared a tutorial video on fundamentals of LabVIEW environment by creating a small VI with numeric blocks like addition, subtraction etc., and clearly explained the way how to use the front panel and function pallet along with the use of debugging tools like highlighting the execution.

Here is the sample of picture of the tutorial video



Day 2: Session 1

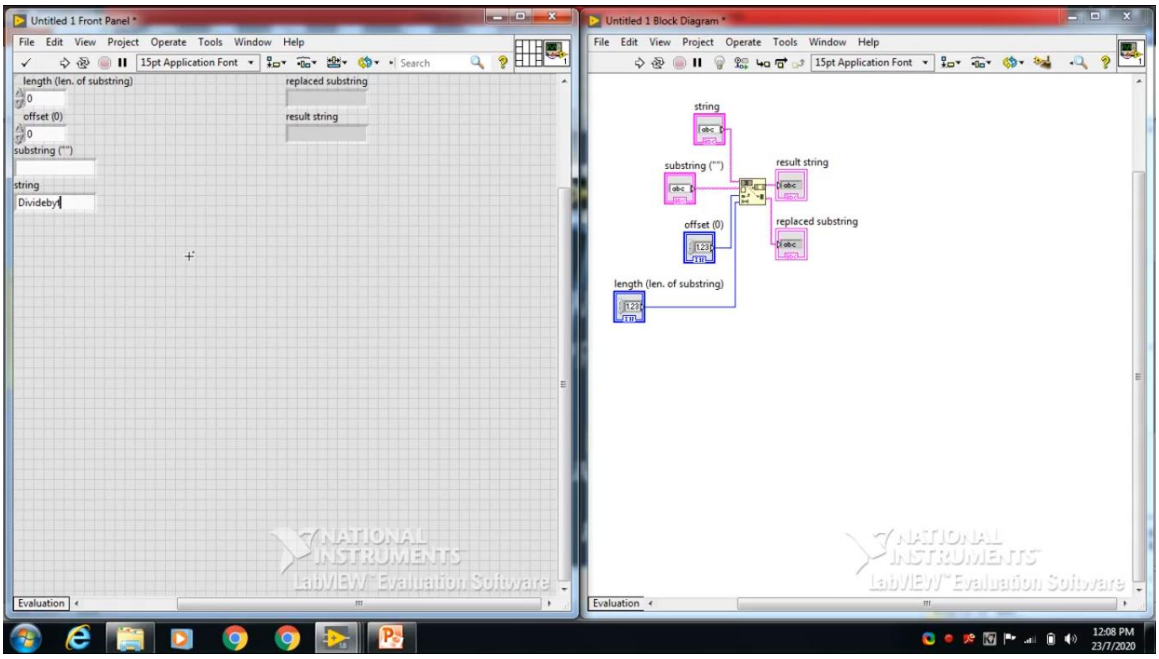
Speaker : **Shalini V S**

Asst. Professor,

Dept. of ECE, ATMECE, Mysuru

She was shared a tutorial video on arrays and strings concept with sample vi to demonstrate the knowledge on which students should know to perform operations on various array and strings kind of data. clearly explained the way how to use the front panel and function pallet along with the use of arrays and strings along with many operations associated with it.

Here is the sample of picture of the tutorial video

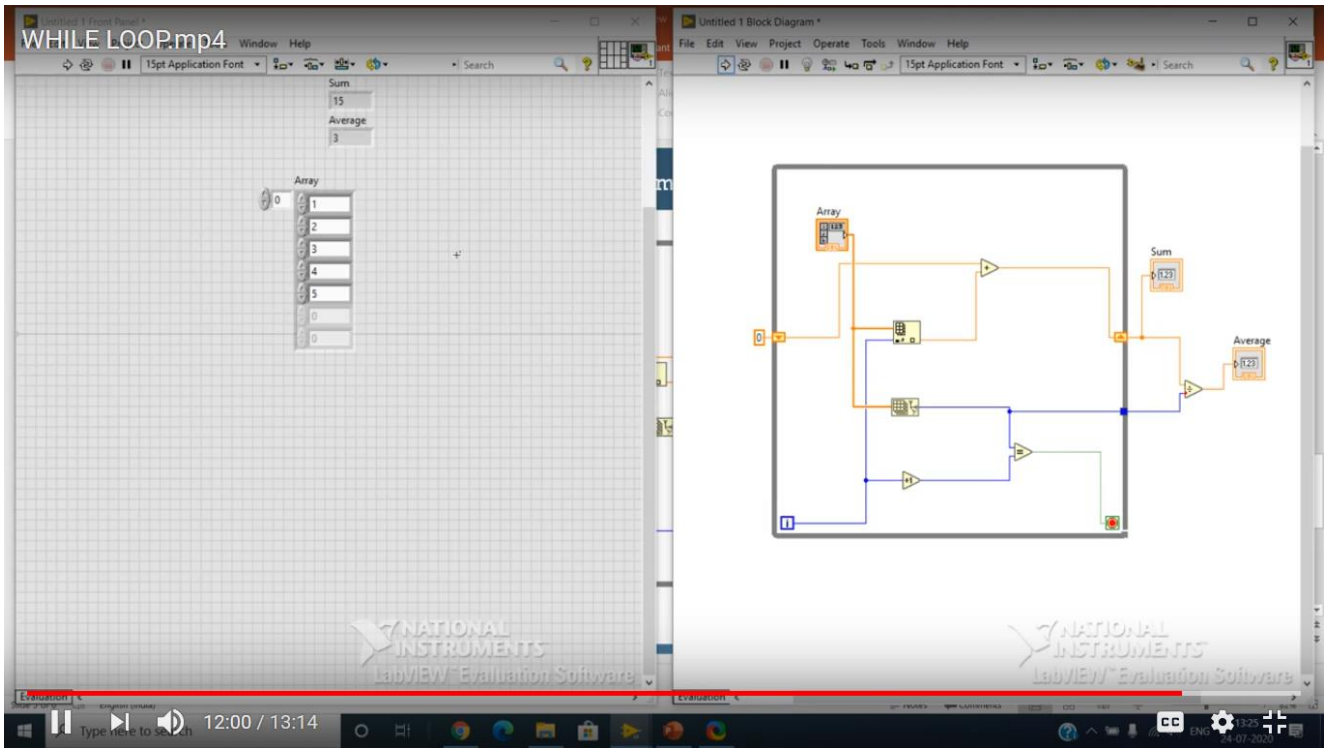


Day 2: Session 2

Speaker: **Pavithra A C**
Asst. Professor,
Dept. of ECE, ATMECE, Mysuru

She was shared a tutorial video on **for loops and while loops** concept with sample vi to demonstrate the knowledge on which students should know to perform various operations on loops and in which situation they can choose the usage of loops on their programming codes. The concepts are clearly explained the way how to use the front panel and function pallet along with the use of for loops and while loops how can easily operate them.

Here is the sample of picture of the tutorial video

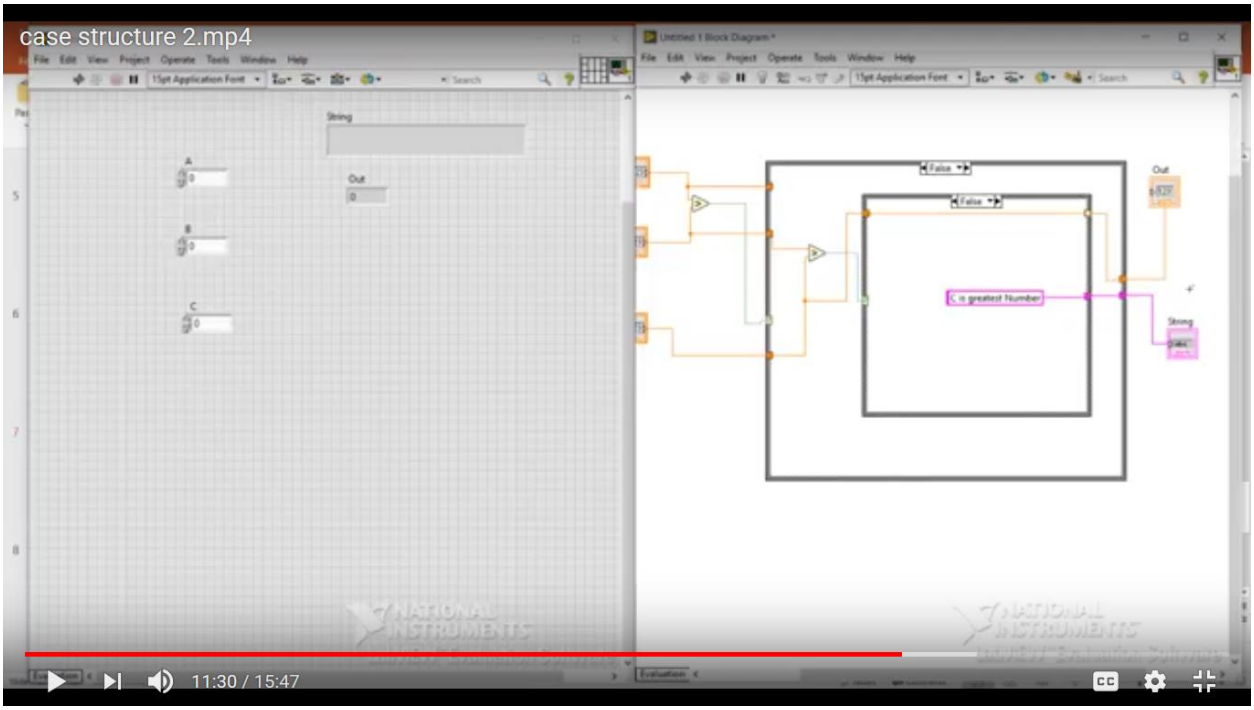


Day 3: Session 1

Speaker: **Manjunath K**
Asst. Professor,
Dept. of ECE, ATMECE, Mysuru

He was shared a tutorial video on **Case structures** concept with sample vi to demonstrate the case structure that Contains one or more sub diagrams, or cases, exactly one of which executes when the structure executes. The value wired to the case selector determines which case to execute. This concept was clearly explained with suitable example.

Here is the sample of picture of the tutorial video

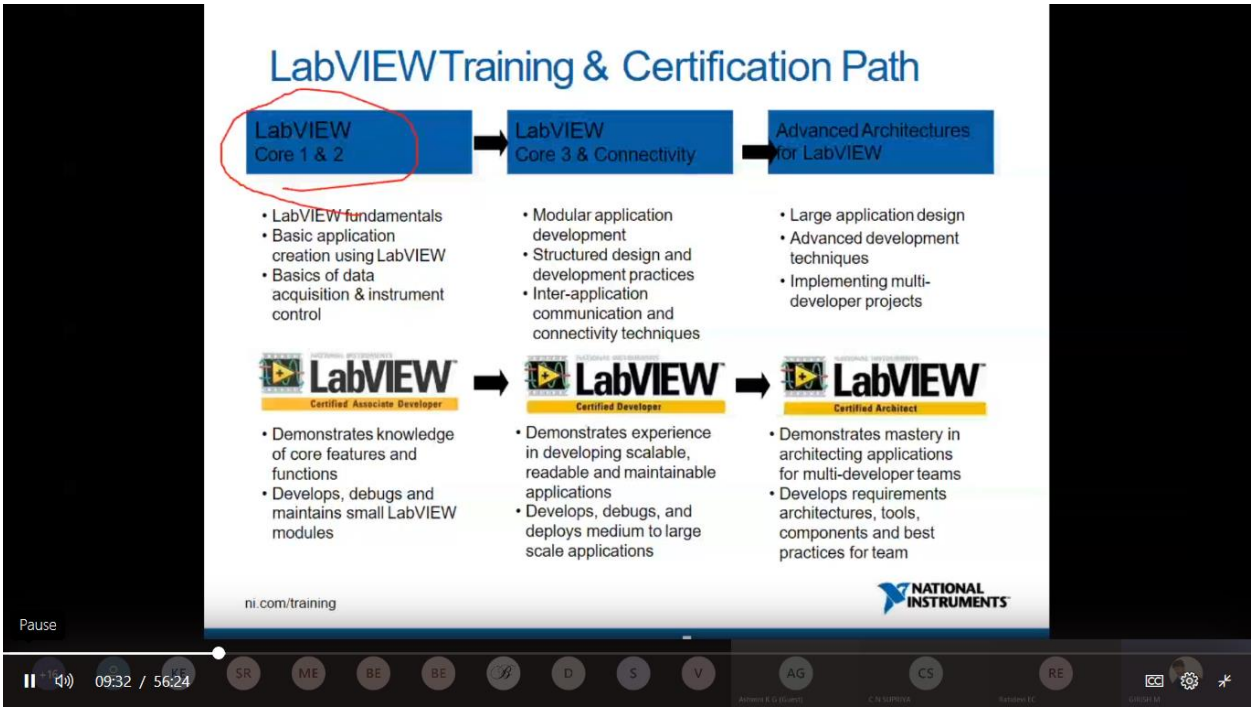


Day 3: Session 2

Speaker: **Girish M**
Asst. Professor,
Dept. of ECE, ATMECE, Mysuru

This session was live on MS Teams, this mainly focus on the CLAD exam preparation syllabus and few important topics like sequence structures, notify and filter events with suitable example that describes the topics, later on the tricks to clear the CLAD exam and what are the benefits from the certification process. Motivated students to join the four-week internship programme on LabVIEW and its applications which will be conducting in the next month.

Here is the sample of picture of the live session and the same recorded session is also available in YouTube with this link: https://youtu.be/yjn3W9z7sUA



Speaker: **Dr. Ravi Kumar A V**
Associate Professor
SJBIT, Bengaluru

This session was supposed to be happen on 24th but resource person was facing with connectivity problems and requested organizing team to conduct the session on 27th July 2020 at 11AM. So the webinar session is scheduled on the said time in this webinar session he addressed the gathering with importance of LabVIEW. Later on he explained the difference between the graphical languages and text based programming languages with suitable examples on assembly code simulation using multisim tool of LabVIEW. Later addressed with many projects list that can be carried out as final year project and also mentioned some new ideas which researchers are looking for the development.

Here is the sample snapshot of his presentation and the recorded session is available in YouTube with the link: https://youtu.be/u5xvgmtB4Ik

LabVIEW and Web-Server Based Human Body Monitoring System: This project is intended to monitor the human body parameters like heartbeat rate, temperature and SPO2 using LabVIEW. The data acquisition is performed through Arduino controller whereas LabVIEW enables GUI as well as web server based monitoring operations.
Real-Time Water Quality Monitoring and Control System: In this project, online real-time monitoring and control system for water quality system is implemented by measuring water parameters like pH, temperature, chlorine level, turbidity, etc. This project uses compact RIO module along with LabVIEW software.
Design of Virtual Instrumentation System for Disabled using LabVIEW : The objective of this project is to develop a virtual instrument for hand gesture recognition as well as to acquire and process electrooculogram signal for detecting eye movements. With these two inputs, this LabVIEW project displays corresponding message or gives a voice message so that it aid for the communication of deaf and dumb people.
Control of an Omnidirectional Walking Simulator: The idea this project is to build an omnidirectional simulator which replicates the real world terrains such that it allow one to walk on the plane in any direction using DAQ and LabVIEW software.
Hazardous Gas Monitoring Using VI Server: This project is proposed to build a LPG gas monitoring system which continuously monitors the gas leaks. These sensors are placed at different locations which communicates the main PC (in which LabVIEW controller is installed) via USB-hub.
Monitoring and Control of Relative Humidity in Soil Using LabVIEW: This project implements an automatic irrigation water control system which works based on the signal of soil moisture sensing circuit. This monitoring system uses peripheral control interface and PC with LabVIEW software.
Low-Cost Instrument for Tracing Current-Voltage Characteristics of Photovoltaic Modules: This project is intended to design a low cost instrument to trace the current- voltage characteristics of PV modules using low cost DAQ module and LabVIEW application. This design is helpful for analyzing field conditions of PV and also for the identification of degradation and malfunction.
Industrial Pollution Monitoring System Using LabVIEW and GSM: The main aim of this project is to design a pollution check system especially for industries like paper making, chemical, sugar manufacturing, etc. This design continuously monitors the parameters like CO gas, pH level, etc using LabVIEW and further this data is transmitted to the authorized people via GSM.

Two Days WEBINAR on

"Challenges and Opportunities in Higher Education"

Importance of Webinar: Higher education has come a long way in India since independence. Attaining a higher education can increase your opportunities and improve your overall quality of life. The national lockdown and the ascending health crisis are striking the education of the students. This webinar aims to highlight the challenges and to point out the opportunities in higher education system in India.

Report on Webinar on "World of AI-Yesterday, Today and Tomorrow"

Department Name: Electronics and communication Engineering

Event Name: One day Webinar on " World of AI-Yesterday, Today and Tomorrow ". No registration fees.

Date and Timings: 21th July 2020 at 11.00 am.

Registration link: https://forms.gle/zToNexCFMZtkw7MY6

Meeting APP: Google Meet

Meeting URL: Will be shared to registered participants through WhatsApp group

Resource person: Prof. Sushma S J
Associate Professor
Department of Electronics and Communication Engineering
GSSSIETW, Mysore.

Convener: Dr. Prathibha M K , Associate. Professor, Dept. of ECE.

Coordinator: Ms. Anupama Shetter, Asst. Professor, Dept. of ECE.

The Agenda of the Webinar:

"World of AI-Yesterday, Today and Tomorrow" Fundamentals for beginners and research scholars

About the Webinar:

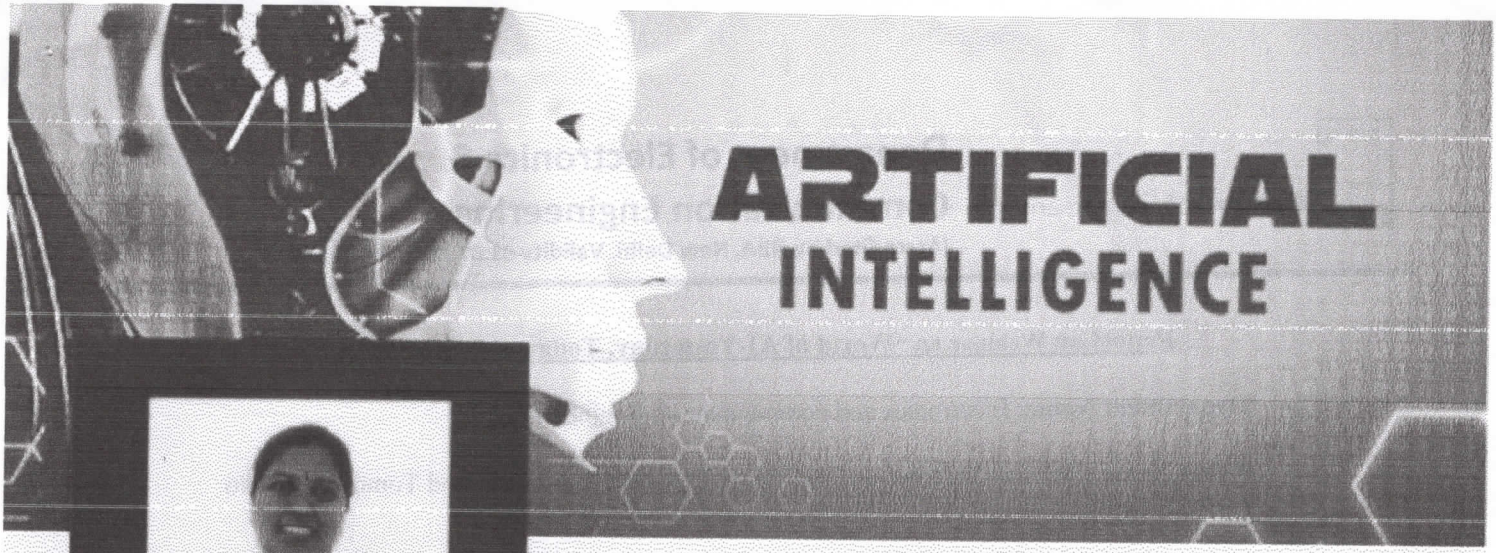
In the face of uncertainty of COVID, we do not know what lies ahead. With growing economy, India is also witnessing the growth of education sector. World of AI-Yesterday, Today and Tomorrow provides a technology that will allow the device or machine to imitate human thinking or human intelligence. There are four key areas of intelligence: visual (shapes, faces, fingerprints ...), speech (recognition and generation of speech), manipulative (manipulation of machine parts) and rational intelligence (data processing). We often picture ourselves robots that will replace people and our jobs when talking about AI. AI has therefore often a bad connotation in our daily conversations which is wrong because AI is just a tool that is used by humans with the help of mathematics and machine learning. The AI is basically completely dependent on us. However, it is fair to say that many processes powered by AI are more efficient than processes powered by humans. AI can already choose a partner, manage a self-driving car, advise on purchases, trade on stock exchanges, etc. In many cases a machine using AI knows us better than we know ourselves.

The most popular examples of artificial intelligence that are being used today :

- Siri. Apple's voice-activated computer that users interact with on a daily basis. She uses machine-learning technology to get smarter and better able to predict and understand our natural-language questions and requests.
- Alexa. The smart home's hub. Its usefulness and its uncanny ability to decipher speech from anywhere in the room helps users to scour the web for information, shop, schedule appointments, set alarms and a million other things, and also helps power smart homes and be a conduit for those that might have limited mobility.
- Boxever. A company that leans heavily on machine learning to improve the customer's experience in the travel industry and deliver 'micro-moments,' or experiences that delight the customers along the way. It's through machine learning and the usage of A.I. that the company has dominated the playing field, helping its customers to find new ways to engage their clients in their travel journeys.
- Amazon.com. Amazon's transactional A.I. algorithms have evolved allowing it to accurately predict just what we're interested in purchasing based on our online behaviour.
- Netflix. This provides highly accurate predictive technology based on customers' reactions to films. It analyses billions of records to suggest films that one might like based on your previous reactions and choices of films.
- Pandora. Based on 400 musical characteristics, each song is first manually analysed by a team of professional musicians based on this criterion, and the system has an incredible track record for recommending songs that would otherwise go unnoticed but that people inherently love.

It is important to come up with the career planning as it makes one aware of their strength and weaknesses and the skills and knowledge that are required to achieve their goals in future.

Meeting ended with filling the feedback form in Google form Link: https://docs.google.com/forms/d/e/1FAIpQLScBA1W2RVYHOZi4QdDrJw4OYe6WJB00GL7sPq8SJnXP-v5cA/viewform?usp=sf_link.



ARTIFICIAL INTELLIGENCE

Prof. Sushma S J
Associate Professor
Dept. of E&C GSSSIETW
Mysore

Department of
Electronics & Communication Engineering
is Organizing One day Webinar on

World of AI-Yesterday, Today and Tomorrow

21th July 2020 at 11.00 am

The Department of Electronics and Communication Engineering is organizing a webinar on "World of AI-Yesterday, Today and Tomorrow" on 21th July 2020 at 11:00 AM for students, faculty members and interested participants.

The objective of this webinar is to enhance Participant's knowledge on Artificial intelligence (AI). AI is the emerging technology which enables a machine to simulate the human behavior. The goal of AI is to make a smart computer system like humans to solve complex problems, this is done by automatically learning from the past data without programming explicitly. AI applications have been deployed and used for industrial, government, and consumer purposes for many years. This webinar focuses on changes in the world of computing over the last three decades that made building AI applications more feasible.

Outcome of the Webinar: The participant gains the Knowledge about AI and bridging the gap between Academia & Industry. E-Certificate will be issued to all the Participants.

No registration fees

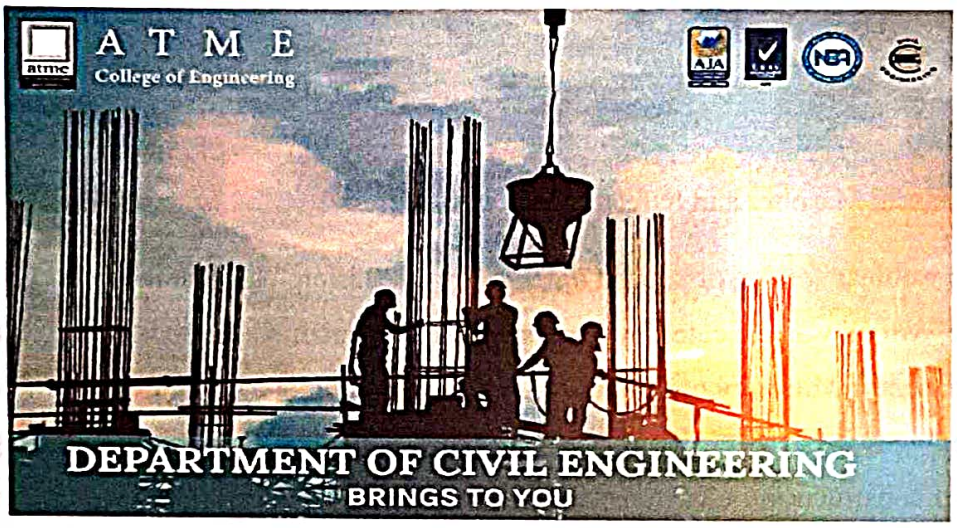
Two Day Webinar Report

Department of Civil Engineering organized Two day webinar on "Structural and Geotechnical Advances in Civil Engineering" on 20th and 21st of July 2020 in online through Microsoft team.



TWO DAY WEBINAR ON "STRUCTURAL AND GEOTECHNICAL ADVANCES IN CIVIL ENGINEERING"

on 20th & 21st July from 11:00 am - 12:30 pm

Day 1
Topic: "Structural Masonry Engineering and Safety Perspective"

Day 2
Topic: "Geotechnical Engineering From Concept to Construction"

Resource Persons:

Mr ASHWIN THAMMAIAH
Assistant professor,
Department of CV,
RV College of Engineering,
Bengaluru

Dr. H S PRASANNA
Professor,
Department of CV,
NIE, Mysuru

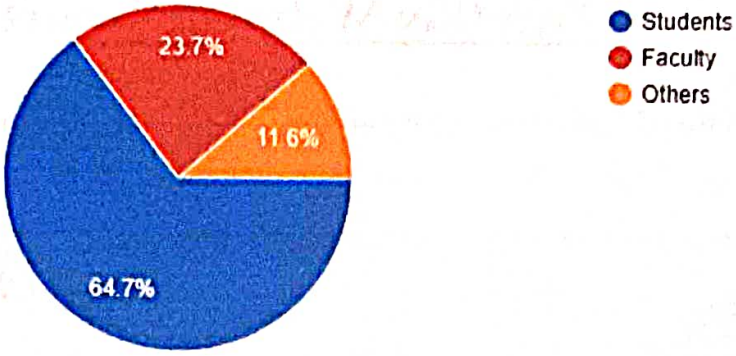
The overall quantity of individuals registered for 2 day Webinar on "Structural and Geotechnical Advances in Civil Engineering" is about 389 numbers. Participants have registered are students and faculty members from diverse institutes and industry persons to this event.

Role

388 responses



Day 1: Structural Masonry and Safety Perspective.

The webinar session organized on 20th July 2020 is on "Structural Masonry and Safety Perspective" which was executed by Mr Ashwin Thammaiah K. He spokes on basic concept of Stone Masonry. **Masonry** is a popular construction technique around the world, due to its many advantages it is the oldest and remodelled construction and it is to be using as new technique in construction field. In his lecturing discussed about both Engineering and safety perspective as the subject of masonry usually dealt with practical perspective that is how the masonry can be seen from an Engineering view point and also spokes about historical evaluation of masonry has been done over time, basic material involved in the masonry construction in execution phase, reinforced masonry and improvement over the time and also characteristics of masonry, how it is behave in structural view point and also explained about structural masonry modelling by finite element analysis.

Day 2 : "Geotechnical Engineering from concept to construction"

Geotechnical Engineering is a branch of Civil Engineering and deals with the mechanical behaviour of soil and rock, and their interaction with structures. Most Engineers with responsibility for design and construction of structure, energy and transportation systems need a working understanding of basic concepts of Geotechnical Engineering to gain confidence in dealing with a variety soil and foundation related problems that they encounter on Engineering projects. The webinar session organized on 21st of July was carried out Resource person Dr.H S Prasanna. He spokes about 'Geotechnical Engineering concept to construction' *dealt with the importance of fundamental of Geotechnical Engineering that is* Index Properties of Soil and their determination, Classification of Soils and Clay Mineralogy, Permeability of Soils, Shear strength of the soil, Compaction and Consolidation of soil . He also explained about Applied Geo technical Engineering in construction filed it involves Sub-soil Investigation and Dewatering, Stresses in soil, Lateral Earth Pressures and Stability of Retaining walls, Stability of Slopes, Bearing Capacity of Soil , Reinforced Earth and settlement of foundations. He also showed videos on the concept of Analysis of seepage of foundation , Expensive soil and foundation cracks , Slide failure at dam , Slope or retaining wall failure , Dynamic compaction , Vibro compaction , Sheep foot rollers and Basic pile installation.

Dr. H S Prasanna is a Professor in Civil Engineering dept. for more than three decades. He joined NIE in 1984. He obtained his Bacheloe degree in Civil Engg from Mysore university and his masters from IIT roorkee. His phd. Was awarded from Kuvempu university. He has worked as an estate officer from 2001-2009.

He is Primaryly responsible in the execution of Diamond jubilee sports complex, NIEIT campus, refurbishment of boy's hostel and girl's hostel, seminar halls at GJLTC, Dr. Sarvapalli Radhakrishnan hall, placement office to name a few.

He has Worked as a training and placement officer from 2011-2014. At the department level, he successfully completed the responsibility of internship coordinator from 2013-2019 and coordinator for laboratories, civil engineering association staff advisor. Dr Prasanna is Actively involved in the field of geotechnical engineering as a researcher, guide and active geotechnical consultant. Dr Prasanna is currently guiding five students for the PhD doctoral program. He has Conducted many national workshops/seminars/webinars/SDP and FDP. He has published around thirty articles in peer reviewed journals/conference proceedings.

A Report on Webinar Series in Mechanical Engineering

Mechanical Engineering department had organised a 5-day Webinar Series in Mechanical Engineering from 20th July to 24th July 2020. This webinar was exclusively arranged for students and students from various colleges from Karnataka registered for the webinar. The resource persons were the faculty members from the department of Mechanical Engineering, ATMECE. There was no registration fee and all the students were issued with E- Certificate on successful completion of the webinar.

The session wise details are as follows,

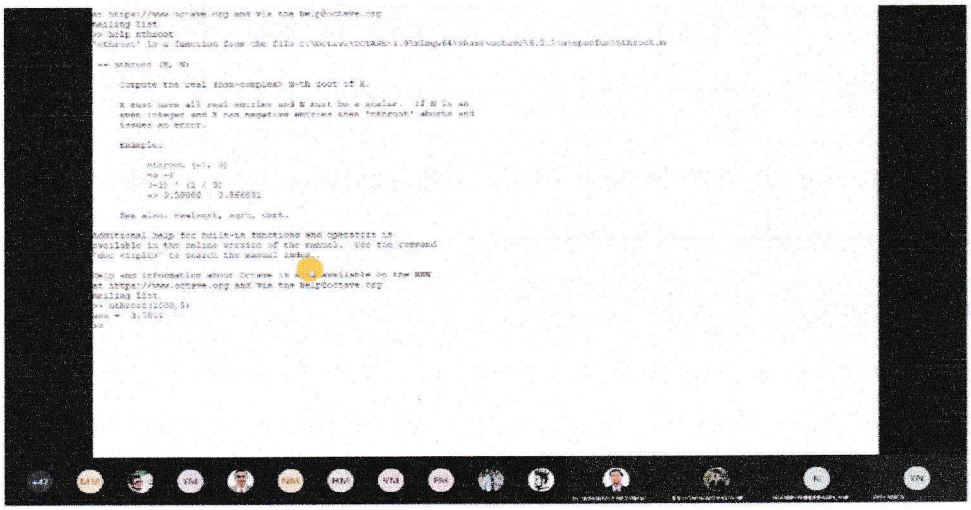
Day 1:

Resource person: **Mr. Yathisha N**, Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Introduction to Octave.**

Topics Covered:

In the discussion of OctaveMr Yathisha.N divided the lecture into 3 parts. The 1st part included the installation of the octave on windows platform. Once the software was installed, programming of mathematical operations was taught. A demo on creating of equations and solving the same using octave was given. Finally plotting graphs using octave was demonstrated in the webinar.



Introduction to Octave by Mr Yathisha. N

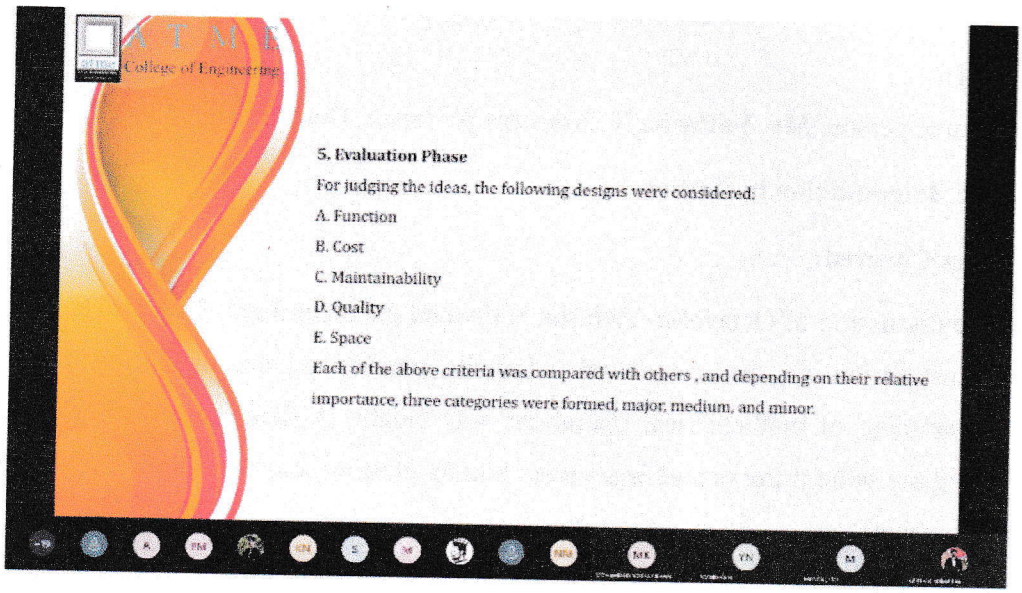
Day 2:

Resource person: **Mr. Karthik Kumar M,** Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Value Engineering**

Topics Covered:

In the day 2 session of Value engineering then the topics discussed was History of VE,Value Concept, Concept of Value Engineering, Implementation of VE project to various projects, Principle & purpose of VE, Case studies where the VE is been applied and finally the discussion was concluded.



Talk on value engineering by Mr Karthik Kumar M

Day 3:

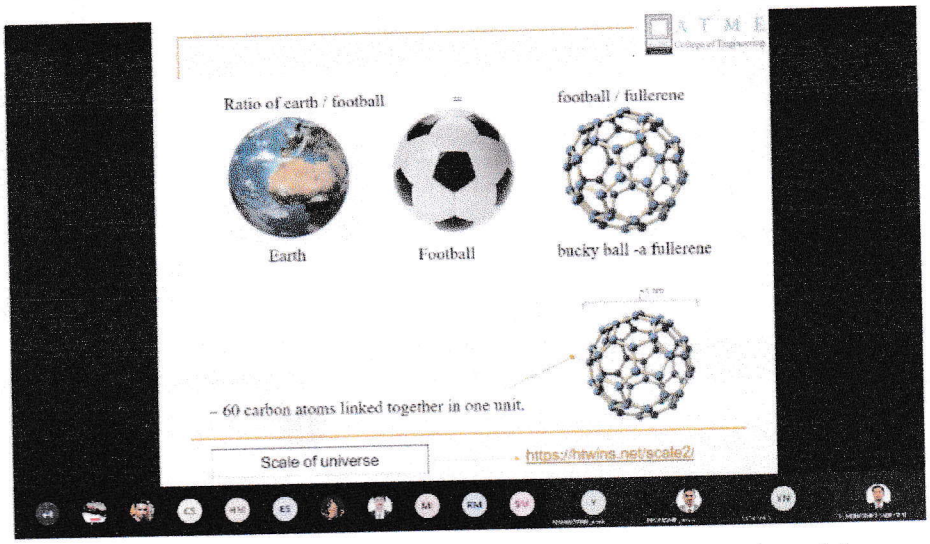
Resource person: **Dr. Md. Nadeem M**, Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Nano Materials & Nano Technology**

Topics Covered:

Dr. Md Nadeem M presented a webinar on "Nano Materials & Nano Technology". The objective of the presentation was to emphasis on the History, development, characteristics and applications of nano materials in the emerging field of engineering and allied science. Since nano materials are extremely small, an effort was made to educate the students and bring in comparison between micro sized and nano materials. Properties of nano materials, how big is nano and types of nano materials etc. was discussed briefly. At the end Scanning Electron

Images (SEM) images of nano materials with respect to various (organic and inorganic) particles were discussed and demonstrated.



Talk on Nano materials and Technology by Dr Md Nadeem M

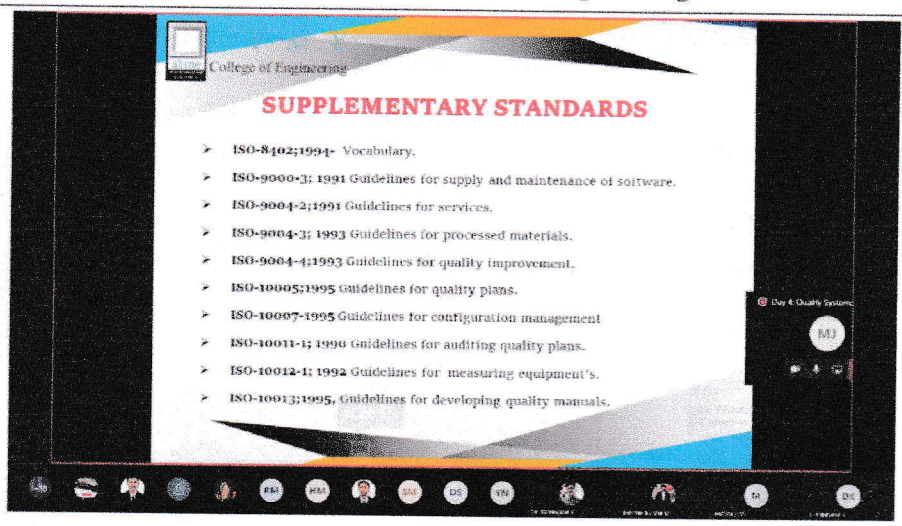
Day 4:

Resource person:**Dr. Srinivasa K,** Professor, Dept. of ME, ATMECE, Mysuru.

Topic: **ISO standard quality system**

Topics Covered:

Dr. Srinivasa. K presented a webinar on this day about quality system. Aiming to provide a very clear idea on the quality, Misconception of quality, History of the quality, Description of military standard. The talk continued with about the military standards like 105A, 105B, 105C and 105D and how to implement this military code for quality standards. He also briefed about ISO quality series and how to develop ISO quality series like ISO-9000, ISO-9001, ISO-9002and ISO 9003 and supplementary standards in ISO-9000. Also he spoke about the supplementary standards in ISO and how to build the ISO-documentation and what are the elements of ISO quality system.



Talk on Quality Systems by Dr Srinivasa K

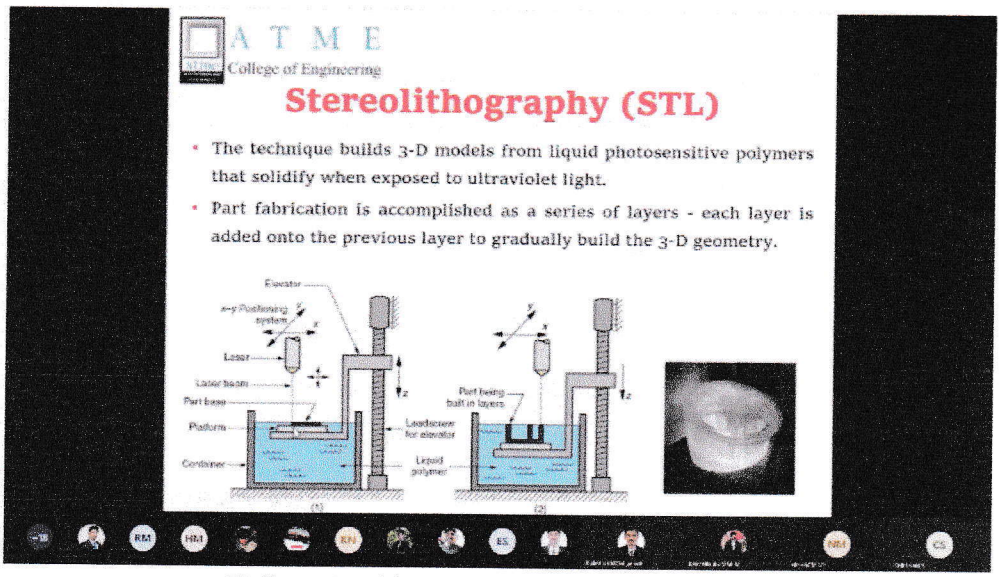
Day 5:

Resource person:**Dr. Chethan S,** Assistant Professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Rapid Prototyping**

Topics Covered:

Dr. Chethan S delivered the webinar on new emerging technology - Rapid Prototyping, He mentioned the importance of technology in to guide a new product from concept to market quickly and inexpensively. The different types of rapid prototyping technologies were explained in detail with the help of visual representations. The applications of Rapid prototyping in various fields were illustrated and scope of future applications in rapid prototyping were discussed with the participants. The session was very interactive as the participants were very much interested in the new emerging technology of Mechanical Engineering.



Talk on Rapid Prototyping by Dr Chethan S

After Day 5 session, students were asked to give their feedback on the webinar series held and few of them expressed that the webinar was useful and they thanked the organising committee for organising in a good manner. And all the participants were requested to fill the feedback form through google form platforms, upon submission of the same E- Certificate was issued to the participants.

Inference on feedback of "Webinar Series in Mechanical Engineering"

Department of Mechanical Engineering, ATME College of Engineering, Mysuru Conducted a "Webinar Series in Mechanical Engineering" from 20/7/2020 to 24/7/2020.Following topics were delivered in this regard.

Day-1; Topic- Introduction to Octave; Speaker – Mr Yathisha.N

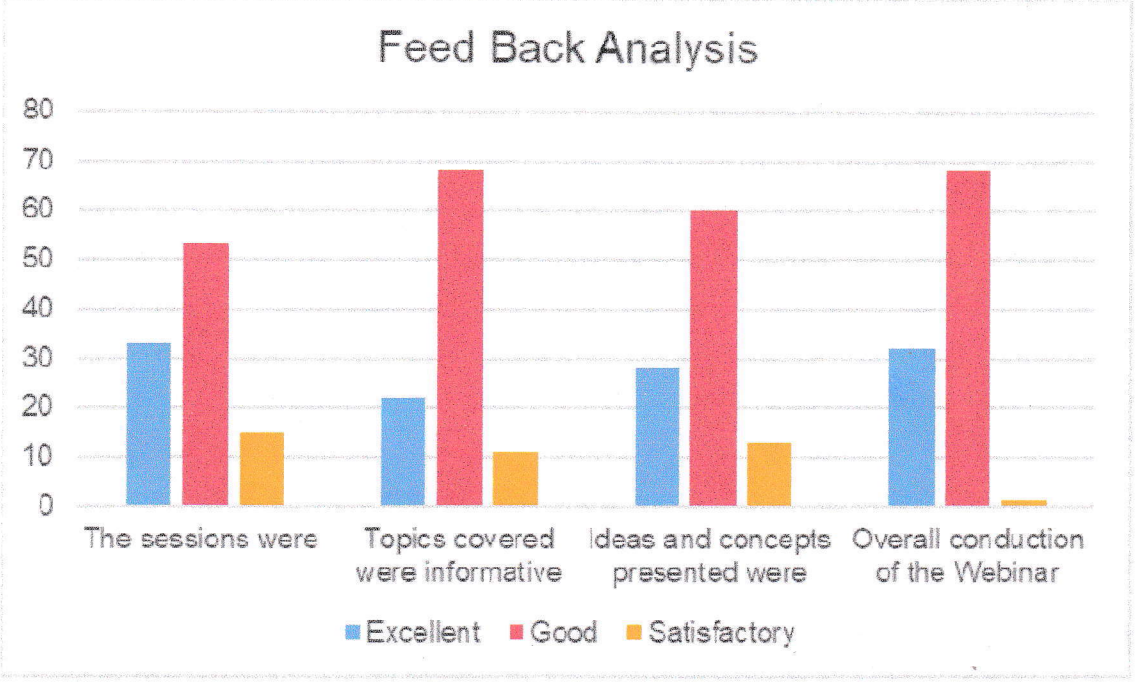
Day-2; Topic- Value Engineering; Speaker – Mr Karthik Kumar M

Day-3; Topic- Nano Materials and Nano Technology; Speaker – Dr Md Nadeem M

Day-4; Topic- ISO Standard Quality Systems; Speaker – Dr Srinivasa K

Day-5; Topic- Rapid Prototyping; Speaker – Dr Chethan S

Total 101 student participants enrolled to the program and gave their valuable feedback. Feedback analysis graph is furnished below. Participants expressed their gratitude for conducting this webinar series. They expressed that the webinar was very informative and helpful for their research and projects. Also, suggested to conduct such webinars for more than 5days so that the topics can be elaborated further in detail.



The following PO's is attained through this program- PO1, PO3, PO5, PO7, PO8, PO9, PO10, PO11 and PO12.

Date:06-07-2020

To,

The Principal,
ATMECE,
Mysore-570028

Respected Sir,

Sub: Permission to conduct Webinar Series in Mechanical Engineering reg.

We are planning to organize a "Webinar Series in Mechanical Engineering". The Webinar Series is planned to be conducted from 20-07-2020 to 24-07-2020. The resource persons are the Faculty members from our department namely Dr. Srinivasa K, Dr. Chethan S, Dr. Md. Nadeem, Mr. Yathisha N and Mr.Karthik Kumar M The webinar will be conducted through Microsoft Teams platform. The registration will be free and participants will receive an e-certificate after attending five days Webinar Series. In this regard we request your permission to conduct the same.

The detailed report of the Webinar Series will be submitted to you after the conduction of the program.

Thanking you,

Yours

HOD 06/07/2020

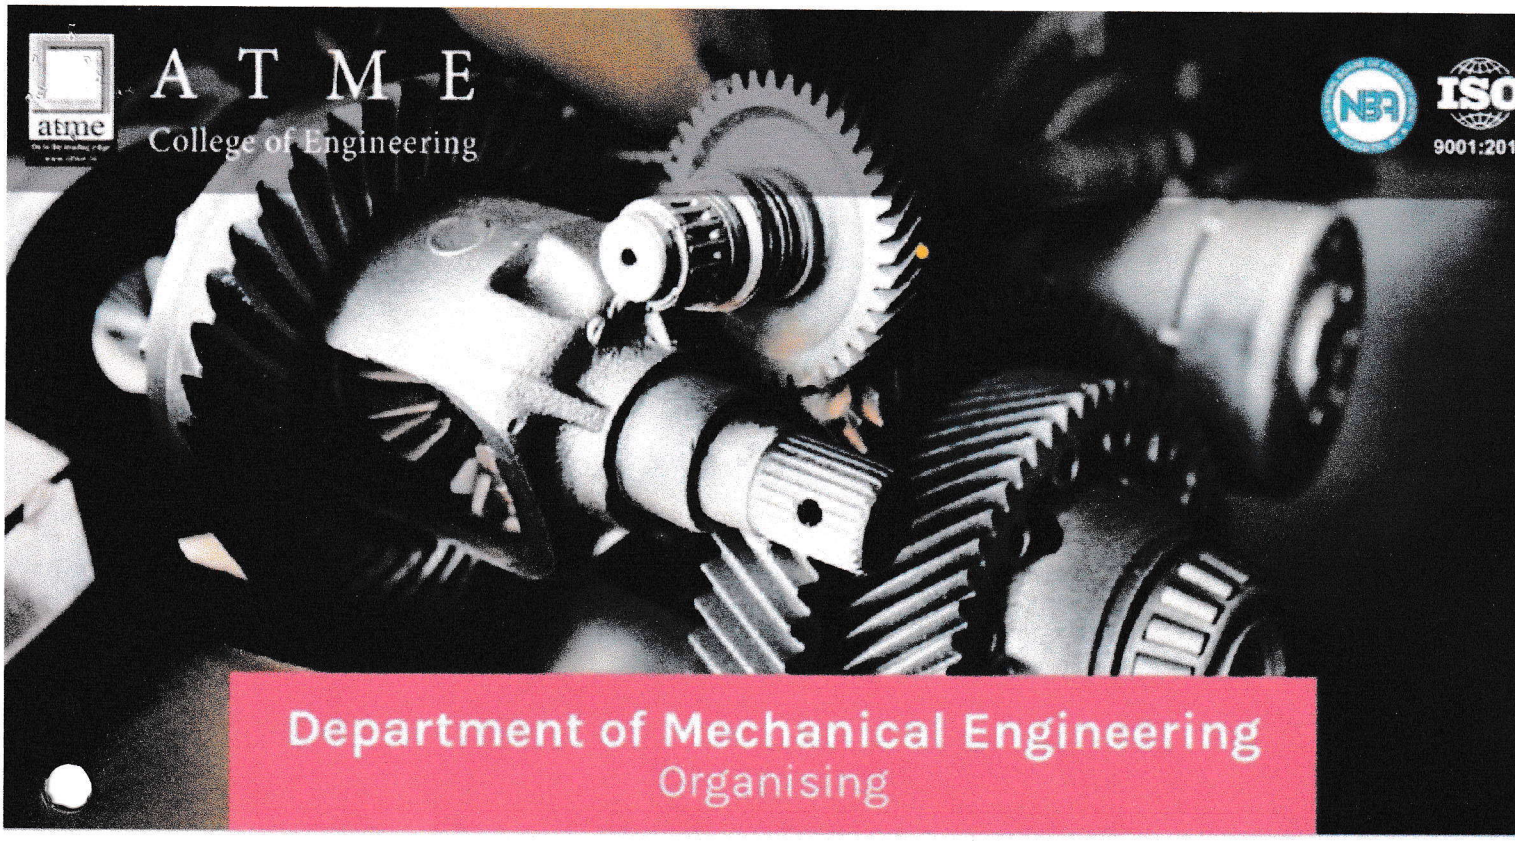
permitted to conduct
Webinar Series

6/7/20



"Webinar Series in Mechanical Engineering"

Date: 20th July to 24th July 2020

Mr. Yathisha N
Assistant Professor
Day 1
Topic: Introduction to Octave

Mr. Karthik Kumar M
Assistant Professor
Day 2
Topic: Value Engineering

Dr. Md. Nadeem M
Assistant Professor
Day 3
Topic: Nano Materials & Nano Technology

Dr. Srinivasa K
Professor
Day 4
Topic: ISO Standard Quality System

Dr. Chethan S
Assistant Professor
Day 5
Topic: Rapid Prototyping

Dr. Rathnakar G
Prof. & Head
Dept. of ME, ATMECE

Dr. L Basavaraj
Principal, ATMECE

E - Certificates Will Be Provided To The Registered Participants

For Registration: https://forms.gle/pwuu9a8nhbyldeb8a

Resource person details

Day 1:

Resource person: **Mr. Yathisha N**, Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Introduction to Octave.**

About resource person:

Education Details
• B. E - Mechanical Engineering
• M. Tech - Machine Design
• Ph. D – Pursuing
Professional Experience
• Teaching - 7.5 years
• Research - 4 year

The resource person has published 19 Journal papers & 08 Conference papers

Day 2:

Resource person: **Mr. Karthik Kumar M,** Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Value Engineering**

About resource person:

Education Details
• M-Tech in Design Engineering
• B.E in Mechanical Engineering
Professional Experience
• Teaching Experience: 5 Years

The resource person has published 07 Journal papers

Day 3:

Resource person: **Dr. Md. Nadeem M**, Assistant professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Nano Materials & Nano Technology**

About resource person:

Education Details
• B.E in Mechanical Engineering
• M. Tech in Computer Integrated Manufacturing
• PhD (Hybrid Nano Composite Materials)
Professional Experience
• Teaching: 8 years
• Research: 07 years
• Industry: 0.6 years

The resource person has published 10 Journal papers & 02 International Conference papers

Day 4:

Resource person: **Dr. Srinivasa K,** Professor, Dept. of ME, ATMECE, Mysuru.

Topic: **ISO standard quality system**

About resource person:

Education Details
• M-Tech (Maintenance Engineering)
• Ph.D. (composites Materials)
Professional Experience
• Teaching Experience: 22 Years
• Industry; 01 Year

The resource person has published 13 Journal papers & 02 International Conference papers

Day 5:

Resource person: **Dr. Chethan S,** Assistant Professor, Dept. of ME, ATMECE, Mysuru.

Topic: **Rapid Prototyping**

About resource person:

Education Details
• Ph. D - VTU, Belagavi
• M. Tech in Production Engineering & Systems Technology from NIE, Mysuru
• B.E in Mechanical engineering from VVIET, Mysuru.
Professional Experience
• Presently working at ATME from 2014 till date
• Worked at Bahubali college of Engineering from 2008-2014
• Worked at NIE, Mysuru, for 1 year from 2007-2008
• Total experience 14 years

The resource person has published 08 Journal papers & 06 International Conference papers

Report of One day Webinar on

"Digital Marketing"

One day webinar on "**Digital Marketing**" was organized by Department of Electronics and Communication Engineering on 18th July 2020 using MS Teams platform.

Objective: To understand about the Digital marketing and the use of the Internet, mobile devices, social media, search engines, and other channels to reach consumers

Total number of participants registered for the event was **128** which include **25 outside participants** from various institutions such as AIMIT, B.S. Abdur Rahman Crescent Institute of Science and Technology, Ballari Institute of technology, Cauvery institute of technology mandya, D banumaiah polytechnic udayagiri mysuru, Dhemphe College of Arts and Science, Government Polytechnic Panaji, PES college of engineering mandya, Rani Channamma University, Belagavi, Seshadripuram Degree College, VVIET and **103 inside participants** from ATMECE Mysuru.

Digital marketing is the use of the Internet, mobile devices, social media, search engines, and other channels to reach consumers. Some marketing experts consider digital marketing to be an entirely new endeavor that requires a new way of approaching customers and new ways of understanding how customers behave compared to traditional marketing. Digital marketing targets a specific segment of the customer base and is interactive. Digital marketing is on the rise and includes search result ads, email ads, and promoted tweets – anything that incorporates marketing with customer feedback or a two-way interaction between the company and customer.

Webinar was offered free of cost. Resource person of the webinar was **Mrs. Sushma Jayaram,** Ogilvy, Senior account Executive, Bangalore.

The webinar started at 12 PM and it continued till 2 PM. Speaker introduced about Digital Marketing basics, different components of Digital Marketing with career opportunity available in each component. Different Digital Marketing related videos were also shown in the webinar. Resource person shared her linkedin profile with all the participants so that if even one is interested in Digital Marketing field they can contact her for any reference in future.

E certificate was issued to all the registered participants upon submitting the feedback form.

Subject: Regarding Webinar on "Teaching Pedagogy"

Respected Sir,

Warm Greetings...

We the Department of Electronics and Communication Engineering organizing one day webinar on Teaching Pedagogy on **17th July 2020** for teaching fraternity of engineering institutions. The eminent speakers for the webinar are as follows:

1. **Dr. Edamana Prasad**

Professor in Dept. of Chemistry, IIT Madras.

2. **Dr. S N Sridhara**

Professor and Director,

AMITY School of Engineering and Technology,

AMITY University, Gurgaon, Haryana.

For their invaluable knowledge and service towards this webinar, Rs 4000/- (Four Thousand Only) will be given as honorarium.

We request you to kindly approve the same and oblige.

The profile details of resource persons are attached herewith for your kind perusal.

Thanks and Regards,

Dr. Mahesh P.K.

Report on

One Day Webinar on "Teaching Pedagogy"

Department of Electronics and Communication Engineering has organized one day Webinar on **"Teaching Pedagogy"** on **17th July 2020**. The webinar was targeted for teaching fraternity of various engineering institutions. A detailed report regarding the webinar is furnished below.

Date: 17th July 2020

Title: Webinar on Teaching Pedagogy

Conveners: Guruprasad K N and Pradeep Kumar Y, Assistant Professors, Dept. of ECE

Session 1: 10:00 AM to 11:30 AM

Session 2: 3:00 PM to 4.30 PM

Pedagogy can improve the quality of the teaching and the way students learn, helping teachers to gain a deeper grasp of fundamental material and it can, in turn, impact student perception, resulting in cooperative learning environments. The proper approach helps students move beyond simple forms of thinking as defined in the Bloom's taxonomy pyramid, like basic memorization and comprehension, to complex learning processes like analysis, evaluation, and creation. Students can leverage their preferred learning styles with a teaching process that supports them, and the way they like to learn.

Targeted participants for the webinar were the faculty members of various Engineering institutions. A poster was circulated in various WhatsApp group inviting the teaching fraternity from various engineering institutions to register to the webinar. The webinar was offered free of cost.

Registration Link: https://forms.gle/GxCrQQH7RPyFUxrN6

A total of **215 participants** from various part of the country were participated in the event.

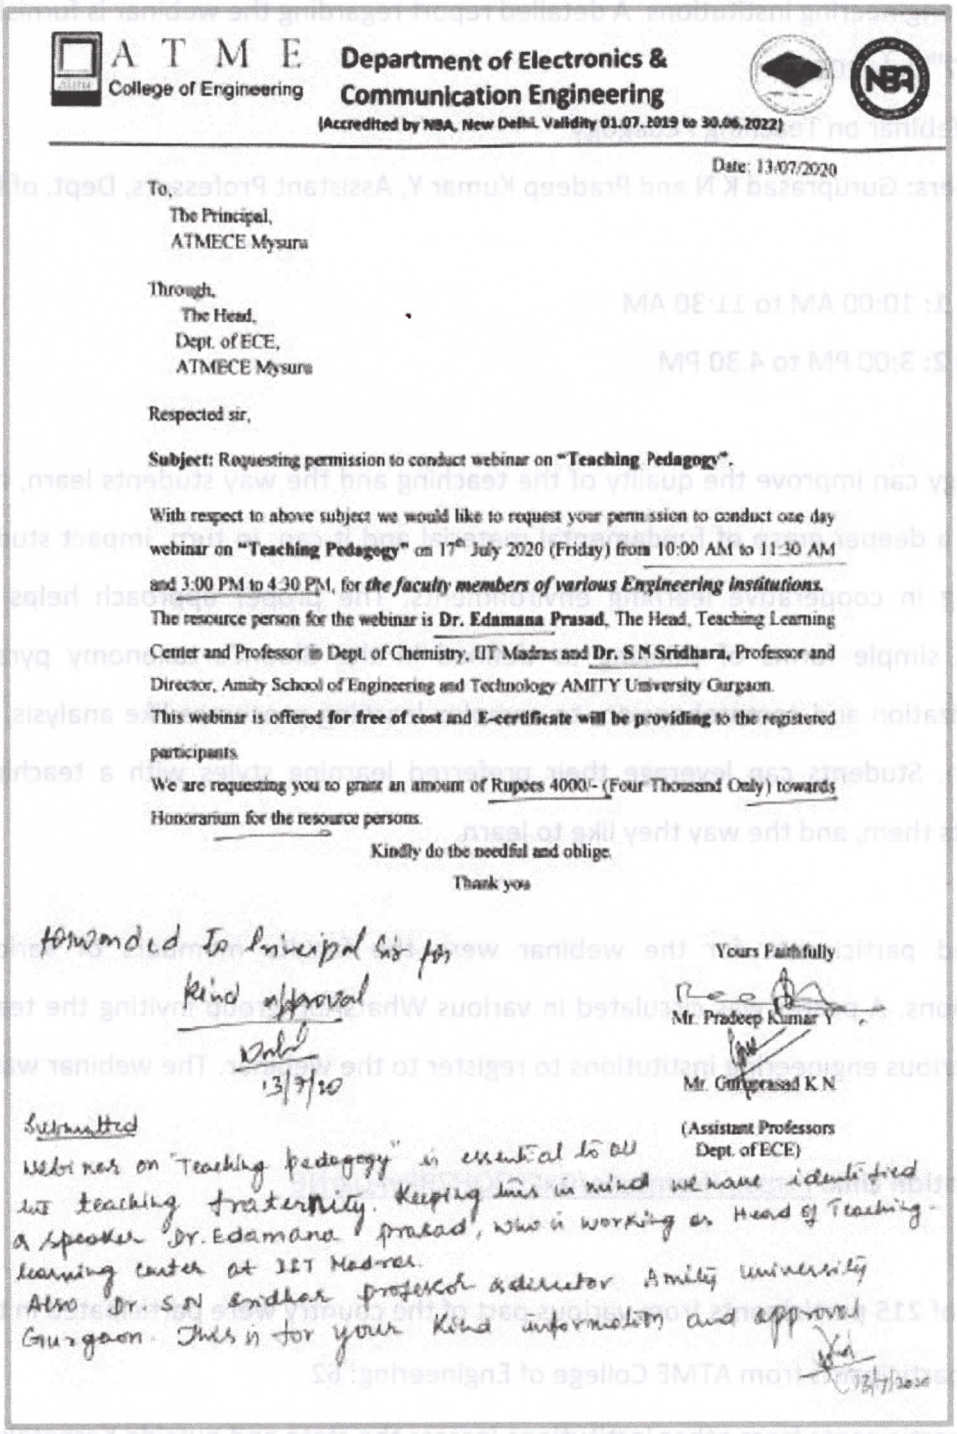
No. of participants from ATME College of Engineering: 62

No. of participants from other institutions (across the state and outside Karnataka): 153

A WhatsApp group was created and all registered participants were asked to join the group for smooth and effective communication.

WhatsApp link: https://chat.whatsapp.com/GjEFUVFo5S98AQ5EtS7cIa

The permission letter to organize the webinar is shown below.



ATME College of Engineering

(Accredited by NBA, New Delhi. Validity 01.07.2019 to 30.06.2022)

Date: 13/07/2020

To,
The Principal,
ATMECE Mysuru

Through,
The Head,
Dept. of ECE,
ATMECE Mysuru

Respected sir,

Subject: Requesting permission to conduct webinar on **"Teaching Pedagogy"**.

With respect to above subject we would like to request your permission to conduct one day webinar on **"Teaching Pedagogy"** on 17th July 2020 (Friday) from 10:00 AM to 11:30 AM and 3:00 PM to 4:30 PM, for ***the faculty members of various Engineering institutions.***
The resource person for the webinar is **Dr. Edamana Prasad**, The Head, Teaching Learning Center and Professor in Dept. of Chemistry, IIT Madras and **Dr. S N Sridhara,** Professor and Director, Amity School of Engineering and Technology AMITY University Gurgaon.
This webinar is offered **for free of cost and E-certificate will be providing** to the registered participants.
We are requesting you to grant an amount of Rupees 4000/- (Four Thousand Only) towards Honorarium for the resource persons.

Kindly do the needful and oblige.

Thank you

Yours Faithfully

Mr. Pradeep Kumar Y

Mr. Guruprasad K N

(Assistant Professors
Dept. of ECE)

forwarded To Principal Sir for Kind approval
13/7/20

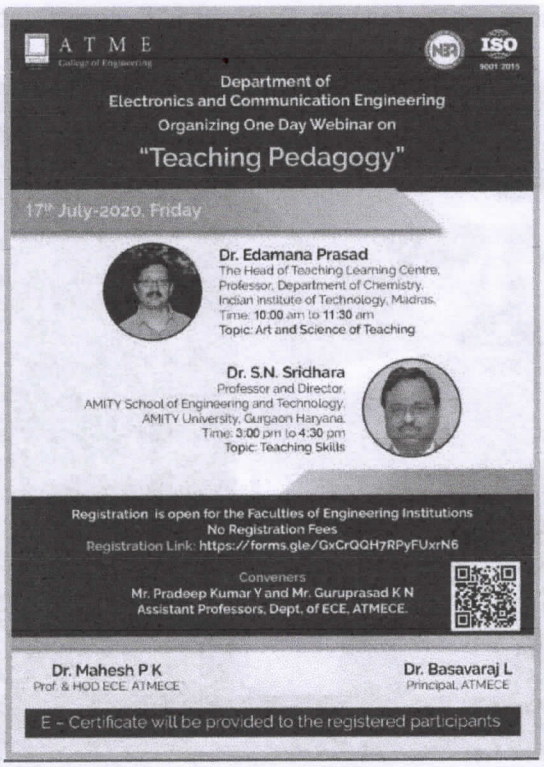
Submitted
Webinar on "Teaching pedagogy" is essential to all the teaching fraternity. Keeping this in mind we have identified a speaker Dr. Edamana prasad, who is working as Head of Teaching-learning center at IIT Madras.
Also Dr. S.N Sridhar professor & director Amity University Gurgaon. This is for your Kind information and approved
13/7/2020

The webinar was conducted through **MS Teams** platform. The link was created prior to the webinar and was shared to all the registered participants.

The MS Teams link is:

https://teams.microsoft.com/l/meetup-join/19%3aeb3401d2353c457d870cc1571963999a%40thread.tacv2/1594883980536?context=%7b%22Tid%22%3a%2289f95930-ff96-41a1-9e3e-b6d194192bff%22%2c%22Oid%22%3a%222cde478c-e31d-41d1-ae6a-8c5d482ab6f5%22%7d

The poster circulated for the participants is shown below.



Resource persons from reputed institutions were invited as speakers for the event.

Session 1:

Resource person: Dr. Edamana Prasad, Head Teaching Learning Centre, Professor in Department of Chemistry, IIT Madras.

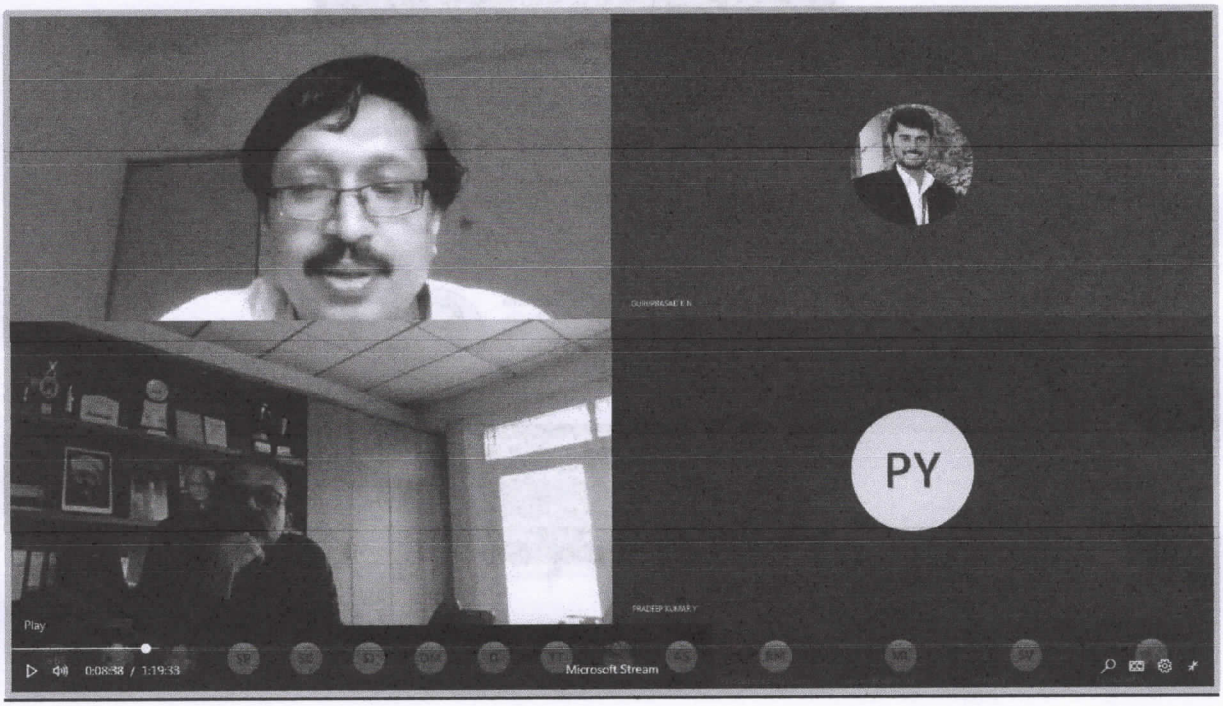
Topic: "Art and Science of Teaching"

A brief profile:

Dr. Edamana Prasad is working as a Professor at Department of Chemistry, Indian Institute of Technology Madras. His research interests are in the area of light-matter interaction. In addition

to Chemistry research, he is also interested in teaching – learning. He was former head of Teaching Learning centre (TLC) at IIT Madras and presently associated with the centre as a core team member. He has been awarded the prestigious Alexander von Humboldt Fellowship (AvH) from Germany and Young Faculty Recognition Award (YFRA) from IIT Madras for his contributions in research and teaching. He has conducted several faculty development programs and teaching workshops for faculty members in the higher education sector of the country.

The webinar started at 9.45 AM. Dr. Basavaraj L, Principal, ATMECE welcomed the guests and the participants. In his remarks, he spoke about importance of pedagogical initiatives in technical training and advised the participants to make use of the two sessions. Mr. Pradeep Kumar Y, and Mr. Guruprasad K N, Assistant Professors, Dept. of ECE, coordinated the event.



The resource person started the session explaining the meaning of Pedagogy which deals with how to teach apart from what you teach.

Following points are covered in the session1:

- Three pillars of effective teaching
- Verbs for learning outcome and took sample case examples from faculty members.
- Research based Instructional strategies.
- Traditional and flipped classroom.
- Formative and summative assessment
- Questionnaire from Faculty members.

Following are the some of the screenshots from the session.

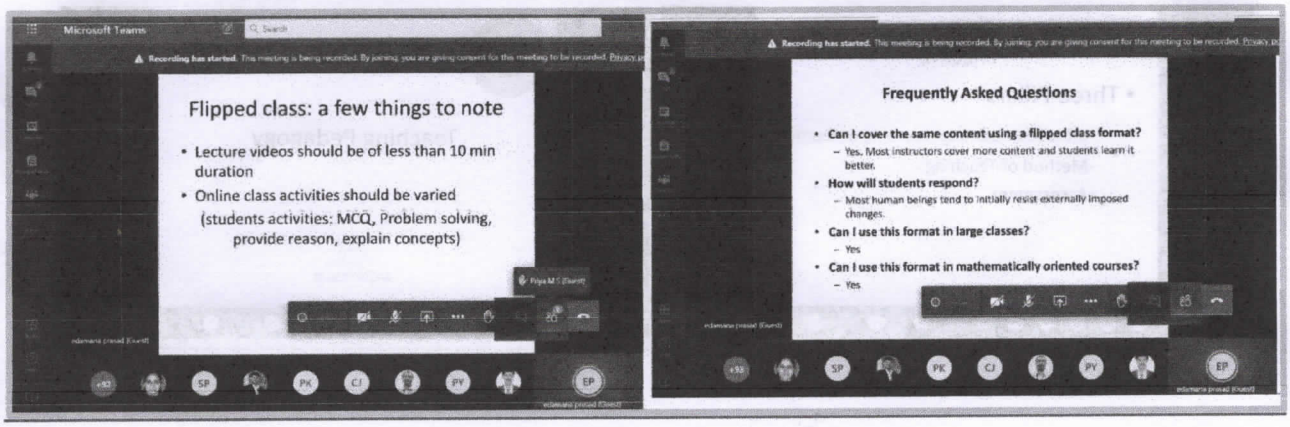
What is the instructional strategy?
Traditional Approach
Before first class on topic
– Students do nothing
During first class on topic
– Teacher introduces topic
After first class on topic
– Students work on
Flipped Approach
Before first class on topic
– Students are introduced to the topic via video, readings...
During first class on topic
– Students work on exercises to practice learning outcomes
– Feedback is provided
After first class on topic
edamana prasad (Guest)
vinay raj



Flipped class: a few things to note
Lecture videos should be of less than 10 min duration
Online class activities should be varied
(students activities: MCQ, Problem solving, provide reason, explain concepts)
Frequently Asked Questions
Can I cover the same content using a flipped class format?
– Yes. Most instructors cover more content and students learn it better.
How will students respond?
– Most human beings tend to initially resist externally imposed changes.
Can I use this format in large classes?
– Yes
Can I use this format in mathematically oriented courses?
– Yes

Session 2:

Resource person: Dr. S N Sridhara, Professor and Director, AMITY School of Engineering and Technology, AMITY University, Gurgaon, Haryana.

Topic: "Teaching Skills"

A brief profile:

Dr. S.N. Sridhara, completed his Bachelors in Mechanical Engineering from Bangalore University in 1985, and Masters in Aerospace Engineering in 1992 and Ph.D in 2005, from Indian Institute of Science, Bangalore.

He has vast experience in the field of teaching pedagogy, research and education administration. Sir has A Total of 31 years of service in Teaching including 20 years of research and 13 years of administration in various capacities.

He has worked as Lecturer, Assistant Professor and Professor in BMS College of Engineering, Bangalore from 1987-2005, and served as Professor and Dean in MS Ramaiah School of Advanced Studies from 2005-2010 and as Principal and Director in KS School of Engineering and Management from 2010 to 2018.

He has successfully handled, Research and Consultancy projects, a total of worth Rs. 75 Lakh and delivered Professional trainings to many corporate such as TVS, Mahindra, Bosch, Infosys, etc. and also delivered Guest Lectures, Key note addresses and training for more than 75 times targeting various audiences.

Currently Dr. SN Sridhara is serving as Amity School of Engineering and Technology - AMITY University, Gurgrama, Haryana

For his rich contribution in the field of Educational Management, Educational Accreditation, he has honoured with many awards. To name a few:

a. Bharatiya Vidyabhavan National Award for "Best Engineering College Principal -2015" during 45th **ISTE** (Indian Society for Technical Education) National Annual Convention held on 10th Jan 2016.
b. "Excellent Principal in Karnataka-2016", during II National Karnataka Education Summit and Award Ceremony held on 14th March 2016, at VTU Regional Centre, Muddenahalli, jointly awarded by CMAI Association of India and **VTU**.

c. Vocational Excellence Award -2014, from Rotary Bangalore for excellence in education services rendered.

Session details:

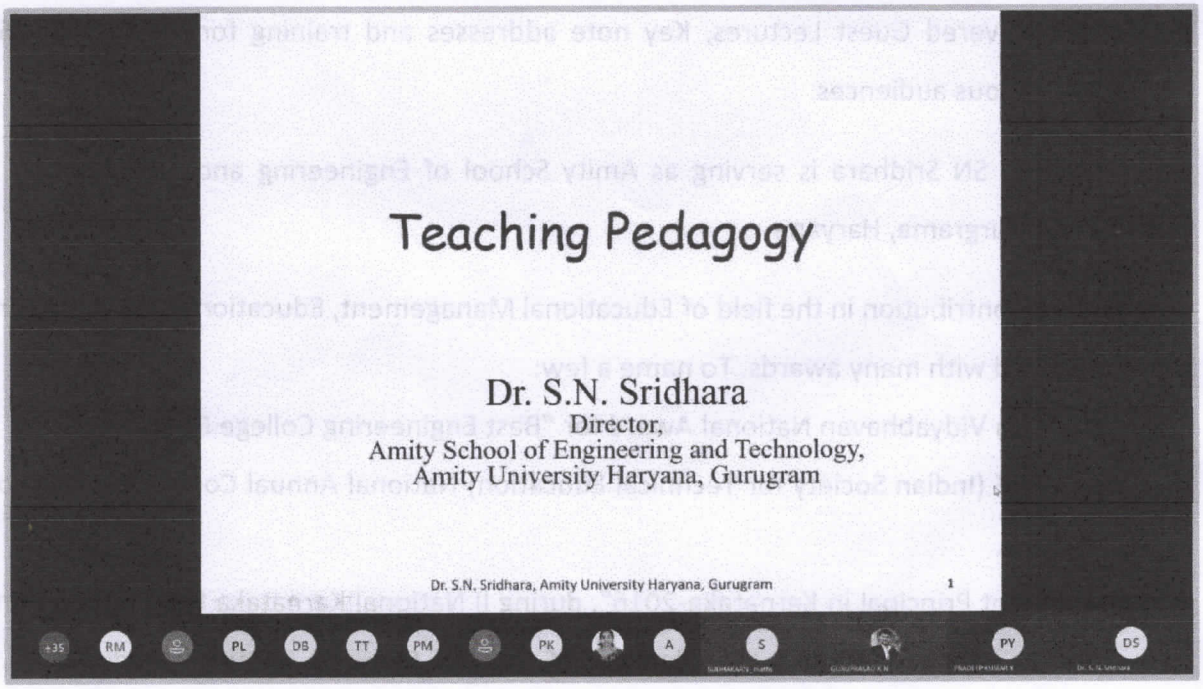
The session started with introducing the speaker to the participants. Mr. Guruprasad K N, Assistant Professor, Dept. of ECE, introduced the resource person to the participants. The session started at 3.00 PM.

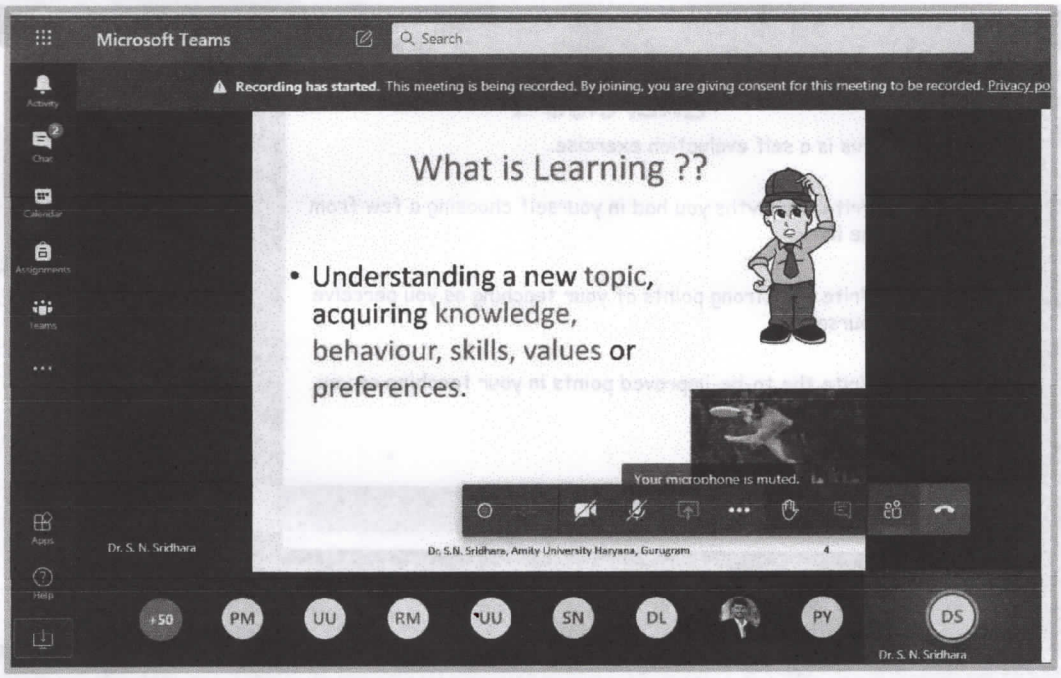
The resource person started the session, by explaining 'what is learning and teaching'.

Following points were highlighted during the session:

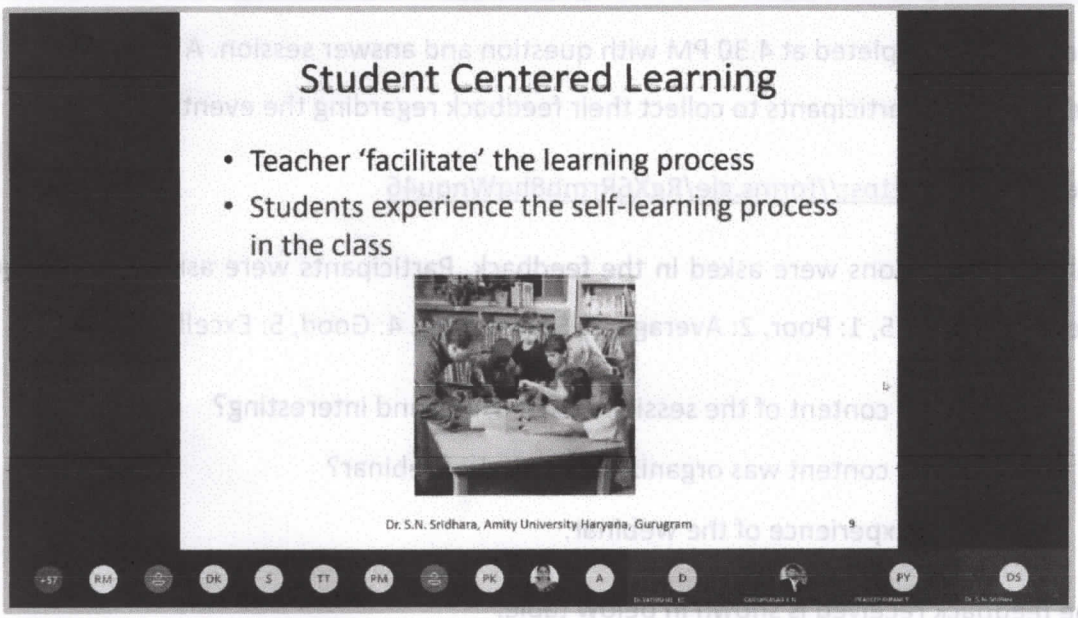
- Brain and intelligence
- Teacher centric and student centric learning, types of learners
- Perception/Myths of Teaching
- Classroom management: measures of good classroom management.
- Blackboard management
- Techniques for problem solving
- Questionnaire session

Following are the some of the screenshots from the session.

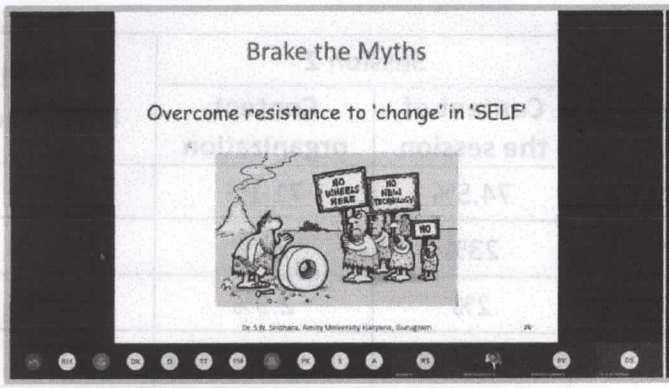




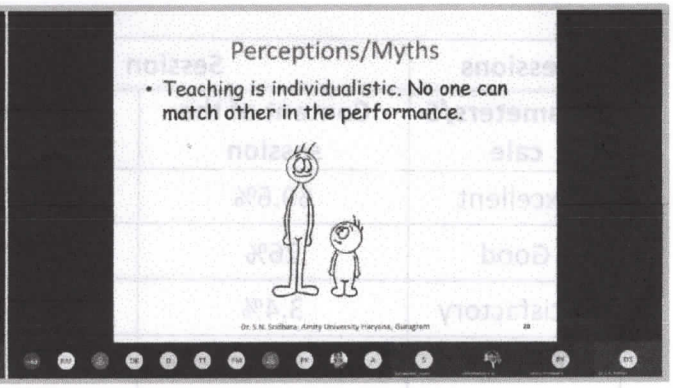
Microsoft Teams
Search
Recording has started. This meeting is being recorded. By joining, you are giving consent for this meeting to be recorded.
What is Learning ??
• Understanding a new topic, acquiring knowledge, behaviour, skills, values or preferences.
Your microphone is muted.
Dr. S. N. Sridhara
Dr. S.N. Sridhara, Amity University Haryana, Gurugram 4
Dr. S. N. Sridhara



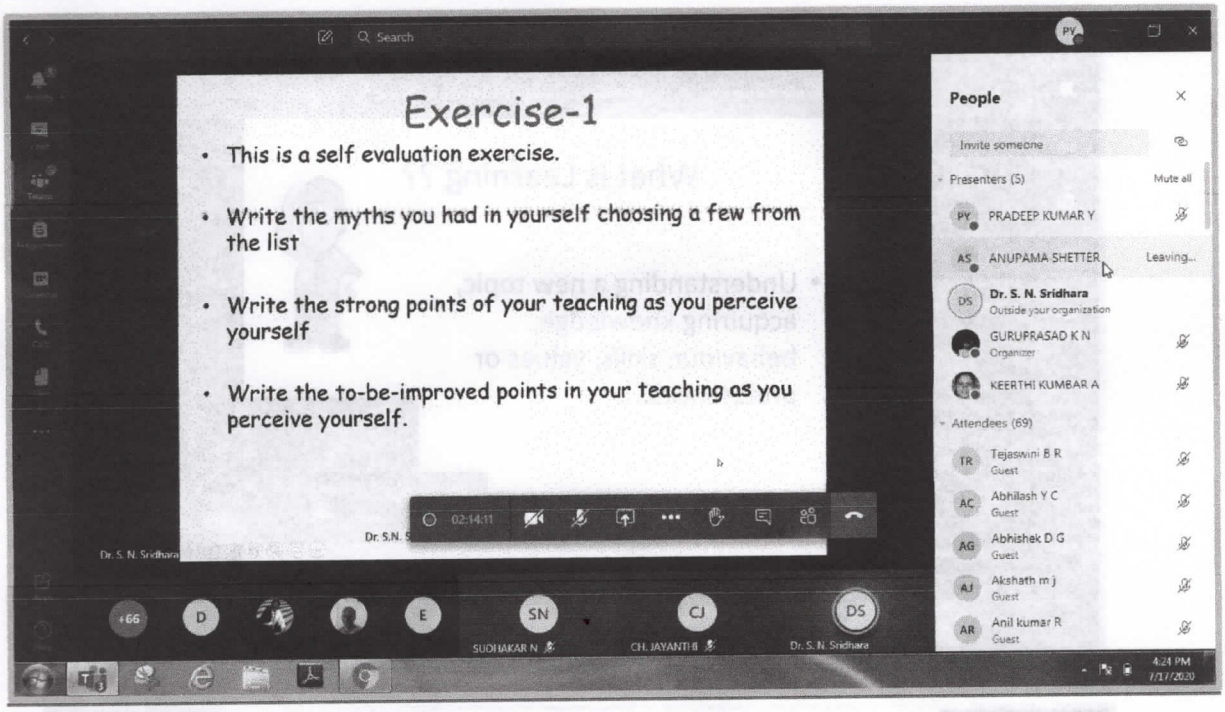
Student Centered Learning
• Teacher 'facilitate' the learning process
• Students experience the self-learning process in the class
Dr. S.N. Sridhara, Amity University Haryana, Gurugram 9



Brake the Myths
Overcome resistance to 'change' in 'SELF'



Perceptions/Myths
• Teaching is individualistic. No one can match other in the performance.



The session completed at 4.30 PM with question and answer session. A feedback link was sent to the registered participants to collect their feedback regarding the event.

Feedback link: https://forms.gle/RgX6Rrmb8hqWnqu46

Following questions were asked in the feedback. Participants were asked to rate the session in the scale of 1 to 5, 1: Poor, 2: Average, 3: Satisfactory, 4: Good, 5: Excellent

- Whether content of the sessions were useful and interesting?
- Whether content was organized during the webinar?
- Overall experience of the webinar.

The feedback received is shown in below table.

Sessions	Session 1		Session 2		Overall Experience
Parameters/Scale	Content of the session	Content organization	Content of the session	Content organization	
Excellent	69.6%	68.1%	74.5%	71.1%	74%
Good	26%	29.4%	23%	26%	24.5%
Satisfactory	3.4%	2%	2%	2.9%	1%
Average	0.5%	0.5%	0.5%	NIL	0.5%
Poor	0.5%	NIL	NIL	NIL	0%

Following are the screenshots of the feedback:

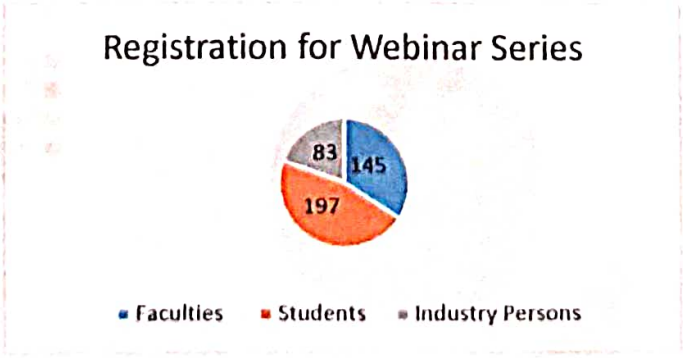
Report on Five Day Webinar Series on "Design, Construction Practice & its Management"

Department of Civil Engineering, ATMECE organized a Five Day Webinar Series on "Design, Construction Practice & its Management" from 14th July 2020 to 18th July 2020 with an objective to enhance one's knowledge on design of RC structures using design software's, aspects of construction practices and its management. The primary focus is to impart the significance of software's in construction industry which minimizes the gap between Academia & Industry.

Over 400+ participants including faculties, students and industry persons from all over the country had registered for the webinar.



On the day of Inauguration, Dr. Akshaya B J, Assoc. Professor, Dept. of Civil Engineering addressed the participants and appreciated the staff members for conducting the webinar series.

Session Details

DAY 1:

Mr. Kushal S, Structural Engineer, VISDA was the resource person for the Day 1 webinar series conducted on 14th July 2020 at 11am on virtual mode. He delivered a technical talk on "**Analysis and Design of RC Buildings, using ETABS**". During his presentation, he modelled a frame structure in ETABS for the plan which was detailed in AutoCAD. He run through the analysis of frame and explain the key factors which needs to documented for the effective design of components such as beam, column, slab and footing.

DAY 2:

Mr Rahul Deshnur, Proprietor, Arya Construction Consultants was the resource person for Day 2 webinar series on 15th July 2020 at 11am on virtual mode. He delivered a technical talk on "**Analysis and Design of Raft Foundation, using SAFE software**". During his presentation he demonstrated the modelling of footing importing from AutoCAD file using SAFE software.

Mr. Shreedhar R Revankar

- He is a Postgraduate in Inorganic Chemistry from Karnataka University- Dharwad.
- From Past 20 Years he is working in the field of formulating chemical concrete admixtures for various concrete requirements of Ready Mix and Infra projects across South India and SriLanka.
- He has formulated suitable admixture for various Metro projects like Bangalore, Kochi, Chennai, Hyderabad Metro rail Projects and also has developed suitable admixtures for various Road, Ports, Nuclear Power Plants, Bridges, Monolithic structures, Underground, Precast Industry.
- Currently he is working as Technical Service Manager at BASF India Limited.
- He has given several lectures on concrete at various Engineering Colleges.
- He is associated with Professional bodies like ICI, ACCE, INSTRUCT.

Mr. Girish P

- Completed his M. Tech from Manipal Institute of Technology
- He is also pursuing PhD under VTU
- He is having 7 years of experience in teaching field
- He has been Invited as resource person for various faculty development programs and workshops for teaching MSP and primavera
- He has published
  - ➢ International – 4
  - ➢ National – 10 Journal Papers
- He is also Involved in many consultancy works for various small and medium construction projects providing planning and scheduling for the projects.
- Presently he is Working as Asst. Prof in Dayanada Sagar Academy of Technology and Management, Bangalore

Mr Kushal S,

- Completed his BE in civil engineering from PES, Mandya.
- M. Tech in cad structures from PES Mandya in 2015.

Mr KUSHAL has designed structures up to G +25 and over 3 million sq ft with RC conventional system and RC wall system. His expertise is in structural designs and has diversified experience in designing residential buildings, IT Parks/ office spaces, Industry buildings. He his Skilled in Earthquake analysis and also in the Optimized design of tall structures.

Some of his major projects includes:-

1. CASAGRAND CRESCENDO, CHENNAI
2. THE ADDRESS, TECH PARK, CHENNAI
3. IBIS HOTEL, MUMBAI
4. AUTOLIV INDUSTRIAL BUILDING, BANGALORE

Mr Rahul Deshnur,

- Completed his BE in civil engineering from Gogte Institute of Technology, Belagavi.
- M. Tech in Structural Engineering from SJBIT Bengaluru in 2016.

Mr Rahul Deshnur has a well experience in the design field. He has worked as

1. Junior structural Engineer in RV Construction & Consultants.
2. Graduate Structural Engineer in JW Consultants, Pune
3. Founded Arya Construction Consultants in the year 2019.

Mr Rahul Deshnur has very good professional skills in the usage structural design software's such as ETABS, SAFE, RCDC, STAAD Pro.

Mr. Dilip S

- Completed his BE in Construction Technology & Management from SJCE, Mysuru & Completed his M. Tech in CAD Structures from PES College Mandya
- He is also pursuing PhD under VTU
- He worked as Senior Site Engineer for L&T ECC
- He also worked as Assistant Professor in NIE, Mysore
- He has Published 2 papers in International Journals & 1 in Conference proceedings.
- He was awarded as Best site engineer from the client (Ultratech cements)
- Most Promising Young Teacher Award from NIE College.
- Awarded quality certificate from the quality department of L&T constructions.
- EHS appreciation on record high man hours & many more
- Presently he is Working as Assistant manager in L&T C-TEA Mysuru

One day Webinar on

"Antennas and Electromagnetics Hazards"

Department of Electronics and Communication Engineering is organized Webinar on "Antennas and Electromagnetic Hazards" on 14th July 2020, at 11 am for students, faculties and Industrialists. This webinar is offered free of cost.

COVID-19 pandemic has made a global impact in the past few months and continues to impact most of the sectors with the education sector being one of the most affected ones. Digital technologies may be seen as a gateway to solve many of the problems arising from the crisis. Mobile telephony is now common place around the world. This wireless technology relies upon an extensive network of fixed antennas, or base stations, relaying information with radiofrequency (RF) signals. A common concern about base station and local wireless network antennas relates to the possible long-term health effects that whole-body exposure to the RF signals. Even though we can't see them, we are surrounded by electromagnetic fields (EMFs). Our computers, microwaves, cell phones, power lines, cell phone towers, fitness tracking devices, smart meters, televisions, routers, X-ray machines, and radios all emit them to varying degrees. "Electromagnetic radiation is a form of energy that is all around us and takes many forms, such as radio waves, microwaves, X-rays and gamma rays. Sunlight is also a form of EM energy, but visible light is only a small portion of the EM spectrum, which contains a broad range of electromagnetic wavelengths".

This webinar helps you to gain the knowledge about basics of Antennas and the harmful hazards caused by the electromagnetic waves. E-certificates will be given to all the participants.

Date & Time: 14th July 2020 at 11.am. IST

Announcement of Webinar on " Antenna & Electromagnetic Hazards" on 14/7/2020 at 11.00 am

Dear Sir/Madam,
Greetings from Department of ECE, ATMECE, Mysore.
We are glad to announce that we are organizing One day Webinar on Antennas and Electromagnetic Hazards on 14/7/2020 at 11.00 am.
Because of the COVID-19 lock down conditions, this webinar is offered absolutely free of cost.
For registration and program details, please visit our website: www.atme.in
Registration link: https://forms.gle/6VquvPGDfi9wPbgP8
As this webinar is offered free of cost, we request interested candidates to register at the earliest.
E-Certificate will be issued to all the Participants.
We invite academicians and PG/UG students to participate in this event.
I request you to kindly circulate this email to your nearby colleges/schools and to any other contacts you may have in other educational institutions.
We look forward to your support and active participation to make this webinar a success.

Webinar on Latest Technologies

Department of Computer Science & Engineering had organized Three days webinar on *"Latest Technologies"* from 9th July to 11th July 2020virtually for faculties and students.

Around 390 participants were registered for the event. Through telegram link all the event activities, PPTs and feedback link were shared. E mail confirmation was also made for all the participants. The registration for the webinar was free. Many students and faculties have effectively participated. Live YouTube link was provided for the participants to attend and free certificates were issued to active 130 participants.

Eminent speakers from various institutions were invited as resource persons. Dr.Puttegowda D, HOD, CSE, Thanked all the speakers for delivering their topics excellently and also the management and Principal Dr Basavaraj L for their kind support in organizing the event.

Mr. Anil Kumar BH and Ms. Kavyashree E D coordinated the events and event was hosted by Ms. Keerthana M M on all the three days.

Resource persons and topic delivered day wise are listed below.

Day 1
(09-07-2020)

Dr. Gururaj K.S.,
Associate Professor,
Dept. of CSE,
GSSSIETW, Mysuru
Topic:
Introduction to
Cloud Platforms

Day 2
(10-07-2020)

Dr. Andhe Dharani,
Professor and Director,
R.V. College of Engineering,
Bengaluru
Topic:
Data to Big Data & Decision Making
using Machine Learning

Day 3
(11-07-2020)

Ms. Nagalakshmi T.S,
Assistant Professor,
Dept. of EIE,
GSSSIETW, Mysuru
Topic:
Introduction to Artificial
Intelligence & its Tools

Day-1
Resource person: Dr.Gururaj K S, Associate Professor, Dept. of CSE, GSSSIETW, Mysuru
Topic Delivered: An Introduction to Cloud Computing Platforms.

Introduction

Before the Era of Internet

- If you wanted to sell things to the public, you needed a storefront
- Increased cost in real estate, maintenance and Shrinkage
- Prohibitive cost to entry
- You could have hundreds of millions of storefronts worldwide?
  - Without real estate
  - Without fixtures
  - Without maintenance
  - Without shrinkage
  - With [relatively] zero cost to entry

The Internet has changed everything

3

09-Jul-20

Dr.Gururaj K S, Gave an brief overview on cloud introduction, cloud characteristics, cloud computing reference model, cloud deployment models, cloud computing services, Amazon Web Services (AWS) and Google cloud: Compute Engine Features, Data Processing, Virtual Machine Images, Storage Features and Issues with the internet, cloud. AWS platform working was shown practically with sample examples.

Day 2
Resource person: Dr.AndheDharani, Professor and Director, R.V. College of Engineering, Bengaluru.
Topic Delivered: Data to Big Data and Decision Making using Machine Learning.

RV College of Engineering

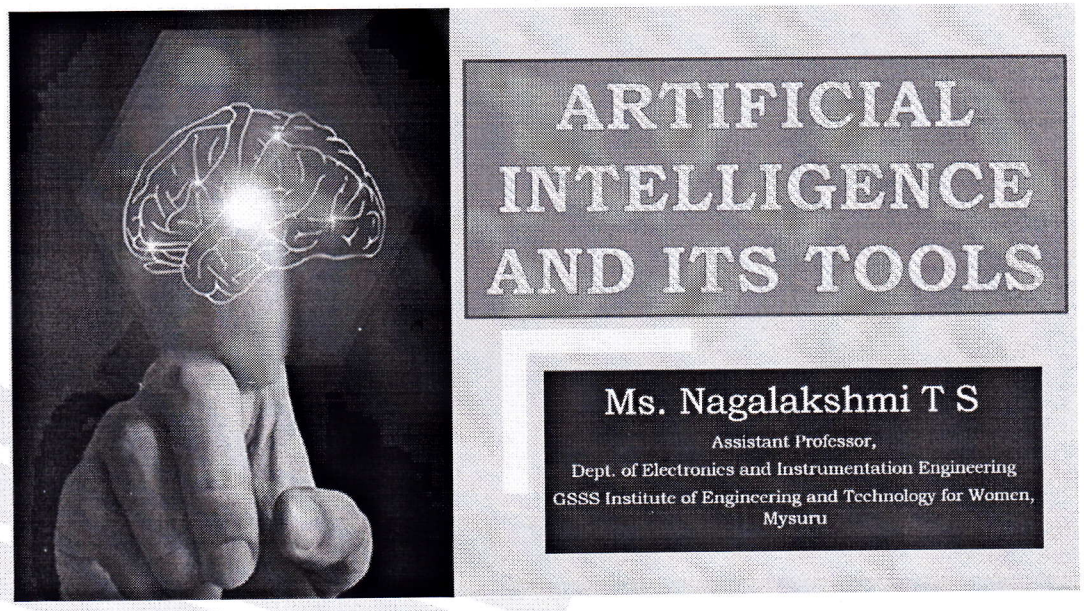
Go, change the world

Data – to – Bigdata
Desicion making Using ML

Dr.Andhe Dharani
Professor & Director
Department of MCA
RV College of Engineering

Dr.Andhe Dharani, gave detail explanation on data and Its types, meta data and database, sensor data, data model, and decision making. Also explained comparison on artificial intelligence, machine learning, deep learning. Difference between traditional programming and machine learning, How do machines learn. Types of machine learning and their comparison, also gave a brief overview on sample data sets working in kaggle. How to select a model & training the model, tools used in handling the data, and Python libraries was summarized. There was also execution of sample programs on spyder tool.

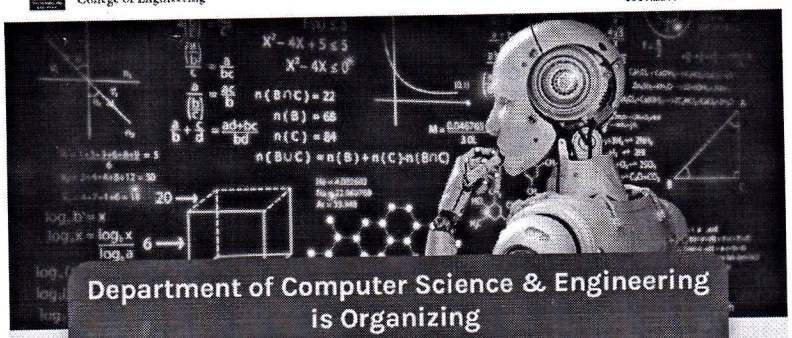
Day-3
Resource person: Ms.Nagalashmi T.S, Assistant Professor, Dept. of CSE, GSSSIETW, Mysuru.
Topic Delivered: AnIntroduction to Artificial Intelligence and its Tools.



Ms. Nagalakshmi T S, gave a brief overview on introduction to Artificial Intelligence, It's need and challenges, Artificial intelligence type classification, Applications of AI & its requirements, AI Tools such as Matlab, Keras, Microsoft Azure, Tensor flow, scikit learn, caffe, PyTorch, Open NN, Apache mahout, Theano etc. and Dataset repository was explained in brief, Anaconda installation was shown along with its packages. In spyder tool sample program was explained.

ATME College of Engineering

ISO 9001:2015



Department of Computer Science & Engineering
is Organizing
Three Day Webinar on

"Latest Technologies"

Day 1
(09-07-2020)

Dr. Gururaj K.S.,
Associate Professor,
Dept. of CSE,
GSSSIETW, Mysuru
Topic:
Introduction to
Cloud Platforms

Day 2
(10-07-2020)

Dr. Andhe Dharani,
Professor and Director,
R.V. College of Engineering,
Bengaluru
Topic:
Data to Big Data & Decision Making
using Machine Learning

Day 3
(11-07-2020)

Ms. Nagalakshmi T.S,
Assistant Professor,
Dept. of EIE,
GSSSIETW, Mysuru
Topic:
Introduction to Artificial
Intelligence & its Tools

Participation fee: Free
But Registration Is Mandatory

Platform: MS Team
Date: 09-07-2020 to 11-07-2020
Time: 11:00 to 12:30 PM (Everyday)

Coordinators

Anil Kumar B H	Keerthana M M	Kavyashree E D
Asst.Prof.	Asst.Prof.	Asst.Prof.
(9916732611)	(90089 23086)	(7259488108)

Dr. L. Basavaraj
Principal, ATME

Dr. Puttegowda D
HOD

E Certificate will be provided to all the participants

*all information will be shared to group only, no email will be communicated, it's compulsory to join group

Sub: Regarding conduction of webinar on Latest Technologies

Respected Sir,

As per the subject cited above we are planning to organize a three day webinar on "Latest Technologies(Introduction to Cloud Platforms, Data to Big Data and Decision Making using Machine Learning, Introduction to Artificial Intelligence and its Tools)". The webinar will be held on 09th to 11th July 2020. Request you to grant the permission to organize the webinar and oblige.

Thanking You

Kavyashree E D
Coordinator 04/07/20

Department of Computer Science & Engineering

Cordially invites you for the

Webinar
On
Latest Technologies

Speakers

Dr.Andhe Dharani
Professor & Director
Department of MCA
RV college of Engineering

Dr.Gururaj K S
Associate Professor
Department of Computer Science & Engineering
GSSIETW,Mysuru

Ms.Nagalakshmi T.S
Assistant Professor
Department of EIE,
GSSIETW,Mysuru

Presided by
Dr.PutteGowda D
HOD, Dept. of CSE.
ATMECE, Mysore

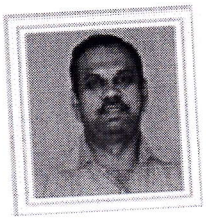
Dr.PutteGowda D
HOD, Dept. of CSE.

Staff members
Dept. of CSE

Venue: Training and Placement

Date: 9th July 2020 to 11th July 2020

Time: 11.00 A.M



Dr. Gururaj K S

Associate Professor
Dept of Computer Science and Engineering
GSSSIETW, Mysuru.

Educational Qualification :

- Ph.D at Visvesvaraya Technological University, Belgavi , May 2020
- M.Tech in Computer Science & Engineering, Visvesvaraya Technological University, Belgavi, 2010.
- B.E in Computer Science & Engineering, Karnatak University, Dharwad, 2002.

Professional Details :

- Working as Associate Professor, Dept of CSE since 2017.
- Working as Associate Professor and HOD, Dept of ISE, July 2013 to 2017
- Worked as Lecturer at STJIT, Ranebennur, August 2006 to December 2011.
- Worked as Assistant Professor at STJIT, Ranebennur, January 2012 to June 2013.
- Worked as Lecturer at SRCJC, Sandur, August 2002 to July 2006.
- Worked as Trainer at Professional Computers, Hospet, August 2001 to July 2002.

Academic Activities :

- Worked as Evaluator/Moderator in VTU Valuations for both PG/UG, 2007 till date.
- Worked as External/Internal DCS for VTU Theory Exams from 2007 till date.
- Worked as Examiner for Lab and Project Exams of VTU.
- Worked as PG Coordinator at STJIT, Ranebennur, June 2012 to June 2013
- Working as PG Coordinator at GSSSIETW,Mysuru, July 2013 to till date.
- Worked as TTO, Association Coordinator, Test Coordinator, ISTE Coordiantor, Placement Coordinator, Project Coordinator while I was working at STJIT, Ranebennur, August 2006 to June 2013.
- Guided around 25 UG Projects as project guide and Technical Seminars.

Faculty Development Activities :

- Attended FDP on "Teaching Skills for Technical Teachers" at BVBCET,Hubli, 7th October 2006.
- Attended Conference on "Recent Trends in Cryptography" at BIET, Davanagere, 1st April and 2nd April 2009.
- Workshop on Computer Graphics and Visualization at BVBCET, Hubli, 25th February 2009.
- Workshop on Linux Internals and Device Driver Programming at GIT, Belagavi, 27th November 2007.
- Workshop on Human Computer Interface at VTU Regional Office, Mysuru, 18th to 21st April 2014.
- Workshop on Intel Atom Processor at GSSSIETW, Mysuru, 2nd to 4th April 2014.
- Conducted various Technical Seminars and Workshops as Associtation coordinator at STJIT, Ranebennur during Academic Year 2008 to 2010.

Administrative Activities :

- Coordinated the ISTE Chapter activities at STJIT, Ranebennur from 2009 to 2010 .
- Coordinated the POLICE, Banking and Postal Dept Exams at STJIT, Ranebennur.
- Worked as Incharge HOD at STJIT, Ranebennur 2011 to 2013.
- Involved in setting up Microprocessor Lab and Web Lab at STJIT, Ranebennur.
- Worked as coordinator for graphics committee during Geethayaana 2014.

Professional Membership :

- LMISTE (LM 81374)
- LM CSI(I1502744)

Awards Received :

- Mission 10x Certified High Impact Teaching Skills Award

Dr. ANDHE DHARANI

Professor and Director, Department of MCA, R.V. College of Engineering,

Mysore Road, Bengaluru-59, Karnataka, India

□ :9448210448 / 8971720832 □ (Off): (080) 67178188 / 8074

□ : andhedharani@rvce.edu.in □: https://rvce.edu.in/mca-faculty-ad

EDUCATIONAL QUALIFICATION :

2010: **Ph.D.** , Mother Teresa Women's University, Tamil Nadu

Thesis Title: *"Investigation of the efficient implementation of Image Processing using Digital Half toning"*

2003: **M.Phil**, Manonmanian Sundaranar Unversity, Tamil Nadu

2000: **MCA,** Bangalore University, Bangalore

PROFESSIONAL EXPERIENCE:

17+ years of Academic Experience at R.V College of Engineering, Bangalore

College	Designation	Period
Department of MCA, R.V. College of Engineering, Bangalore Affiliated to VTU, Belagavi	Professor and Director	July 2018 – till date
	Professor	February 2015 – July 2018
	Associate Professor	January 2011 – February 2015
	Assistant Professor	November 2006 – January 2011
	Lecturer	March 2001 – November 2006

RESEARCH EXPERIENCE:

Sponsored Project:

Principal Investigator, "Power Optimization in Ad hoc Sensor Network", Naval Research Board, DRDO, New Delhi, **June 2011 – May 2013,** Rs.10.95 lakhs, Project Number: NRB201/SC/10-11.

Research Supervisor:

- Recognized as Research Supervisor for Visvesvaraya Technological University, Belagavi, Karnataka
- Recognized as Research Supervisor for Prist University Karnataka.

Ph.D. Research Scholars:

Guided:

1. Dr. Manjuprasad B - Title of research work "A secured system for efficient information transfer in sensor networks" , under VTU in 2018
2. Dr. Krishnan R - Title of research work Development of Efficient Algorithms for Planet Topography Using Satellite Images, under VTU in 2019

Guiding:

1. Mr. Derick John Mathew - **Registered for Ph.D. under VTU** - 2013 - Title of research work "An investigation on finding an optimal online algorithm for graph based pattern matching", *Completed Pre-Ph.D. comprehensive Viva-Voce*
2. Mrs. Manju Geogy - **Registered for Ph.D. under PRIST University** – Sept 2013 – Title of research work "An Efficient Utilization of Artificial Intelligence Techniques to Analyze and Enhance Software Quality"
3. Mrs. Pavithra S Ganapathi Bhat- **Registered for Ph.D. under VTU** - 2016

Research Publications:

Books:

1. Dr. Andhe Dharani, Shailaja Kumar, published a book titled "System Programming", Thakur Publications, 2017, ISBN: 978-93-83922-25-3
2. A book chapter, "Artificial Intelligence and Evolutionary Computations in Engineering Systems", Proceedings of ICAIECES 2016, Springer, ISBN: 978-981-10-3173-1
3. "Optimal Energy Utilization in Sensor Networks by Clustering", ISBN 978-3-659-24571-8, LAMBERT Academic Publishing, Germany.

Research Paper Publication:

- International Journals: 25
- International. Conference: 29
- National Conference: 20
- Scopus ID: 54383109800
- **Citation:96 || 2900+ Article Reads || H-index : 05 || i10-index: 02**

International Journal Publications:

Nagalakshmi T S

nagalakshmits@gsss.edu.in

Work Experience:

- Working as Asst. Professor in the department of Electronics and Instrumentation Engineering since July, 2016.
- Worked in Wipro, Mysuru from April 2014 to August -2016.

Education Qualification:

- M.Tech in Advanced Embedded System from Reva University in the year 2016.
- B.E in Instrumentation Technology from GSSSIETW, Mysuru in the year 2013.

Project Work:

- Currently working on Health monitoring and assistance system based on yogic science using IoT and ML.
- Design and developed Raspberry Pi based Fruit salad vending machine with e-payment.
- GBOT creator with Smart zone during college fest curtain raiser.

Activities:

- Resource person for One day workshop on "Introduction to IoT with Hands-on" at Vivekananda Institute of Technology, Bengaluru on 2nd May, 2019 and Three Days SDP on "IoT with Python" from 25th to 27th April,2019.
- Area of research Interest includes IoT, Machine Learning and Artificial Intelligence and Embedded system.
- Attended Faculty development programme on Machine Learning, IoT Boot Camp, ARM Cortex M3, IoT and Industrial Application and IoT industrial application front end and backend design.
- During past four years of working organized webinar, Faculty development programme, workshop, industrial visit and technical talk for the students.
- Worked and coordinated for National and international conferences and robotics competitions held at GSSSIETW.

- Apart from Academics , I am a practitioner in energy based healing system, trained classical dancer and violinist and doing free healing for the needy people during free time.
- Hobbies are reading philosophical books and writing articles related to spiritual science and yoga.

Feedback Form

Three Days Webinar on "Latest Technologies"

(From 9th July to 11th July 2020)

Thank you for attending the workshop. We hope that you found the course interesting and that we met your expectations. We would be grateful if you could take a moment to complete the workshop evaluation form. Your comments will assist us in improving future workshops that will be organized. Your responses are anonymous and will be used to improve future training methods.

Please tick the appropriate option

1. How you came to know about this workshop?

   Through :(A) Friends (B) Brochure (C) College Website (D) Email

   (E) any other (mention).....

2. Was the information in the workshop useful? YES/NO

3. Rate the following on a scale of 1 to 5

   (1- Satisfactory 2-Average 3– Good 4-Very good 5- Excellent)

   Information content 4

   Understandability 5

   Relevance of the topic 3

   Interaction with the presenter 4

   Hands-on Training 4

   Quality of equipment or ambience 4

4. Do you want more of such workshops? YES/NO

   If yes, Suggest topics None.

5. Suggestions/Comments if any _____

Candidate Details (Optional): _____

Report on Webinar on "Machine Learning and Deep Learning"

Date and Time : **6th July 2020** at 11:00 AM to 12:00PM & 3:00PM to 4:00 PM IST.

Target Participants : *students, Research Scholars and Faculty members*

Registration Link: https://forms.gle/HYNcD7s6b5nks8fQ7

Meeting app: Google Meet.

Meeting URL: Session- 1 Link : https://meet.google.com/xxk-dnkt-gxe

Session- 2 Link : https://meet.google.com/dvh-fuxt-byn

Speaker: 1. **Dr. Supreeth HSG,** Associate Professor, ECE Department, SJBIT, Bengaluru

2. **Dr. Rajashekhargouda C Patil,** Associate Professor, ECE Department, DBIT, Bengaluru

Convener: Ms. Anupama Shetter, Asst. Professor, Dept. of ECE.

Coordinator: Mr. Pradeep Kumar Y and Mrs. Shalini V S, Asst. Professor, Dept. of ECE.

Objective of the Webinar:

"Machine Learning and Deep Learning" Fundamentals for beginners and research scholars

About the Webinar:

In the face of uncertainty of COVID, we do not know what lies ahead. With growing economy, India is also witnessing the growth of education sector. **Machine Learning** provides smart alternatives to analyzing vast volumes of data. By developing fast and efficient algorithms and data-driven models for real-time processing of data, Machine Learning can produce accurate results and analysis. **Deep learning** networks can be successfully applied to big data for knowledge discovery, knowledge application, and knowledge-based prediction. In other words, **deep learning** can be a powerful engine for producing actionable results. The easiest way to think of their relationship is to visualize them as concentric circles with AI - the idea that came first - the largest, then machine learning - which blossomed later, and finally deep learning -which is driving today's AI explosion - fitting inside both.

It is important to come up with the career planning as it makes one aware of their strength and weaknesses and the skills and knowledge that are required to achieve their goals in future.

Meeting ended with filling the feedback form in Google form.

OUTCOME OF THE Webinar:

"Machine Learning and Deep Learning" Fundamentals for beginners and research scholars to enhance their knowledge.

Schedule

Time	Topic/Event	Speaker
10:30 AM to 10:45 AM	Joining of the participants to the session through **Google Meet**	
10:45 AM	Welcome Speech and Introduction to the webinar	
10:50 AM	Introduction of the Speakers	
11:00 AM to 12: 00 PM	**Machine Learning**	**Dr. Supreeth HSG,** Associate Professor, ECE Department, SJBIT, Bengaluru
12:00PM to 12:10 PM	Queries and Discussion	
3:00 PM to 4:00 PM	**Deep Learning**	**Dr. Rajashekhargouda C Patil,** Associate Professor, ECE Department, DBIT, Bengaluru.
3:10 PM to 4:10 PM	Queries and Discussion	

Number of Participants : 230

Inside Participants : 57

Outside Participants : 173
